PART I.

PORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Certification of Cinema Films.

READ—

Lett. 33, dated 3rd August 1931, from the Inspector-General of Police, forwarding for orders ofment, copy of the proceedings of the meeting of the Cinema Board held on 29th June 1931, in o the working of the Cinematograph Regulation and the functions of the Board.

(No. P. 3536-44—LEGIS. 7-31-4, DATED 29TH DECEMBER 1931.

Tematograph Regulation 1923, was brought into force throughout the State in Sep1925. Under Section 5 (2) of the said Regulation, no film other than a film ce by the authority constituted under section 7 as suitable for public exhibiall be exhibited.

Tema Board point out that according to the practice hitherto in vogue, films d in British India have been generally allowed to be exhibited in Mysore withou certification. The Board consider that this practice not only fails to satisfyquirements of law but affords opportunities for exhibiting in the Mysore State, s of films which might have been excised by the British Indian authorities. They refore of opinion that the censoring of every film exhibited in the State is essenti

Tvernment agree with this view and are pleased to direct that the law for the regn of exhibitions by means of Cinematograph be enforced strictly in future and thority constituted under section 7 of the Regulation should enter upon its functioexamining and certifying of films as suitable for public exhibition. The

certifying authority may, while examining the films for certification, act on the British Indian Certificate, if any, with power to examine the film in detail, in case it deems fit. The fee prescribed for examination and certification under the rules will, in any case, be levied.

Separate Boards will, in due course, be constituted for all districts which have Cinema theatres in addition to the Board constituted under Notification No. P. 893—Legis. 21-29-6, dated 16th August 1930, and all films which are to be exhibited or are produced in the Mysore State must be certified by either the Board constituted under the said notification of 16th August 1930, or one of the Boards for the Districts. Pending the constitution of Boards for the Districts, all films should be certified by the existing Board referred to above.

N. MADHAVA RAO,
Chief Secretary to Government.

Personnel of the Public Accounts Committee for the year 1931-32.

READ—

Notification No. Rl. 2638—L. C. 6-31-1, dated 16th December 1931, publishing the names of four members of the Legislative Council that secured the largest number of votes at the election to the Public Accounts Committee for 1931-32, held on the 10th December 1931.

ORDER THEREON No. RL. 2671-737—L. C. 6-31-2, DATED 29TH DECEMBER 1931.

Government are pleased to appoint the Second Member of Council as Chairman of the Public Accounts Committee for the year 1931-32, and the Ast Secretary to Government in charge of the Finance Department as Secretary.

The Committee will consist of the following members:—

OFFICIAL.

1. *Rajasevaparayana* B. Srinivasa Iyengar, B.A., B.L., Financial Secretary to Government.
2. Mr. S. Hiriannaiya, M.A., B.L., *Offg.* Revenue Commissioner in Mysore.

NON-OFFICIAL.

1. Mr. V. Venkatappa.
2. „ D. H. Chandrasekharaiya, B.A., LL.B.
3. „ H. B. Gundappa, B.A., B.L.
4. „ H. Siddaiya, B.A. LL.B.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Working of the Mysore Revenue Survey Department in 1930-31.

READ—

The Administration Report of the Mysore Revenue Survey Department for the 1930-31, received with letter No. 33 of 1931-32, dated 19th November 1931, from the Superintendent, Revenue Survey and Settlements in Mysore.

ORDER NO. R. 2800-10—L. S. 20-31-3, DATED 26TH DECEMBER 1931.

Recorded.

2. *General Work, Resurvey and Reclassification.*—Detailed original survey was carried out in six Inam villages during the year as against nine in the previous year and resurvey in three Inam villages as against four in the previous year. Original classification and reclassification were done in four Inam villages each as against eight and five respectively in the previous year. The scheme of "Mobile Parties" was introduced during the year with a view to investigate how far it would be useful in expediting the clearance of the heavy pendency of phodi records in Taluks. The report gives no indication as to how far this scheme has proved useful, although it is noted that generally the output in phod work during the year was the largest for the last three years. It is noted however that in the Districts of Tumkur and Kolar, there was a material decrease of output under this head.

Encroachments on Government lands were detected in 727 cases involving an area of 537 acres and 20 guntas and representing an assessment of Rs. 1,063 per annum as against 1,065 cases involving an area of 3,601 acres seven guntas with an assessment of Rs. 2,190 in the previous year. In addition to the above phod work, the area lying within eight Government villages and one Inam village comprised within the Bhadra Agricultural Colony in the Shimoga Taluk was formed into a new village and an extent of 500 acres of land granted for the cultivation of tea in Mudigere Taluk was measured and demarcated. The subdivision of lands in the Vani Vilasa Sagara was continued and an area of 8,473 acres and 13 guntas was formed into small holdings for purposes of cultivation. It is reported that progress in phod work was somewhat retarded by the system of permitting peons to measurers only in cases where the fixed fee realisations are sufficient to cover the expenditure on the menial staff. The Survey Superintendent is requested to examine this question further and suggest measures to remedy the defect.

Government note with satisfaction that there has been noticeable increase in the amount of field work carried out both as regards measurement and classification of numbers. Reasons for the large percentage of days under "No Field Work" in the Chitaldrug District should have been explained.

3. *Remuneration to Shanbhogs and Patels.*—Potgi payable to village officers was revised with reference to collections under revision Settlement in respect of 1,101 villages of seven Taluks. The revision of potgi of all these villages was sanctioned by Government and was given effect to during the year. The potgi revision of 253 villages in Nanjangud and T.-Narasipur Taluks was in progress and remained unfinished during the year. The decennial revision of potgi was completed and given effect to in respect of 917 villages of seven Taluks, while the revision of 158 villages in Gubbi Taluk was completed but not given effect to. Biennial revision of potgi of nine villages in the Krishnarajasagara Channel area was carried out and given effect to during the year. Original potgi settlement of three Inam villages was also carried out and given effect to. Temporary potgi of 13 villages and quinquennial revision of potgi of 39 villages and supplemental potgi of four Shanbhog firkas were settled and given effect to during the year.

4. *Inams.*—The total number of land inams resumed to Government during the year was 24 resulting in a decrease of Rs. 144 in the Revenue under Inam while the Land Revenue proper increased by Rs. 692. Eight village service inams of an aggregate extent of 42 acres were granted afresh while five such inams of an extent of 12 acres were resumed to Government during the year.

5. *Record of Rights Scheme.*—During the year under report, Hissa Survey Operations were completed in seven Taluks, *viz.*, Bangalore, Holalkere, Koppa, Narasimharajapura, Sagar, Davangere and Harihar. The number of hissas measured was 95,858 and the number tested by Nimtandars and higher officers was 21,480. The total demand on account of fees excluding Kadur Taluk for which demand has not been fixed was Rs. 6,22,662 and the collection amounted to Rs. 25,520 while the expenditure incurred for the operations during the year was Rs. 1,04,133. Government are disappointed that the collections under the scheme are very unsatisfactory and observe that special efforts are necessary to see that the expenditure on this account

is fully met by the collections made. It is also seen that the Hissa Survey Work is far behind the preliminary record work done by the Revenue Department. The Survey Superintendent is requested to expedite the same.

6. *Boundary Marks Changes.*—Government note that although a sum of Rs. 30,000 was sanctioned for action being taken to put up Boundary marks, only a sum of Rs. 3,840-2-0 was expended. It is reported that this small expenditure is due to the policy of encouraging the land holders themselves to construct the marks. This should have been kept in view when the allotment was made.

7. *Inspection.*—The Superintendent inspected the work of the measurers in 35 Taluks while the Head Quarters Assistant inspected the work in two Taluks. The work of the fieldmen was inspected by the respective District Survey Officers. The number of days toured by the District Survey Officer, Shimoga, was below the average. The Survey Officer in charge of the Tumkur District has toured the largest number of days.

8. *Survey Training Class.* The Survey Training School worked throughout the year. A batch of 60 recruits was admitted to the school and they were given training for five months. After the course was over, an examination was held and as a result of the same, 51 recruits were posted to the Districts for work. Six Revenue Probationers, Eight Amildars and Deputy Amildars, and 18 Probationary Revenue Inspectors were also given the prescribed training.

9. *Arrears of Work.* Re-survey maps of 133 villages were prepared and printed during the year, leaving a balance of 173 villages at the close of the year. The preparation of the Taluk Maps of Bangalore, Hole-Narsipur, and the Provincial Map was not finished. The work of preparing copies of Phaisal Patrikas of 2,823 villages was in arrears at the end of the year and it is reported that every attempt will be made to speed up the work. Government trust that better progress will be made during the current year in this respect.

10. The following important measure was sanctioned during the year:—

To cope with the increase of work at the Head Office, the eight District charges were, as a temporary and experimental measure, reconstituted into seven District charges, the Kadur Survey District being abolished; the officer thereby released was posted for Headquarter work. Mudigere and Chikmagalur Taluks were added on to the Hassan District while Kadur, Tarikere, and Koppa including Narasimharajapur Sub-Taluk were attached to the Shimoga District.

11. The total cost of the Department for the year under report was Rs. 2,13,765 as against Rs. 2,10,705 in the previous year.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Travelling Allowance and Tentage to District Survey Officers.

READ—

Correspondence ending with letter No. 23—31-32, dated 16th September 1931, from the Survey Superintendent, submitting proposals for the revision of the rates of fixed travelling allowance of District Survey Officers.

2. Correspondence ending with letter No. 14, dated 13th October 1931, from the same Officer, suggesting the possibility of reducing the tentage of District Survey Officers from Rs. 75 to about Rs. 40 by providing accommodation for the Bangalore District Survey Office in his Office building and for the other District Survey Offices in the District Offices buildings and adding that as the Deputy Commissioner, Kolar, has offered to place five rooms in the District Office building at the disposal of the District Survey Officer, Kolar, the latter has been instructed to move his office to that building and that consequently the tentage allowed to that Officer may be reduced as proposed by him.

ORDER NO. R. 2891-901—L. S. 51-30-5, DATED 30TH—31ST DECEMBER 1931.

District Survey Officers are now drawing a fixed travelling allowance of Rs. 100 per mensem while on tour and Rs. 0 while at Headquarters as also a tentage of

Rs. 75 per mensem. Tentage drawn by these Officers is in view of the fact they were required to provide themselves and their establishment with suitable office accommodation, tents and furniture whether at Headquarters or on tour. These arrangements were necessary when the Officers had their Headquarters at Bangalore during rainy season and camped out for long periods during field season. By the reorganisation of the Department under which Survey Officers have been attached to Districts with defined and limited jurisdiction, the necessity for prolonged tours during field season at great distance from Headquarters has disappeared and the Officers are expected to tour throughout the year according to exigencies of work within their jurisdiction. In view of the altered conditions, the question of revising the present rules regulating the grant of travelling allowance and tentage to these Officers has been under the consideration of Government for some time past. After a careful examination of all aspects of the case, Government are pleased to order the following changes in regard to travelling allowance and tentage admissible to District Survey Officers:—

(*a*) In lieu of the fixed travelling allowance of Rs. 100 per mensem while on tour and Rs. 30 while at Headquarters, travelling allowance will be allowed to them under the ordinary rules subject to a maximum of Rs. 100 a month.

(*b*) When office accommodation is provided at Government cost, the tentage will be limited to Rs. 20 per month.

(*c*) When office accommodation is not provided at Government cost, a tentage of Rs. 45 a month will be allowed.

2. The Revenue Commissioner is requested to arrange for office accommodation being provided to the District Survey Officers and their establishment, wherever possible, in the District Office or other Government buildings as early as practicable.

3. The revised rules regarding travelling allowance and tentage will come into force from 1st January 1932.

4. The necessary amendment to the Mysore Service Regulations will be separately issued.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Working of the Treasuries in the State during the year 1930-31.

READ—

Letter No. C. Per. A. 7—31-32, dated 27th November 1931, from the Revenue Commissioner in Mysore, forwarding with his remarks the report of the Comptroller, letter No. 172—TAD, dated 8th October 1931, on the working of the treasuries in the State during the year 1930-31.

ORDER No. R. 2902-11—R. M. 29-31-2, DATED 30TH—31ST DECEMBER 1931.

1. *Weekly and Monthly Accounts.*—The Comptroller has stated in his report that the weekly and monthly cash balance sheets were in many cases received late, that the monthly accounts were also received late except from a few Districts, that the Bangalore District delayed the submission of the first list of payments for the months of April and May 1931, by 13 and eight days respectively, and the second list of payments for September 1930 and May 1931 by six and 13 days respectively. Likewise the Mysore District delayed the submission of the second list of payments for June 1931, by six days. The Revenue Commissioner reports that on the suggestion made by him, action has been taken by the Comptroller to prepare a catalogue of prescibed returns and to print and supply it to all the trersuries so that the supervising officers may exercise greater scrutiny and prevent delay. Government trust that in future delays in the submission of the accounts will be avoided. Suitable notice should be taken of the conduct of the Nagadi Gumastha of the Shimoga Taluk Treasury for the delay of about three months in the despatch of Savings Bank Journal with vouchers and chellans from 16th September 1930 to 31st October 1930.

2. *Annual Returns.*—There has been considerable delay in the submission of some of the annual returns. There was a long delay of two months and one month and 18 days in the submission of the annual return of Fixed Deposits of Savings

Banks by the Bangalore and Tumkur Districts respectively, while the delay in the despatch of the annual statement of State Loan Bonds enfaced for payment of interest was seven months in the case of Chitaldrug District, eight months in Shimoga and Tumkur Districts and nine months in Mysore District. The half-yearly list of uncashed trust interest payment orders have not been received so far though due on 15th July 1931 from the State Huzur Treasury and from the District Treasuries of Kolar and Tumkur. This is far from satisfactory. The State Huzur Treasury which is under the direct charge of the Comptroller should set an example to other Treasuries by sending its returns punctually on the due dates. The Comptroller and the Revenue Commissioner are requested to take suitable action to prevent such delays.

3. *Classification of Receipts and Payments.*—The total number of misclassifications in the Treasury accounts shows a decrease being only 107 as against 158 in the previous year.

4. *Retrenchment Slips.*—Government are glad to note that the retrenchment slips were given effect to without delay and the number of slips issued was also less during the year being 1,152 as against 1,276 in the last year.

5. *Irregularities in Payments.*—The Comptroller has reported that excess payments were made in the State Huzur Treasury and the Taluk Treasuries of Davangere, Tarikere and Hassan. Double payments are stated to have been made in the Chennapatna and Tirthahalli Taluk Treasuries. In the case of the former, if the original deposit registers had been posted up as required by the rules, the mistake would not have occurred. The Comptroller has also reported some cases of payments without proper and sufficient authority, payments on defective documents, and disregard of specific instructions relating to the payments. In the Tirthahalli Taluk Treasury, Insurance Bonus of Rs. 522 was paid on 30th March 1931 when the payment was required to be made after 15th April 1931. Though the supplemental pay bill for Rs. 19-5-0 of the Alur Sub-Taluk Office has been cancelled, it was cashed in the Hassan Taluk Treasury, involving double payment. These are serious irregularities and suitable disciplinary action should be taken by the Revenue Commissioner in these cases.

6. *Matters Dealt with in the Previous Year's Report.*—In para VII of the Report, it is stated that at the end of June 1930, only a sum of Rs. 1,820 has been recovered from the officials made responsible for the payment of Rs. 3,908 being the estimated value of the jewels lost in Chikmagalur Taluk Treasury. The Revenue Commissioner is requested to submit very early a report to Government regarding the action taken for recovering the balance. Regarding the Mysore Taluk Treasury defalcation amount of Rs. 13,000, it is reported that only a sum of Rs. 225 was recovered during the year and the balance yet to be recovered is Rs. 6,728-3-4. It is a long time since orders were passed by Government directing the recovery of the amount from the officers at fault and the Revenue Commissioner is therefore requested to report to Government before the end of January 1932, the action taken for the recovery of the balance which is still very heavy. Similar action is called for in respect of the sum of Rs. 3,909-2-0 recoverable in the case relating to the fraudulent withdrawal from Savings Bank Account No. 915 of Seringapatam Taluk Treasury.

7. *Inspections.*—The Officers of the Account Department are reported to have inspected two District Treasuries, besides the State Huzur Treasury and six Taluk Treasuries. Government note that though no serious irregularities were noticed, the defects mentioned in the previous year's report continue during the year. These should be set right as early as possible. The Revenue Commissioner reports that in addition to these inspections, all the District Treasuries were inspected by the Deputy Commissioners who also inspected in detail 55 Taluk Treasuries. All the Taluk Treasuries were inspected by the respective District Treasury Officers and Sub-Division Officers. There appears to have been adequate inspection of District and Taluk Treasuries on the whole. In the Kolar and Tumkur Districts, however, the number of Taluk Treasuries inspected by the Deputy Commissioners was only three.

8. *Disposal of Treasury Inspection Reports.*—In spite of the observations made in the previous year's review that there was considerable delay in the disposal of Treasury Inspection Reports, five reports of 1929-30 and four reports of 1930-31 as well as the Inspection reports of the State Huzur Treasury are stated to have not been received back with replies. Such delays do not serve the purpose for which inspections

are undertaken. Necessary instructions should be issued for the prompt disposal of the Inspection Reports.

9. *New Loans.*—During the year, the Treasuries were entrusted with the work of issuing bonds in connection with the State Loans and the same was done without extra cost to Government. Though there were some omissions and defects in a few cases, the work done was generally satisfactory.

10. *Miscellaneous.*—A new Treasury was opened at Maddur with effect from 1st May 1931, due to the creation of an additional Taluk with headquarters at Maddur. The Comptroller reports that no requisition was received from the Deputy Commissioner for the interchange of officials between the District Treasuries and his office which was sanctioned by Government in their Order No. 3695-704—G. F. 203-29-4, dated 16—17th October 1930. It is to be hoped that the scheme will be introduced as early as possible in one or two Districts at least.

11. *Conclusion.*—Government agree with the observations made by the Comptroller and the Revenue Commissioner that the working of the treasuries during the year under report was on the whole satisfactory. But they consider that there is ample scope for achieving progress in several directions. It is hoped that there will be further improvement in their working in the current year.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Working of the Department of Mines and Explosives.

READ—

Letters Nos. 422 and 428, dated the 16th and 17th September 1931, respectively, from the Chief Inspector of Mines, submitting the Administration Report of the Department of Mines and Explosives for the year 1930-31.

ORDER No. D. 3305-15—GEOL. 23-31-3, DATED 29TH DECEMBER 1931.

Recorded.

2. *Personnel.*—Mr. R. Bocquet continued as Chief Inspector of Mines till 6th August 1930, from which date he was granted leave preparatory to retirement, and Mr. C. E. Suryanarayana Rao was appointed in his place and confirmed as Chief Inspector of Mines from 12th October 1930. The services of Mr. J. P. David, B. SC., formerly Mining Assistant in the Mysore Iron Mines at Bhadravati, were transferred to this Department and he was appointed as Junior Inspector of Mines provisionally. Government also sanctioned the appointment of Mr. R. S. Batni, B.A., Associate of the Indian School of Mines at Dhanbad in Mining Engineering, as a Probationer for undergoing training in the work of the Department of Mines.

3. *Mining and Prospecting.*—The following statement shows the number of leases, licenses and certificates of approval that were current during the year as compared with those of the previous year:—

	1929-30.	1930-31.
Mining Leases ..	.. 43	42
Prospecting Licenses	.. 15	9
Collecting Licenses ..	.. 3	3
Exploring Licenses ..	.. ..	..
Certificates of Approval	.. 21	13
Total	.. 82	67

The total area under Mining Leases and Prospecting Licenses was 27,890 acres as against 30,819 acres last year and the total rents and cesses recovered in respect of them amounted to Rs. 17,073 as against Rs. 16,452 last year. The decrease in the total area is attributable to trade depression which has tended considerably to restrict mining activity. The number of Mining Leases for gold was 21, the same as in the previous year.

4. *Gold Mining Operations.*—As in the past year, five Companies carried on Gold Mining operations, all of them being in the Kolar Gold Field area. The nominal and paid up capitals of the five Gold Mining Companies remained the same as in the past year, *viz.*, £1,717,000 and £1,667,737 respectively. The total quantities of

fine gold and silver produced during the calendar year 1930 were approximately 329,134 ozs. and 17,844 ozs. respectively as against 363, 741 ozs and 17,810 ozs. during the previous year. The total value of both fine gold and silver produced amounted to £1,394,667-18-4 as against £1,550,356-9-3 in 1929 showing a decrease of £155,688-10-11 due to reduced production of gold. All the gold produced—except some small quantities realised from Cyanide slags, etc.,—was, as usual, sold in India, the average market price being Rs. 57-5-0 per fine oz. The total amount paid in dividends was £179,000 as against £ 270,545-9-0 in the previous year. There was a decrease of £9,693-8-6 in the royalty payable to Government, the amount for the year of report being £74,186-4-6 as against £83,879-13-0 in the previous year. Calculated in terms of Indian Currency, the total demand on account of royalty payable on gold and silver including the balance due for the previous year amounted to Rs. 12,73,260-7-0 out of which a sum of Rs. 9,15,406-8-0 was collected, leaving a balance of Rs. 3,57,853-15-0.

5. *Position of the Mines.*—The depths of the Mines are increasing and two of these have attained a vertical depth of 7,000 ft. The question of adequate ventilation which causes increasing difficulty under these conditions is reported to be engaging the serious attention of the Management. It is stated that every endeavour is being made to maintain an adequate quantity of air circulating through the mine workings by the shafts, winzes and the main airways being smoothlined by bricking or lining in concrete to eliminate frictional losses and large electrically driven fans being installed at suitable places in the course of the air currents to accelerate air movement. The rescue station is also maintained in an efficient condition and the fire fighting crew rendered very good service when there was a fire accident in the Nandydrug Mines in the month of May 1931. The "Safety first" campaign is also being carried on as usual.

The estimated ore reserves of all the mines amounted to 1,260,395 tons at the end of 1930 as against 1,387,501 in the previous year.

6. *Other Minerals.*—The following statement shows the output and other particulars of minerals other than gold worked during the year:—

Name of Mineral	Output	Quantity removed from block	Royalty payable
	Tons.	Tons.	Rs.
Manganese ..	16,875	201	151
Chromite ..	10,986	6,999	8,299
Magnesite ..	640	....	1,760 (dead rent)
Kaolin ..	2,794	2,794	2,247
Soapstone ..	86	86	150

Mining Revenue.—The total demand under Mining Revenue other than royalty on gold for 1930-31 was Rs. 1,00,184-14-1 and the whole amount was collected.

7. *Inspections.*—The inspection of all the five mines on the Kolar Gold Field was carried out systematically and no serious defects or departures from the rules were noticed. Some blocks outside the Kolar Gold Field were also inspected in the Bangalore, Tumkur, Hassan and Chitaldrug Districts and no serious defects were noticed. Owing to the general depression in trade, work in most of the mines has been either greatly curtailed or suspended. In a few cases the lessees having found it difficult to work the mines have surrendered their leases. Enquiries into all fatal and serious accidents were held as also into those classed as trivial or non-mining in which a breach of the rules was reported or suspected to have occurred. The annual inspection of the books and accounts of the Nundydrug Gold Mining Company was conducted by the Assistant Comptroller in association with the Chief Inspector of Mines in February 1931.

8. *Mining Labour.*—The total number of persons employed in the mining industry in 1930 was 18,925 as against 20,534 in the previous year. Of the 17,312 persons employed in gold mining, 328 were Europeans, 390 Anglo-Indians and 16,594 Indians, a total of 9,154 being employed below ground and 8,158 on surface. It is gratifying to note that the relations between the employers and the employed were satisfactory. Government appreciate the action taken by the Mining Companies for the welfare of the labourers, by introducing various measures as detailed below for the amelioration of their condition in response to the representation made by them. The rate of sick pay has been enhanced with effect from 1st July 1930. From 1st December

1930, wages are being paid every fortnight instead of once a month. Payment of Attendance Bonus to Under-ground Contract Labour has also been arranged with the contractors. A new Service Gratuity Scheme has been introduced from 1st February 1931. The scheme applies to all daily rated employees, either Company or Contract, borne on the Companies' Roll with ten years' service or more, whose pay is at the rate of Rs. 4 or less per day. The rates of wages to the employees have also been revised with effect from the same date. Improvements have been effected also in respect of housing conditions, good sanitation, education facilities and amenities for worship and recreation, together with better organisation for medical relief and maternity and child welfare. Additional amenities like public baths, washing places, lighting and playgrounds have been provided, and a Welfare Organisation has been established.

9. *Accidents.*—The total number of accidents reported during the year was 186 as against 234 during the previous year. Of these, 30 were fatal, 154 serious and two non-mining. All the 184 mining accidents were enquired into and 14 were found to be due to negligence, 12 to recklessness and 158 were classed as unavoidable. Of these accidents, 12 were due to rockbursts resulting in 44 fatalities. Of the total of 93 deaths at the end of the first six months of the year 1931, thirty-two were directly due to rockbursts giving an average of 34·4 per cent. It is reported that notwithstanding all precautions taken to prevent them, rockbursts still continue to occur and cause considerable damage to person and property and also interfere with the operation of the mines. It is necessary to make a thorough investigation into the causes of these rockbursts and adopt all possible measures for their prevention and Government understand that this problem is under the consideration of the Companies. The worst underground fire known in the history of the Kolar Gold Field occurred in the Nundydrug Mine on 24th May 1931, in which as many as 53 lives were lost in spite of all the action taken to locate the fire and bring it under control. While reviewing the detailed report on this accident, Government pointed out the need for taking in the light of the experience of this occurrence all possible steps to meet such emergencies and prevent such cases in future.

10. *Compensation for Injuries.*—During the year, 149 claims for compensation were settled by the Mining Companies and the compensation awarded in fatal cases and cases of permanent disablement amounted to Rs. 88,441-15-0 as aganist Rs. 55,430-4-0 during the previous year. Besides the above, compensation amounting to Rs. 17,411-15-0 was paid in cases of temporary disablement as against Rs. 12,027-14-0 in the previous year.

11. *Prosecutions.*—Fifty-five persons involved in 50 cases were prosecuted in connection with the theft and illegal possession of mining materials and of these, 45 were convicted. Twenty-four persons were also convicted for breach of rules.

12. *Explosives.*—During the year, 747 licenses were granted under the Explosives Rules as against 794 in the previous year. Fifteen reports of inspection of Government magazines in charge of Civil Officers were received in the Chief Inspector's Office and scrutinised and the irregularities or defects requiring to be remedied were brought to the notice of the Officers concerned. The total number of inspections of explosives premises carried out by the Magistracy and the Police was 529 as against 512 in the previous year, the number of premises inspected represents only 43·17 per cent of those licensed and Government wish to reiterate the necessity for the systematic inspection of all these premises. The Officers concerned should devote more attention to this matter in future. There were 16 cases of prosecution during the year under the Mysore Explosives Rules as against 15 in the previous year. Fifty-eight accidents due to explosives involving the death of 14 persons and injuries to 76 others were reported during the calendar year 1930 as against 62 accidents resulting in the death of 21 persons and injury to 70 persons in the previous year. The largest number of accidents outside the Kolar Gold Field was caused by the mixture known as "Bellulli Patas" used at the time of Deepavali and Shaban festivals. In view of its highly dangerous character, Government have in their order No. D. 2814—Geol. 66-28-25, dated the 9th September 1930, prohibited the manufacture, possession or sale of this explosive article.

General.—The work of the department during the year was satisfactory.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

———

GENERAL SECRETARIAT.

Rules for the Middle School and Lower Secondary Examinations.

READ—

Government Order No. E. 1347—Edn. 39-31-4, dated the 6th October 1931, issuing revised rules for the Middle School and Lower Secondary Examinations.

2. Letter No. E2. 2097—53 of 31-32, dated the 20th November 1931, from the Director of Public Instruction in Mysore, submitting proposals for the modification of Rule 8 of the Rules for the Middle School Examination and Rule 9 of the Rules for the Vernacular Lower Secondary Examination published with Government Order, dated the 6th October 1931, read above.

ORDER THEREON No. E. 2395—EDN. 39-31-8, DATED 22ND DECEMBER 1931.

The two changes proposed are (1) to permit candidates whose second language is Tamil or Telugu to answer the question papers in the non-language subjects in their own Vernacular or in English at their choice, and (2) to judge the quality of the hand-writing and spelling of candidates from their answers to the question paper in all the subjects instead of allotting ten marks for hand-writing and ten marks for dictation in each of the languages in only one of the question papers in that language. The first change is intended not only to avoid the greater scope for leakage of questions given by the translation and printing of question papers in Tamil and Telugu but also to economize expenditure. The second change is expected to make students pay more attention to and consequently improve their hand-writing and spelling.

Government are pleased to approve of the modifications suggested. The revised rules are appended to this order.

R. RANGA RAO,
Secretary to Government,
General Department.

THE MYSORE MIDDLE SCHOOL EXAMINATION.

VIII. The following will be the subjects of the Examination:—

Subject	Time	Maximum Marks	Number of marks reserved for hand-writing and spelling
GROUP "A"—COMPULSORY.			
1. English—			
(i) English Text and Grammar	One paper of 2½ hours	75	10
(ii) Composition and Translation or Paraphrase.	One paper of 2 hours	45	5
2. Second Language—Kannada, Urdu, Telugu, Tamil or English—			
(i) Text and Grammar ..	One paper of 2½ hours	65	10
(ii) Composition ..	One paper of 1 hour	35	5
3. Elementary Mathematics ..	One paper of 2 hours	100	5
4. History and Geography ..	One paper of 2½ hours	100	5
GROUP "B"—OPTIONAL.			
1. Hygiene	One paper of 2 hours	80	5
2. Kannada (for Muslim candidates of Urdu Middle Schools).	Do	80	10
3. Sanskrit or Persian ..	Do	80	10
4. Domestic Economy and Needle-work (for girls only).	Do	80	5
5. Practical Instruction—			
(a) Agriculture ..	Do	80	5
(b) Sericulture ..	Do	80	5
(c) Carpentry, Tailoring, Shoe-making, Weaving, Smithy or other subjects that may be introduced from time to time.			
6. Music (Intermediate Standard of Trinity College of Music-only for pupils from European Schools).			

Note.—1. Kannada as an optional subject will be of the standard of Kannada for the Third Year Primary Class and will be permitted to be taken up only by Muslim candidates from Urdu Middle Schools.

2. The candidates for the Middle School Examination shall offer all the four subjects shown under Group "A"—Compulsory and any one of the subjects shown under Group "B"—Optional, with the proviso that the girl candidates shall offer Domestic Economy and Needle-work. The last proviso will not apply to girls studying in Boys' Middle Schools and those educated privately. These candidates are permitted to offer any other optional subject under Group "B."

3. Candidates who have passed the Lower Secondary Examination may offer English only under the condition specified in the Note to Rule II (*a*).

4. English as a second language will be of a higher standard than that of the Fourth Year Middle School Course and will be permitted to be taken up only by those who are "specially circumstanced" such as Anglo-Indians and others who do not know any of the vernaculars included in the subjects of study for the Middle School Examination.

5. The Examination in Music shall be arranged for by the authorities of the School concerned at their own cost.

6. Candidates from European Schools who take Music as an optional subject and who are at the same time eligible for taking English as a second language will be permitted to take along with Music one other subject under Group "B" instead of "English" as a second language.

7. Candidates will as a rule be required to answer the English language papers in English and the rest in their own vernacular, except in the case of Europeans, Anglo-Indians and other candidates specially circumstanced, who may answer all their papers in English.

8. (i) Candidates whose second language is Kannada or Urdu will be supplied with Kannada or Urdu version of the question papers in Elementary Mathematics and other non-language subjects and they will be required to answer the papers in Kannada or Urdu, respectively and not in English.

(ii) Candidates whose second language is Tamil or Telugu will be supplied with the English or Kannada version of the question papers in the non-language subjects and will be permitted to answer the papers in their own vernacular (Tamil or Telugu as the case may be) or in English at their choice.

9. The Board shall make arrangements for the conduct of Examination in subjects included under Practical Instruction through the agency of the Department.

10. No candidate shall be allowed to offer Agriculture or any other subject included under Practical Instruction as an optional subject unless he has studied the subject for three years in a school where provision has been made for teaching the subject.

11. Spelling and hand-writing will be taken into account in valuing all the answer papers, the marks assigned to these being indicated separately, on each answer paper.

VERNACULAR LOWER SECONDARY EXAMINATION.

IX. The following will be the subjects of the Examination :—

Subject	Time	Maximum Marks	Number of marks reserved for hand-writing and spelling
GROUP "A"—COMPULSORY.			
1. First language—Kannada or Urdu—			
(i) Text and Grammar ..	1 paper of 2½ hours ..	65	10
(ii) Composition ..	1 paper of 1 hour ..	35	5
2. Elementary Mathematics ..	1 paper of 2 hours ..	100	5
3. History and Geography ..	1 paper of 2½ hours ..	100	5
GROUP "B"—OPTIONAL.			
1. Hygiene	1 paper of 2 hours ..	80	5
2. Sanskrit or Persian ..	Do ..	80	10
3. Domestic Economy and Needle-work	Do ..	80	5
4. Practical Instruction in—			
(*a*) Agriculture ..	Do ..	80	5
(*b*) Sericulture ..	Do ..	80	5

(*c*) Carpentary, Tailoring, Shoe-making, Weaving, Smithy or other subjects that may be introduced from time to time.

Note.—1. Candidates for the Vernacular Lower Secondary Examination will be required to offer all the three subjects under Group "A"—Compulsory and any one subject under Group "B"—Optional with the proviso that girl candidates shall offer Domestic Economy and Needle-work. This proviso will not apply to girls studying in Boys' Schools and girls who are educated privately. These candidates are permitted to offer any other optional subject under Group "B."

2. No candidate will be allowed to offer Agriculture or any other subject included under Practical Instruction as an optional subject unless he has studied the subject for three years in a school where provision has been made for teaching these subjects.

3. Spelling and hand-writing will be taken into account in valuing all the answer papers, the marks assigned to these being indicated separately, on each answer-paper.

Working of the Mysore City Municipality during the year 1930-31.

READ—

The report on the working of the Mysore City Municipal Council during the year 1930-31, received with letter No. G. T. 744, dated 13th November 1931, from the President of the Municipal Council.

ORDER NO. L. 4648-51—ML. 137-31-3, DATED 26TH DECEMBER 1931.

Recorded.

2. *Boundaries.*—The Municipal limits were revised during the year and the area comprised within the revised boundaries was 11·75 square miles.

3. *Constitution.*—The Municipal Council consisted of an Official President and 29 Councillors of whom 20 were elected and nine nominated. The triennial election of the Municipal Councillors was held in December 1930 and the Municipal Council was reconstituted for a term of three years with effect from 3rd January 1931 and consisted of an Official President, 20 Councillors elected by the rate-payers, one Councillor elected by the Merchants' Association and eight Councillors appointed by Government. Mr. T. G. Rama Iyer continued to be the President during the year.

4. *Meetings.*—The Council held 26 meetings of which 12 were ordinary, two adjourned and 12 special. The average attendance of members was 21 against 18 in the previous year.

5. *Working Committees.*—As in the previous year, there were eight committees working in accordance with the rules made under Section 46 (a) of the Mysore Municipal Regulation. All the Committees functioned except the Legal Committee which did not transact formal business this year also.

6. *Revision of Taxes and Fees.*—The levy of a Special Sanitary Cess at two per cent per annum on the rental value fixed for house-tax was sanctioned during the year in respect of latrines cleansed by Municipal scavengers, subject to a minmum of four annas and a maximum of Rs. 3 per mensem, latrines of the flush type being exempted for three years.

7. *Demand, Collection and Balance.*—The total demand for the year under all heads was Rs. 4,70,956 including arrears of Rs. 81,989. The collections amounted to Rs. 3,63,453 leaving a balance of Rs. 1,07,503 against Rs. 81,989 in the previous year. The increase in arrears is said to be due to delay in the collection work on account of special works such as, revision of assessment, Census and General Municipal Elections, etc. It is however reported that Rs. 24,420 has since been collected to the end of September 1931, and Rs. 10,000 is proposed to be remitted and steps taken for filing suits for the recovery of dues to the extent of Rs. 22,000. The arrears are heavy and should be reduced by all possible means.

8. *Finance.*—The total income and expenditure amounted to Rs. 7,51,987 and Rs. 6,90,336 against Rs. 5,47,538 and Rs. 5,54,599 respectively during the previous year. The closing balance at the end of the year was Rs. 88,500. The incidence of taxation per head of population was Rs. 3-4-1 against Rs. 4-3-0 in the previous year; the decrease being due to the increase of population as per last census. Under receipts there is an excess of about Rs. 2 lakhs which is due to the inclusion of Rs. 1 lakh under Loans and other Adjustments under "Public Debt." Under Service Heads, the income amounted to Rs. 4,77,447 against Rs. 5,02,627 in the previous year, the decrease being on account of a general fall in the revenue derived from municipal rates and taxes, etc., except under taxes on vehicles and animals and tolls from which items there was an increase of about Rs. 8,000. During the year the finances of the Vriddhasrama were separated from Municipal funds and accounted for separately.

The expenditure under Service Heads amounted to Rs. 5,75,969 against Rs. 4,96,486 in the previous year, the increase during the current year being mainly under establishments, conservancy and sanitation and medical charges. Liabilities to the extent of Rs. 62,270 accrued during the year were pending against Rs. 51,132 due to the Municipality towards taxes and contributions, etc.

9. *Public Works.*—No original works were carried out during the year. Out of the loan of Rs. 2 lakhs sanctioned by Government for tarring roads in the City, a sum of Rs. 75,000 was drawn during the year and a beginning was made in the programme for tarring important roads. The expenditure incurred on the maintenance and upkeep of roads and buildings was Rs. 46,427 against Rs. 67,312 in the previous year.

10. *Water Supply.*—The control of water supply continued to be under the Public Works Department and the improvement of the existing system of water supply is under consideration.

11. *Conservancy.*—The Health Officer was in charge of the City conservancy. For the better conservancy of the City, 44 rubbish and 51 night soil carts were purchased by the Municipality at a cost of Rs. 32,665 in place of the hired carts hitherto employed for the purpose. A loan of Rs. 25,000 was sanctioned by Government for the improvement of the City conservancy. Another loan of Rs. 50,000 was also sanctioned by Government just after the close of the year, for the execution of drainage works by the Mysore City Improvement Trust Board.

12. *Public Health.*— Public health was generally good except for the outbreak of cholera in an epidemic form during the latter part of the year. The number of births and deaths registered during the year were 2,497 and 3,417 against 2,298 and 2,749 in the previous year. The number of infant deaths under one year was 296 against 350 in the previous year. The deaths from plague and cholera were 222 and 83 against 55 and nil respectively in the previous year. Necessary measures were adopted for putting down the epidemics and 14,986 persons were inoculated against plague, 2,340 persons against cholera, and 7,055 persons against small-pox. A special staff was engaged for carrying on anti-malarial operations and the breeding places for musquitoes were regularly treated with Paris Green.

13. *Sewage Farm.*—The revenue realised from the farm increased from Rs. 7,258 to Rs. 10,190 due to increased yield from the area rendered cultivable. The outlay incurred was Rs. 9,935 against Rs. 7,310 in the previous year.

14. *Public Instruction.*—During the year, the control of Primary Education was transferred to the Municipal Council under the Mysore Elementary Education Regulation and a School Board was constituted for the purpose. As in the previous year, 18 municipal schools with a strength of 2,466 were maintained by the Municipal Council with the aid of the Government subsidy. Grants were also paid to four night schools and six Wesleyan Mission Schools. The total expenditure incurred was Rs. 30,152 against Rs. 31,650 in the previous year.

15. *General.*—The Municipal Administration continued to be satisfactory and it is gratifying to note that the non-official members of the Municipal Council participated fully in all the activities tending to improve the City.

R. RANGA RAO,
Secretary to Government,
General Department.

Economy in Expenditure by Local Bodies.

READ—

Government Order No. Fl. 1795-1850—G. F. 54-31-1, dated 14th September 1931, issuing instructions for effecting economies in the State Budget Grants for the year 1931-32.

2. Government Order No. Fl. 3742-91—G. F. 54-31-22, dated 2nd December 1931, revising the instructions conveyed in clauses (1) to (5) of the above Government Order.

ORDER L. No. 4712-32—ML. 12-31-78, DATED 2ND JANUARY 1932.

In view of the necessity for effecting all round economy in the expenditure of Local Bodies, Government consider it desirable that these Bodies would do well to adopt such of the economy provisions contained in the Government Orders read above, as are suitable to their conditions and circumstances.

R. RANGA RAO,
Secretary to Government,
General Department.

Working of the Railway Department for the year 1930-31.

READ—

Report on the Administration of the Railway Department for the year 1930-31, received with letter No. R. S. 922, dated 13—14th November 1931, from the Secretary to Government for Railways.

ORDER No. G. 5239-90—G. M. 68-31-3, DATED 30TH DECEMBER 1931.

Recorded.

2. *Administrative Changes.*—Khan Bahadur A. A. Khan continued to be in charge of the Department throughout the year as Agent and Secretary to Government for Railways in addition to his duties as Traffic Manager, except for a short period when the late Mr. H. S. Aers, Loco and Carriage Superintendent, acted for him as Agent and Secretary for Railways.

3. *Open Lines.*—The total mileage of open lines on the 30th June 1931, including 7·66 miles opened during the year on the Ragihosahalli section of the Shimoga-Arasalu Railway was 722·39 miles with the capital at charge amounting to Rs. 576·88 lakhs. The further extension of the railway line beyond Arasalu for a distance of 9·35 miles up to Anandpura has since been sanctioned.

4. *Open Lines worked by the Madras and Southern Mahratta Railway Company.*—The length of the Mysore State lines worked by the Madras and Southern Mahratta Railway Company remained the same as in the past year, *viz.*, 271·48 miles of which 9·88 miles were broad-gauge and 261·60 miles metre-gauge, with an aggregate capital cost of Rs. 2,07,84,096. The gross receipts during the year amounted to Rs. 44,38,000 and after deducting working expenses, guaranteed interest, etc., therefrom, the net receipts were Rs. 11,27,000 against Rs. 14,03,000 during the previous year. The decline in gross revenue was due chiefly to motor bus competition and general trade depression.

5. *Open Lines worked by the State.*—The length of lines worked by the State increased from 443·14 miles to 450·91 miles in the year under report with capital cost of Rs. 3,69,03,571. The gross earnings during the year amounted to Rs. 32·77 lakhs showing a decrease of Rs. 5·71 lakhs over the previous year's figure. This decrease is made up of Rs. 3·51 lakhs under coaching, Rs. 1·60 lakhs under goods and Rs. 60,000 under other items. The decline under coaching is attributed to the diversion of short distance traffic to buses on roads running parallel to the railway, the fall in the number of passengers being 6,77,785. The agent explains that competition by buses is increasing daily in spite of measures adopted to regain traffic by the introduction of additional shuttle trains, alteration of timings, etc., to suit the convenience of passengers. In this connection, the Mysore Retrenchment Committee of 1931 has observed that a proper co-ordination of railway and bus services requires the close attention of the railway authorities. The matter formed the subject of investigation by a Committee appointed by Government and orders have since issued on their recommendations for minimising bus competition with Railways.

6. *Expenses.*—While the total ordinary working expenses amounted to Rs. 22,62,000 or Rs. 1·10 lakhs less than those of the previous year, the percentage to

the gross earnings rose from 61·64 to 69·03 during the current year. This is reported to be due to the fall in revenue to the extent of Rs. 5·71 lakhs.

7. *Stores.*—The year opened with a balance of Rs. 5,44,340 and stores to the value of Rs. 14,31,000 were purchased, while the issues and sales amounted to Rs. 14,05,000 leaving a balance of Rs. 5,70,000 at the end of the year.

8. *Accidents.*—There were no serious accidents on the State Railways during the year. The number of persons injured was nine, of whom four were passengers jumping out of trains. The cattle accidents were 89 against 81 in the previous year. The number of engine failures was 43 against 57 in the previous year.

9. *General.*—Among the additional railway facilities provided are the following:—

(1) Continuance of the running of through trains between Mysore and Secunderabad;

(2) Opening of out-agencies at Virajpet and Saklespur for traffic, *via* Mysore and Hassan;

(3) Issue of return tickets at 1½ fares for double journeys during the Dasara and Christmas Holidays; and

(4) Introduction of the system of round trip return tickets for third class at cheap rates available by all trains between important pilgrim places; and of first and second class coupon tickets for mercantile firms both in local and through booking with certain foreign railways.

The working of the Department continued to be satisfactory.

R. RANGA RAO,
Secretary to Government,
General Department.

Working of the Krishnarajasagara and Allied Works for the year 1930-31.

READ—

Letter No. 2018—K. S. S. dated 5th November 1931, from the Chief Engineer, Krishnarajasagara Works, forwarding the Administration Report for the Krishnarajasagara and Allied Works for the year 1930-31.

ORDER No. G. 5291-302—G. M. 61-31-3, DATED 30TH DECEMBER 1931.

Recorded.

2. *Krishnarajasagara Dam.*—The construction of the waste weir which was begun during the previous year made considerable progress during the year under report. The masonry works necessary for fixing the automatic and lift gates were nearly completed. The works connected with the terraces and layout of the rear of the Dam and the formation of approaches to give the finishing touches to the top of the Dam are being pushed through.

3. *Irwin Canal Works.*—All the important works between the Dam and the Tunnel were practically completed and the canal was tested up to the tunnel by allowing water. About 300 feet of the Tunnel remained to be widened and lined with masonry. The Maddur Branch of the Canal is ready to run water for irrigating about 22,000 acres. Preliminary arrangements to start the Cauvery Branch were undertaken during the year. This Branch with its sub-branches when completed is expected to irrigate about 74,000 acres.

4. *Improvement of Towns.*—Substantial progress was made in the layout of the Yedatore New Town; three blocks of quarters for officials were completed and sixty private houses were under construction.

The extension of the Mandya Town is also reported to be making good progress.

5. *Special Measures for the Development of Cultivation.*—For developing orchard cultivation on the irrigable lands under the Irwin Canal between the Dam and the Hulikere ridge, an experimental orchard farm has been opened on which considerable progress is reported to have been made. For affording facilities for the extension of

irrigation rendered possible by the Canal, a "Development Fund" has been constituted by earmarking therefor Rs. three lakhs out of the realisations from the sale of Government irrigable lands under the Canal. A model farm has been established for demonstrating improved methods of cultivation of sugar-cane and other valuable commercial crops. An extent of about 11 acres has already been planted with sugar-cane on this farm and investigations are in progress to see what varieties of cane will do well in this area and what manures and in what quantities are required for obtaining the best crop. One of the chief objects of this farm is to supply high-yielding sugar-cane seed to raiyats in the area.

6. *Other Irrigational Works.*—The work of improving and extending the Chickdevarajasagara Channel for which an estimate of Rs. five lakhs was sanctioned made some progress. The head works and the channel extension have been completed for irrigating about 300 acres in the first reaches of the channel beyond the Bannur tank. Detailed estimates are under preparation for a reservoir at the Hulhalli site in connection with the Kabbini Scheme.

7. *Land Acquisition.*—Since the beginning of the Irwin Canal Works, an extent of 1,316 acres and 8 guntas has been permanently acquired and a sum of Rs. 1,48,214 was paid as compensation to the end of the year under report. In addition to this, a sum of Rs. 6,085 was paid for houses, huts, etc., acquired.

8. *Grant and Outlay.*—The total outlay on the Krishnarajasagara and Allied Works during the year amounted to Rs. 30,00,280 as shown below against the final grant of Rs. 29,99,050.

Works.	*Outlay in* 1930-31.
	Rs.
Dam Works	.. 7,58,138
Irwin Canal	.. 22,41,565
Extension or Improvement of existing Canals	.. —3,068
Investigations and Miscellaneous ..	.. 3,645
Total	.. 30,00,280

General—All the points under correspondence with the Government of Madras in regard to Krishnarajasagara Works have now been practically settled.

Diwan Bahadur Rajasevasakta Mr. K. R. Seshachar continued to be the Chief Engineer and Secretary to Government, Krishnarajasagara Works and Electrical Department in the year under review. He has since been permitted to retire and Government desire to place on record their high appreciation of the valuable services rendered by him in connection with these works.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Passes General Orders on the Recommendations of the Retrenchment Committee.

READ—

1. Government Order No. 3614-73—C. B. 142-30-1, dated 17th March 1931, appointing a Committee under the Chairmanship of *Rajadharmapravina Diwan Bahadur* Mr. K. S. Chandrasekhara Aiyar, to examine the possibilities of effecting economies in expenditure and of improving revenue and to suggest ways and means for stabilising the financial position generally.

2. Letter No. Fl. Ret. 285, dated 12th August 1931, from the Chairman submitting the final report of the Committee.

ORDER NO. FL. 4874-923—G. F. 136-31-1, DATED 29—30TH DECEMBER 1931.

In the latter part of the year 1930-31, Government found that the position of equilibrium between Revenue and Expenditure anticipated in the budget estimates of

the year had been disturbed by a substantial decline under some of the important heads of revenue, due to the prevailing trade depression ; and as there appeared to be no near prospect of any material improvement in the position, they decided to adopt all possible measures for the speedy restoration of the condition of balance. In view of the importance of the problem, it was considered desirable to have it thoroughly examined by a Committee of officials and non-officials and obtain their recommendations for its solution. Accordingly in G. O. No. 3614-73—C. B. 142-30-1, dated 17th March 1931, a Committee was constituted as follows:—

CHAIRMAN.

Rajadharmapravina Diwan Bahadur Mr. K. S. Chandrasekhara Aiyar, B.A., B.L., Retired Chief Justice of the High Court of Mysore.

MEMBERS.

The Revenue Commissioner in Mysore.

The Chief Secretary to Government.

The Financial Secretary to Government.

Mr. K. T. Satyanarayana Setty, Member, Representative Assembly and Legislative Council.

Mr. D. H. Chandrasekharaiya, B.A. L.LB., Member, Legislative Council.

Mr. H. C. Dasappa, B.A., LL.B., Member, Representative Assembly and Legislative Council.

Mr. B. Sreenivasa Iyengar, Member, Representative Assembly.

2. The Committee was requested to explore all possibilities of effecting economies and of improving revenue. to ascertain the excess of the present standard of expenditure over revenues, to consider what part of the excess should be regarded more or less as of a permanent nature, and to suggest ways and means for stabilising the financial position.

3. The Committee commenced its formal sittings on the 8th April 1931, and held twenty-seven meetings, and its investigation extended over a period of four months. The Final Report of the Committee was received on the 12th August 1931 and was immediately published for general information. The Committee, however, kept Government informed, in the form of interim resolutions, of its conclusions as it reached them. This procedure was of great assistance to Government in framing the Budget Estimates of the current year.

4. The Committee made a comprehensive review of the State's finances and discussed the possibilites of retrenchment and development of revenue with the Heads of Departments. Suggestions were also invited from non-official gentlemen. After a detailed examination of all the material available, the Committee arrived at the following conclusions : that the level of expenditure was in advance of the standard of revenue by about half-a-crore of rupees, that this disequilibrium was attributable chiefly to the considerable and, in some instances, sudden decline which occurred under several major heads of revenue, as a result of the world-wide economic depression, that the scope for improving revenue resources was limited, and that the best way of balancing the budget was by reducing the level of expenditure.

The general position is described by the Committee in the following words :—

"While it may with justification be hoped that the economic depression will not continue indefinitely, and that with an amelioration of general conditions and a revival of trade as well as the stabilisation of prices, there will be an eventual improvement in the principal heads of State Revenue, including the earnings from Railways, no marked change in this direction can, with any confidence, be looked for during the next two or three years. It is safe to anticipate that a considerable proportion of the fall in revenue, say about one-half, is likely to persist."

5. The Committee's proposals to cover the deficit comprised, firstly, retrenchments in expenditure to the extent of about Rs. 48¾ lakhs in a full year, and secondly improvements in revenue resources of about Rs. 4½ lakhs.

6. The recommendations in regard to additional revenue are the following:—

(i) *Forest.*—Enhancement of the levy of seigniorage from 8 annas to 10 annas on cart-loads of green and dry fuel removed from the forests, estimated to yield Rs. 25,000.

(ii) *Income-tax.*—A moderate enhancement in the rates of income-tax with a view to increasing the revenue under this head by about Rs. 2½ lakhs.

(iii) *Stamp and Registration.*—Withdrawal, wholly or partially, of exemptions from payment of Stamp duty and registration fees in respect of certain classes of transactions, expected to yield Rs. 25,000.

(iv) *Medical.*—Levy of fees from out-patients treated in hospitals in all District Headquarter towns, estimated to bring in Rs. 6,000 per annum, and

(v) *Education.*—Re-imposition of fees in English Middle Schools, realising rupees one lakh.

Excepting the last item, which was dropped in deference to the wishes of the Representative Assembly, at the June Session 1931, the rest of the suggestions have been substantially accepted by Government and action has already been taken to give effect to them as detailed in Annexure I of this order.

7. As regards retrenchment generally, the bulk of the recommendations of the Committee submitted in the form of interim resolutions were considered by Government during the preparation of the current year's Budget, and reductions in expenditure grants to the extent of about Rs. 31½ lakhs were effected in the Budget Estimates of the year. (*Vide Annexure II*). After the issue of the Budget and on receipt of the Final Report of the Committee, Government dealt with the rest of the recommendations. The several orders passed by Government from time to time have been published in the *Mysore Gazette* and also placed at the disposal of the Press. A list of these, with the amounts of retrenchment effected, is appended to this order as Annexure III. The total reduction made in departmental grants amounts to about Rs. 48¾ lakhs, Rs. 11¾ lakhs by savings on the Working Expenses of Concerns shown on the Receipt side and Rs. 37 lakhs under heads of charges on the Expenditure side.

8. It is not necessary to make any detailed reference here to the several retrenchment proposals and the action taken on them, as they are either evident from a comparison of the Revised Estimates of last year with the budget estimates of this year, or are explained in the separate orders issued on them. Government have accepted a very large number of the Committee's suggestions. In some cases, however, it was not found possible to adopt, wholly or partially, their recommendations, but Government have effected corresponding savings by having recourse to alternative measures of economy.

9. The specific proposals made in the Report have all been dealt with. The Committee has made certain general recommendations and observations such as, the amalgamation of districts, abolition of sub-taluks, introduction of uniform rates of pay in all departments. These are recommendations which involve important questions of policy. Immediate action in respect of them does not seem to Government either practicable or desirable. They will, however, be kept in view for such consideration as circumstances may render necessary or desirable in the future.

10. The Committee has prepared a standard budget based on the acceptance of all its recommendations. This budget is prepared in two parts—Part I, comprising ordinary revenues as well as service and departmental expenditure and Part II, interest on financial investments and net receipts from productive works as well as the interest payable on Debt and other obligations and the contribution to the Loan Sinking Fund.

11. The Committee has observed that, for a proper appreciation of the budgetary position in each year, it is desirable that a separate account of the transactions relating to productive works and financial investments should be prepared. The main object of this suggestion is to bring out clearly the financial results of capital works and other investments and to see how far they are really remunerative. Government accept this suggestion and direct that commencing from next year, a *pro forma* account on the lines indicated by the Committee be prepared by the Comptroller and submitted to Government along with the Budget.

12. The Committee has also suggested that in preparing the annual budgets, provision should be made for contributing to the following reserves, besides the Loan Sinking Fund and Depreciation Reserves:—

(1) A special reserve for non-recurring expenditure to finance individual unexpected items of magnitude above Rs. 20,000, the maximum annual contribution being fixed at Rs. 2 lakhs.

(2) Out of the surplus remaining under Part II of the budget, a portion not exceeding Rs. 5 lakhs to be credited as a Reserve for interest on capital expenditure.

The Standard Budget prepared by the Committee anticipated a surplus of Rs. 4·47 lakhs. The Committee considered that for the provision of the two reserves above referred to, a total surplus of Rs. 7 lakhs under both parts of the budget had to

be secured, and that this position could be attained within a period of two or three years. The Committee added, however, that till the full level of the required surplus was attained, the formation of one or the other of the reserves mentioned above, or in the alternative, the contribution now being made to the Electrical Depreciation Fund, might be suspended temporarily for a maximum period of three years.

13. Government agree with the Committee that it is desirable to improve the financial position so as to permit of annual contributions being made to the two reserves recommended by it. So far as the contribution to the special reserve is concerned, it has already been decided to credit to this reserve the excess over five years' average of net receipts from sales of Sandal oil, but it has not so far been possible to give effect to this decision. The formation of this or the other reserve, mentioned by the Committee, depends on a general improvement of the financial position. The course of events since the Committee concluded its labours has upset its anticipations of revenue, and it has therefore become necessary to go still further and effect more retrenchments, including a cut in salaries, than were recommended by the Committee for restoring budgetary equilibrium. In view of this situation, it is not possible to give immediate effect to the suggestions of the Committee for the formation of the reserves above referred to, but they will be kept in view for necessary action in due course.

14. The Committee has commented on the heaviness of the Public Debt and suggested that there should be no further resort to public borrowing for at least a term of years. It has also observed that all future programmes of capital works should be carefully scrutinised with reference to their productive character, and that the annual outlay on such works should be limited to a maximum of Rs. 40 lakhs or such lesser amount as may be available out of the annual accretions to savings bank deposits, insurance and other funds, after the prescribed proportions thereof are duly invested under the orders in force. Government agree with the Committee that the remunerative character of capital works proposed to be undertaken and the contraction of debts for financing them should receive the most careful consideration. The capital expenditure has been heavy in recent years mainly because of the undertaking of certain large works, like the Krishnarajasagara Works and the New Bangalore Water Supply Project. For constructing works of such magnitude, special financing arrangements are necessary. In meeting the ordinary annual requirements of capital works, the limit and source suggested by the Committee will, as far as possible, be adopted.

15. In dealing with the question of stabilisation of the financial position, the Committee has referred to the necessity for adequate safeguards for maintaining financial equilibrium and for securing a certain measure of independent financial scrutiny and advice. It is suggested that no proposal for fresh or additional expenditure, whether it be on account of a new work of some magnitude or the undertaking of a new form of activity orthe expansion of an existing activity involving additional expenditure, or a material revision of establishment, should be sanctioned until such proposal has been referred to and considered by an independent Standing Committee constituted for the purpose and consisting of both officials and non-officials. Proposals for reappropriation of budget grants of, or exceeding Rs. 20,000 in amount may also, it is suggested, be placed before such a Body.

16. Government wish to point out that under the existing constitution there is a Standing Committee for Finance and Taxation consisting of elected representatives of the Legislative Council and the Representative Assembly and the consideration of the following matters comes within the purview of the Committee :—

1. Budget ;
2. Measures of taxation ;
3. Proposals for improving the State's finances ;
4. Proposals for retrenchment ;
5. In addition to the foregoing subjects, the following may also be placed before the Committee whenever Government deem it desirable to do so :—
   (i) Reports of Special Committees appointed by Government, coming within the purview of the Standing Committee ;
   (ii) Annual Reports ;
   (iii) Bills relating to matters within the purview of the Committee ;
   (iv) Any question of policy on which it is considered desirable to consult the Standing Committee.

17. In view of its constitution and the scope of its functions, this Standing Committee is the appropriate body for advising Government on matters referred to by the Retrenchment Committee. Government agree in the view that it is desirable to obtain the views of the Finance and Taxation Committee on important financial measures, and arrangements will be made for reference to the Committee of all matters that should go before it.

18. In conclusion, Government wish to express their sense of high appreciation of the valuable services rendered by the Chairman, *Rajadharmaprainva Diwan Bahadur* Mr. K. S. Chandrasekhara Aiyar, and the Members of the Committee in conducting a detailed investigation into the State's finances and in offering very helpful suggestions for solving a most difficult problem. Government note the Committee's appreciation of the good work done by its Secretary, Mr. K. R. Krishnaswamy Iyengar.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE I.

Statement showing the proposals made by the Retrenchment Committee for improvement in revenue resources and the action taken thereon.

Department	Proposals of the Committee	Action taken thereon	Reference to Government Order
Income-tax ..	Enhancement in the rates of Income-tax.	Accepted ..	Regulation further to amend the Mysore Income-tax Regulation of 1923 issued in Notification No. P. 7978—Legis. 58-36-3, dated the 25th June 1931.
Stamps and Registration.	Withdrawal wholly or partially of exemption from payments of stamp duty and registration fees in respect of certain classes of transactions.	Accepted ..	G. O. No. D. 309-10—C. S. 3-31-2, dated the 15th July 1931. Notification No. 311—C. S. 3-31-3, dated the 17th July 1931. Notification No. D. 316—C. S. 3-31-4, dated the 17th July 1931. Notification No. Fl. 1869—St. 7-31-7, dated the 16th September 1931. Notification No. Fl. 1968—Regis. 11-31-1, dated the 24th September 1931. G. O. No. Fl. 1893—Regis. 5-31-3, dated the 18th September 1931. G. O. No. Fl. 1896—Regis. 5-31-4, dated the 18th September 1931.
Do	Revision of the rates of stamp duty on on-demand pronotes.	Accepting the proposal of the Committee, Government placed a statement before the R. A. at the October Session for taking necessary legislative action. The question is under further examination, with reference to discussion in the October (1931) Session of the R. A.	*Vide* G. O. No. Fl. 2521-32—St. 13-31-1, dated the 6—7th October 1931.
Medical ..	Levy of Hospital fees from out-patients in all District Head Quarter Towns in the State.	Accepted ..	G. O. No. G. 4122-75—Med. 316-30-18, dated the 20th November 1931.
Education ..	Re-imposition of fees in English Middle Schools.	Dropped ..	....
Forest ..	Enhancement of the levy of seigniorage from eight annas to ten annas on cart loads of green and dry fuel from the forests.	Under consideration ..	....
	Enhancement of game license fees.	Accepted ..	New Game Rules issued in Notification No. G. 12330—Ft. 85-30-7, dated 16th June 1931.
	Levy of seigniorage on firewood supplied to Iron Works.	Under consideration ..	....
Land Revenue ..	Expansion of cultivation by releasing Amrit Mahal Kaval lands and Date Reserves by the system of working selected date blocks by periodical rotation.	This is practically in accordance with the accepted policy of Government and action in this direction is being taken experimentally in a few places.	....

ANNEXURE II.

Statement showing the retrenchments recommended by the Committee and effected in the budget for 1931-32 and thereafter.

Retrenchments in the Grants under the control of the Private Secretary to His Highness.

READ—

Correspondence ending with Un-Official Note No. C. 743, dated 4th December 1931, from the Private Secretary to His Highness in regard to retrenchments in the grants under his control.

ORDER NO. FL. 4498-501—G. F. 131-31-3, DATED 24TH DECEMBER 1931.

Government are pleased to approve of the proposals of the Private Secretary and direct that the following reductions be effected in the staff and grants placed at his disposal.

1. *Guests' Houses: Establishment.*—The Superintendent of the Government House is in receipt of a local allowance of Rs. 45 per mensem in addition to the grade pay. Following the recommendation of the Retrenchment Committee in regard to the limiting of the grant of allowance to Non-Gazetted Officers to Rs. 30, sanction is accorded to the local allowance attached to the post of Superintendent being reduced to Rs. 30 per mensem.

Servants.—The following posts and allowances will be abolished as a temporary measure:—

	Rs.	Per mensem.
One Carpenter on	20	,,
One Peon on	10—½—15	,,
One Lascar on	13	,,
One Cook's Matey on	10	,,
Billiard Allowance	3	,,
Cooling Chamber Allowance	3	,,

2. *Dariya Dowlat Bagh and Park House.*—The establishment of one Matey on Rs. 12 and one Sweeper on Rs. 9 attached to the Daria Dowlat Bagh will be withdrawn and transferred to the Vasantha Mahal. One Cook on Rs. 22-8-0, one Caretaker on Rs. 12 and the Sweeper on Rs. 5 attached to the Park House will be abolished.

3. *Grant for Travelling Allowance.*—The budget provides for a grant of Rs. 2,200. A sum of Rs. 1,600 out of this will be retrenched.

4. *Grant for Contingencies.*—The grant placed at the disposal of the Private Secretary is Rs. 11,000. All possible economies may be effected so as to secure a saving of Rs. 2,000 in this grant.

5. *Carriages and Motor Cars.* One post of Driver on Rs. 22 and one of Cleaner on Rs. 15 will be retrenched. Sanction is accorded to the employment of a driver temporarily during Dasara and Birthday Festivities.

6. *Purchase and Maintenance of Motor Cars.*—A sum of Rs. 500 will be retrenched in the grant of Rs. 1,964 provided for this purpose.

7. *Entertainment af Guests.*—The grant provided is Rs. 35,000. The expenditure to end of October 1931 has been about Rs. 5,000. Every endeavour should be made to keep the expenditure for the rest of the year within about Rs. 14,150 and to save a sum of Rs. 15,850.

8. The financial result of these measures of retrenchments will be a saving of about Rs. 20,000 as detailed below:—

			Rs.
Etablishment (*vide* Annexure)	..	...	—122
Travelling Allowance	..	..	1,600
Contingencies ..	..	..	2,000
Purchase and Maintenance of Motor Cars	..	..	500
Entertainment of Guests ..	..	...	15,850
			19,828 or
		roughly	20,000

9. Effect may be given to the retrenchments from 1st January 1932.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

BANGALORE, THURSDAY, JANUARY 14, 1932.

PART I

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Trial of offences under the Village Panchayet Regulation.

READ—

G. O. No. P. 6048-58—Cts. 102-29-3, dated 6th May 1930, empowering Amildars and Deputy Amildars to try offences punishable under the Mysore Village Panchayet Regulation.

2. Correspondence ending with letter No. R. O. C. 662, dated 3rd December 1931, in the matter of the continuance or otherwise of the arrangement ordered in the G. O. read above.

ORDER NO. P. 3657-65—CTS. 102-29-8, DATED 5TH JANUARY 1932.

The arrangement in question was adopted on grounds of expediency and convenience to parties who might otherwise be put to the necessity of going 20 or 30 miles for the trial of these petty cases.

This arrangement was, however, objected to during the course of a debate on an adjournment motion in the Legislative Council at its Session in June 1930 and Government promised to re-examine the question after a few months.

The High Court is of opinion that the question can be solved by giving the option to the accused to be tried either by the Amildar or the Special Magistrate.

Government agree in this view and are pleased to direct that complaints under the Village Panchayet Regulation may be filed either before the Amildar and Deputy Amildar or the Special Magistrate having jurisdiction. If, in the former case, the accused desires to be tried by a Special Magistrate, the Amildar or Deputy Amildar shall forward the records of the case to the District Magistrate for being referred to a Special Magistrate for proceeding with the trial of the case.

N. MADHAVA RAO,
Chief Secretary to Government.

Treasury Guard Duties.

READ—

Government Order No. G. 5440-51—Mily. 271-29-18, dated 6th January 1932, sanctioning the reorganization of the Mysore Infantry to the standard of an active Battalion for internal security purposes and directing that, among other matters, the Infantry should be relieved of their present Non-Military duties of guarding the Treasuries and that the work should be entrusted to the Police.

2. Letter No. G. C. 241—31, dated 23rd December 1931, from the Inspector-General of Police in Mysore, submitting revised proposals for transferring the duties of guarding the Treasuries in the State and some other Offices from the Military to the Police Department.

ORDER No. P. 3716-27—POL. 136-31-2, DATED 6TH JANUARY 1932.

In the Government Order read above, Government approved of the recommendation jointly made by the Chief Commandant and the Inspector-General of Police to relieve the Mysore Infantry of the Non-Military duties of guarding the Treasuries and to entrust this work to the Police.

The Inspector-General of Police has accordingly submitted detailed proposals for taking over the duties of guarding the Treasuries and the Offices mentioned in the margin.

1. Stamp Manufactory, Bangalore.
2. Government House, Mysore.
3. Bannimantap, Mysore.
4. Sub Jail, Shimoga.

Proposition Statement No. 1 shows the increased establishment required for this purpose and the cost, including allowances. Statement No. II shows the allocation of the Officers and men to be deputed for guard duties. The total establishment required for these additional duties will be 83 Duffedars and 396 Constables and involves an additional expenditure of Rs. 93,382 per annum in the Police Department. This extra expenditure will be more than counter-balanced for the present and for the next few years to come by the savings effected in the Military Budget as shown in the Government Order sanctioning reorganization of the Infantry.

Government are pleased to sanction the above proposals of the Inspector-General of Police to take effect from 10th January 1932. The Inspector-General of Police is requested to arrange with the Chief Commandant to take over as many men as possible out of those thrown out from the Infantry in consequence of its reorganization as an active Unit.

The additional cost of the scheme during the current year will be met by re-appropriation out of the savings anticipated in the Budget of the Police Department.

READ—

Government Order No. G. 14026-27—Mily. 298-29-2, dated 31st May 1930, appointing a Committee consisting of the Chief Commandant and the Inspector-General of Police, to consider in detail the Military needs of the State and report to Government.

2. Correspondence ending with letter No. C. 446-28, dated 26th May 1931, from the Chief Commandant, forwarding the final report of the Committee.

3. Correspondence ending with letter No. C. 448—28-29, dated 21st September 1931, from the Chief Commandant, submitting proposals for reorganising the Mysore Infantry.

4. Resolution of the Finance Committee dated 5th January 1932 approving of the scheme.

ORDER NO. G. 5440-51—MILY. 271-29-18, DATED THE 6TH JANUARY 1932.

In Government Order No. G. 14026-7, dated 31st May 1930, the Chief Commandant and the Inspector-General of Police were asked to form themselves into a Committee to examine the question of the internal security of the State in detail and submit their views to Government. The Committee have, among other things, drawn attention to the need, which has long been recognised, for reorganising the Mysore Infantry so as to make it a force of real Military value. They point out that the Mysore Infantry are dispersed over the country in small guards and have an available strength of only some 215 out of an establishment of 1,573. This dispersal prevents their being properly disciplined and trained. They are, moreover, armed for the most part with inadequate muzzle loading weapons and are therefore not of much use in case of emergency.

2. The Committee recommend, among other measures, that the Infantry should be raised to the standard of an active Battalion and that the duty of guarding Treasuries should be transferred to the Police Department.

3. In pursuance of this recommendation of the Committee the Chief Commandant has submitted detailed proposals for the reorganisation of the Mysore Infantry. In order to improve the standard of efficiency and to attract a better class of men, he proposes to increase the salaries of all ranks, more especially in the case of officers. The total cost of the proposal will, however, not exceed the present expenditure on the Infantry, since there will be a material reduction in personnel, this reduction being made possible by the increased efficiency of the new units. When the reorganisation is fully carried out, the infantry will consist of 1,264 officers and men (as against 1,573 at present), divided into three Battalions. Number I Battalion will be the Active Battalion consisting of Headquarters and

four Companies. Number 2 Battalion will be training Battalion, one Company in strength, attached to the Active Battalion for general administration, so as to save a headquarters but retaining its identity and functioning as a separate entity so far as training is concerned. Number 3 Battalion will be a Garrison Duty Battalion consisting of a Headquarters and two Companies.

4. As it will take time to bring the present Infantry up to the required standard and as it will also be difficult to train the full numbers at once, it is proposed to effect the reorganisation by stages. In the first stage the strength of the force will be reduced by the elimination of the unfit to 778 officers and men and existing scale of salaries will be retained. In the second stage new companies will be formed from time to time until the full proposed strength (of 1,264) is reached and the new scale of salaries will be introduced. The process of expansion will necessarily depend on the condition of the State Finances at the time.

5. The Chief Commandant has agreed to the following measures for carrying out the reduction of the establishment contemplated in the first stage :—

(*a*) As many suitable officers, non-commissioned Officers and men as it may be possible to absorb in the Police Department will be offered service in that Department;

(*b*) All ranks of Barr Infantry who are not less than 50 years of age or have put in not less than 30 years service by 31st December 1931 will be compulsorily discharged;

(*c*) Option to retire will be given to all those who have rendered 25 years service and more or who are not less than 45 years of age;

(*d*) All ranks will be compulsorily discharged for physical unfitness, inefficiency and unsuitability for active Infantry ; in the case of officers and non-commissioned Officers, after inspection and examination by the Chief Commandant. Cases of Officers selected for compulsory retirement under this head will be referred to Government;

(*e*) All Officers, non-commissioned Officers and men discharged whether compulsorily or at their option be given three months' pay in lieu of notice of discharge or leave on full pay up to three months at the discretion of the Chief Commandant;

(*f*) Those retired under clause (*b*) or (*c*) may be allowed an addition of 5 years' service and those retired under (*d*) three years' service. With these special additions, the pension or gratuity should be regulated by the rules in appendix "K" Mysore Service Regulations.

NOTE.—The concession under clauses (e) and (f) will be admissible only to officers, non-commissioned Officers and Men who are finally discharged from Government service and not to those who are taken over to the Police Department.

6. Government observe that these proposals follow generally the lines of the scheme of Military reorganisation sanctioned in the year 1925. The one important change now proposed is the transfer of the treasury and other guard duties to the Police, which involves the increase of the police force by 86 daffedars and 392 constables at a cost of Rs. 93,000 per annum, while it reduce the strength and cost of the Infantry.

7. The financial effect of the scheme will be as follows :—

(1) During the first stage there will be a reduction of cost to the extent of Rs. 2,13,400 per annum in the Military Department. As against this, the increase in the Police Department on account of treasury and other guard duties will be about Rs. 93,000 per annum, so that the net savings between the two departments will be about Rs. 1,20,000 per annum. Of this, however a sum of about Rs. 38,000 will be required during the first year only for the payment of cash bonuses to discharged men in lieu of three months' notice.

(2) In the second stage the extra expenditure of about Rs. 93,000 in the Police Department will continue but the savings in the Military Budget will be gradually reduced to about Rs. 17,000 and even this amount will perhaps be needed to improve the equipment of the new units. The extra cost of the Police therefore represents the ultimate recurring charge when the scheme is fully developed. The extra pension charges that will be entailed by the premature retirement of some of the members of the force are not taken into account in this calculations; but they cannot amount to a heavy sum and it is obvious that the scheme in its initial stages will result in considerable savings while the eventual commitments that it imposes are neither unduly onerous nor inflexible in character. The process of expansion contemplated in the second stage could be regulated according to the funds that might be available for the purpose from time to time.

8. The scheme is intended to meet a real want, to provide the state with a well trained and serviceable Infantry concentrated in a few places from which the troops could be transported to any part of the State within a few hours in case of emergency. As it is shown that this object could be achieved without imposing a strain on the State finances, Government consider that the introduction of the scheme need no longer be postponed. On the other hand the initial economies that it promises make it an opportune measure at the present time.

9. Government are accordingly pleased to sanction with effect from 10th January 1932 the proposals for the reorganisation of the Mysore Infantry as outlined above and more fully detailed in Statements II and III. The proposals

contained in paragraph 5 above for the discharge of superfluous men and grant of pension are also approved. The Chief Commandant is requested to furnish information in due course as to the number of men discharged on pension or otherwise and of those absorbed in the Police Department on the introduction of the first stage of the scheme. The formation of new Companies and the introduction of the revised scale of salaries in the later stages will require the previous sanction of Government on each occasion.

10. Orders are issuing separately regarding the additional Police Force for the guarding of Treasuries.

N. MADHAVA RAO.
Chief Secretary to Government.

Vacancies of Head Gumastas.

READ—

Correspondence ending with letter No. C. 1003—30-31, dated 7th November 1931, from the Revenue Commissioner in Mysore, in the matter of modifying the Recruitment Rules so as to enable the vacancies of Head Gumastas being filled up from among the experienced officials of the Taluk Offices instead of by direct recruitment.

The marginally noted resolution passed by the Central Recruitment Board at its meeting held on 12th November 1931.

In the light of orders passed in para 10 (8) of Government Order No. E. 1305-14—L. R. 105-28-104, dated 10th August 1929, action may be taken to insert a note in the Manual of Recruitment Rules as requested by the Revenue Commissioner in respect of appointments of Head Clerks in Taluk Offices.

ORDER No. 3481-97—C. R. B. 16-31-1, DATED 5TH JANUARY 1932.

Government are pleased to direct that the following note be added to Rule 8 in the Manual of Recruitment Rules:—

"8 (*e*) Vacancies of Head Gumastas (now styled as Head Clerks) in the Taluk Offices of the Revenue Department may be filled up by promotion of experienced officials in the lower grade, eligible for promotion, throwing open for direct recruitment, the consequential vacancies on Rs. 25 in the grade of Rs. 25—1—30—1—40".

Commission to Mr. Sri Narasimha Sastry, Agent to the Sri Kudli Mutt.

READ—

Government Order No. R. 6288-90—L. R. 249-27-4, dated 17th February 1928, granting a commission to Mr. S. N. Sri Narasimha Sastry, Sarvadhikari of Sri Kudli Sringeri Samsthan to exercise certain powers under Section 99 of the Land Revenue Code in respect of certain Inam villages endowed to the Mutt and stating that the question of grant of powers in respect of Hangerhal village (recently changed into Valukeswarapura) will be considered after the introduction of Survey and Settlement into that village.

Correspondence ending with letter No. C. 1286—31-32, dated 22nd December 1931, from the Revenue Commissioner, stating that as Survey Settlement has since been introduced into Valukeswarapura village powers under clauses (b), (d), (e) and (f) under Section 99, Land Revenue Code, may be conferred on Mr. S. N. Sri Narasimha Sastry, Sarvadikari of Sri Kudli Sringeri Samsthan.

ORDER No. R. 3019-20—L. R. 425-30-7, DATED 7TH JANUARY 1932.

Government are pleased to direct the grant of the accompanying Commission to Mr. Sri Narasimha Sastry, Agent to the Sri Kudli Mutt, to exercise powers under Section 99, Land Revenue Code, clauses (b), (d), (e) and (f) in respect of Valukeswarapura village, Kumsi Sub-Taluk.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE REGULATION IV OF 1888.

TO MR. S. N. SRI NARASIMHA SASTRY, SARVADHIKARI, SRI KUDLI SRINGERI SAMSTHAN

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you Mr. S. N. Sri Narasimha Sastry, Sarvadhikari of Sri Kudli Sringeri Samsthan, the following powers specified in clauses (b), (d), (e) and (f) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Village Valukeswarapura village, Kumsi Taluk:—

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*d*) To exercise the powers of a Deputy Commissioner under Sections 63 and 64.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that Section provided, and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of and subject to recall, by the Government of His Highness the Maharaja of Mysore.

By Order,

B. T. KESAVA IYENGAR,

Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Report on the working of the Village Panchayets during 1930-31.

READ—

The report on the working of the Village Panchayets in the State during the year 1930-31, received with letter No. C. Per. 50-31, dated 5th December 1931, from the Revenue Commissioner in Mysore.

ORDER NO. L. 4921-41—V. P. 49-31-3, DATED 11TH JANUARY 1932.

Recorded.

2. *Constitution.*—The total number of Village Panchayets and hamlets at the close of the year was 10,251 against 9,125 during the previous year, the increase being due to the splitting up and readjustment of the old Village Panchayets into smaller units, so as to afford greater scope for local development and wider opportunities to people to participate in the scheme. The total number of elected and nominated members on the last day of the year was 48,115 and 27,653 against 44,163 and 24,655 respectively in the previous year.

3. *Meetings.*—Government regret to note that in spite of the observations made in the previous reviews, a large number of Panchayets did not hold meetings this year also. The total number of meetings held by all the Panchayets was 27,814 against 29,274 in the previous year, the Districts of Tumkur, Mysore, Hassan and Shimoga contributing to the decrease.

4. *Finance.*—The balance available at the credit of the several Panchayets, at the beginning of the year was Rs. 28,51,491 the income and expenditure during the year being Rs. 8,86,655 and Rs. 7,58,796 leaving a closing balance of Rs. 29,79,350 at the end of the year. There was a decrease of about Rs. 5 lakhs in the current year's income as compared with the previous year and this is said to be mainly due to the failure of the villagers to pay the taxes on account of general economic depression and the fall in the prices of agricultural produce. Out of a total demand of Rs. 32,33,873 including the arrears of Rs. 17,24,498 only a sum of Rs. 8,76,436 was realised during the year against Rs. 13,92,839 in the previous year. The amount in arrears was thus Rs. 23,57,437 against Rs. 17,24,498 in the previous year. It is reported that necessary steps are being taken for the reduction of the heavy arrears by writing off an appreciable portion representing the previous year's arrears which are mostly irrecoverable and by asking the Taluk and Village Officials to put forth greater effort in collection work. With a view to facilitate the writing off of the old and irrecoverable arrears, detailed rules were approved by Government and issued during the year

laying down the procedure to be adopted and the authorities competent to remit or write off the irrecoverable arrears. In the case of the Tumkur, Mysore and Hassan Districts, the collections fell below 50 per cent of the total demand for the year. In the other districts also the collection work was not satisfactory.

The expenditure incurred during the year was Rs. 7,58,796 as detailed in the margin and was almost the same as in the previous year, *viz.*, Rs. 7,43,080. The expenditure under the principal items was on almost the same level as in the previous year and it is stated that a regular programme of work to be carried out was prepared and followed in certain taluks. Similar programmes should be prepared and followed in the case of the other taluks also, so as to fully utilise the large surplus available for expenditure in the several Panchayets. The total amount available for expenditure at the end of the year was about Rs. 30 lakhs against Rs. 28½ lakhs in the previous year. There is thus ample scope for utilising the amount on works of permanent utility and improvement of villages.

		Rs.
1.	Public Works ...	3,14,992
2.	Conservancy and Sanitation.	48,955
3.	Water Supply and Maintenance	83,511
4.	Lighting charges ...	21,667
5.	General Administration and Collection.	69,424
6.	Other items ...	2,20,247
	Total ...	7,58,796

5. *Activities of Panchayets.*—Extensions on approved and Sanitary lines were laid out in certain Panchayets and contributions were paid by five Panchayets in the Mysore District for starting District Board Dispensaries. Lighting in villages received greater attention during the year and electric lights were installed during the year in Mindahalli and Jogalkhasti Panchayets in Mulbagal Taluk and Kodyala and Naganahalli in the Seringapatam Taluk. Action was also taken for the electric lighting of several other Panchayets in the Bangalore, Kolar and Mysore Districts. Some other Panchayets provided Petromax and Kerosene lights. A large number of wells were sunk for the use of the villagers generally as well as for Adikarnatakas. A Bore-well was put up in Devanoor (Nanjangud Taluk) and another at Santhemarahalli (Chamrajnagar Taluk) was under progress. Pumps worked by electricity for irrigation and drinking purposes are said to have been installed in several Panchayets of the Kolar District. The other lines of activities followed are mainly the creation of postal facilities in villages, management of Forests within the jurisdiction of Panchayets, opening of Village Panchayet School, and beautification of villages by laying out approach roads and open spaces, etc. Optional taxes were levied in 37 Panchayets of the Kolar District and a few others in the Mysore and Tumkur Districts. No information has been furnished about the other districts. The system of weekly labour is said to be slowly getting popular and the value of labour so contributed has been estimated roughly at Rs. 2,51,833. With a view to secure further progress in this direction, the Revenue Commissioner considers it desirable to place this system of weekly labour on a statutory basis. Government consider that weekly labour may be indirectly enforced in case the Panchayets resolve to levy optional taxes under Section 37 of the Village Panchayet Regulation, when such of the villagers as are not able or willing to pay the taxes will have recourse to weekly labour.

6. *General.*—A Village Panchayet Court was organized at Mysore during the Dasara Exhibition and Village Panchayet Cinema was also working during the year. Both were appreciated by the public. Owing to financial stringency, the posts of Village Panchayet Inspectors were abolished and the Revenue Inspectors were asked to take up their work. Thirteen Panchayet Inspectors who could not be provided for otherwise, were however continued during the year and orders have since issued for the temporary employment for Land Records work of such of the Inspectors as have not yet been otherwise provided for. Government are glad to note the names of the non-official gentlemen who took keen interest in the working of the Village Panchayet Scheme during the year and wish to convey their thanks to these gentlemen as well as to *Lokasevaniratha* Mr. Ambale Anniah Pandit of Mysore and *Dharmaprakasa* Mr. A. Chandregowda of Chikmagalur for the contributions made by them for Drinking Water Wells and laying out a road respectively.

R. RANGA RAO,
Secretary to Government,
General Department.

Administration Report of the Public Works Department for the year 1930-31.

READ—

Report on the Administration of the Public Works Department for the year 1930-31, received from the Chief Engineer with his letter No. 5381, dated 12th November 1931.

ORDER No. G. 5494-7—G. M. 65-31-3, DATED 8TH JANUARY 1932.

Recorded.

Mr. M. G. Rangiah was in charge of the Department throughout the year.

Grant and Outlay.—Exclusive of the expenditure on account of the Krishnarajasagara Works the total outlay incurred during the year was Rs. 73,19,192 against a final grant, under all heads of Rs. 75,88,267. Including the outlay of Rs. 2,65,041 from sources such as contributions, etc., the total expenditure of the Department during the year amounted to Rs. 75,84,233 against Rs. 67,76,902 in the previous year. The aggregate State grant was Rs. 52,11,336 against which the actual booked outlay was Rs. 45,99,389. The greater portion of the lapse was under Irrigation (Rs. 2,31,129), Civil Works (Rs. 1,53,149), Industrial Works (Rs. 1,06,090), Education (Rs. 44,430) and Army (Rs. 33,327).

Irrigation Works charged to Revenue.—The expenditure under this head amounted to Rs. 8,78,173 against Rs. 9,19,987 in the previous year. Out of this Rs. 5,60,635 was incurred on Major tanks, Rs. 1,47,571 on channels and Rs. 1,69,967 on minor tanks. It is worthy of note that the annual outlay on irrigation works has steadily increased from Rs. 3,28,694 in 1925-26 to Rs. 8,78,173 in the year under review. Out of 362 minor tank works in progress, 82 were completed during the year. Eight important major tank works, *viz.*, Maralavadi, Kamasamudram, Thumbadi, Nidasale, Dalavoy, Herige and Hiduva and also the anicut across the Bhrugu river near Halsur were in various stages of progress. Water was allowed for irrigation on the full length of the channel under the Bhadra Anicut and on three miles of the Kudlur left bank channel. Satisfactory progress was made in the construction of the Anjanapur Reservoir.

Civil Works.—The expenditure on buildings amounted to Rs. 4,73,244 of which Rs. 1,84,958 was on buildings for the Medical Department. Among the important building works which were completed during the year are the Ayurvedic College and Lalitha Mahal at Mysore, the Serum Institute at Hebbal and quarters for officials at Sagar.

Communications.—The expenditure under this head amounted to Rs. 3,00,884 of which Rs. 42,948 was incurred on roads, Rs. 8,466 on travellers' bungalows and Rs. 2,49,470 on bridges and boats. There was a fall from Rs. 416 to Rs. 333-8-0 in the average cost of maintaining a mile of State Fund Roads. Considerable progress is reported in the construction of the Bridge across the Cauvery at T.-Narsipur.

Miscellaneous Public Improvements.—The total outlay under this head amounted to Rs. 9,402. Of this Rs. 3,877 was incurred on miscellaneous items and Rs. 5,528 on improvements to towns.

Water Supply.—The largest Water Supply Project under construction was the New Bangalore Water Works Scheme estimated to cost Rs. 50,33,000 the actual outlay thereon during the year being Rs. 16,32,752. The excavation for the Dam and the construction of masonry made good progress. All the buildings except the Inspection Lodge were completed.

Irrigation Cess Fund.—The expenditure from the Irrigation Cess Fund was Rs. 3,51,080 against the grant of Rs. 3,42,464.

Establishment.—The total charges of the Department under the head amounted to Rs. 11,08,452 against Rs. 10,78,321 in the previous year. The proportion which the establishment charges bore to the total expenditure on works and repairs under all funds was 17·47 as against 19·15 per cent of last year.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Abolition of certain Lock-ups.

READ—

Correspondence ending with letter No. C. 615-23, dated the 17th September 1931, from the Inspector-General of Prisons in Mysore, submitting proposals either for the abolition of certain Lock-ups in the State which do not receive Magisterial Prisoners or for their removal from the list of the Prisons Department.

2. Letter No. C. 1299/30, dated the 28th February 1931, from the Inspector-General of Police in Mysore, submitting his views on the above proposal.

3. Correspondence ending with letter No. 32 of 31-32, dated the 17th August 1931, on the subjec from the Registrar of the High Court of Mysore.

4. Letters from the District Magistrates of Districts on the same subject.

ORDER THEREON No. G. 5782-93—PRIS. 46-30-24, DATED 16TH JANUARY 1932.

The Inspector-General of Prisons reports that out of 71 Taluk Lock-ups including that at Kalasa, only 18 are of the nature of Jail establishments and that the remaining 53, which do not function and entail expense without corresponding utility ought not to find a place in the organization of the Prisons Department. He therefore recommends that they may be removed from the list of Magisterial Lock-ups. The Inspector-General of Police who was consulted in the matter is of opinion that it is not advisable to abolish all the lock-ups mentioned by the Inspector-General of Prisons but that it

would be necessary to retain the lock-ups at such places as have permanent Courts other than Bench Courts and at others visited by itinerant Courts. In this view, he suggests the retention of 19 more lock-ups. This proposal is agreed to by the Inspector-General of Prisons and the High Court.

On the District Magistrates being consulted in the matter, the District Magistrates of Hassan, Kadur, Chitaldrug and Tumkur press for the retention of ten more lock-ups in the marginally noted places for the reason that as there are Bench Courts in the first seven places, accommodation should be found for prisoners sentenced by them, that in Turuvekere and Koppa, there are itinerant Courts and that at Mudgere the Amildar-Magistrate is invested with the power of trying breach of contract cases which necessitate accommodation for persons arrested and brought before him.

(1) Arkalgud.
(2) Channarayapatna.
(3) Arsikere.
(4) Alur.
(5) Kadur.
(6) Jagalur.
(7) Hiriyur.
(8) Turuvekere.
(9) Koppa.
(10) Mudgere.

Government are not quite satisfied about the necessity to retain the seven lock-ups referred to in the places where there are Bench Courts. However, as the District Magistrates concerned have urged the need for their retention, they may be continued for the present and a report submitted to Government as to the necessity for their further retention before the end of June 1932 with reference to the experience gained till then.

Subject to this modification, Government are pleased to direct that the lock-ups mentioned in the Appendix A be abolished and those in Appendix B retained. The Lock-up at Heggaddevankote will also be abolished as it has ceased to be a place of itineration after the transfer of the criminal jurisdiction of that Taluk to the Second Munsiff-Magistrate at Mysore.

As regards the strength of the guards required for the 47 lock-ups retained, the Inspector-General of Prisons agrees with the opinion of the Inspector-General of Police that a guard consisting of one duffedar and two constables is enough in ordinary circumstances and on those rare occasions when the admissions are larger than usual, the guard may be supplemented by one or two constables according to necessity and that these guards should be continued to be supplied by the Police Department as at present. The Inspector-General of Prisons further suggests that the Police on guard duty in the lock-up should be under the Officer-in-charge of the lock-up and when their services are not required for guarding purposes, they may be sent back to the Police Officer concerned. Government approve of these proposals also.

N. MADHAVA RAO.
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Administration of Inam Villages and Estates.

READ—

Letter No. C. Per. A. 14—31-32, dated 9—14th December 1931, from the Revenue Commissioner in Mysore, forwarding his report on the Administration of Inam Villages and Estates under Government management during the year 1930-31.

ORDER No. R. 3151-60—L. R. 230-31-3, DATED 12—13TH JANUARY 1932.

Survey and Settlement.—There were 213 villages and estates under Government management at the end of the year and of these, there were 31 villages and estates into which survey and settlement had not been introduced. Government have sanctioned the introduction of survey and settlement into eight villages. Though survey work was completed in three villages in the Bangalore District, settlement has not yet been done. The Survey Superintendent is requested to take early action in the matter.

2. *Jamabandy Work.*—It is reported that the Deputy Commissioners and Sub-Division Officers conducted the Jamabandy of 23 and 167 villages respectively and that the Jamabandy of the remaining 23 villages was not conducted at all. This is not satisfactory. The Revenue Commissioner is requested to issue instructions to the Deputy Commissioners of Districts to arrange in future for the Jamabandy of all the villages being conducted without any omission.

3. *Demand, Collection and Balance.*—Out of a total demand of Rs. 3,95,137 including arrears, a sum of Rs. 1,77,688 was collected including remission, leaving a balance of Rs. 2,17,449 as against Rs. 1,86,229 in the previous year. It is only in the Kolar and Chitaldrug Districts that the collection exceeded 60 per cent of the demand. In other Districts, the collection was poor, Shimoga coming last with a collection of 24 per cent only. Government regret to note that in spite of the observations made in the last year's review, the local Revenue Officers have not paid

sufficient attention to this important branch of work and that the arrears have increased. The Revenue Commissioner is requested to issue stringent instructions to the subordinate officers to take vigorous steps to collect the heavy arrears very early.

4. *Improvement of Estates.*—It is reported that the Village Panchayet Scheme was newly introduced during the year into 12 villages and that the Record of Rights Scheme was introduced into two villages.

5. *General.*—Government agree with the Revenue Commissioner that the administration of the Inam Villages under their management leaves much to be desired and that more attention and greater interest should be bestowed by local officers in regard to collection work, disposal of *takrar* cases and conduct of Jamabandy.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Commission to Mr. M. S. Ramachandra Rao.

READ—

Letter No. C. 1211—31-32, dated 19th December 1931, from the Revenue Commissioner, recommending the grant of a commission to Mr. M. S. Ramachandra Rao, Senior Assistant Commissioner, under clauses (*b*) to (*f*) except (*c*) of Section 99, Land Revenue Code, in respect of the management of Sarvamanya Kilara Village and certain other minor inams as detailed below as Mrs. Sundaramma, the registered occupant and sole owner of the said inam village and the minor inams has given a power of attorney in favour of Mr. M. S. Ramachandra Rao.

ORDER No. R. 3190-91—L. R. 241-31-2, DATED 15TH JANUARY 1932.

Government are pleased to direct the grant of the accompanying commission to Mr. M. S. Ramachandra Rao to exercise powers under Section 99 of the Land Revenue Code, clauses (*b*), (*d*), (*e*) and (*f*) in respect of Kilara Village and other minor inams in Kunigal Taluk referred to above.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE REGULATION, IV OF 1888.

To

MR. M. S. RAMACHANDRA RAO, SENIOR ASSISTANT COMMISSIONER.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. M. S. Ramachandra Rao, the following powers specified in clauses (*b*), (*d*), (*e*) and (*f*) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Village Kilara and other minor inam lands noted below in the Kunigal Taluk :—

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*d*) To exercise the powers of a Deputy Commissioner under Sections 63 and 64.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that Section provided, and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of and subject to recall by the Government of His Highness the Maharaja of Mysore.

Commission to Mr. M. N. Rama Rao.

READ—

Letter No. C. 1705—31-32, dated 28th December 1931, from the Revenue Commissioner, recommending sanction to the grant of a commission under clauses (*b*), (*e*) and (*f*) of Section 99, Land Revenue Code to Mr. M. N. Rama Rao, Manager of the Kayamgutta Harokyathanahalli, Nelamangala Taluk, in respect of the Kayamgutta Village.

ORDER No. R. 3192-93—L. R. 248-31-2, DATED 11—15TH JANUARY 1932.

Government are pleased to sanction the Revenue Commissioner's recommendation and to issue the accompanying commission to Mr. M. N. Rama Rao.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE, REGULATION IV OF 1888.

To

MR. M. N. RAMA RAO,
MANAGER OF KAYAMGUTTA HAROKYATHANAHALLI, NELAMANGALA TALUK.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. M. N. Rama Rao, Manager of Kayamgutta Harokyathanahalli, Nelamangala Taluk, the following powers specified in clauses (*b*), (*e*) and (*f*) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Village, Harokyathanahalli:—

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that section provided, and

(*f*) To make measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The above mentioned powers delegated to you are vested in you during the pleasure of and subject to recall by the Government of His Highness the Maharaja of Mysore.

By Order,
B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Working of the Horticultural Department for the year 1930-31.

READ—

Letter No. 67, dated the 14th October 1931, from the Director of Horticulture in Mysore, forwarding the Annual Administration Report of the Horticultural Department for the year 1930-31.

ORDER No. E. 2664-2723—G. G. 7-31-4, DATED 11TH JANUARY 1932.

Recorded.

2. Mr. G. H. Krumbiegel was in charge of the Department till 8th October 1930, when he went on deputation to Europe and resumed charge again on 9th February 1931. During his absence, Mr. H. C. Javaraya acted for him.

During his deputation to Europe, the Director visited some of the principal botanical gardens and private institutions in England, Scotland, Germany and France and studied the most recent developments in horticulture and landscape gardening, as also the lay out of Zoological gardens and the nature of their collections. The Director paid special attention to the study of town planning and town improvements in the extensions and garden schools of many modern cities and towns in the countries referred to above.

3. *Economic Work.*—The most important plant imported was the Aleurities Fordii or the Tung Oil of China, an important raw product, of which a plantation is proposed to be raised. The other plants introduced included new varieties of fruit trees, timber and plants of fibrous or medicinal value.

Plants imported in previous years were acclimatised and propagated, the chief of these being the mulberry. In reviewing the administration report of the department for 1927-28, Government desired that special attention should be bestowed on the improvement of Mulberry cultivation in consultation with the Sericultural Department. The Director is requested to report on the progress made in this direction.

4. *Experimental and Development Works.*—It is gratifying to note that 65 per cent of the indigenous fruit trees distributed free to raiyats from the Central Fruit Nursery are thriving. It is reported that the nurseries at Chikmagalur and Hassan also made good progress and that altogether 37,000 plants were distributed by the Department during the year as against 23,000 last year. Government regret that owing to financial stringency, the Horticultural Inspectors attached to the Kadur and Hassan Districts had to be retrenched. It is now for the local bodies concerned to ensure the continuance of this useful district work by undertaking to share in the cost of the establishment required. An experimental orchard was opened during the year at Krishnarajasagara with the object of demonstrating the possibility of growing fruit along with the Irwin Canal and a block of land has been acquired at the head-works of the canal for fruit culture on a commercial scale. Government consider that there is much scope for the development of fruit culture in the State, and special efforts should be made by the Department to develop this industry in the State to as great an extent as possible.

The Horticultural Farm at Bangalore was as usual, chiefly concerned with the experimental raising of European and Indian vegetables, fodder grasses and economic crops. Experiments on activated sludge were also continued in connection with the problem of sewage disposal. It is gratifying to note that the Farm worked at a profit.

5. *Scientific Work.*—The collection of plants in the Botanical Garden at Bangalore was enriched by the addition of many new varieties, some of which were obtained by the Director during his tour in Europe. In addition to the demonstration of plant pest control, the staff of the Department also gave advice on improved method of fruit cultivation, green manuring, irrigation, etc.

6. *Miscellaneous.*—The Horticultural School which is reported to be popular has had its activity curtailed to some extent owing to financial stringency. It is hoped that this will only be temporary.

7. *Maintenance and Improvement of Gardens.*—The several gardens under the control of the Department are reported to have been kept in a satisfactory condition and improvements effected as far as possible. The maintenance of the Lal-Bagh and Cubbon Park was noticed to be not quite up to mark and the Director's attention is invited to the remarks of the Government in this connection and he is requested to see that these principal centres of recreation for the public are maintained in an efficient state.

8. *Nandi Hill Station.*—Many improvements were made to the Nandi Hill Station which, as usual, attracted a large number of visitors both from within and outside the State. It is interesting to note that for the first time in the history of the Station, a motor car was successfully driven up the hill, its feat having been performed by an enterprising visitor in his Ford Car in December 1930.

The Horticultural Society is reported to have maintained its popularity as evidenced by the increase in its membership.

9. *General.*—In response to the observation made in the last year's review that there was room for improvement in the general administration of the department and

that a proper distribution of work and responsibility should be made among the various officers, the Director has submitted certain proposals which are under examination and orders will issue thereon separately.

The work of the Department was on the whole satisfactory.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Travelling Allowance to Municipal High School Committees.

READ—

Government Order No. L. 6977-93—L. B. 29-30-54, dated the 2nd March 1931, directing that the District Board should meet the travelling expenses of its nominee on a Municipal High School Committee.

2. Letter No. A. 5. C. 922-31, dated 18th November 1931, from the Deputy Commissioner, Kolar District, recommending that the Travelling Allowance of the Officers nominated to the Municipal High School Committees by the Education and other Departments for attending the meetings of the Committee be ordered to be paid by the authorities that nominated them.

ORDER No. L. 4974-83—ML. 15-31-44, DATED 12TH JANUARY 1932.

The Director of Public Instruction who was consulted on the proposal has no objection to debit to the funds of his Department, the Travelling Allowance of the Departmental Officers nominated to the School Committees, provided the meetings of the Committees are not held too frequently and are announced in good time so that the Officers may be instructed to combine inspection in the neighbourhood with attendance at the meetings of the Committees.

2. The proposal of the Deputy Commissioner, Kolar District, with the proviso suggested by the Director of Public Instruction is approved, and the Deputy Commissioners are requested to issue needful instructions to the School Committees in the matter.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Leave on Average Salary.

READ—

Letter No. 381—Pen. dated 4th August 1931, from the Comptroller, bringing to notice a case of irregular grant of leave with reference to note 2 clause (iii) of Article 209A, Mysore Service Regulations, and suggesting the issue of clear instructions for the guidance of all officers.

ORDER THEREON NO. FL. 5762-820—S. & A. 54-31-19, DATED 16th JANUARY 1932.

The facts of the case which have occasioned the reference from the Comptroller are as follows:—

A peon in the Education Department was granted furlough leave on full pay from 18th October 1929 to 18th February 1930 and after his return to duty for a few days,

such leave was again given to him a second time from 25th February 1930 to 30th June 1930. In the absence of exceptional circumstances justifying the grant of the second period of furlough, the Audit Department holds the view that it in contrary to the rules in the Mysore Service Regulations, (*vide* note 2 to clause (iii) of Article 209A). But it is contended by the Director of Public Instruction that the rule is question refers to cases in which the maximum period of leave admissible has been granted in the first instance and not to those like the one under discussion where the leave granted in the first instance is less than the maximum period of leave admissible at one time, *viz.*, six months.

As the total of the two periods of leave exceeds eight months, Government consider that the grant of the second period of leave so as to exceed the permissible limit was not in consonance with the spirit of the rule. With a view to avoid recurrence of such irregular grant of leave, Government direct that the note under reference be revised as follows:—

"In the absence of exceptional circumstances, the grant of leave to an officer on average salary immediately after his return to duty on similar leave granted up to the maximum period admissible at one time, will be treated as practically in continuation ofthe first period of leave and leave allowances of only half average salary will be ordinarily passed during the second period of leave. In cases where the first period of the leave granted on full average salary falls short of the maximum limit admissible at one time and a second period of similar leave is granted immediately after return to duty, the leave granted in excess of the maximum admissible at one time (taking both the periods of leave together) shall be treated as practically in continuation of it and leave allowances of only half average salary shall be ordinarily paid during the period of leave in excess of the said maximum."

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

PUBLIC WORKS SECRETARIAT.

Water Supply for green manure crops in the Irwin Canal area.

READ—

Letter No. 4163—C. S. dated the 14th December 1931, from the Secretary, Krishnarajasagara Working Committee, forwarding, for orders of Government, copy of resolution passed at the meeting of the Committee held on 23rd November 1931, *re* Water Supply for green manure crops in the Irwin Canal area.

(2) Note No. D. 237—K. S. S. dated 22nd December 1931, by the Secretary to Government, Krishnarajasagara Works.

ORDER NO. 1134-43—K. S. S. 3835-44, DATED 16—18TH JANUARY 1932.

The Krishnarajasagara Working Committee constituted in G. O. No. P. W. 169-96—K. S. S. 533-60, dated 4th August 1931, considered at their meeting held on 23rd November 1931, a note by the Director of Agriculture on the necessity for supplying water for growing green manure crops under the Irwin Canal.

2. It was explained by Dr. Coleman that the green manure crops acted both as a direct manure and indirectly increased the value of other manures, such as, chemical fertilisers and that it was desirable to grow them in the blocks taken up for paddy cultivation. Two irrigations in April and May were stated by him to be necessary for the cultivation of green manure crops.

3. The Chief Engineer, Krishnarajasagara Works agreed that water could be made available for this purpose along with the water-supply to perennial crops.

4. As regards the water rate to be levied for such hot weather supplies for the manure crops, the Committee considered that the levy of water rate, though legitimate,

would work as a hardship on the raiyats in the first few years. The following resolution was passed by the Committee:—

"Resolved that water for the growth of green manure crops may be given *free* for the first three years, and after that period, a water rate should be levied as the Committee consider that the charge is a legitimate one. Taking of water will be optional, and the rate to be levied may be considered at the end of three years."

Government are pleased to accept the recommendation contained in the above resolution of the Krishnarajasagara Working Committee and direct accordingly.

S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*
Krishnarajasagara Works.

Sanctions modified estimates for the Irwin Canal from the Krishnarajasagara.

READ—

Government Order No. 27-34—K. S. S. 94-101, dated 9th July 1926, appointing a Committee with Sir M. Visvesvaraya as Chairman for advising Government as to the measures necessary for development of irrigation under the reservoir and particularly the scope of the Scheme to be sanctioned with a programme for grants and execution.

2. Government Order No. P. W. 15-24—K. S. S. 95-104, dated 7th July 1927, sanctioning the project for the North Bank High Level Canal from the Krishnarajasagara.

3. Government Order No. 490-91—K. S. S. 2671-72, dated 6th December 1928, sanctioning detailed estimates for Rs. 19 lakhs for the Maddur Branch Works of the Irwin Canal for irrigating 27,000 acres.

4. Government Order No. C. 75-76—K. S. S. 444-45, dated 30th March 1931, sanctioning detailed estimates amounting to Rs. 73½ lakhs for the Cauvery Main Branch and some of its sub-branches for irrigating 63,000 acres.

5. Government Order No. 1216-17—K. S. S. 4664-65, dated 30th June 1931, sanctioning revised estimates for the first three sections amounting to Rs. 132·27 lakhs against Rs. 139·27 lakhs originally sanctioned.

6. Government Order No. C. 93-120—K. S. S. 570-97, dated 8th June 1931, passing orders on the several recommendations made by the Krishnarajasagara Committee, *re* the development of irrigation under the Irwin Canal.

7. Government Order No. 53-80—K. S. S. 174-201, dated 11th July 1931, sanctioning the adoption of the same system of irrigation under the Main Canal in the first section between the Dam and the Tunnel as was sanctioned in the case of the third section under the several branches of the Irwin Canal beyond the Tunnel.

8. Government Order No. 230-47—K. S. S. 622-39, dated 6th August 1931, constituting a Development Fund for financing various schemes relating to development of irrigation under the Irwin Canal.

9. Government Order No. 169-96—K. S. S. 533-60, dated 4th August 1931, constituting a Working Committee for creating facilities for development of irrigation under the Irwin Canal.

10. Note No. D. 136—K. S. S., dated 16th October 1931, from the Secretary to Government, Krishnarajasagara Works, submitting modified estimates for the Irwin Canal Scheme amounting to Rs. 198·07 lakhs.

ORDER NO. 1016-39—K. S. S. 3376-99, DATED 23RD DECEMBER 1931.

In Government Order No. P. W. 15-24—K. S. S. 95-104, dated 7th July 1927, Government accorded administrative sanction to an estimate amounting to Rs. 222 lakhs for the High Level Canal Project, and sanctioned detailed estimates amounting to Rs. 120·27 lakhs for the first and second (or Tunnel) sections of the High Level Canal from the Dam to the end of the Tunnel and execution was started immediately. Detailed estimates amounting to Rs. 19 lakhs were subsequently sanctioned in Government Order No. 490-91—K. S. S. 2671-72, dated 6th December 1928, for one of the branches going towards Maddur to irrigate about 27,000 acres, and the construction was put in hand immediately thereafter. By the end of June 1931 an outlay of about Rs. 124 lakhs has been incurred on the above works. All the important main works in these sections have now been completed and the Canals are ready to run water and

have been tested by allowing water for trial purposes. The trials have shown that the canals are functioning satisfactorily and that the losses in transmission are likely to be less than was assumed in the project. The works remaining to be done are minor surface works of a miscellaneous nature relating to the distribution of water. It is considered undesirable to keep the large estimates open for a long time, and the main estimates in these sections are, therefore, ordered to be closed, fresh estimates being opened and operated upon for the minor surface works remaining to be done. The outlay already incurred and the cost of minor works still remaining to be done, together amount to Rs. 129·15 lakhs against Rs. 139·27 lakhs sanctioned resulting in a saving of Rs. 10·12 lakhs, taking into account a credit of about Rs. 1 lakh on account of Buildings, Tools and Plant, Machinery and Materials, in connection with the completed works. It is stated that the saving of Rs. 9·12 lakhs is mainly due to the departmental system of execution adopted on these works.

2. The Krishnarajasagara Committee in their Resolution No. 10, dated 23rd March 1931, have recommended that the distribution of the areas selected for irrigation under the several branches of the Irwin Canal may be revised with a view to minimise the capital cost of the scheme by a greater concentration of the irrigable areas. Concentration of irrigation to the best soils and the most favourable irrigable areas nearest to the dam is obviously economical in point of cost of construction as well as of working as distribution losses are minimised and the area irrigated is increased. The Soil Surveys recently conducted jointly by the Agricultural and Engineering Departments have shown that such a re-distribution of areas is possible without affecting the reserves of dry lands already allowed around towns and villages in the irrigation tract, as suggested in the proceedings of the Krishnarajasagara Committee, dated 20th April 1928.

3. A revision of the estimates is also found to be necessary on account of the reduced rates at which it is possible to have the remaining works carried out. In view of the considerations indicated above, the estimates for the Canal Scheme for irrigating 120,000 acres have been modified and amount to Rs. 198·07 lakhs against Rs. 222 lakhs originally sanctioned. The reduction of Rs. 23·93 lakhs on the capital cost of the scheme is stated to be due to (1) the savings of Rs. 10·12 lakhs owing to the adoption of the departmental system of execution and to the anticipated realisation of about Rs. 1 lakh from sale of Machinery, Tools and Plant, Materials, Buildings, etc., on completed works, (2) the savings of about Rs. 7·13 lakhs due to revision of areas under the several branches with a view to increased concentration and (3) the savings of about Rs. 6·68 lakhs anticipated on account of reduced rates for the works still to be executed.

4. According to the Five Year Financial Programme recommended by the Krishnarajasagara Committee in paragraph 30 of their report, dated 22nd May 1927 an aggregate grant of Rs. 180 lakhs was contemplated between 1927-28 and 1931-32 for completing the first and second section works and such of the works in the third section as would be required to bring 60,000 acres under irrigation. The actual outlay to end of 1930-31 has been about Rs. 124 lakhs, and with the grant of about Rs. 16 lakhs for 1931-32, the outlay on the Canals to end of 1931-32 is expected to be about Rs. 140 lakhs against Rs. 180 lakhs contemplated by the Committee. On account of the anticipated low grants for capital works in the next few years, the Secretary to Government, Krishnarajasagara Works, has proposed that the programme of irrigation development and of the completion of the Canal Works to bring under irrigation the total extent of 120,000 acres may be re-arranged in three stages as under:—

(1) The first stage relates to the works already sanctioned and nearing completion, and will bring under irrigation an extent of 40,000 acres by July 1932 under the Main Canal between Dam and the Tunnel, under the Maddur Branch already excavated and under the first few miles of the Cauvery Main Branch. The outlay on the Canals for this first stage will be Rs. 140 lakhs out of which Rs. 124 lakhs have been incurred to end of June 1931.

(2) The second stage will bring an additional extent of 26,000 acres under irrigation in the course of three years from 1932-33 by the completion of the Cauvery Main Branch and the Keragod branch works. The cost to be incurred during these three years will be about Rs. 35 lakhs and the total outlay on the scheme by the end of June 1935 will stand at Rs. 175 lakhs for an irrigated extent of 66,000 acres.

(3) The third stage securing the remaining extent of 54,000 acres coming under the Hebbakavadi, Lokasara, Nidaghatta, Turuganur and Arakere branches that take off at the end of the Cauvery branch will cost Rs. 23·15 lakhs, and the programme of distribution of grants for taking up these

branch channels may be considered after June 1935 according to the financial situation at the time, the nature and extent of irrigation development in the localities already served by that time and the keenness of demand for water for irrigation under the several branches.

5. It is stated that the proceeds from sale of Government irrigable lands coming under the canals are not taken into account in the estimates for the Scheme for Rs. 198·07 lakhs, that an amount of Rs. 15 lakhs may be expected from this source and that after allowing for a sum of Rs. 3 lakhs which will be set apart for Development Fund according to G. O. No. 230-47—K. S. S. 622-39, dated 6th August 1931; the remaining amount will be Rs. 12 lakhs and that if this amount is taken into calculation, the estimated cost of the scheme will be reduced to Rs. 186·07 lakhs.

6. The total grant required for the Canal Works during the next three years from 1932-33 to 34-35 will be about Rs. 35 lakhs, excluding the credit of about Rs. 1 lakh expected from sale of machinery, tools and plant, etc., on completed works.

The realisations from sale of Government lands and from recovery of contributions in the course of the next three years are expected to be about Rs. 14 lakhs. Assuming that only half of this amount will be collected, an additional grant of Rs. 28 lakhs will be required in the next three years, for raising the area under irrigation to 66,000 acres.

The expenditure to be incurred on the Dam Works at end of 1931-32, a large part of which is for compensation, will be about Rs. 15 lakhs. The total grant required for the Dam and Canal Works during the next three years is, therefore, stated to be about Rs. 50 lakhs. Taking into account a sum of Rs. 7 lakhs expected from contributions and sale of Government lands, the net grant required will be Rs. 43 lakhs and it is proposed that the annual allotments for the next three years both for the Dam and Irwin Canal Works may be fixed at Rs. 16, 14 and 13 lakhs exclusive of the realisations from contributions and sale of Government lands.

7. In the circumstances stated above, the Secretary to Government, Krishnarajasagara Works, has submitted the following proposals:—

(1) Administrative sanction may be accorded to the revised scheme for the Irwin Canal Works amounting to Rs. 198·07 lakhs.

(2) Detailed working estimates for Rs. 41·47 lakhs for the Cauvery Main Branch on the basis of revised areas and reduced rates for irrigating 20,000 acres may be sanctioned.

(3) Detailed working estimates amounting to Rs. 3·50 lakhs for the Keragod branch taking off from the Maddur Branch for irrigating 10,000 acres may be sanctioned.

(4) As only the estimates for the Keragod and Cauvery Main Branches amounting to Rs. 44·97 lakhs are to be operative for the present, the sanction already accorded for the estimates amounting to Rs. 73·5 lakhs in G. O. No. C. 75-76—K. S. S. 444-45, dated 30th March 1931, for the Cauvery Main Branch and some of its sub-branches may be cancelled, and

(5) After the excavation of the Cauvery Main Branch is completed, detailed working estimates for the sub-branches of the Cauvery Branch expected to cost about Rs. 23·15 lakhs may be prepared and sanction obtained thereto.

8. The above proposals are well considered and Government are pleased to approve of them. They note, with satisfaction, the economies effected in the execution of the works. Administrative sanction is accorded to the modified estimates amounting to Rs. 198·07 lakhs for the whole Irwin Canal Scheme. The similar sanction given for the original estimates amounting to Rs. 222 lakhs in G. O. No. 15-24—K. S. S. 95-104, dated 7th July 1927, is cancelled. The detailed working estimates amounting to Rs. 41·47 lakhs for the Cauvery Main Branch and to Rs. 3·5 lakhs for the Keragod branch are sanctioned. The sanction already accorded to the detailed estimates amounting to Rs. 73½ lakhs in G. O. No. C. 75-76—K. S. S. 444-45, dated 30th March 1931, for the Cauvery Main Branch and some of its sub-branches is cancelled.

The financial programme proposed in paragraph 6 above for the next three years for the Dam and Irwin Canal Works is provisionally approved.

9. The Canal Works under execution during the next three years will be the following:—

(*a*) Cauvery Main and Keragod Branches (Rs. 44·97 lakhs), *vide* para 7 supra.

(*b*) Remaining minor surface works and those relating to distribution on the Main Canal, the Tunnel and the Maddur Branch (Rs. 7 lakhs.)

(*c*) Sluices and distributaries between the Dam and the Tunnel (Rs. 79,900) sanctioned in G. O. No. 81—K. S. S. 202, dated 11th July 1931.

10. Prompt action should be taken to dispose of the Machinery, Tools and Plant, Buildings, Materials, etc., released from works as they are completed and to credit the sale proceeds to the capital account. Active steps should also be taken for the sale of Government irrigable lands under the sections of the Canal already completed and for recovery of contributions as they fall due.

11. Government await the proposals of the Krishnarajasagara Working Committee regarding the facilities required for the rapid development of irrigation in the area commanded by the Canal.

S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*
Krishnarajasagara Works.

Working of the Electrical Department for the year 1930-31.

READ—

Letter No. C/1769, dated the 24th October 1931, received from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department, for the year 1930-31.

ORDER NO. E. D. S. 909-918, DATED 15TH JANUARY 1932.

The budget estimate of the Electrical Department for the year 1930-31 under "Receipts" was Rs. 50·36 lakhs. The actual receipts amounted to Rs. 50·68 lakhs, showing an increase of Rs. 32,000 over the budget figure.

2. *Demand, Collection and Balance.*—The gross demand for the year was Rs. 52,74,802 including the previous arrears amounting to Rs. 2,52,303. The collection, which amounted to Rs. 50,41,499, shows an increase of Rs. 2,96,322 over the figure for the year 1929-30. The increase in the demand is due to extensions of power and lighting installations in Bangalore, Mysore and mofussil towns, and also to the supply of power to certain rural areas. It is satisfactory to note that the actual realisations were Rs. 76,499 more than the anticipated revenue and Rs. 35,499 more than the original budget estimate. This is stated to be due to the extra revenue realised in some of the sections like Bangalore, Mysore and Hulikere. The arrears of revenue at the end of June 1931, amounted to Rs. 2,36,691 as against Rs. 2,53,354 at the end of June 1930. Of this, a sum of Rs. 1,85,813 due from the Mining Companies, has since been realised, and the balance of Rs. 50,878 mostly represents dues from Government Departments and Municipalities. It is noted that every effort is being made to bring down the arrears. In this connection, the Chief Electrical Engineer's attention is invited to G. O. No. E. D. S. 721-4, dated the 22nd April 1927, prescribing the procedure for the recovery of dues on power bills payable by Government Departments and Municipalities to the Electrical Department.

3. *Working Expenditure.*—The working expenditure of the Department during the year was Rs. 11,18,625 as against Rs. 10,40,966 in 1929-30 and works out to 22·18 per cent of the gross receipts. The increase was due chiefly to the increase in maintenance and establishment charges on account of the new installations in addition to the normal increase of expenditure under establishment and salaries.

4. *Revenue Returns.*—The net revenue during the year after setting apart the contribution of Rs. 4,85,646 to the Depreciation Fund was Rs. 33,97,862 as against Rs. 32,40,101 in the previous year, resulting in a return of 12·81 per cent on the total capital of Rs. 2,65,42,173 excluding any part of the cost of the Krishnarajasagara Works, as against 12·75 per cent during 1929-30. The slight increase of 0·06 per cent is due to the normal growth of the Department. While reviewing the Administration Report of the Electrical Department for the year 1929-30, Government observed that the net returns on electrification of mofussil towns and on pumping installations should be shown separately in future. In accordance with this direction, the

net return in the case of electrification of mofussil towns has been shown, but it is reported that it is difficult to show the exact net return in the case of pumping installations as the actual working expenses or departmental charges cannot be separately calculated in regard to these installations as the pumps are connected from, and form part of, the extension of the Interior Power and Lighting Works of the respective Sections.

5. *Capital Outlay.*—The capital outlay under power excluding suspense amounted to Rs. 12,14,138. An expenditure of Rs. 17,734 was incurred for completing the project estimate for Automatic Telephones. A sum of Rs. 2,31,087 was also charged to the Depreciation Fund. The total outlay on Electrical Works up to the year under review has been Rs. 2,67,63,341, excluding the expenditure on the Krishnarajasagara Works. Some of the important capital works in progress are noted below :—

(*a*) *VII Installation Works.*—The total expenditure so far incurred on the scheme amounts to Rs. 40,64,621. At Mysore, the construction of the Superintendent's Quarters and the re-arrangement of distribution lines were completed, as also the extension of the "A" Station Building at Bangalore.

(*b*) *Power Supply to Salem and Erode from Mettur.*—An estimate for Rs. 4,890 was sanctioned by Government for this work and an expenditure of Rs. 4,652 was incurred against this sanction. The equipment is reported to be ready for the supply of power to these towns.

(*c*) *Electrification of Towns and Rural Areas.*—The outlay under this head was Rs. 3,94,926 ; service was given to Anekal, Begur, Attibele, Melkote and Kodiyala. The opening ceremony of the installation at Begur was performed by His Highness the Yuvaraja of Mysore, and that of Anekal by the Dewan.

(*d*) *Power Supply to the New Bangalore Water Supply Works at Thippagondanahalli.*—An estimate amounting to Rs. 7,52,028 was sanctioned by Government for the work, and an expenditure of Rs. 3,26,203 has been incurred to end of June 1931. The Transmission Line from Bangalore to Thippagondanahalli was completed and power service was given to the Water Supply Works. The Transmission Line was further extended from Thippagondanahalli to Channapatna *via* Closepet. A revised proposal for extending the transmission line from Kankanhalli to Closepet making a total length of 55 miles from Bangalore is under the consideration of Government.

(*e*) *Remodelling Mysore Transmission Line.*—An estimate amounting to Rs. 5,70,296 was sanctioned by Government for preventing frequent interruptions in this line. As the work in question was not taken up till the latter part of the official year, only about 2½ miles of the new transmission lines could be put into service before the close of the official year.

6. *Power Generated.*—The total quantity of power generated at Sivasamudram during the year was 169,491,060 units as against 165,637,430 units during 1929-30. The gross earnings were Rs. 50,68,516 giving a cost of 1·272 pies per unit. At the end of the year under review, 1322 power installations (including irrigation pumps) and 15036 lighting installations were in service, the additions during the year being 213 power installations (including irrigation pumps) and 1411 lighting installations. Government are glad to note that the number is increasing steadily year after year. The net revenue for the year is shown as 8·72 per cent on the total capital outlay without taking into account the expenditure on Reservoir Works. The total expenditure on the Combined Hydro- Electric Works to the end of the year is Rs. 675·49 lakhs, the net revenue being Rs. 33,66,688 which works to about 4·98 per cent.

7. *Depreciation Fund.*—The amount credited to the Depreciation Fund Account was Rs. 4,85,646 against the revised grant of Rs. 4,92,800. The net amount which stood to the credit of the Depreciation Fund at the end of the year 1930-31 was Rs. 63,19,446.

8. *Contribution Works.*—As in previous years, contribution works were carried out during the year on behalf of Government Departments, Palace, Municipal and private bodies, the total expenditure being Rs. 1,31,031.

9. *Rebate.*—The rebate allowed to the Mining Companies on account of relinquishment of power amounted to £ 32,817 as against £ 43,575 in 1929-30 and

£ 32,361 in 1928-29. The report of the Committee appointed by Government to consider the question of rating and re-rating of motors on the Kolar Gold Fields has not yet been received. It should be submitted early.

10. *Stores.*—The value of foreign stores purchased during the year was Rs. 6,55,152 and that of local materials Rs. 5,48,342. The Stores Management Committee held three meetings during the year and attended to the following important items of works :—

(1) Compilation of the statement of obsolete and surplus materials and statement of materials requiring reduction of value amounting to a total of Rs. 1,59,268, and

(2) Preparation of the statement of foreign purchases to be made during the year 1930-31, for use in the Department for Interior Power and Lighting Operation and Maintenance Works and for Stock ; all the orders placed were carefully audited with reference to these lists.

11. *Interruptions.*—There were 269 interruptions to service during the year as against 380 during 1929-30 and 187 during 1928-29. Though the number of interruptions on the Mysore Line was less than during last year, it is still heavy and it is hoped that there will be marked improvement in this respect when the remodeling of the Mysore Transmission Lines is completed.

12. *Inspection of Offices.*—All the Sections were inspected by the Chief Electrical Engineer and his Assistants periodically and instructions issued wherever necessary.

13. *Automatic Telephones.*—The full number of 200 installations in Bangalore and 100 in Mysore that were sanctioned were duly connected up and were in service during the year. The trunk line between Mysore and Bangalore was also completed and the public were allowed to make use of it. There is keen demand from the public for additional telephones, but the extension of the system is held up for want of funds.

14. *Electrification of Towns and Rural Areas.*—Service was given to Anekal, French-Rocks, Melkote, Kodiyala, Ganjam and Begur. The Electrification of Chickballapur, Dodballapur, Krishnarajapuram and Attibele was in progress during the year. There is an incessant demand from other towns and villages for the supply of electric power. Government can consider the question only if the respective Municipalities and Village Panchayets guarantee the prescribed return, and the Deputy Commissioner also certifies that the resources of the Municipal Council or the Village Panchayet can bear the charge.

15. *Pump Irrigation.*—The number of pumping installations in service at the end of the year was 219 as against 129 in 1929-30, 107 in 1928-29 and 55 in 1927-28. The increase from year to year in the number of these installations shows that the raiyats are appreciating their value for agricultural purposes. As a further incentive to their use, the rate for power has been reduced from 1½ annas to one anna per unit.

16. *Special Schemes under consideration or in progress.*—In connection with the scheme for the generation of power at the Jog Falls, arrangements have been made for preliminary surveys, gauging operation, and other necessary works in consultation with the Bombay Government.

The question of generating power at Krishnarajasagara is under consideration.

17. The working of the Department continued to be satisfactory during the year.

S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*

Grants to Public Libraries.

READ—

Government Order No. E. 1571-3—Edn. 326-30-4, dated 7th May 1931, sanctioning the budget estimates of the Public Library, Bangalore, based on a reduced grant of Rs. 3,750.

2. Government Order No. E. 852-4—Edn. 340-30-6, dated 24th August 1931, sanctioning the budget estimates of the Public Library, Mysore, based on a reduced grant of Rs. 2,900.

3. Correspondence ending with letter No. T1-6151-261 of 30-31, dated 7th November 1931, from the Director of Public Instruction, submitting proposals for the reduction of grants to Libraries.

4. Correspondence ending with letter No. 47, dated 25th October 1931, from the Secretary, the Public Library, Bangalore, regarding further reduction of grant to the Library.

5. Correspondence ending with letter No. 556, dated 17th November 1931, from the Honorary Secretary, the Public Library, Mysore, on the same subject.

ORDER NO. E. 2379-82—EDN. 396-30-76, DATED 22ND DECEMBER 1931.

Government are pleased to direct that the grant to the Public Library, Bangalore, which has already been reduced from Rs. 5,000 to Rs. 3,750 or by 25 per cent be not further reduced, but that the grant to the Mysore Public Library which has been reduced from Rs. 3,500 to Rs. 2,900 be further reduced to Rs. 2,700 (about 23 per cent). The proposal of the Director of Public Instruction to reduce the grant to the Srinivasamandiram Library and Reading Room from Rs. 630 to Rs. 505 per annum and also to keep unutilised during the current year the lumpsum grant of Rs. 250 per annum sanctioned to the Coronation Library at Chikmagalur, is also approved.

R. RANGA RAO,
Secretary to Government,
General Department.

Abolition of the House Rent Allowance.

READ—

Government Order No. E. 707-8—Edn. 14-23-22, dated the 20th August 1924, appointing the Head Mistress of the Vani Vilas Institute as General Superintendent of the Hostel attached to the institution with a house rent allowance of Rs. 50 per mensem with effect from 1st July 1924.

2. Government Order No. Fl. 2320-70—S. & A. 123-31-1, dated the 2nd October 1931, directing *inter alia* that the house rent allowance of Rs. 50 sanctioned in the Government Order read above be reduced to Rs. 30 per mensem.

3. Correspondence ending with letter No. A1372-240 of 31-32, dated the 5th November 1931, from the Director of Public Instruction, recommending that the house rent allowance referred to in the Government Orders read above may be abolished, as the Head Mistress is not living near the hostel as was required by the first of the orders and as no other Superintendent or Warden draws an allowance for such supervision.

ORDER NO. E. 2462-63—EDN. 137-31-3, DATED 26TH DECEMBER 1931.

Government consider that there is no justification even for the grant of the reduced house rent allowance of Rs. 30 per mensem to the Head Mistress of the Vani Vilas Institute as the hostel is located very near the school (Institute) and the Head Mistress should consider it a part of her duty to supervise the hostel without extra allowance. They accordingly direct that the grant of the allowance be abolished from 1st January 1932.

R. RANGA RAO,
Secretary to Government,
General Department.

Reduction of rates of remuneration to Examiners.

READ—

Letter No. E.2. 2311-61 of 31-32, dated 7th December 1931, from the Director of Public Instruction in Mysore, in the matter of the reduction of rates of fees paid to examiners.

ORDER NO. E. 2491-92—EDN. 396-30-78, DATED 30TH DECEMBER 1931.

The Retrenchment Committee suggested a cut of Rs. 10,000 in the provision annually made for the payment of fees to examiners under "26 Education 13 (III) Miscellaneous" by reducing the rates of fees. The Director of Public Instruction who was consulted in the matter states that the subject was considered by the several Examination Boards which resolved (1) that the rates of remuneration to examiners should continue to be as they are at present, since they are not capable of permanent reduction, (2) that, with a view to reducing expenditure immediately, a reduction of 20 per cent be made on each of the bills for remuneration due to examiners for the examinations of 1932, calculated on the basis of existing rates, the question being again considered in 1932, (3) that no reduction be made in the rates of remuneration paid to the members of the Tabulation and Moderation Board as these rates are themselves hardly commensurate with the work involved.

On the basis of the reduction agreed to by the Examination Boards, the savings that will accrue to Government are estimated at Rs 10,000 which is also the amount of reduction suggested by the Retrenchment Committee. The Director recommends the acceptance of the above proposals, Government are pleased to sanction the recommendation of the Director.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Working of the Insurance Scheme for the year 1930-31.

READ—

Letter No. 10916, dated 30th November 1931, from the Secretary, Insurance Committee, submitting the annual report on the working of the Insurance Scheme for the year 1930-31, together with the Auditor's Report.

ORDER NO. FL. 5994-6054—G. F. 111-31-3, DATED 21ST JANUARY 1932.

Recorded.

2. Government note that there has been continued progress in both the official and public branches, during the year under review.

3. *Official Branch.*—The number of proposals dealt with was 2,265 of which 1,556 were finally concluded with the issue of policies assuring Rs. 12,71,849 for a monthly premium of Rs. 4,306 as against 1505 policies assuring Rs. 13,71,095 for a monthly premium of Rs. 4,807-8-0. The number of proposals pending disposal at the end of the year was 150 as against 166 remaining to be dealt with at the commencement. Exclusive of interest on the monthly balances, and the investment in State Loan Bonds the total receipts during the year amounted to Rs. 9,39,682-5-4 and the balance at the credit of the fund on 30th June 1931 stood at Rs. 98,05,153-10-9. Including the State Loan Bonds held by the Insurance Office the balance at credit was Rs. 1,00,93,078-10-9. The percentage of the cost of management to the premium income of the year was 4·47 as against 4·43 in 1929-30.

The percentage of the year's total payments to the closing balance was 7·78 as against 7·00 in 1929-30 and 6·77 in 1928-29, the increase being mainly due to the expenditure of Rs. 1¼ lakhs on the construction of the Insurance Office Building which was completed and occupied during the latter part of the year.

4. Government observe that at the close of the year under review there remained for settlement in the Official Branch 111 death claims, 51 claims relating to endowment policies of persons superannuated that had matured and 21 cases of payment of surrender value, *i.e.*, in all 183 cases as against 180 in the preceding year. It is hoped that the claims pending settlement will be expeditiously dealt with. Government would be glad if, in future reports, a brief statement be given of the cases remaining to be settled so as to indicate that there is no avoidable delay in their disposal.

5. The total number of policies in force on 30th June was 27,119 with an assured bonus and monthly premium of Rs. 2,25,79,774 and Rs. 77,682-4-0, the corresponding figures for the previous year being 26,701, Rs. 2,19,44,962 and Rs. 75,880 respectively. The percentage of the balance at the credit of the Insurance Fund, after deducting unpaid claims, to the total liability was 40·07 as against 38·80 in the previous year.

6. *Public Branch.*—Three thousand and sixty-six proposals were received during the year. The total number dealt with (including those pending on 1st July 1930) was 3295. Two thousand eight hundred and five proposals assuring Rs. 28,66,300 were accepted. The number pending disposal was 198 as against 229 in the preceding year. The income during the year inclusive of interest on the monthly balances was Rs. 6,42,832-5-1 and the expenditure Rs. 1,88,474. The closing balance at the credit of the fund was Rs. 23,68,623-11-3. The number of policies in force on 30th June 1931 was 11,123, assuring a sum of Rs. 1,22,54,470 realising an annual premium of Rs. 6,61,653-6-0. The percentage of the cost of management to the premium income of the year was Rs. 12·18 as against 11·81 in the previous year. It has continued to be higher than the limit of 10 per cent advised by the Actuary. It is reported that the heavy expenditure was mainly due to increased rates of honorarium paid to helpers. Every endeavour would be made to reduce the outlay to the prescribed limit.

7. Government are glad to note that the Administration of the Insurance Office was satisfactory during the year under review.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Administration of Criminal Justice in Mysore, for the year 1930-31.

READ—

Report on the Administration of Criminal Justice in Mysore, for the year 1930-31, received from the Registrar, High Court, with his letter No. P. 39, dated 7th November 1931.

ORDER No. P. 4218-26—CTS. 93-31-4, DATED 28TH JANUARY 1932.

Recorded.

Offences Reported.—The total number of offences reported during the year under review was 21,216 against 18,319 in the previous year, showing an increase of 2,897. There was a corresponding increase in the number of cases returned as true, *viz.*, 19,771 against 17,574. Including 10,345 persons pending trial at the close of the previous year, the number of persons brought to trial rose from 39,143 to 42,783. Of these the cases against 31,731 persons were disposed of, the percentage of disposal being 74 against 73 in the previous year. The total number of persons convicted was 9,855 and those acquitted or discharged 20,739 persons, the respective percentages being 31·0 and 65·3 as against 25·1 and 71·9 in the previous year. At the close of the year the cases against 11,052 persons were pending. The percentage of persons awarded short terms of imprisonment rose from 24 to 26. It is satisfactory to note that the provisions of Section 562 Criminal Procedure Code continued to be used to an appreciable extent, the number dealt with thereunder being 400 against 223 in the previous year. Of the persons so dealt with 69 were juvenile offenders.

Bench Courts.—Seven Bench Courts were abolished during the year bringing down the number of Bench Courts working at the end of the year to 35. Out of 6,713 cases before the Bench Courts 5,455 cases were disposed of, the percentage of disposal

being 81 per cent against 80 per cent in the previous year. The average duration of cases before these courts fell appreciably from 59·26 days in the previous year to 42·76 days in the year under review.

Work of Special Magistrates.—Out of 14,476 cases for disposal, 11,696 cases or 80 per cent, were disposed of as against 9,684 or 79 per cent, in the previous year. The average duration again rose from 57·46 days to 66·86 days. This is said to be due to the increase of work of the Special Magistrates consequent on the abolition of seven Bench Courts. It is hoped that with proper adjustment of the work and judicious posting of cases, the high average duration will be appreciably reduced.

District Magistrates' Courts.—The District Magistrates disposed of 29 out of 34 regular cases.

Witnesses.—Out of 58,108 witnesses who appeared before the Magistrates' Courts, 45,325 or 78 per cent were examined as against 45,601 or 74·9 per cent, in the previous year. No witness was detained for over three days in any of the Magistrates' Courts.

Itineration of Magistrates.—The scheme of itineration was extended to four more places during the year under review, and to Koppa on 1st July 1931. It is reported that the scheme has facilitated the quick disposal of cases and saved time and money to the public and the Government in the Police Department.

Combination of Civil and Magisterial Functions.—The scheme of investing Munsiffs with Magisterial functions was further extended to the Courts of the Munsiff of Dodballapur and the Second Munsiff, Mysore, and is reported to be working well. Government will be glad if the amalgamation of Civil and Criminal Courts is carried out also in other places where it may be found practicable.

Sessions Cases.—Including 17 cases involving 41 persons pending from the previous year, there were for disposal 129 cases involving 312 persons. Of these, 117 cases involving 287 persons were disposed of as against 97 cases involving 210 persons in the previous year, leaving 12 cases involving 25 persons pending at the end of the year. One thousand eight hundred and sixteen witnesses were examined and the number detained for over three days was 295. The average duration of Sessions cases rose from 46·18 to 52·60 days, the rise being appreciable in the Bangalore Division due to heavy Sessions work during the year under review.

Eighteen cases were tried by jury and the verdicts were approved in 17 cases.

Appellate Work.—Out of the appeals of 1198 persons, those of 807 persons were to Sessions Courts and those of 391 to Magistrates. The Sessions Judges disposed of the appeals of 537 persons and the Magistrates of those of 346. The appeals disposed of by District Magistrates were 134 in number. At the end of the year, 171 appeals involving 315 persons were pending. The average duration of appeals in Sessions Courts again rose appreciably, *viz.*, from 67·32 days, to 108·8 days, those in the Bangalore and Shimoga Sessions Courts being as high as 185·4 days and 145·5 days. This rise is said to be due partly to the Sessions work of the two District Judges outside their Headquarters. In the case of the Bangalore Division it is also attributed to heavy congestion of work and to the inadequate relief in this respect afforded by the establishment of the Additional Sessions Court in Bangalore. It is hoped that the question of minimising delay in the disposal of criminal appeals in these Courts will receive the early consideration of the High Court.

High Court.—Including 36 appeals pending from the previous year, the total number of appeals for disposal before the High Court was 89, against the same number in the previous year. Sixty-five appeals were disposed of leaving 24 pending. In 33 appeals or 50·8 per cent, the decisions of the Lower Courts were not accepted. The average duration of appeals disposed of fell from 159·05 to 149·2 days.

Inspection.—The Chief Justice and the other Judges of the High Court inspected 26 Courts. The District Magistrates inspected almost all the Subordinate Courts in their Districts.

N. MADHAVA RAO,
Chief Secretary to Government.

Administration of Civil Justice for the year 1930-31.

READ—

The report on the Administration of Civil Justice in Mysore, during the year 1930-31, received from the Registrar, High Court, with his letter No. P 37, dated 6th November 1931.

ORDER NO. P. 4281—CTS. 91-31-3, DATED 1ST FEBRUARY 1932.

Recorded.

The total number of Civil Courts under the High Court at the close of the year was 34, consisting of four District Judges' Courts including one temporary, three Subordinate Judges' Courts, one Small Cause Court, two Additional Subordinate Judges' Courts and 24 Munsiffs' Courts. In order to give relief to the District Judge, Bangalore, an additional District Judge's Court was established temporarily at Bangalore for one year from 15th October 1930. Its term has since been extended till the commencement of the vacation of 1932. There were in addition 190 Village Munsiffs' Courts of which only 90 actually worked.

The work of the Village Courts has been separately reviewed.

Original Work.—There was a slight increase of 1·7 per cent in the number of suits instituted, which rose from 37,583 to 38,238, the increase being contributed by the Bangalore and Shimoga Divisions.

Including 19,178 suits pending from the previous year and those refiled and remanded and excluding the suits transferred from Court to Court, there were in all 58,468 suits for disposal of which 28,626 were ordinary and 29,842 small cause suits. Of these, 39,899 suits, as against 38,779 in the previous year, were disposed of. It is satisfactory to note that the disposals have increased and kept pace with the institutions. The percentage of ordinary suits disposed of after contest was 35·7 as against 34·3 in the previous year. Out of the suits disposed of without contest, exparte disposals amounted to 67·4 per cent as against 68 per cent in 1929-30.

The general average duration of both ordinary and small cause suits disposed of during the year was 175·7 days against 177·2 in the previous year, but the average duration of contested suits rose from 485·1 to 493 days. The increase being noticeable particularly in the Courts of Subordinate Judges and Small Cause Courts.

The number of suits pending at the close of the year under review was 18,569 as against 19,178 at the end of the previous year. The largest number of suits pending was in the Closepet Munsiff's Court. With a view to give relief to this Court, the Magadi Taluk has been removed from its jurisdiction and given to the Second Munsiff, Bangalore. The question of relieving congestion in the Shimoga Munsiff's Court which has also a large accumulation of work is understood to be engaging the attention of the High Court.

Government are glad to note that old suits are receiving special attention and that circular instructions have been issued emphasising the need for the prompt disposal of long pending cases and also of commercial suits. It is observed, however, that there are still some old suits pending from 1920-21, and it is hoped that these will receive special attention and will be disposed of as early as possible.

Execution of Decrees.—Out of 74,378 execution applications for disposal 44,335 (against 45,348 in the previous year) were disposed of leaving 30,043 pending. The percentage of applications that proved wholly infructuous rose from 58·5 to 59·8, those in the Bangalore and Shimoga Divisions being as high as 61·5 and 60·8 respectively.

Appellate Work of Subordinate Courts.—Including 1238 appeals pending from the previous year, there were for disposal 2353 regular appeals in all as against 2097 in the previous year. Of these 838 against 859 were disposed of, 373 in the Courts of District Judges including the temporary Additional District Judge, and 465 in those of Subordinate Judges and Additional Subordinate Judges. The temporary Additional District Judge's Court, Bangalore, which began work from 15th October 1930 has helped to reduce to some extent the congested file of the District Court, Bangalore. Owing to the preponderance of criminal work in this division the District Judge,

Bangalore, was able to set apart only 57 days for civil work as against 162 days for criminal work. The average duration of regular appeals disposed of in the Courts of District Judges rose from 273·25 days to 384 days, while that in the Courts of Subordinate Judges was 505·4 days against 558 in the previous year. The rise in the average duration is due to the disposal of older appeals. Owing to increased institutions, the pendency has increased from 1238 to 1515. The rise is marked in the Mysore Division where the number of pending appeals increased from 397 to 606. This calls for urgent attention and every effort must be made to reduce the pendency. The expediency of referring certain civil appeals of the Mysore Division to the First Class Magistrate, Hassan, may be considered in this connection.

High Court, First Appeals.—Including 306 appeals pending from the previous year and one refiled, there were for disposal 372 first appeals, as against 481 in the previous year. Of these 140, as against 175 in the previous year, were disposed of leaving 232 pending at the end of the year. The average duration of first appeals disposed of was 1173·12 days as against 1024·33 days in the previous year. The high duration was due to the disposal of old appeals, including 100 appeals which were more than three years old. The number of pending first appeals has been gradually reduced from 857 at the beginning of the year 1927-28.

Second Appeals.—Including 259 second appeals pending from the previous year and one refiled, there were for disposal 486 second appeals as against 415 in the previous year. Of these 149 were disposed of against 156 in the previous year leaving 337 pending at the end of the year. The average duration of second appeals disposed of was 404·57 days as against 284·62 in the year 1929-30. This rise is accounted for by the fact that of the disposals, 53 per cent were old cases while the corresponding figure for the previous year was 27 per cent.

Inspection.—All the Subordinate Civil Courts were inspected by the Judges of the High Court except the Munsiffs' Courts at Madhugiri, Hole-Narsipur and Hassan, which were inspected by the District Judges concerned. The inspection work of the District Judges was also satisfactory.

Combination of Civil, Judicial and Magisterial Functions.—The Munsiffs of Hole-Narsipur and Narasimharajapura, and the Second Munsiff of Mysore have been invested with Second Class Magisterial powers, and the Munsiff of Dodballapur recently with First Class powers (from 1st August 1931). The system is reported to be working fairly well. The First Magistrates at Kolar and Chitaldrug have been appointed as Additional Sub-Judges, and Civil appeals are being heard by them, and this system also has been found to work satisfactorily.

Agriculturists Relief Regulation.—The number of cases in which relief was sought under the Regulation since its introduction was 39 in the Manjarabad Taluk, 216 in Sagar Taluk and 28 in Koppa. The number of cases in which the claim was allowed, were 14,141 and 4, respectively. But opinion is divided as to how far the benefits of the Regulation have reached those agriculturists who are really in need of relief, and it would seem that some more time is necessary before any definite opinion can be formed as to its working. While granting concessions to debtors under the Regulation by way of payment of instalments, the interest of the creditors also requires to be safeguarded and the question of providing suitable safeguards is engaging the attention of the High Court.

Government are pleased to note that the Administration of Civil Justice during the year was satisfactory. The increased out-turn of work and the systematic attempts made to dispose of old cases are particularly gratifying.

N. MADHAVA RAO,
Chief Secretary to Government.

School Board Officers as Unit Officers.

READ—

Government Order No. 3-62—C. R. B. 1-27-4, dated 9th October 1927, laying down revised instructions regarding officers to be treated as Unit Officers for purposes of appointments in the several departments in the State.

2. Government Order No. 4930-41—C. R. B. 19-29-2, dated 17th March 1930, directing that the Deputy Directors of Public Instruction be treated as Unit Officers in respect of appointments within their powers of patronage in the clerical establishments of High Schools and Training Institutions.

3. Letter No. A1. 1787-299—31-32, dated 20th November 1931, from the Director of Public Instruction in Mysore, stating that in connection with the transfer of control of Primary Education to the local education authorities, the District Educational Officers have been appointed as *Ex-officio* School Board Officers, except in the case of (1) Kolar Gold Fields School Area, (2) Mysore City and (3) Tumkur Town where the respective Assistant Inspectors of Education have been appointed as School Board Officers and recommending that, as at present only the District Educational Officers are recognised as Unit Officers for their respective Districts and as the Assistant Inspectors in the above-named three places are now independent of the District Educational Officers in respect of the School Board work, all the School Board Officers may be treated as Unit Officers for their respective charges for purposes of Central Recruitment Board Rules.

ORDER No. 3842-56—C. R. B. 21-31-1, DATED 29TH JANUARY 1932.

Government are pleased to direct that all the School Board Officers be treated as Unit Officers for their respective charges in respect of appointments within their powers of patronage in the Education Department.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Agricultural Activities in the Districts.

READ—

Correspondence ending with letter No. R. O. C. 1790-H. C. of 29-30, dated the 2nd March 1931, from the Director of Agriculture in Mysore, forwarding the final resolution of the Agricultural Board, dated the 23rd December 1930, (noted as follows) concerning the question of co-ordinating agricultural activities in the Districts through the village organisations :—

The programme of work should be drawn up by a sub-committee consisting of the Divisional Agricultural Officer, the Divisional Co-operative Officer, the District Economic Superintendent and an Assistant Commissioner to be nominated by the Deputy Commissioner with the President or Vice-President of the District Board as Chairman. The programme accompanied by estimates will be placed before the Economic Committee of the District Board to which the officers of the sub-committee shall be co-opted. The Economic Committee shall forward with their comments the programme and estimates for the approval of the District Board who shall after scrutiny and approval with such modifications as they might deem fit, return it to the Economic Committee.

The funds for working out the programme would consist of (1) grants by the District Boards out of the allotment for economic development at their disposal, (2) voluntary contributions from Village Panchayets, Co-operative Societies and other organisations or individuals interested in agricultural work, and (3) Government grants, if any.

The funds shall be distributed by the Economic Committee among the various items in the programme and shall be administered in accordance with the following principle. Grants within the limits of the approved programme, will be made to Co-operative Societies, Village Panchayets and other organisations for specific items of work subject to the condition that they will contribute from their own resources a sum bearing such proportion to the subsidy as may be determined by the Economic Committee. In case of applications being received for these funds in excess of the amounts available the Economic Committee will select such of the applicants as may seem to them best fitted for conducting the work in a manner which shall be most beneficial to the District. In arriving at a decision as to the most proper distribution of activities in the District capacity to conduct experiments satisfactorily and maintain records shall be an important consideration.

2. Un-official Note of the Revenue Commissioner, dated the 17th November 1931, stating that there is no objection to give a trial to the scheme outlined in the resolution of the Agricultural Board.

ORDER THEREON No. D. 3752-72—A. & E. 242-30-2, DATED 29TH JANUARY 1932.

Government are in general agreement with the suggestions of the Agricultural Board for co-ordinating agricultural activities in Districts and are accordingly pleased to recommend for adoption by the District Boards the procedure indicated in the above resolution.

2. As the posts of District Economic Superintendents have since been abolished, the functions assigned to them in the resolution will be performed by the Officers on whom their duties have devolved.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Administration of the Forest Department for 1930-31.

READ—

Report on the Administration of the Forest Department in Mysore, for the year 1930-31, received from the Chief Conservator of Forests in Mysore, with his letter No. C. 60, dated 29th October 1931.

ORDER No. G. 6077-100—FT. 134-31-8, DATED 27TH JANUARY 1932.

Recorded.

Area of State Forests.—The Area of State Forests at the close of the year was 3406·64 square miles while that of reserved lands was 303·21 square miles. The area brought under protection forms 16 per cent of the total area of the State inclusive of Village Forests.

Reservation and Settlement.—Fifty-four blocks were awaiting settlement at the close of the year. The number awaiting settlement is large and the Revenue Commissioner is requested to see that the settlement operations are pushed through. The Chief Conservator of Forests is requested to arrange for the expeditious disposal of proposals for reservation still pending.

Minor Forests.—The area of Minor Forests comprising 243 blocks in the Divisions of Shimoga, Sagar, Bhadravati and Kolar was 290·58 square miles at the close of the year. The Chief Conservator and the Revenue Commissioner are requested to examine and report if the objects aimed at by the introduction of scheme have been achieved and what further measures are necessary to make it a success.

Village Forests.—The area of Village Forests at the close of the year was 93 square miles as against 90·83 square miles in the previous year. Owing to financial stringency the Special Officer employed on the Village Forest Scheme has since been withdrawn. The District Forest Officers should be required to take steps for extending the scheme and for making it popular with the Village Panchayets.

Demarcation.—One hundred and two miles of permanent lines were cut during the year as against 113 miles during the previous year. Eighty miles of preliminary lines were also cut during the year and 5125 miles of existing lines repaired.

Forest Surveys.—Information as regards the total work to be done, the programme of work for the year and how far it was carried out, should have been furnished as called for in the review of the report for 1929-30.

Working Plans.—Over 50 per cent of the area of the State Forests is worked under regular working plans and the rest under provisional plans. Steps should be taken to work all the important forests under regular working plans.

Buildings, Communications and other works.—All the existing roads inclusive of brilde-paths were repaired at a cost of Rs. 22,730 and 51 miles of road and 26 miles of birdle-paths were opened during the year. The expenditure on the construction of new buildings amounted to Rs. 17,518. The Bangalore Sandal Koti was shifted to Sanky's Lodge at Malleswaram which became vacant on account of the transfer of the Sandal Oil Factory from Bangalore to Mysore. Several works for improving water supply in the forests and forest lodges were carried out during the year by the Department. Government note with pleasure that some charitably disposed gentlemen in the Tumkur and Hassan Districts have constructed or repaired at their own cost kattes in State Forests.

Lumpsum Grazing Fees.—The recovery of this item of revenue is said to be not satisfactory and the amount outstanding is heavy. The Revenue authorities are requested to co-operate with the Forest Department and see that the arrears are brought down.

Damage to Sandal Trees.—The number of cases pending disposal at the end of the year was 310. The Deputy Commissioners of Districts are requested to see that these cases are disposed of without further delay.

Sandal Patrol Staff.—Six cases of sandalwood smuggling were detected in the Kadur Section and six cases in the Shimoga Section by the Special Staff employed for the purpose. Out of these, five were disposed of and Sandalwood worth Rs. 3,500 was recovered.

Sandal Spike Disease.—This disease is reported to have spread during the year to the Mudibetta Forest in the Mysore District. The investigation into the causes of the disease is being pursued vigorously.

Sandalwood.—A quantity of 1,432 tons of sandalwood was supplied to the Sandal Oil Factories during the year and about 13 tons were sold in retail. The net receipts from the sale of sandal oil was Rs. 16,77,908 as against Rs. 23,29,171 during the previous year and this fall is due to reduced demand for oil owing to the general trade depression.

Lantana and other Plant Pests.—These continue to invade Forests and Plantations. Attempts are being made in the Tumkur and Bangalore Districts for the eradication of lantana by granting areas overgrown with it for temporary cultivation. It is noted that the experiments for the eradication of lantana and utilisation of charcoal made from it are being continued. Government note that the steps taken to destroy prickly pear by infecting it with cochineal insect have given satisfactory results.

Game Laws.—Rules under the Mysore Game and Fish Preservation Regulation II of 1901 were revised and issued during the year. The formation of a Game Sanctuary in the Chamarajnagar State Forest was also sanctioned with a view to a scientific study of the life history of different kinds of Game.

Sylviculture.—It is gratifying to note that the year under report was a good one for all the principal species such as sandal, teak, honne, beete, matti in the deciduous belt and nagasampige, kiralbogi dhuma and balgi in the overgreen zone. Teak planting on a large scale was undertaken successfully for the first time during the year and sandal dibbling was also carried out on an extensive scale.

Afforestation.—The work of afforestation was continued on Chamundi, Gopalaswamy and Bababudan Hills during the year and special attention was paid to the nursery of fuel and economic species started in the Hulikere area to plant up the treeless tracts in the neighbourhood of the Irwin Canal.

Fuel Reserves.—The result of attempts made for the formation of fuel reserves by restocking the blank areas in the much denuded plantations of Maidan Districts should be briefly referred to in future reports.

Exploitation of Timber.—The quantities of timber cut in forests, brought to depots and sold during the year were 5,39,878 c. ft., 5,27,913 c. ft., and 4,29,021 c.ft. respectively as against 7,79,454 c. ft., 6,65,229 c. ft., and 5,96,471 c. ft. in the previous year. Besides this, 70,929 sleepers were supplied to the Mysore Railway Department, and the Mysore Iron Works and 5,108 poles to the Electrical Department. The reduction in the scale of operations is due to poor demand for timber.

Financial Results.—Including Sandal Oil net receipts and the previous year's balance of Rs. 5,26,648 the total demand for the year amounted to Rs. 37,28,757 out

of which a sum of Rs. 32,06,647 was realised and Rs. 38,995 written off leaving a balance of Rs. 4,83,115 at the end of the year. On account of trade depression, the purchasers of timber were granted extension of time to pay up their dues and the tangadi lessees were allowed a rebate and permitted to pay the balance in two instalments and the leases for 1931-33 were given to the same contractors for Rs. 3,00,000 exclusive of cesses.

The expenditure under I Conservancy and Works during the year including that on the Creosote Plant amounted to Rs. 12,00,368 as against Rs. 12,65,712 in the previous year.

Deputations.—Messrs. K. Krishnaswamy and B. P. Ramakrishnan were sent during the year to Germany for higher studies in Forestry.

Health of the Departmental Staff.—Seventeen deaths occurred during the year among the members of the Departmental Staff. With a view to give medical relief to the staff and labour employed in unhealthy localities the opening of a Forest Dispensary at Thadasa (Bhadravati Division) was sanctioned during the year. Special rules were also framed during the year for the grant of leave to Forest Officers so as to enable them to recoup their health and keep themselves fit to discharge their duties.

Touring and Inspection.—The itineration of the District Forest Officers of the Shimoga and Kadur Divisions is poor and that of the District Forest Officers of Kolar, Mysore, Bhadravati and Tumkur is also not adequate. Their explanations should be taken and submitted to Government.

Working of the Creosote Plant.—Government note that the quantity of timber treated during the year was the largest since the Plant was installed and the net revenue during the year was Rs. 30,536. Special efforts should be made to popularise the use of creosoted scantlings for house building and other purposes and thus enable the Department to find a market for the kinds of timber for which there is not much demand at present.

Fuel Supply to the Mysore Iron Works.—A quantity of 63,865 tons was collected during the year in the forests of the Bhadravati Division and 21,270 tons in the Shimoga Division for supply to the Iron Works.

Lac Industry.—A total quantity of 1038 maunds of crude lac was collected during the year. The demand for washed lac and lac products continued to be very poor and only a sum of Rs. 5,329 was realised by the sale of the products of the Lac Factory.

Rafting of Timber.—On account of the too rapid rise and fall of the Kabani river and the consequent unsteady flow of water only 6842 c. ft. of timber were rafted down the river to Hommergally Depot as against 7377 c. ft. during the previous year.

Accounts Inspection.—Twenty offices were inspected by the Financial Assistant to the Chief Conservator during the year. This appointment was abolished at the end of the year.

Saw Mills.—The Saw Mill at Shimoga worked for only seven months and was shut down from 1st February 1931 as it had a large stock of sawn materials for which there was no demand owing to trade depression. The machinery was completely overhauled and the old stock that had accumulated sold. It is reported that the furniture section opened as an adjunct to the Saw Mill is likely to prove profitable. Government hope that the Saw Mill at Kalkere will be put into working order this year.

Timber Seasoning.—Government are glad to note that experiments in regard to the seasoning of different kinds of timber have been started at Shimoga and that observations on the moisture contents and general behaviour of the several species are being carefully made and recorded. This work is of great value and should receive continuous attention according to a well thought out programme.

General.—The general trade depression which characterised the year under report adversely affected the financial results of the Department. Government are glad to note that the Administration of the Department in the year was satisfactory and that improvement works according to the general policy of forest development approved by Government are making steady progress.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Administration of the Muzrai Department during 1930-31.

READ—

Letter No. 156—31-32, dated 18th November 1931, from the Muzrai Commissioner, submitting the report on the working of the Muzrai Department, during the year 1930-31.

ORDER NO. 1023-34—MUZ. 112-31-3, DATED 27—28TH JANUARY 1932.

Recorded.

2. The report was received nearly six weeks after the due date. The Muzrai Commissioner is requested to obtain necessary information in time from the several Muzrai Officers and arrange to forward his report punctually to Government in future.

3. Government observe that continuous attention was paid during the year to the several problems relating to the better administration of the Department. They are glad to note that the local officers and the various committees of Dharmadarsis evinced much interest in the management of Muzrai Institutions, and that the prescribed services were regularly and satisfactorily rendered in all institutions, both in and outside the State. The existence of debit balance in the accounts of some of the major institutions mentioned in the report, is not satisfactory and the Commissioner is requested to take steps to set this right by improving the resources of these institutions and revising their scales of income and expenditure.

4. *Important events or measures sanctioned.*—The following are the more important events or measures undertaken or sanctioned during the year:—

(*a*) The work of repairing and restoring the two ancient temples at Belur and Halebid was carried out by the special staff employed for the purpose;

(*b*) A site for the construction of a building for the convenience of non-brahmin pilgrims at Tirupathi was acquired and plans and estimates for the work are under preparation;

(*c*) The construction of a Recreation Hall, as an adjunct to the Princess Krishnajammanni Sanatorium at Mysore, at a cost of Rs. 10,800 was sanctioned from the funds of the Nowl Krishna Das Charities;

(*d*) The induction of Brahmachari Srinivasa Sastry into Sanyasa Asrama, with a view to his eventual succession to the Sringeri Peeta, was approved by Government, and he has installed under the titular name of Sri Abhinava Vidyathirtha Swamigalu;

(*e*) On the death of the Swamigalu of Sri Majjigehalli Mutt (Kolar District), the succession of his nominee was recognized; and

(*f*) The Swamigalu of Sri Balehonnur Mutt was granted the honours of a First Day's Bhiksha, with military escort, on occasions of his visit to Bangalore.

5. *Important questions under consideration.*—The following questions, which are under the consideration of the Department require prompt attention:—

(*a*) Investigation into the affairs of the temple on the Biligiri Rangan Hills in the Yelandur Taluk; and

(*b*) Improvement of the management of the Sri Ranganathaswamy temple and choultry at Sivasamudram.

6. *Endowments.*—Government are glad to note the endowments in cash, land and other forms made in the year for the use of Muzrai Institutions.

7. *Institutions under the Department.*—It is gratifying to note that the institutions, under the management of the Department namely, the Ayurvedic and Unani College and Hospitals at Mysore, the Sanskrit College at Melkote, the Sri Chamarajendra Veda Maha Patasala at Bangalore and the Agama Classes attached to the Maharaja's Sanskrit College at Mysore, continued to do satisfactory work during the year.

8. *Investigation of Inams of Defunct Muzrai Institutions.*—Government observe that though there was substantial progress in the preliminary investigation of the inams of defunct Muzrai Institutions by the special duty staff, the further steps to be taken

by the Local Muzrai Officers were not prompt or adequate. The Muzrai Commissioner is requested to issue strict instructions for the several cases being pursued to their final stages without delay. There was not much progress in this work in the districts not visited by the special duty staff and the Deputy Commissioners are requested to arrange for the necessary investigation without delay.

9. *Income and Expenditure of the Department.*—The opening balance at the credit of Muzrai Institutions was Rs. 11,60,111 and the receipts during the year aggregated to Rs. 8,74,901, making a total of Rs. 20,35,012. The expenditure during the year amounted to Rs. 12,84,710 leaving a balance of Rs. 7,50,301 at the end of the year. The fall in receipts (as compared with Rs. 9,43,095 of the year 1929-30) is reported to be due to trade depression and the stoppage of Jatras in several places, owing to outbreak of cholera and other epidemics. The excess of expenditure over receipts was the result of investments made on behalf of certain institutions in the new Mysore Government 5 per cent loan of 1955.

10. *Inspections.*—Government are glad to note that the inspection of Muzrai Institutions received adequate attention at the hands of Muzrai Officers, and that the jewels and properties of many of them were also inspected. The Muzrai Commissioner inspected nine institutions. He is requested to indicate, in future reports, the more important points noticed during inspections and the action taken on them.

11. *General.*—His Highness the Maharaja of Mysore, Lord Hardinge, His Highness the Maharaja of Travancore and the Thakore Saheb of Rajakot, visited the temple at Belur and the *bastis* at Sravanabelgola. The Gumbuz at Seringapatam was visited by Lord Hardinge, His Excellency the Commander-in-Chief of India, the Hon'ble the Resident in Mysore and the Sahibzadas of Hyderabad. His Highness the Maharaja of Mysore visited also the Sri Rishya Sringeswaraswami temple at Kigga and His Highness the Maharaja of Travancore paid a visit to Sri Dattatreya Baba Budan Darga.

12. Government are glad to observe that the administration of the Muzrai Department continued to be efficient during the year under review.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Administration of the Excise Department for the year 1930-31.

READ—

Letter No. B. 3—Per. 50-1—30-31, dated 29th October 1931, from the Excise Commissioner in Mysore, submitting the report on the Administration of the Excise Department for the year 1930-31.

ORDER NO. FL. 6313-25—EX. 51-31-3, DATED 1ST FEBRUARY 1932.

Recorded.

2. The following were the more important changes ordered in the Excise Administration during the year under review:—

(i) The manufacture of Akkibhoja which had hitherto been permitted for home consumption only was completely prohibited.

(ii) As a measure of retrenchment orders were passed for the abolition of the posts of the District Excise Officers at Hassan and Shimoga with effect from the 1st July 1931. Two Excise Ranges were also abolished.

3. *Manufacture of Country Spirits at the Distillery, Bangalore.*—The year 1930-31 was the second year of the triennial contract for the manufacture and supply of Country Spirits by Mr. K. N. Guruswamy who continued to be the Manufacturing Contractor. The buildings and machinery are reported to have been maintained in proper condition.

The supply of filtered water from Hessarghatta was satisfactory. As regards unfiltered water however, which is drawn from the Chikkere Tank, the Excise Commissioner brings to notice that the contamination of the water caused by the flow of sewage water into the Tank has not been prevented and that the question of diversion of the sewage water is still under the consideration of the Bangalore City Municipality.

Government hope that this matter will receive the very early attention of the City Municipal Authorities.

4. There was an appreciable decrease in the quantity of spirits manufactured as well as in that issued for consumption. The total quantity of spirits manufactured in the Distillery was 2,91,016 gallons as against 3,66,526 in the preceding year. The issues to the Depots and Institutions in the State amounted to 2,30,677 gallons and the supply made to the Civil and Military Station, Bangalore, was 53,120, the corresponding figures for the previous year being 2,92,924 and 65,773 respectively.

5. *Carriage of Liquor.*— The transport business was managed satisfactorily by the Department as in previous years. The supply of liquors and ganja was arranged for through motor lorries to all the depots in the Districts of Bangalore and Shimoga and to Koppa and Sringeri depots in the Kadur District, the depots in other places being supplied with consignments transported by railway and country carts. The Excise Commissioner is requested to investigate the question of extending the scheme of supply through motor lorries to as many depots as possible with a view to reduce the transport charges and minimise wastage in transit and in depots.

It is reported that ten Kenward Nesting barrels were purchased at a cost of Rs. 650 for transporting arrack to distant depots so as to minimise waste. Government would be glad to have a report of the result of the experiment.

6. *Bonded Depots,*—There were 56 Bonded Depots in the State as against 56 in the previous year. With the extension of the arrangement for transport through motor lorries and the employment of Treasury Gollars for part-time work in minor depots, it should be possible to reduce the number of Bonded Depots in charge of separate mutsaddies and save some expenditure incurred in the maintenance of these depots. The Excise Commissioner is requested to go into this matter and submit proposals in due course..

7. *Consumption of Arrack.*—The statistics furnished by the Commissioner in para 13 of his report show that there has been a progressive decrease in the number of shops during the past ten years and that the consumption in the year under review was the lowest on record. As compared with the year 1929-30 the consumption of Molasses Arrack fell from 2,72,552 gallons to 2,18,786 gallons showing a decrease of nearly 20 per cent. The fall is general and is attributed to economic depression. The Excise Commissioner reports, however, that in some places like Davangere and parts of the Shimoga, Kadur, Hassan and Kolar Districts, illicit distillation and other malpractices are responsible for the heavy decrease in consumption of licit liquor noticed in these areas. The Excise Commissioner is requested to examine the question whether the existing organization is adequate to detect these irregularities and prevent their recurrence and to report to Government in consultation with the Deputy Commissioners of the Districts concerned what further steps, if any, require to be adopted to improve the position.

8. The incidence of consumption of Molasses Arrack per head of population was 1·9 drams as against 2·3 drams in the previous year, and the incidence of taxation per gallon of arrack was Rs. 11-11-2 as against Rs. 10-3-6 of last year.

9. *Shops.*—There was one arrack shop for every 53·9 square miles as against 52·7 in the preceding year and each shop served on an average 10,732 persons as against 10,483 persons in the preceding year.

10. Sixty-six shops of all kinds were closed during the year of which 13 were arrack, two special liquor, 50 toddy and one ganja shop.

11. *Toddy.*—The number of trees licensed for tapping during the year fell from 3,32,581 to 2,67,498 showing a decrease of 65,083. The revenue derived from toddy was Rs.39,48,922 as against Rs. 40,05,182 in the preceding year.

12. Government have perused with interest the Commissioner's report on the working of the scheme for conserving and improving select blocks of date groves in the Goribidnur and Tiptur Taluks, with a view to release large extents of date reserves for cultivation. The formation of similar blocks in the Channarayapatna and Arsikere Taluks was sanctioned during the year, but it is reported that the work could not be taken up for want of funds. The scheme is expected to lead to useful results and Government hope that it will be possible to extend it early to other areas most suitable for the purpose.

13. *Ganja.*—Ganja was cultivated during the year in a compact block of 28 acres instead of cultivation being allowed in several strips of land measuring in the aggregate, 46 acres and 12 guntas in the year previous. The average yield was better, being 12·9 maunds as against 7·1 maunds per acre in 1929-30. The year's out-turn was the highest on record. Owing to fall in consumption the revenue realised from sale of Ganja fell during the year from Rs. 4,28,329 to 4,03,723.

14. *Excise Offences.*—The offences against excise and opium laws reported during the year rose from 3,301 to 3,578. Out of these 610 were heinous offences. There were 244 cases relating to illicit distillation and possession of illicitly distilled liquor, the Shimoga District being responsible for a large number of them.

Government note with concern the remarks of the Excise Commissioner that, in spite of the vigilance of the mobile party stationed in the Shimoga and Kadur Districts and of the active work of the staff of the Excise Intelligence Bureau illicit distillation has not received any set back and that the nefarious practices are being carried on extensively, in some districts escaping detection. The subject requires the close investigation of the Excise Commissioner and the District Officers with a view to devise all possible measures to suppress the malpractices.

15. *Temperance Propaganda.*—The Bangalore Temperance Federation organised during the war has been carrying on propaganda work in temperance for some years in the City and the Civil and Military Station, Bangalore, by lectures and by exhibition of charts, cinemas, posters, etc. Government have expressed their full sympathy with such movements or Associations working in the cause of temperance and have promised financial support to organisations which have a fairly permanent footing with a well defined programme of work and are not solely dependent upon Government contribution. In pursuance of this policy, a grant-in-aid of Rs. 2,000 per annum has been sanctioned to the Bangalore Temperance Association for a period of three years from 1929-30 subject to certain conditions. The Federation is reported to be doing useful work.

During the year under review, a sum of Rs. 1,810-11-0 was paid to the Federation for providing the necessary equipment such as posters, magic lanterns and cinemas, etc., for carrying on temperance propaganda.

16. *Picketing of Liquor Shops.*—Government regret, however, to observe that "picketing" of excise shops and excise sales as well, was resorted to in a few places and that instances of violence and of the adoption of methods that were not peaceful occurred in certain parts of the Kolar District and elsewhere. Necessary action for restraining these activities had to be taken in the interest of law and order. It is to be hoped that the movement to wean people from drink will be confined to really peaceful methods of persuasion and advice and that demonstrations or acts interfering with public rights will not be resorted to hereafter.

17. *Inspections.*—Government observe that the inspection of Excise Offices, shops, groves and depots was adequate in all districts except Kolar, where the District Excise Officer inspected none of the Range Offices, and visited only three out of 16 Sub-Range Offices.

18. *Financial Results.*—The total demand for the year including arrears under all heads fell from Rs. 78,42,460 to Rs. 76,28,328. Out of this, a sum of Rs. 73,04,273 was collected and Rs. 62,784 was remitted as irrecoverable leaving a balance of Rs. 2,61,271 at the close of the year. The arrears are heavy particularly in the Districts of Tumkur, Mysore, Shimoga and Bangalore. The Excise Commissioner is requested to take necessary measures for the collection of all realisable arrears without delay.

19. *Excise Licensing Boards.*—Out of 39 Excise Licensing Boards constituted in the State, ten Boards met during the first-half of the year and 14 Boards during the second-half. It is reported that the resolutions of these Boards have all been considered by the Department, and that suitable action has been or is being taken in accordance with their recommendations wherever practicable.

20. Government conclude the review with the observation that the Administration of the Excise Department during the year was satisfactory.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Reduction of Expenditure for Contingencies in the Education Department.

READ—

Correspondence ending with letter No. A. 4-343-48 of 31-32, dated 2nd January 1932, from the Director of Public Instruction, in the matter of the reduction of expenditure for contingencies in the Budget of the Education Department.

ORDER No. E. 3120—EDN. 396-30-83, DATED 4—5TH FEBRUARY 1932.

The Retrenchment Committee proposed a cut of Rs. 14,834 under contingencies in the Education Budget as noted in the margin.

		Rs.
(1)	26 Education 2. i. Direction Contingency cut of ..	1,000
(2)	Do 2. iii. Inspection do ..	1,000
(3)	Do 13. i. Book Depot do ..	1,000
(4)	Contingencies under other minor heads do ..	11,834
	Total ..	14,834

The Director has forwarded a statement (appended hereto) showing the reduced provision made for contingencies under the several heads in the Budget of the Department for 1931-32, resulting in a total cut of Rs. 10,379, as compared with the figures for 1930-31.

Contingent grants up to Re. 1	.. No Reduction
Grants of above Re. 1 and below Rs. 2	.. Total reduction 4 as.
Above Rs. 2 and below Rs. 3	.. 8 annas
Above Rs. 3 and below Rs. 4	.. 12 annas
Above Rs. 4 and below Rs. 5	.. Re. 1
and so on	

He has also issued instructions to all the Inspecting Officers to reduce the monthly contingent grants of all Middle Schools as per scale noted in the margin with effect from 1st August 1931. The total savings under contingencies will thus come to

Rs. 12,879. The Director adds that further reduction is not possible and requests approval for the action taken.

The action taken by the Director is approved.

R. RANGA RAO,
Secretary to Government,
General Department.

PUBLIC WORKS SECRETARIAT.

Grant of land at concession rates to labourers settling in the Irwin Canal tract.

READ—

Letter No. 4164—C. S., dated 14th December 1931, from the Secretary, Krishnarajasagara Working Committee, forwarding copy of resolution passed by the Krishnarajasagara Working Committee at their meeting held on 23rd November 1931 *in re* grant of land at concession rates to labourers settling in the Irwin Canal tract.

(2) Note No. 239—K. S. S., dated 22nd December 1931, by the Secretary to Government Krishnarajasagara Works on the above subject.

ORDER No. 1220-31—K. S. S. 4181-92, DATED 29—30TH JANUARY 1932.

The Krishnarajasagara Working Committee considered at their meeting held on 23rd November 1931, the question of granting Government irrigable lands at concession rates to Wodders and other labourers settling in the Irwin Canal locality, and the following resolution was passed by them:—

"Resolved that a maximum area of 500 acres of land may be set apart for grant as proposed by the Chief Engineer, Krishnarajasagara Works, and that Wodders and labourers selected by the Chief Engineer, Krishnarajasagara Works, may be given lands at concession rates subject to a maximum reduction of 20 per cent on the upset price fixed for the lands and to a maximum grant of two acres per individual family, the lands so granted being made non-alienable for a period of ten years."

2. As trained labourers would be required for the maintenance of the Irwin Canal now and then, it would be advantageous to have a number of Wodders settled down upon small bits of lands wherever available in the Irwin Canal area, who would otherwise be leaving the locality after the completion of the Canal Works. Government are, therefore, pleased to approve of the above recommendation of the Krishnarajasagara Working Committee. The grant of lands will be made by the Deputy Commissioner, Mysore District, on the recommendation of the Chief Engineer, Krishnarajasagara Works.

S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*
Krishnarajasagara Works.

Working of the Department of Industries and Commerce for 1930-31.

READ—

Report on the working of the Department of Industries and Commerce in Mysore, during the year 1930-31, received with letter No. B. 48—30-31, dated 13th November 1931, from the Director of the Department.

ORDER No. D. 3824-80—I. & C. 150-31-3, DATED 4—8TH FEBRUARY 1932.

Recorded.

The report was due by the 31st August but was submitted on the 13th November 1931. Future reports should be submitted in time.

Industrial Installations.—The Department assisted in the erection during the year of 46 industrial installations involving a capital outlay of Rs. 97,134 as against 56, 67 and 63 installations during the three previous years. Fourteen out of the installations were power pumps for lifting water for irrigational purposes. Fees amounting to Rs. 1,486-6-0 were collected during the year on account of technical service and advice rendered by the Department.

Consequent on the appointment of separate Bus Inspectors, the Superintendents of Industries were relieved of their duties in respect of examination of buses and they have since been entrusted with the supervision of well-boring work in their respective divisions. They have also been appointed as Inspectors of cotton ginning and pressing factories.

Financial Aid to Industries.—Industrial loans to the extent of Rs. 65,716 were sanctioned during the year, of which special mention may be made of two loans of Rs. 10,000 each, one for the extension of a Silk Twisting Plant and the other for extending a Silk Weaving Factory.

Out of a sum of Rs. 2,52,534-7-5 that fell due for recovery during the year, only a sum of Rs. 27,549-12-8 or 10·9 per cent was collected. The balance outstanding at the end of the year, *viz.*, Rs. 2,17,234-6-11, was very heavy. It is stated that due

to the fall in the prices of agricultural produce and the general trade depression recoveries were not satisfactory. Government observe that trade depression by itself is not a sufficient excuse for the heavy balance outstanding and that effective scrutiny over the arrears is urgently called for and measures should be adopted to enforce repayments in the case of long standing obligations.

The Director's proposal that one-half of the recoveries towards interest on loans might be formed into a fund and writes-off of loans debited to it, is under separate consideration.

INDUSTRIAL CONCERNS UNDER THE CONTROL OF THE DEPARTMENT.

Central Industrial Workshop.—The workshop turned out work of the value of Rs. 1,25,056-4-1 during the year yielding a profit of Rs. 11,187-12-7 after providing for depreciation charges. There were 37 apprentices under training in the Workshop. It is satisfactory to note that the workshop has put on the market a plough which is reported to be equal in quality to the imported article and to be less costly.

Soap Factory.—The output of soap in the Government Soap Factory increased from 180 tons in the previous year to 260 tons in the year under review. The total sales during the year amounted to Rs. 4,62,000 yielding a profit of Rs. 1,26,500. The results of working of the Factory were thus very satisfactory.

Government note that full advantage is being taken of the Industrial Laboratory which is now located in Sanky's Lodge and that besides the manufacture of Turkey Red Oil on a semi commercial scale, a scheme for the manufacture of some medicines and drugs out of raw materials available locally is being worked out.

Government Weaving Factory.—The manufacturing section of the Weaving Factory was closed with effect from 1st November 1930. There were 38 students receiving training in the Weaving School attached to the Factory. The District Weaving Demonstration parties did useful work during the year and improved appliances of the value of Rs. 3,425 were sold and new designs and patterns supplied to weavers. A Lady Demonstrator was appointed for teaching silk twisting to women. A Committee has been appointed to formulate proposals for reorganising the Factory nito a Weaving Institute and its report is awaited.

Arts and Crafts Institute.—The total sales of artware at the Institute amounted to Rs. 20,699 as against Rs. 15,228 in the previous year which is satisfactory considering the depressed state of the market. The institute is mainly intended to assist artizans in selling their products and its treatment as a regular commercial concern is not found to be satisfactory and the question of the lines on which its future working should be regulated is under consideration.

Porcelain Factory.—This Factory is chiefly intended for the manufacture of insulators and other porcelain ware required by the Electrical Department out of raw materials locally available. The construction of the Factory building and the kiln has been completed and the requisite machinery installed. The manufacturing of insulators will, it is reported, be shortly started.

Well Boring.—Twenty eight bore-wells were put down during the year bringing the total number of such wells so far sunk to 140. Ninety per cent of the wells bored during the year are reported to have been successful. The Director is requested to arrange in consultation with the local bodies concerned for equipping the wells with the requisite pumping appliances for putting them in service.

Hand Spinning and Weaving Centres.—The Hand Spinning and Weaving Centres at Badanaval and Gundlupet continued to do good work during the year, and a new centre was opened at Ajjampur by the Kadur District Board. Arrangements have been made for the dyeing and printing the cloth produced at the Badanaval and Gundlupet centres.

Industrial Education.—Two hundred and three students were undergoing training in the Chamarajendra Technical Institute, the premier institution in the State for imparting instruction in arts and crafts. Twenty-eight students appeared for the Madras Government Technical Examinations in Drawing, Painting, Modelling and Engraving, of whom 25 came out successful, three being placed in the first class.

The Superintendent of the Institute was deputed to visit important schools of Art in Northern India for studying their work and for making suggestions for the

improvement of Art Industries in the State. His report has been referred for consideration by the Committee on Industrial Art.

Trade.—There was a marked decline in the volume of rail-borne trade, imports registering a decrease by Rs. 265 lakhs or 19 per cent compared with the previous year's figures and exports by 193 lakhs or 16 per cent. The statistics of trade across the important frontier roads showed exports of the value of Rs. 131 lakhs and imports of Rs. 48 lakhs. On the whole the exports exceeded the imports by Rs. 104 lakhs.

The trade in raw cotton, silk and silk goods suffered seriously, the market for them being very unsteady. The price of raw silk fell heavily. The export of raw silk decreased from Rs. 42·67 lakhs in the previous year to Rs. 29·71 lakhs in the year under review. The export of woollen goods however showed an increase from Rs. 42 lakhs in 1929-30 to Rs. 50 lakhs in 1930-31.

With a view to establishing export trade in Mysore granite, a successful attempt was made to put this material on the London Market. Granite of the value of a lakh of rupees was exported to London during the year. The prospects of this business are reported to be promising and arrangements are in progress to put on the English market larger quantities of stones not only for road kerbing but for other purposes also. This business has enabled the Department to provide work for a large number of labourers and contractors engaged in this industry.

Level of Prices.—The index numbers of wholesale prices furnished by the Director show a substantial decline in many cases. It would be useful if charts are prepared for all important commodities in future years to show the movement of prices and appended to the report.

Weights and Measures Regulation.—The compulsory use of certified weights and measures has been directed to be enforced in 13 more towns with effect from 1st December 1931, and necessary arrangements are being made to make available in these places adequate supplies of certified weights and measures.

Factories Regulation.—The total number of factories on the register at the close of the year was 182, employing on an average 18,800 workmen daily, of whom 1857 were children. The number of factories inspected during the year was only 98 while the number of children examined was only 68. Only 24 factories were examined out of 106 in the Bangalore Division. No reason is given for this inadequate inspection work. The Director is requested to see that more attention is paid to this important work.

The Senior Surgeon is requested to see that adequate attention is given by the Certifying Surgeons to the medical inspection of children employed in factories.

Labour.—Except for a strike in the Government Press at Bangalore which involved 218 workmen and lasted for 20 days, there was no manifestation of labour unrest of a serious nature during the year. The report of the Special Officer deputed to study the condition of labour in the Kolar Gold Fields Area has been recently published and the recommendations made in it are under examination.

Workmen's Compensation Regulation.—The total number of cases on the file of the Commissioners for Workmen's Compensation was 204, of which 163 related to the Mining Industry on the Kolar Gold Fields. It is gratifying to note that all the cases except 6, were disposed of during the year. Seventy-four of the cases dealt with related to fatal accidents. A sum of Rs. 47,596-9-1 was deposited with the Commissioners for award of compensations, the whole of which, except Rs. 608 was distributed either among the injured workmen or the dependents of decreased workmen. The report of the Committee appointed to investigate the existence of *Pneumonokonoisis* or Miners' Phthisis on the Kolar Gold Fields is awaited.

Steam Boilers and Prime Movers Regulation.—The total number of boilers in use in the State was 234. A full time Boiler Inspector was appointed on a temporary basis with effect from 1st April 1931. He is engaged in carrying out a thorough examination of all the boilers in working. A sum of Rs. 2,940 was collected as fees for the examination of boilers during the year.

Conclusion.—Government are pleased to note that the Administration of the Department during the year in all the branches of its activities continued to be satisfactory under the guidance of the Director Mr. C. Ranganatha Rao Sahib.

The distribution of Amrit Mahal Breeding Bulls to Village Panchayets.

READ—

Government Order No. D. 7513-22—A. & E. 162-29-2, dated the 31st December 1929, sanctioning, subject to certain conditions, the sale of young bulls of about three years of age on the Cattle Breeding Station for breeding purposes at a flat rate of Rs. 200 a head during 1929-30.

2. Government Order No. D. 4815-24—A. & E. 85-30-4, dated 1st November 1930, sanctioning the continuance of the scheme of selling young bulls referred to in the Government Order read above on the same conditions up to the end of June 1931.

3. Government Order No. D. 1716-25—L. & A. 6-31-2, dated 24th September 1931, sanctioning the continuance of the scheme referred to above during the year 1931-32 also on the same conditions.

4. Letter No. R. O. C. 496 of 31-32, dated 3rd February 1932, from the Director of Agriculture in Mysore, recommending, for reasons given, the distribution of breeding bulls to Village Panchayets on certain conditions.

ORDER No. D. 4130-9—L. & A. 6-31-6, DATED 17TH FEBRUARY 1932.

The Director reports that he has approached all the District Boards with reference to the possibility of their granting subventions to Village Panchayets but fears that there may be some delay in the settlement of the matter in view of the financial position of the Boards. The distribution of bulls to the Village Panchayets, however, he states, has on the whole been successful, and recommends that the bulls may, as a very temporary measure, be permitted to be handed over to Village Panchayets on payment of their contribution of Rs. 100 plus transport charges, pending payment of subventions by the District Boards. In the circumstances, Government are pleased to sanction the recommendation of the Director of Agriculture. Government agree with the Director that the price fixed should be kept at Rs. 200 per bull under ordinary conditions. The Director is requested to address the District Boards concerned for granting subventions, have the matter settled early, and report the fact to Government.

Abolition of the Sagar Forest Division.

READ—

Government Order No. G. 3206-7—Ft. 301-30-14, dated 14th October 1931, sanctioning certain retrenchments in the Forest Department Budget and requesting the Chief Conservator of Forests to submit proposals for further retrenchments.

2. Un-official Note No. 13, dated 6th January 1932, from the Chief Conservator of Forests in Mysore, proposing the abolition of the Sagar Division and amalgamating it with the Shimoga Division from March next and stating that further retrenchments are not possible without dislocating the work of the Department.

ORDER No. G. 6686-7—FT. 301-30-20, DATED 20TH FEBRUARY 1932.

Government are pleased to direct the abolition of the Sagar Forest Division and the combination of the Shimoga and Sagar Divisions into one District Forest Officer's charge with effect from 1st March 1932. This arrangement will result in a saving of about Rs. 9,956 as shown in the margin. With a view to facilitate further reductions as they become possible, the Chief Conservator of Forests is requested not to fill up any vacancies among Assistant Conservators, Sub-Assistant Conservators or Rangers from whatever causes they may arise.

Toll.

ORDER NO. L. 5846—L. B. 18-31-10, DATED 17TH FEBRUARY 1932.

Sub-section (5) of Section 66 of the Mysore District Boards' Regulation, 1926, runs as follows:—

"No more than one payment of toll under this Regulation shall be demanded at any toll-gate, station, or bridge in a district in respect of any carts, carriages or vehicles or animals in any one period of 24 hours counted from sunrise to sunrise. Provided that when toll has been paid at any toll-gate, station, or bridge in respect of any carts, carriages, vehicles or animals not laden or ridden, the difference between such toll and the toll payable in respect of such carts, carriages, vehicles or animals laden or ridden, shall be payable, if such carriages, carts, vehicles or animals again pass through such toll-gate, station or bridge laden or ridden within such period."

2. Under this provision, a payment of the prescribed toll at one District Fund toll-gate, in respect of any cart, carriage, vehicle or animal, will exempt such cart, carriage, vehicle or animal from further payment at other District Fund toll-gates situated in the same District within a period of 24 hours counted from sunrise to sunrise.

3. The Deputy Commissioners and Presidents of District Boards were requested in Circular No. L. 25-40—L. B. 111-28-35, dated 3rd July 1929, to issue instructions to lessees of the right to collect tolls at District Fund toll-gates that the toll on a cart, carriage, vehicle or animal should be collected at only one District Fund toll-gate in a District, within a period of 24 hours counted from sunrise to sunrise. This rule does not, howev r, seem to be widely known yet, and instances have been brought to the notice of Government of the levy of toll at each of the toll-gates of a District in violation of the rule. The Deputy Commissioners and Presidents of District Boards are requested to give wide publicity to the rule and to arrange to have a copy of it in English and Kannada exhibited in a prominent place near each District Fund toll-gate for the information of the public. The toll-gate contractors should also be warned against an infringement of the rule.

R. RANGA RAO,
Secretary to Government,
General Department.

Remuneration to Village Officers.

READ—

Government Order No. L. 264-73—V. P. 71-29-6, dated 16th July 1930, directing that Patels and Shanbhogs attending to the collection of Village Panchayet taxes be paid, from Panchayet Funds, Potgi and Contingent Allowances at certain rates, except when they happen to be the Chairman or the Secretary of the Village Panchayet.

ORDER No. L. 5896-5905—V. P. 59-31-1, DATED 17—19TH FEBRUARY 1932.

Government consider that in the interests of speedy collection of taxes, it is desirable that the village officers should be given the remuneration even when they happen to be on the Panchayet and they are accordingly pleased to direct that Para 4 of the Government Order read above be deleted.

R. RANGA RAO
Secretary to Government,
General Department.

PUBLIC WORKS SECRETARIAT.

Development of irrigation under the Irwin Canal.

READ—

Government Order No. C. 93-120—K. S. S., 570-597, dated 8th June 1931, laying down the policy of irrigation to be adopted and other matters connected with the development of irrigation under the Irwin Canal.

2. Government Order No. 786-810—K. S. S., 2611-35, dated 26th November 1931, revising the forms of mutchalikas to be executed by the raiyats in connection with the irrigation under the Irwin Canal.

3. Representations dated 4th January 1932, from the Deputationists from Mandya, Maddur and Malvalli Taluks, regarding the irrigation under the Irwin Canal.

4. Note No. D. 260—K. S. S., dated 12th January 1932, from the Secretary to Government Krishnarajasagara Works, regarding the representations made by the Deputationists.

ORDER No. 1365-89—K. S. S., 4634-58, DATED 23RD FEBRUARY 1932.

It has been represented that the existing orders regarding the conditions of supply of water to the lands commanded by the Irwin Canal require modifications in some respects. The Chairman of the Krishnarajasagara Working Committee has urged that the condition relating to the levy of contribution might be relaxed to some extent, for ensuring the rapid development of the area. Two deputations of raiyats owning lands in the area also waited on the Dewan on the 25th October 1931 and 4th January 1932 and explained their difficulties.

2. The more important of the points urged for reconsideration are the following :—

(1) System of cultivation ;
(2) Amount of contribution and period of its payment ; and
(3) Interest on unpaid contributions.

3. Government have given careful consideration to these representations and they have also had the question of the sanctioned system of cultivation re-examined by the Krishnarajasagara Working Committee with the assistance of four co-opted non-official members representing the raiyats of the different areas coming under the Canal. The main objects of the rotational arrangement of cultivation proposed to be

adopted under this Canal are to use the available water to the best advantage, to secure the greatest benefit to the greatest number of people, and to prevent the areas from becoming water-logged and unhealthy. In view of these considerations, the rotational system is the best and the Krishnarajasagara Working Committee is of the decided opinion that this system is quite suitable and workable and that it presents no great practical difficulties. No modification of this system can, therefore, be made. Should there, however, be any minor difficulties or inconveniences calling for relief in the initial stage of adoption of this arrangement, the required remedy could be afforded on a consideration of the circumstances of each individual case. Most cases of this nature would arise only in the first two or three years and Government will be glad to have them examined by a Committee on which the raiyats concerned are represented. For this purpose, therefore, Government are pleased to appoint a Committee of which the Deputy Commissioner of Mysore will be the Chairman and the Executive Engineer, Irwin Canal Division, Mandya, the Agricultural Chemist, and four persons nominated by Government to represent raiyats, the Members.

4. As regards the contributions payable, the limits fixed in the Government Order dated 8th June 1931, cannot be held to be too high considering the assured and perennial nature of supply from the Canal, the substantial enhancement in the capital value of the lands resulting from their conversion into wet, and, the fact that as high and even higher rates are paid for lands depending on precarious supplies from rain-fed tanks. The only concessions in regard to contributions which Government consider, are called for, are the lightening of the instalments in the first few years and some extension of the total period for the payment of the whole amount. Government are accordingly pleased to direct that the contributions fixed, be paid in twelve years instead of in ten, that the amount of a full instalment be taken as one-tenth of the contribution and that the payments in the first four years be fractions of a full instalment, namely one-fourth, one-half, one-half, and three-fourths respectively, and that the balance be paid in equal annual instalments in the remaining eight years.

5. The third important representation is about the interest on contributions required to be paid under the order of 8th June 1931. Taking all circumstances into consideration, Government have decided to waive the levy of interest altogether. The instalments of contribution as directed in paragraph 4 *supra* should be paid punctually, but when they are not so paid, interest will be charged on overdue instalments in accordance with the usual practice.

6. In the orders passed above, Government have allowed whatever concession is possible in respect of the three chief representations referred to in paragraph 2 *supra*. It is unnecessary to mention specifically the other matters about which representations have been made. They have all been carefully considered, but Government do not see any reason to modify the orders already passed regarding them.

7. The form of the mutchalika will be revised in accordance with this order and prompt action taken by all officers concerned for obtaining mutchalikas and for supplying water to lands.

Acceptance of irrigable lands under the Irwin Canal in lieu of contribution due from the owners.

READ—

Letter No. 4160—C. S., dated 14th December 1931, from the Secretary, Krishnarajasagara Working Committee, forwarding copy of resolution passed by the Krishnarajasagara Working Committee at their meeting held on 23rd November 1931, *in re* acceptance of irrigable land under the Irwin Canal at a reasonable upset price in lieu of, or part payment of, contributions due by the owners.

(2) Note No. D 236—K. S. S., dated 22nd December 1931, by the Secretary to Government, Krishnarajasagara Works, on the above subject.

ORDER No. 1344-56—K. S. S. 4610-22, DATED 23RD FEBRUARY 1932.

The Krishnarajasagara Working Committee considered at their meeting held on the 23rd November 1931, the proposal made by the Deputy Commissioner, Mysore District, that in the case of people who cannot afford to convert the whole of their holdings into wet, a portion of the land may be accepted at a reasonable price in lieu or part payment of contribution due by them upon the remaining land, and the following resolution was passed by the Committee:—

"Resolved that the Deputy Commissioner's proposal may be accepted with the modification that for every acre of land on which contribution is due, an acre of land of equal contribution value may be surrendered by the land-holder, and accepted in exchange towards the contribution due from the party."

2. It is explained that the minimum upset price to be fixed on land should be equal to the amount of contribution on the land. Government are pleased to approve of the above resolution of the Committee. The surrendered lands should be disposed of in the same way as Government lands, and the realisations from such sales should not fall short of the amount of contribution fixed for those lands.

3. The Deputy Commissioner, Mysore District, is requested to give wide publicity to this decision.

Deletion of Outalu and Bendu.

READ—

Appendix VI to the revised rules regarding the sale of Minor Forest Produce, other than Kakke and Thangadi, issued with Government Order No. I. C. 5869-80—Ft. 42-22-8, dated the 24th March 1923.

2. Representation of Mr. H. Basavaiya, Representative Assembly Member, Hassan District, at the Representative Assembly Session (October 1930) praying that Outalu, Kirichalu and Bendu in Forests may be removed from the list of Minor Forest Produce (described in the Appendix read above) and that permission may be granted to remove them free of cost by raiyats.

3. Correspondence ending with letter No. B. 2-123-1295-31, dated the 17th February 1932, from the Chief Conservator of Forests in Mysore, stating that only two items, *viz.*, Outalu (wild castor seeds) and Bendu, are included in the list of Minor Forest Produce items usually being sold, that Kirichalu is permitted to be removed free from the District Forests and requesting sanction to the removal of the two items, Outalu and Bendu from the list of Minor Forest Produce sold from District Forests with effect from the 1st July 1932.

ORDER No. G. 7153-65—FT. 95-30-16, DATED 4TH MARCH 1932.

Government are pleased to direct that Outalu and Bendu be deleted from the list of Minor Forest Produce referred to in the Appendix read above, with effect from the 1st July 1932, so far as District Forests are concerned.

Work done in the Office of the Trade Commissioner for Mysore in London, during the year 1931-32.

READ—

Report of work done in the Office of the Trade Commissioner for Mysore in London, during the year ended 30th June 1931.

ORDER NO. D. 3869—T. C. 1-31-2, DATED 3RD FEBRUARY 1932.

Recorded.

2. Mr. B. T. Kesaviengar continued to be the Trade Commissioner during the year under review and a good deal of his attention was devoted to the question of keeping up the sales of Sandalwood Oil. Due to the severe slump in the demand for luxury articles, the sales of Sandal Oil in the foreign markets fell from 1,62,879 lbs. during the previous year to 1,21,158 lbs. during the year under review. The Trade Commissioner, however, was successful in retaining the old customers as also in the attempt to re-establish Sandal Oil business in the Canadian market.

3. During the year under review, the Trade Commissioner received 190 orders for supply of articles; of these 49 related to the Electrical Department, 12 to Railways, and 129 to other Departments. The number of enquiries received by the Commissioner requiring the supply of information with tenders or quotations was 146. As many as 21 such enquiries were from private merchants and businessmen of the State.

4. Government note with satisfaction that as a result of the Commissioner's participation in the several exhibitions held in London and other places, there were several enquiries for Mysore Soaps and rosewood inlay work and other art products.

5. The Commissioner was also successful in securing an appreciable saving in ocean freight and insurance charges by arranging with one firm of Shipping Agents for the work of handling all consignments.

6. The total expenditure incurred in the London Office during the year amounted to £16,342-17-10; out of this, £14,097-16-9 were spent on account of Sandal Oil expenses in Europe and America and the amount paid on account of expenditure for other Departments of the State was £389-1-7.

7. Government wish to place on record their appreciation of the work done by the Trade Commissioner and his staff during the year under review in spite of depression in trade and other adverse circumstances.

Abolition of the post of the Assistant Registrar of Co-operative Societies, Kolar Division.

READ—

Government Order No. D. 10120-3—C. S. 111-30-2, dated 6th May 1931, sanctioning the abolition of the post of an Assistant Registrar of Co-operative Societies on Rs. 200—25—450 and substitution of an Officer on Rs. 150—20—250 instead.

2. Government Order No. D. 11099-200—C. S. 94-30-11, dated 26th June 1931, recording the report of the Registrar of Co-operative Societies, regarding the retrenchment of the four appointments of the Assistant Inspectors of Depressed Class Co-operative Societies.

3. Government Order No. 617-19—C. S. 128-30-8, dated 30th July 1931, sanctioning the abolition of the Chitaldrug Co-operative Division and the retrenchment of a peon from each of the other Divisional Offices.

4. Government Order No. D. 1436-7—C. S. 128-30-15, dated 4th September 1931, directing that certain further retrenchments be made in the expenditure of the Department.

5. Government Order No. Fl. 1795-1850—G. F. 54-31-1, dated 14th September 1931, issuing further instructions for effecting economies in the Budget Grant of 1931-32.

6. Recommendations of the Retrenchment Committee appointed by Government in respect of economies in the Co-operative Department.

ORDER NO. D. 4063-5—C. S. 128-30-23, DATED 15TH FEBRUARY 1932.

As a measure of economy, the post of Assistant Registrar of Co-operative Societies, Kolar Division, will be retrenched and the work of this charge entrusted to the Deputy Registrar of Co-operative Societies. The Office Establishment (with the exception of the menial staff) of the Kolar Division, will, for the present, be transferred to Bangalore and work under the Deputy Registrar. The menial staff will be disbanded.

Separate orders will issue regarding the posting of the present Assistant Registrar of the Kolar Division. The abolition of the Division will have effect from the date of relief of that Officer.

GENERAL SECRETARIAT.

Working of the Bangalore City Municipal Council for the year 1930-31.

READ—

The Report on the working of the Bangalore City Municipal Council for the year 1930-31, received with the Municipal Commissioner's letter No. G. T. 132, dated 15th December 1931.

ORDER NO. L. 6272-5—ML. 137-31-13, DATED 9TH MARCH 1932.

Recorded.

2. The report which was due in the Secretariat on the 15th October was received two months late, *i.e.*, on 16th December 1931. The Municipal Commissioner is requested to arrange for the prompt submission of the report in future.

3. *Constitution.*—The term of the old Municipal Council expired on 4th November 1930 and the reconstituted Council came into existence with effect from 5th November 1930 comprising 30 Councillors of whom 19 were elected by the rate-payers, one elected by the Chamber of Commerce and the remaining ten (one of whom was a lady), nominated by the Government. Mr. P. Subbarama Chetty was re-elected as President of the Council and Mr. C. Machia continued to be the Municipal Commissioner.

The Council held as many as 70 meetings during the year as against 40 in the previous year.

4. *Finance.*—The year opened with a current balance of Rs. 1,69,395. The total receipts and expenditure during the year amounted to Rs. 9,95,891 and Rs. 10,17,464 against Rs. 13,03,200 and Rs. 13,19,902 respectively in the previous year. The closing balance in current account at the end of the year was Rs. 1,47,822.

5. The income and expenditure under service heads exclusive of public debt transactions amounted to Rs. 9,14,682 and Rs. 9,32,280 against Rs. 9,60,043 and 10,92,708 respectively in the previous year.

6. *Income from taxes.*—The income from taxation was Rs. 5,34,884 against Rs. 6,13,259 in the previous year. There was a fall of nearly Rs. 50,000 under Octroi which is attributed to the depression in trade. Under "taxes on buildings and lands" also there was a fall of about Rs. 21,000. The collection of current demand under assessed taxes was not satisfactory, being only 62 per cent of the demand against 80 in the previous year. There is scope for considerable improvement in the collection work and Government hope that better results will be achieved during the current year.

7. *Incidence of Taxation.*—The incidence of taxation per head of population was Rs. 3-7-4 during the year against Rs. 5-3-0 in the previous year, the decrease being mainly due to the population of the City being taken as 1,72,357 as per latest census figures against 1,19,427 the previous census figure adopted in the previous years.

8. *Public Works.*—The important public works carried out during the year were the completion of the new market frontage extension, laying out sewage pipe line near the Maharaja Mills, the re-coating of a hundred furlongs of road, the construction of 10,158 feet of new drains and the tarring of six important roads.

9. *Water Supply.*—The cost of the annual maintenance of water-supply amounted to Rs. 2,00,411. Excluding the excess water and meter hire charges amounting to Rs. 51,280, the net expenditure borne by the Municipal Council on this account amounted to Rs. 1,49,131. Of this, a sum of Rs. 96,715 was met out of the realisations from the levy of general water rate and the "flat rate," and the remaining amount from the general revenues of the Municipality. The collection of the "flat rate" was not satisfactory.

10. *Public Health.*—The Public Health of the City was good during the year except for stray cases of plague, cholera, small-pox and enteric fever in some localities.

11. The anti-malaria work started in the City during the previous year was continued under the guidance of Dr. W. C. Sweet of the Rockefeller Foundation. Stagnant pools and wells were treated with paris-green and larvacidal fish to destroy mosquitoes and to prevent their breeding. A special splenic survey of the school-going children was also continued during the year.

12. *Maternity and Child Welfare.*—There were 11 midwives under the employ of the Municipal Council. The number of labour cases conducted by them during the year was 1,594, being 270 more than during the previous year. The Municipal Council continued the services of the Lady Health Visitor who visited expectant mothers and gave them advice and held ante-natal and baby clinics in each of the Local Fund Dispensaries of the City once a week. A Health Exhibition was arranged at the Vani Vilas Institute in connection with the Ladies' Conference as also another arranged by the Health Department as an adjunct to the Health Week and Baby Show organised by the Welfare Institute of the Bangalore Woollen, Cotton and Silk Mills Company in the Mill premises.

The number of deaths among children under one year was 808 against 1,025 in the previous year, giving a ratio of 139·1 against 185·3 per 1000 births registered.

13. *Vaccination.*—The number of vaccinations performed during the year was 8,534 against 7,354 in the previous year. Of the vaccinations performed, 5,495 were successful.

14. *Public Instruction.*—The management of all Primary Schools, Reading Rooms and Libraries continued to vest in the Education Committee of the Municipal Council. There were 53 institutions under the management of the Committee. The total number of students that attended these schools was 7,373, the average daily attendance being 5,719 against 5,547 during the previous year. The amount of expenditure incurred on Municipal Schools during the year was Rs. 92,499. The management and control of aided schools were transferred to the Education Department.

15. It is reported that the Bye-law Committee met 13 times during the year, but no new rules or bye-laws were made and no amendment of existing rules and bye-laws was undertaken. It is understood that the provisions of Section 46 of the Municipal Regulation which requires the Municipal Council to make rules in respect of various matters have not been fully complied with. Government trust that this defect will be remedied during the current year.

Savings Banks Fixed Deposits.

READ—

Government Notification No. Fl. 1337—G. F. 48-26-1, dated 17th August 1926, fixing with effect from 1st September 1926, the following rates of interest on deposits in the Mysore Government Savings Banks :—

(1) Three and one-eighth per cent per annum on all deposits which remain in the Banks for less than a year; and

(2) Four and half per cent per annum on deposits which are kept for a whole financial year.

Government Order No. Fl. 5520-80—G. F. 85-27-5, dated 11th January 1928, directing that with effect from 1st January 1928, interest at five per cent per annum be allowed on amounts deposited in the Savings Banks with declarations by depositors that they will not be withdrawn for a period of five years from date of deposit.

ORDER NO. FL. 7017-67—G. F. 50-31-3, DATED 15TH MARCH 1932.

The following further facilities are offered to depositors in the Government Savings Banks:—

(1) Interest at five and half per cent per annum payable half-yearly, will be allowed on amounts deposited in the Banks with declarations by depositors that they will not be withdrawn for a period of seven years from date of deposit.

(2) If holders of Five year Five per cent Deposits offer, under this scheme, to keep their deposits for seven years from the date of application, interest at five and half per cent per annum will be paid to them from such date, the claim for interest on the deposits up to that date being settled at five per cent per annum.

(3) Interest on Savings Bank Deposits fixed for a period of five years will also be paid half-yearly in future, and five year deposits carrying interest at five per cent will continue to be received as heretofore.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Working of the Agricultural Department for 1930-31.

READ—

Letter No. Per. 45—E. of 31-32, dated 6th November 1931, from the Director of Agriculture in Mysore, submitting the Administration Report of the Agricultural Department for the year 1930-31.

ORDER NO. D. 4737-4790—A. & E. 88-31-3, DATED 19TH MARCH 1932.

Recorded.

Personnel.—Dr. L. C. Coleman was in charge of the Department during the year except for a brief period of a little over two months from 9th September 1930 to 18th November 1930, when he was absent on deputation in Java and Mr. H. V. Krishnaiya, Deputy Director of Agriculture at Headquarters acted for him.

Seasonal Conditions.—The seasonal conditions were on the whole favourable except for the insufficient Mungar rains in some parts of the State. The yields of ragi in the main ragi areas and of such important commercial crops as Sugar-cane, Groundnut and Cotton were above the average while the Coffee Crop was about the average. But for the slump in prices, the year would have been one of the best from the Agricultural standpoint.

Chemical Section.—Manurial experiments on Coffee, Cotton, Sugar-cane, Cocoanut, Arecanut, Paddy, Ragi and Jola made further progress on the several Government Farms and the Director states that similar experiments on Groundnut will soon be started. The results so far obtained indicate that practically all the crops experimented on respond to the use of nitrogenous and phosphatic manures and that the most striking results are obtained from the readily available forms of artificial fertilisers. But as observed by the Director of Agriculture, the utility of commercial fertilisers is a problem of agricultural economics and they can be used profitably only when there is a prospect of getting an adequate return for the money invested in manures and possibly the use on a large scale of these fertilisers will be limited to Sugar-cane and Coffee and perhaps also Paddy.

One of the interesting investigations of this Section is to ascertain the effect of acidity and alkalinity on the growth of coffee and the results of the preliminary experiments conducted so far show that a condition close to neutrality is the most favourable to Coffee in Mysore unlike Brazil where it is stated an acid state of the soil promotes the growth of this crop.

The Soil Survey of the Irwin Canal area was completed during the year, a total area of 70,000 acres coming under the survey. The areas fit and unfit for sugar-cane cultivation have been mapped out. This survey has been accompanied by a geological survey and will be supplemented by physical and chemical analysis of representative soil samples and it is expected that the results of the whole investigation when published will furnish one of the most complete surveys undertaken for regulating the scientific development of a large tract like the Irwin Canal area which comes newly under irrigation.

Mycological Section.—The supervision of operation for the control of plant diseases in the field for which remedies have been found and the investigation in the laboratory of diseases for which remedial measures have yet to be discovered formed the work of this Section. The field work was mainly concerned with the control of areca Koleroga, Alternaria blight of potatoes and some of the Coffee diseases.

The scientific investigations carried on during the year related chiefly to diseases of areca other than *koleroga*, Coffee *koleroga*, apple root rot, ragi smut and sandal spike, Government are glad to learn that the public interest in the work of this branch of the Department is increasing as shown by the large number of specimens of different diseases sent by private persons for identification and for information regarding the measures to be adopted for remedying them.

Entomological S[illegible]—A number of important problems engaged the attention of this Section in the year under review. A simple method of rearing on a large scale an egg parasite of various serious moth borers has been devised and experiments for testing the result of liberating these parasites in fields just before the borers attack crops will be undertaken to see how far this means will prove effective as a measure of insect control. Further work for ascertaining the extent, if any, of infestation on the estates in the State by the Coffee-berry Borer, *Stephano-dores-hampei*, was continued and the progress of this investigation for arriving at a definite conclusion as to whether this pest is there or not awaits identification of specimens sent to Europe. A Wood-tar distillate manufactured by the Bhadravati Iron Works has been found to be effective in killing the eggs and young larvae of the white coffee stem borer which is the most serious insect pest of coffee in the State. An important line of new work started in the year is the investigation of the insecticidal value of various plants growing in the forests which furnish fish poisons. It has been found that some of these plants are effective as larvicides and as spraying meterial against plant lice and it is probable that they might also be useful as sheep dips and experiments in this promising field for isolating the active principle or principles of these fish poisons are in progress.

Seed Distribution Section.—The work of this section consists in the organisation of measures for the multiplication and distribution of improved strains and the operations during the year were confined chiefly to the supply of ragi, paddy, cotton and sugar-cane seed. It is satisfactory to note that the distribution of seed is being carried out largely through the co-operation of Village Panchayets and Co-operative Societies. It is of the highest importance as observed by the Director that steps should be taken to ensure that the full benefit of new varieties of seeds evolved for giving higher yields is obtained by the raiyats and Government are glad to note that the work of keeping a continuous stream of pure seed flowing from the Government Farms to the raiyats' fields is receiving the increasing attention of the Department.

Plant Breeding.—The operations of the Botanical Section have been considerably expanded and it is now carrying out breeding work on coffee, pepper, hain ragi, kar ragi, paddy, sugar-cane, cotton, jola, groundnuts and potatoes. Results of value have been reached in the case of most of these crops and investigations for evolving still higher yielding varieties are being continued. Preliminary work on two more crops, namely castor and cocoanuts has been started. The sugar-cane seedling sections developed by the Department are rapidly replacing the old cane varieties in most of the sugar-cane areas. A large area will soon come under sugar-cane in the Irwin Canal and this crop will accordingly assume even more importance than now and one of the main functions of the new farm in that area will be the testing and multiplication of the highest yielding varieties already evolved for supply of their seed to the raiyats there. Date groves are well suited for growing cocoanut and the breeding work on it is of great importance as the evolution of a high yielding variety will help to bring released areas of these groves under this valuable commercial crop. It is reported that Soy beans grown from seed brought by Dr. Coleman from Java have come up well and it is to be hoped that the attempts of cultivating this crop which has both food and oil value will prove successful.

Experimental Farms.—It is reported that the work of selection of high yielding pepper vines has made satisfactory progress on the Marthur Farm and that the distribution of cuttings to growers will be commenced from the current year. The Robusta Coffee appears from experiments carried out on this Farm to be suitable to the conditions in the Shimoga Malnad where the Arabica does not do well. The work at the Coffee Experimental Station at Balehonnur made satisfactory progress during the year. The main object of this station is to evolve a coffee variety which, while retaining the quality for which the Mysore Arabica, is famous will be resistant to diseases. Extensive breeding operations will be carried out to achieve this object and the work of bringing together on this Farm all the different species and varieties of coffee is accordingly in progress and it is expected that by the close of this year the Station will have almost all the commercially important species and varieties together with quite a number of selections from most of them. Breeding work on cardamom has also been started on this Farm. The establishment of a large farm comprising 600 acres of land in the Irwin Canal area was sanctioned during the year to deal with the many important problems connected with the agricultural development of this tract. One of the main objects of this farm is to supply large quantities of seed of the most prolific varieties of crops suited to the area.

Agricultural Engineering.—The supply of an efficient plough designed to suit local conditions and made available to the raiyats at as low a price as possible is one of the essential requisites for improving agriculture and it is satisfactory to note that the Department of Agriculture has with the co-operation of the Department of Industries and Commerce arranged for the manufacture in the Central Industrial Workshop of a new type of plough, that one hundred ploughs of this type have already been made and found to be satisfactory and that they cost 25 per cent less than the ploughs which they are intended to replace. This is a work of great importance and should receive continuous attention for making and improving the efficiency of the plough and reducing its cost still further.

Demonstration and Propaganda.—The prevailing economic conditions adversely affected the work of demonstration and propaganda. While the distribution of improved seed considerably increased, the sales of implements and Commercial fertilisers declined heavily owing chiefly to the slump in prices. The number of Co-operative Societies engaged in the sale of implements, seeds and manures remained the same as in the previous year but the volume of business transacted by them showed a perceptable reduction; on the other hand, the number of Village Panchayets which evinced interest in agricultural work showed a marked increase. As many as 716 Panchayets against half that number in the previous year participated in propaganda work by purchasing and demonstrating improved implements and assisting in the distribution of certified seed ragi. Government are glad to learn that most of the District Boards made special grants for agricultural demonstrations.

Agricultural Education.—All the four Agricultural Schools at Hebbal, Chikkanhalli, Hassan, and Ramakrishnapur are growing in popularity. The School at Hebbal had 72 students in the year, the highest on record and a number of applications for admission had to be rejected for lack of accommodation. The increasing demand for

100

agricultural education and the practical interest shown by the District Boards in affording financial assistance to the schools in their jurisdictions are very gratifying features. The Director states that it is proposed to lease out blocks of land belonging to the School at Ramakrishnapur to the passed students of the several Agricultural Schools and provide them with inexpensive buildings for the accommodation of themselves and their Live Stock with a view to give them the chance of working for a period of from three to five years as tenants under the supervision of the School staff. This appears to be an excellent arrangement for giving the young men practical experience of farming under business conditions and Government will await with interest the results of working of this experiment.

Live Stock.—The Cattle Breeding Farm at Ajjampur which is the Central Station for carrying out all work relating to the improvement of cattle in the State, made satisfactory progress in the year under review. Due to additions made from the Amrut Mahal Department and to births on the Farm the stock increased to nearly 700. It is reported that two experiments were started during the year namely (1) the use of selected Hallikar bulls from the best breeding area of the State for heading a herd of 200 cows on the Farm, the object being to compare their progeny with those of Amrut Mahal Stud Bulls; (2) the selection of two dozen calves for special feeding during the first year with a view to see if the young stock will show under this arrangement better growth and conformation. The results of these experiments will be watched with interest. An important feature of sheep improvement work is the breeding of double crosses undertaken with the object of ascertaining the possibility of a stable breed combining some of the good qualities of the merino with the hardiness of the country sheep. This experiment is reported to have given encouraging results as the progeny of these crosses show a gratifying uniformity. Government are glad to learn that the Kolar Sheep Breeding Association continues to do good work and that the Kolar District Board is showing considerable interest in the work of this Association.

Oil Cake Advances.—The outstandings under these advances are heavy and prompt action should be taken for their recovery. It is stated that most of these cases are pending with the Revenue Department. The attention of the Deputy Commissioners concerned is invited to this matter and they are requested to arrange for early realisation.

Conclusion.—The report is a record of progress in spite of several adverse factors. All branches of activity of the Department have maintained their high standard of efficiency and Government desire to express their appreciation of the administration of the Department by Dr. Coleman.

GENERAL SECRETARIAT.

Bureau of Sanitary Engineering to control over Water Supply.

READ—

Paragraph 8 of the Government Order No. G. 7367-87—Sany. 31-29-9, dated the 18th December 1929, sanctioning a provisional budget for the Bureau of Sanitary Engineering and reserving for consideration the question of the staff to be transferred from the Public Works Department to the Bureau of Sanitary Engineering.

2. Government Order No. G. 14053-108—Sany. 31-29-29, dated the 31st May 1930, dealing with the duties of the Bureau of Sanitary Engineering, staff and budget to be transferred from the Public Works Department, and new staff and budget of the Bureau for 1930-31 and subsequent years.

3. Government Order No. G. 879-87—4787-95, dated 27th September 1930. authorising transfer of establishment and budget of the Sanitary and Town Planning Division from the Public Works Department to the Bureau of Sanitary Engineering.

4. Note received from Dr. W. C. Sweet about the transfer of the water supply works and projects to the Bureau of Sanitary Engineering.

ORDER No. G. 7496-519—P. H. 69-31-5, DATED 19TH MARCH 1932.

In accordance with Government Order No. G. 14053-108—Sany. 31-29-29, dated 31st May 1930 read above, the Bureau of Sanitary Engineering has been functioning mainly as an advisory agency for preparing plans and projects for water supply, town planning, etc., leaving the actual execution of sanitary works to the Public Works Department or local bodies as the case may be.

2. The Rockefeller Foundation Sanitary Engineer has more than once brought to the notice of Government that there is much overlapping at present in the execution of water supply works by the different departments without any consultation amongst one another and he has urged the desirability of transferring the entire control over the works with the provision therefor to the Bureau.

3. On a careful consideration of the matter, Government have come to the conclusion that the entire control over water supply may be vested in the Bureau of Sanitary Engineering except the Bangalore Water Supply which has for some time to remain under the Chief Engineer. They are accordingly pleased to direct that:—

(1) All executive control over the staff mentioned in the 3rd column of the statement appended hereto together with the budget of the Water Supply Division relating to this staff be transferred forthwith from the Public Works Department to the Bureau of Sanitary Engineering.

(2) The Well-Boring Section may continue to be attached to the Industries and Commerce Department. The work of putting down bore-holes for drinking water supply should be done by the well-boring staff in strict accordance with the instructions issued by the Bureau of Sanitary Engineering with whom all initiative in the matter will lie. The Industries and Commerce Department shall have no relations in regard to such works with any authorities other than the Bureau of the Sanitary Engineering.

(3) The provision for water supply works during the rest of the current year will continue to be in the Public Works Department but will be operated upon by the Bureau of Sanitary Engineering. During the next year all grants for Public Improvements under the following heads will be operated upon under the orders of the Sanitary Engineer:—

(1) Improvement of water supply in towns.
(2) Improvement of towns and minor Municipalities.
(3) Rural reconstruction.
(4) Drinking water wells in villages.

The Bangalore Water Supply will, for the present, continue under the Public Works Department.

(4) The Executive Engineer, Water Supply Division, will continue to exercise all the powers that he has now as Executive Engineer of the Public Works Department.

(5) The Officers and the establishment to be transferred to the Sanitary Bureau will be continued to be borne on the Public Works Department lists as at present but their services will be treated as seconded as long as they are under the control of Sanitary Bureau.

(6) The existing rules in the Public Works Department governing the procedure for carrying out works should be followed.

(7) All proposals for water supply costing Rs. 30,000 and above should be subject to the scrutiny and approval of the Central Health Committee, in accordance with Rule 3 of the Rules issued with Government Order No. 748-816—P. H. 87-30-2, dated 24—27th July 1931.

BANGALORE, THURSDAY, APRIL 7, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Administration of Co-operative Societies in Mysore.

READ—

Letter No. 3608—C. S., dated 28th November 1931, from the Registrar of Co-operative Societies in Mysore, submitting a report on the working of Co-operative Societies in Mysore, for the year ended 30th June 1931.

ORDER No. D. 4892-4904—C. S. 55-31-3, DATED 29TH—31ST MARCH 1932.

Recorded.

Administration.—Mr. K. H. Ramayya was in charge of the Department during the year except for a month in January 1931, when he went on privilege leave, and Mr. E. V. Ganapathi Iyer, Deputy Registrar, was in charge of the Office of Registrar.

The appointment of Deputy Registrar sanctioned in April 1929 for a period of two years in connection with the establishment of the Land Mortgage Bank was made permanent, and the Deputy Registrar was appointed Personal Assistant to the Registrar and invested with certain powers of audit and inspection of Co-operative Societies.

The number of Co-operative circles was increased from 39 to 42 during the year and 3 additional Inspectors were appointed. As a measure of retrenchment the posts of two Assistant Registrars, of two Sub-Assistant Registrars, of five Inspectors and of a Magic Lantern Lecturer were abolished.

General Progress.—The number of societies rose from 2102 in 1929-30 to 2213 during the year of report with an increase of membership by 11,124. The working

capital increased from Rs. 1·69 crores to Rs. 1·89 crores and the paid-up share capital from Rs. 47·13 lakhs to Rs. 48·88 lakhs. The average working capital per member was Rs. 138·31 against Rs. 133·8 in the previous year. The increased turnover over the level reached in the previous year was a crore of rupees against less than half a crore in the previous year and the larger volume of business transacted in the year under report indicates the service rendered by the co-operative institutions during a period of economic depression. The net profits fell from Rs. 6·15 lakhs to Rs. 5·25 lakhs due chiefly to the non-realisation of interest on outstanding loans. The reserve fund increased from 21·32 lakhs to 22·78 lakhs, and it constitutes 46·6 per cent of the paid-up share capital and 12·04 per cent of working capital.

The total amount of deposits held at the end of the year was Rs. 85·74 lakhs against Rs. 73·11 lakhs in the previous year, which works out to Rs. 62·3 per head of membership against Rs. 57·8 in the previous year. The deposits and withdrawals during the year were both much larger than in the previous year.

Loans.—The total amount of loans issued to individual members during the year under review was Rs. 118·56 lakhs against Rs. 96·15 lakhs during the year previous. Out of this amount, a sum of Rs. 43·18 lakhs was issued for productive purposes such as cultivation and land improvement, Rs. 18·87 lakhs for redemption of prior debts, Rs. 32·64 lakhs for the purchase of necessaries of life Rs. 8·12 lakhs for construction of houses and repairs and Rs. 15·74 lakhs for other purposes. A sum of Rs. 129 lakhs fell due under loans to societies in the year, and of this, a sum of Rs. 92·47 lakhs was recovered during the year. The total amount of loans outstanding against the members of all Co-operative Institutions at the end of the year was Rs. 135·75 lakhs. Loans overdue amounted to 26·9 per cent of the total outstandings. The rate of interest on deposits ranged from $3\frac{1}{8}$ per cent to 7 per cent as in the previous year and the average interest charged on loans varied from 8 to 10 per cent while the rate charged on overdue amounts was not generally more than 12 per cent.

The rates of interest charged by some Banking Institutions, *e.g.*, the Apex Bank and the Bangalore Central Co-operative Bank are rather high, and the Registrar is requested to address the managing bodies of these institutions with a view to the reduction of the rates.

CENTRAL BANKS.

Central Societies.—The working capital of the 16 Central Societies increased from Rs. 46·98 lakhs to Rs. 54·63 lakhs during the year. The total membership, however, fell from 3235 to 3187 and the fall is attributed to the transfer of shares held by individuals in the Land Mortgage Bank, to the affiliated Primary Land Mortgage Societies in the Taluks to which the operations of the Bank have been extended.

Apex Bank.—In the Provincial Co-operative Apex Bank, the number of individual members fell from 310 in 1930 to 295 in 1931, while that of the Society members increased from 863 to 922. The paid-up share capital of the institution rose from Rs. 2,02,973 to Rs. 2,09,558. A sum of Rs. 29,13,695 was held as deposits in the Bank against Rs. 24,97,103 at the end of the previous year which is satisfactory considering the prevailing conditions. The loans disbursed by the Bank to the affiliated societies amounted to Rs. 7,71,091 against Rs. 8,61,670 in the year previous. The loans outstanding against the affiliated societies at the end of the year was Rs. 26,36,640. The Bank issued short term loans to the extent of Rs. 15,345 to 27 societies for stocking for sale, improved agricultural implements, manures, seeds, etc., and Rs. 50,000 to four Agricultural Societies as produce loans, and granted accommodation to three House Building Societies to the extent of Rs. 31,000. Out of the loans to the extent of Rs. 6,69,355 that fell due during the year, a sum of Rs. 2,65,307 only was recovered. The balance is very heavy and unless energetic measures are adopted to reduce the arrears, the usefulness of this institution will be impaired. The Bank had at the end of the year a reserve fund of Rs. 1,03,029 against Rs. 82,012 at the end of the previous year.

The Bangalore Central Co-operative Bank.—This Bank has a membership of 60 societies and 868 individuals on 30th June 1931, against 68 and 823 respectively on the last day of the previous year. Eight societies discharged their liabilities to the Bank in full and got themselves disaffiliated. The Bank held deposits amounting to

Rs. 11·63 lakhs against Rs. 11·40 lakhs at the end of 1929-30 and it had a reserve fund of Rs. 1,72,556 at the end of the year. The demand for the year under loans was Rs. 4,97,696 of which a sum of Rs. 1,73,412 only was recovered. The balance outstanding in the case of this Bank also is very heavy and calls for vigorous measures for its recovery.

District Central Banks.—The Mysore District Central Bank is winding up its transactions with societies and enlarging its dealings with individual members. The other four District Central Banks have transacted very little business. The recommendations of the Registrar in regard to the appointment of a Committee to go into the whole question of the working of these banks are awaited, and should be expedited.

PRIMARY SOCIETIES.

Agricultural.—Government are glad to note that the number of Agricultural Societies increased by 91 and their membership by 4,190, the total working capital having risen from Rs. 45,90,929 in 1929-30 to Rs. 50,38,727 in 1930-31.

Among the non-credit Agricultural Societies are the Cotton Societies, of which that at Mardihalli, Hiriyur Taluk, Chitaldrug District, is reported to be working very satisfactorily. The two Cardamom Societies at Achanahalli in the Saklespur Taluk and at Mudgere are working well and also the two Areca Societies in the Kadur District. There are 49 agricultural supply societies which are stated to be doing satisfactory work. The distribution of seeds of improved strains of ragi and of agricultural appliances was undertaken by some of the Credit Societies. It is reported that many of the grain banks are not functioning properly and it is necessary that the Registrar should examine the causes for this position and suggest remedies.

(ii) *Non-Agricultural Societies.*—There were 419 non-agricultural societies at the close of the year, with a membership of 64,323 and a total working capital of Rs. 84,30,690. They had a paid-up share capital of Rs. 29,67,406 and held deposits to the extent of Rs. 37,40,387 and their reserve fund was Rs. 11,58,810. It is satisfactory to note that barring a few of these Societies such as Sericultural and other Artisan Societies, the rest are financially sound and are efficiently managed.

Stores Societies.—There were 88 co-operative stores societies with a membership of 13,270 and a total working capital of Rs. 13,56,485. They purchased provisions and clothing of the total value of Rs. 11;83,528 and effected sales to the extent of Rs. 11,71,555 during the year.

Industrial Co-operation.—As in last year, there were 22 Sericultural Societies. They had a membership of 415 and a paid-up share capital of Rs. 2,803. They supplied 3,32,906 disease-free layings to their members during the year. The Sandalwood Carvers' Societies at Sagar and Sorab manufactured sandalwood articles of the total value of Rs. 5,733 and effected sales to the extent of Rs. 3,734. The Cart Makers' Society at Hunsur had a membership of 78 and a working capital of Rs. 8,640. The Malvalli Cobblers' Society had a membership of 49 and a working capital of Rs. 1,508. This society got an order from the Stores Purchase Committee for the supply of 2,000 pairs of sandals required by the Mysore Police Department and executed the same promptly. It received an advance of Rs. 1,000 from State Funds to facilitate its working. They were 73 Weavers' Societies with a membership of 2334 and a paid-up share capital of Rs. 73,845. The reserve fund built up by them amounted to Rs. 48,859. Their total turnover during the year amounted to Rs. 6,98,543. Government note with satisfaction that these Industrial Societies are doing useful work and have proved to be of great help to their members.

House-Building Societies.—There were 35 Societies for granting loans for the construction and improvement of houses. These societies had a membership of 2315 and a working capital of Rs. 4,90,872 and issued loans to the extent of Rs. 1,17,150.

It is stated that the operations of these societies are hampered by insufficient finance and the high rate interest they have to pay on sums borrowed. It is desirable that these difficulties should be reduced as far as possible but no material change in this respect can be looked for until there is an improvement in general economic position.

Depressed Classes Societies.—At the end of the year there were 280 Depressed Classes Societies. They had a membership of 6221 and a paid-up share capital of

Rs. 42,318. The total amount advanced up to 30th June 1931 out of the funds placed at the disposal of the Department for financing these Societies was Rs. 42,720. These advances are free of interest for the first two years and carry 5 per cent interest thereafter. The steady progress in the working of these Societies is a matter for satisfaction.

Co-operation in Malnad.—There were 384 societies in the Malnad at the end of year with a membership of 18,925 and a paid-up share capital of Rs. 6,66,173 as against 364 societies with a membership of 18,882 and a paid-up share capital of Rs. 6,64,209 in 1929-30. The deposits held by them amounted to Rs. 3,30,815 and the reserve funds to Rs. 3,08,716 as against Rs. 3,26,815 and Rs. 2,98,820 respectively in the year previous. The progress of these societies, though slow, is steady.

Other Special Societies.—The Co-operative Societies started in certain centres for the exclusive benefit of women are reported to be working satisfactorily. Government are glad to note the good work done by the marginally noted institutions and hope more societies of this nature will be formed.

1. The Mysore Arya Bhaginiyara Paraspara Sahaya Sangha.
2. The Kolar Ladies Co-operative Society.
3. The Shankarpur Ladies Co-operative Society.

Students' Societies, numbering 19 chiefly attached to educational institutions are also reported to be doing good work.

Land Mortgage Bank.—There was a fall in membership from 660 in 1929-30 to 521 in the year under review. The fall is reported to be due to the transfer of individual members residing within the jurisdiction of the primary Land Mortgage Societies to such Societies. The paid-up share capital of the Bank on 30th June 1931 was Rs. 37,723. The Bank obtained by issue or debentures Rs. 2,32,700 including the Government contribution of Rs. one lakh. The working expenses of the Bank up to the end of June 1931 amounted to Rs. 20,920 and the whole of this expenditure was borne by Government. During the year, the Bank sanctioned loans to the extent of Rs. 88,050 in 32 cases directly and of Rs. 12,050 in 11 cases, through the Primary Land Mortgage Societies. The operations of the Bank now extend to the eight Taluks of Tumkur, Sagar, Koppa, Manjarabad, Kunigal, Shimoga, Chikmagalur and Hassan and to the two Sub-Taluks of Narasimharajpura and Alur.

Land Mortgage Societies.—At the end of the year, there were 12 primary Land Mortgage Societies affiliated to the Land Mortgage Bank and ten of them had started work. They had a membership of 448 and a paid-up share capital of Rs. 17,412. They received 354 loan applications from their members, of which 18 were fully investigated and forwarded to the Bank for sanction. The Bank sanctioned loans to the extent of Rs. 12,050 in 11 cases.

Litigation.—The total number of suits for disposal during the year was 3715 of which 2250 were disposed of leaving 1465 pending at the close of the year. The pendency of suits is still high and the Registrar is requested to see that there is an early and substantial reduction in their number. Six hundred and seventy-three suits were entertained during the year without court fee stamps as the financial condition of the plaintiff societies would not permit them to pay the stamp fees at the time of institution of the suits. These fees will, however, be recovered as a first charge in the course of execution of the decrees. The stamp revenue realised on account of suits pertaining to co-operative societies amounted to Rs. 9,447-6-0 against Rs. 6,674 in the previous year. There were in all, 6298 decrees for execution during the year of which 1867 decrees were executed leaving a balance of 4431 pending at the close of the year as against 4,121 at the end of 1929-30. The progress of execution is unsatisfactory in all the Districts except Bangalore and particularly bad in the Tumkur and Kolar Districts. The Registrar is requested to examine the causes for this unsatisfactory position and submit a report to Government at an early date.

Audit.—During the year, 81 Societies got their accounts audited by certified auditors and 139 societies by experienced local auditors. The accounts of 1323 spcieties were fully audited and those of 318 societies partly audited by the Inspectors of the Department. The attention of the Registrar is invited to the observations of Government in this respect in the last year's review.

Finance.—The total expenditure on the department of Co-operative Societies amounted to Rs. 1,65,843 against Rs. 1,61,859 in 1929-30. The Societies themselves spent Rs. 1,57,839 for their management against Rs. 1,81,035 in the preceding year.

Amendment of Rules.—Rule No. 18 of the Rules under the Mysore Co-operative Societies Regulation was amended during the year so as to restrict the rate of dividend payable on the share capital of societies to a maximum of $7\frac{1}{2}$ per cent per annum.

Civic and Social Activities.—Eighty-one societies are maintaining free Reading Rooms for the benefit of their members and the general public, and several societies made contribution from their profits for the promotion of charitable or other public purposes.

General.—There were three Honorary Organisers and 31 Honorary Supervisors of Co-operative Societies working at the end of the year. The 17th Mysore Co-operative Conference was held during September 1930 at Mysore, under the auspices of the Co-operative Propagandist Institute. It was opened by the Officiating Dewan who presented Shields and Certificates to the successful societies. The Bangalore City Co-operative Society and the Basavangudi Co-operative Society celebrated their Silver Jubilees during the year.

The working of the Department was on the whole satisfactory. The thanks of Government are due to *Rajasabhabhushana* Mr. K. R. Srinivasa Iyengar, President of the Land Mortgage Bank, for the valuable services rendered by him in the organisation and working of the institution and all the non-official gentlemen who have so cordially co-operated with the Department in the development of the Co-operative Movement.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Admission into IV Form of candidates who have passed the Lower Secondary Examination and Sanskrit Kavya Examination.

READ—

Letter No. E1. 2844-71 of 31-32, dated 22nd January 1932, from the Director of Public Instruction, stating that the marginally noted resolution was passed by the S. S. L. C. Board, at their meeting held on 13th November 1931, in connection with the admission into the IVth Form of candidates, who have passed the Lower Secondary Examination and the Sanskrit Kavya Examination and recommending approval of the same.

"Resolved that Heads of High Schools be permitted to admit into the IV Form, persons who have passed the L. S. Examination and the Bangalore Sanskrit Kavya Examination obtaining in the English group of papers 40% or more marks."

ORDER NO. E. 3541—EDN. 272-31-2, DATED 9TH MARCH 1932.

Approved.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Public Instruction in Mysore.

READ—

The Report on Public Instruction in Mysore, for the year 1930-31, submitted by the Director of Public Instruction, with his letter No. F. Dis. C. P. R. 12-24 of 1931-32, dated 23rd November 1931.

ORDER NO. E. 3905-64—EDN. 113-31-10, DATED 30TH MARCH 1932.

Recorded.

2. *Direction.*—Mr. N. S. Subba Rao, M.A., (Cantab) Bar-at-Law., was in charge of the Department during the year except for the period from 1st July 1930 to 2nd February 1931, when he was placed on special duty with the Dewan in connection with the Round Table Conference at London. Mr. A. R. Wadia, B.A., (Cantab), Bar-at-Law., Professor, Maharaja's College, Mysore, officiated as Director during this period.

3. *Touring and Inspection.*—Mr. Wadia toured for 80 days and visited 471 offices and institutions and Mr. Subba Rao toured for 28 days and visited 19 offices and institutions and attended 47 meetings. The touring and inspection of the two Deputy Directors of the Mysore and Shimoga Divisions respectively and of the several District Educational Officers were on the whole satisfactory. There is, however, room for improvement in the work of the District Educational Officers of Bangalore, (Mr. S. Srinivasa Rao) and Tumkur (Mr. Md. Davud).

Government are glad to note that the touring and inspection work of the Assistant Inspectors and Inspectresses showed, on the whole, a considerable improvement over the last year. It is, however, unsatisfactory that the Assistant Inspectresses of Urdu Girls' Schools, Bangalore (Sri Leelavathi Bai) and Mysore (Miss M. Yusuf Ali) left 25 and 15 schools respectively, uninspected. In last year's review, Government directed that action should be taken to either resuscitate or close the schools which were not working, but it is observed that there is still a large number of such schools. Action should be taken early to give effect to the directions of Government.

4. *Statistics.*—The total number of educational institutions of all kinds under the control of the Director of Public Instruction and the University and their strength on 31st March 1931, as compared with the corresponding figures for the previous year were as follows:—

		1929-30		1930-31	
		No.	Strength	No.	Strength
Public	Government ..	5727	2,59,713	5345	2,38,860
	Municipal ..	89	9,268	94	11,625
	Aided ..	1380	41,810	1644	53,248
	Unaided ..	6	341	8	829
	Total ..	7202	3,11,132	7091	3,04,562
Private ..		1156	18,796	1224	18,484
	Grand Total ..	8358	3,29,928	8315	3,23,046

There was thus a decrease of 43 institutions and 6,882 scholars, which was chiefly due to the amalgamation of certain Primary Schools and the abolition of many incomplete Middle and Adult Night Schools.

The percentage of boys and girls at school to the population of school-going age, calculated at 15 per cent of the total population according to the census of 1931, was 36·75, that of boys only to the male population of school-going age, 58·05 and that of girls only to the similar female population 14·62. The respective figures for the

previous year were 38·39, 61·95 and 14·83. The average daily attendance was 75·89 per cent of the average monthly number on the rolls, against 75·46 in the year previous.

On an average, there was one school for every 3·54 square miles of area and 704 persons of the total population, and one out of every 2·9 of the population of school-going age was under instruction. The percentage of boys under instruction to the total male population was 8·7, that of girls to the total female population 2·12 and that of both boys and girls to the total pupulation 5·51. The respective figures for the previous year were 8·9, 2·22 and 5·63.

5. The total expenditure, both direct and indirect, on public instruction met from the several sources noted on the margin, was Rs. 69,08,448 or Rs. 98,156 more than in 1929-30. Of this, a sum of Rs. 10,60,676 was spent on the University.

		Rs.		
1.	State Funds ...	56,10,962	or	81·2 per cent.
2.	Local Funds ...	5,89,999	or	8·5 ,,
3.	Municipal Funds ...	1,41,159	or	2·1 ,,
4.	Fees	4,76,600	or	6·9 ,,
5.	Other sources (mainly contributions from aided agencies.)	89,728	or	1·3 ,,
	Total ...	69,08,448	or	100 per cent.

Government observe that there is a fall in the Education Cess Collections of certain Districts as shown on the margin. The Director is requested to report the reason for this.

District	Estimated annual income	Collections during 1930-31
	Rs.	Rs.
1. Bangalore	90,000	55,400
2. Mysore	1,10,000	1,04,400
3. Kadur	47,000	29,900
4. Shimoga	66,000	51,000
5. Chitaldrug	60,000	47,000

The total expenditure may be classified as follows:—

	Rs.
Direct—Government Institutions. (Including also indirect expenditure of Rs. 3,38,147 on buildings and furniture).	49,[illegible]138
Aided	5,56,774
Municipal Schools	1,50,609
Total ..	56,68,521
Indirect—General (direction, inspection, scholarships, etc.)	12,39,927
Grand Total ..	69,08,448

From the statement furnished in the Report, it is observed that a large number of building grants sanctioned long ago to certain aided hostels and other institutions have not yet been worked out. Government would like to know the reason for this and why the sanction should not be cancelled.

The direct expenditure amounting to Rs. 53,30,374 represents approximately 77·4 per cent of the total and this was spent on the following grades of education:—

		Rs.		Per cent.
1.	University	9,43,676	or	13·7
2.	Oriental Colleges (not forming part of the University.)	49,317	or	0·7
3.	Training Institutions ..	2,29,835	or	3·2
4.	High Schools	6,99,407	or	10·1
5.	Middle Schools	10,11,892	or	14·6
6.	Primary Schools	20,68,173	or	29·9
7.	Technical Institutions ..	3,28,074	or	5·2
	Total ..	53,30,374	or	77·4

The average cost of education per head of population was Rs. 1-2-10 against Rs. 1-2-7 in the previous year. Of this, a sum of Re. 0-15-1 was met from State Funds as against Re. 0-15-5 in the previous year.

A large number of local benefactions was as usual made to supply the pressing need for suitable accommodation for schools. The most important of these are the following:—

(1) Mr. K. N. Guruswamy, Contractor, Bangalore, constructed a building worth Rs. 2,500 at Arudi, Dodballapur Taluk.

(2) The Patel of Naddur, Sira Taluk, donated a building worth Rs. 2,000 for the Aided Primary School at the place.

(3) Mr. Kempanna of Lalenahalli, Yedatore Taluk, constructed a building at a cost of Rs. 1,500 and the Village Panchayet of Halayur in the same Taluk constructed one costing Rs. 4,000.

(4) Sahukar Settara Siddappa of Ajjampur, constructed a building for the Middle School at Ajjampur at a cost of Rs. 4,000.

6. *Secondary Education of Boys.*—Though the number of High Schools for boys rose from 28 to 29 on account of the opening of a Municipal High School at Bowringpet, their total strength fell from 6,549 to 6,528. Of the 29 High Schools, 17 were Government and 12 Aided.

The High Schools were generally maintained in a satisfactory condition, but in a great majority of them the results of the S.S.L.C., Examination were poorer than those of the year previous, especially in the High Schools of Malleswaram, Chickballapur, Nanjangud, Hassan and Davangere. The Director is requested to enquire into the causes of this decline and take steps to improve the position.

Government are glad to note that the Municipal High Schools continue to show good progress, those at Bowringpet and Sagar having secured excellent results in the S. S. L. C., Examination. Early steps should be taken to see that these are housed in suitable buildings.

The extra-curricular activities of the High Schools made good progress. Much attention was paid to sports, physical culture and scouting and some of the schools successfully maintained school unions, literary and debating societies. A few also published their own magazines. Co-operation was enlisted by the establishment of teachers' and parents' association and the experiment of having school panchayets under which the boys are entrusted with certain powers in respect of school discipline, was tried in the London Mission, the Wesleyan Mission and the National High Schools with considerable success. The London Mission High School had also a Court of Honour. Government note with satisfaction that aided institutions are given freedom to develop on new lines such as these.

Another experiment which is calculated to develop the students' sense of responsibility is the Dalton plan of teaching, which was introduced in a few sections of the IV and V Forms of the Maharaja's High School in 1929-30. This scheme was extended to the VI Form during the year under report and promises to be a great success. It is reported that the experiment was conducted in all the compulsory subjects, except the second languages and that in the class examinations, the students who worked under this plan showed a decided superiority over the other students. The Head-master of the High School was deputed to Madras to study the system and many improvements were effected in its working.

The experiment of holding only one session of the classes in the morning is being tried in the Nanjangud and the National High Schools, but the results, it is said, do not show signs of promise. This may be discontinued from next year.

The total number of candidates registered for the S.S.L.C., Public Examination of 1931 was 2,781 of whom 2,436 were ordinary candidates and 345 passed candidates seeking supplementary certificates for admission to the University or to special groups in the Intermediate Class. Out of the 2,436 ordinary candidates registered, 2,394 were examined and 1,468 declared passed, the percentage of passes being 61 compared with 60 in the previous year. Out of the candidates declared passed, 788 were declared eligible for admission to the College Course of study by the University of Mysore, the percentage being 54 against 43 in the year previous. Of the 345 candidates registered for supplementary certificates, 195 were declared eligible for the College

course giving a percentage of 56·5 against 33 per cent of candidates who appeared for the first time. Out of 221 private candidates examined, only 22 or 10 per cent passed, against 18 per cent in 1930. This is very poor.

The results of the Vernacular Upper Secondary Examination were poorer than in the year previous. Only 69 out of 209 candidates having passed, giving a percentage of 33 against 38 in 1930.

7. *Middle School Education of Boys.*—The number of Middle Schools for boys rose from 259 to 284 and their strength from 25,970 to 28,633. Of the 284 schools 256 were Government 25 Aided and 3 Unaided institutions. The pay of the Practical Instruction teachers was raised from Rs. 25 to 35 per mensem during the year.

It is reported that the large increase in the number and strength of these schools is the outcome of a persistent demand from the people for Middle School education, and that unless adequate accommodation and staff are provided, their efficiency will be impaired. The Director is requested to examine the question and submit suitable proposals for improving the position as far as funds permit.

The number and strength of the Incomplete Middle Schools were 162 and 3,463 respectively against 271 and 5,537 in the year previous. This reduction is the result of the policy of abolishing this type of school which is being steadily followed.

The percentage of passes in the Middle School and Lower Secondary Examinations was 34·6 and 29·5 respectively against 35·1 and 24·1 in 1930.

8. *Practical Instruction.*—The number of practical instruction classes rose from 87 to 96, of which 85 were in boys' and 11 in girls' schools. Fifty-six of these classes were maintained entirely from State Funds. Government are glad to note that the raiyat population continue to evince great interest in agricultural education for which there is a steadily increasing demand. Financial considerations, however, preclude a more rapid progress. The Director also states that among the other causes which are hampering development in this direction, is the reluctance of trained teachers to take up the work for lack of good prospects. Proposals to improve the position will be duly considered by Government as far as funds permit.

One hundred and eighty-one candidates offered practial instruction subjects (excluding Agriculture) for the Middle School Examination. For agriculture, there were nearly 100 candidates. Many of the classes which sent exhibits to the Educational Exhibition held at Benares in December 1930, under the auspices of the First All Asia Educational Conference, were awared certificates of merit and the exhibits were on the whole considered to be of a high standard.

The Director is requested to examine the whole scheme of practical instruction as early as possible, with a view to see how far it has helped in giving a vocational bias to Education.

9. *Primary Education.*—The number of Primary Schools for boys on 31st March 1931, was 5,857 with a strength of 2,22,816 (including 25,980 girls) against 5,875 schools with a strength of 2,30,296 (including 27,162 girls) in 1929-30. The decrease is said to be mainly due to the amalgamation of many schools and the abolition of several adult Night Schools. Of the 5,857 schools 4,356 were Government, 60 Municipal, 1,440 Aided and one was Unaided. In addition, there were 1,224 village indigenous schools (*i. e.*, schools neither recognised by nor receiving any grant from Government) with a strength of 18,484 pupils (including 1,968 girls) against 1,156 schools with a strength of 18,796 (including 1,810 girls in the previous year).

The percentage of boys in the Primary Classes to the total male population of school-going age (taken as 15 per cent of the total population) was 49·75 against 51·4 in the year previous. The percentage of pupils in the first year primary class to the total strength was 54·57 compared with 57·11 in the year previous. There has therefore been some decrease in the incidence of wastage, but the figure is still high. It is stated that unless a better type of teachers is recruited and their prospects improved, it is not possible materially to improve the position. With a view to increasing the efficiency of Primary Education, the scheme of consolidation and centralisation of schools suggested by the Deputy Director of Public Instruction of Shimoga may be elaborated and referred to the Local Education authorities. In giving effect to such a scheme, it is desirable that the central schools should be of the six-year Vernacular Middle School type and should be fed by Branch Schools which may have only the 1st two primary classes.

As the condition of the Adult Night Schools continued to be unsatisfactory, many of them were abolished.

The Elementary Education Regulation of 1930, was brought into force during the year and arrangements were made for the transfer of control over primary education to local bodies.

10. *Special Institutions.*—The number of Training Institutions on 31st March 1931 was 14 (12 Government and two Aided) as in the previous year. In June 1931, however, the District Normal School at Kolar was abolished, as it was found to be unnecessary owing to the paucity of students. The results of the Lower Secondary Training Examination were, as usual poor. The Director attributes this partly to the poor material and partly to the course, and states that proposals for the revision of the latter will be submitted early so as to obviate the great wastage. These proposals are awaited. In the higher grades the results were better. Owing to financial stringency, the training of graduate teachers and inspecting officers for the B. T. Degree of the Mysore University had to be temporarily suspended.

The work of the School of Engineering continued to be satisfactory. Out of 100 candidates who appeared for the Technical Board Examination in April 1931, 61 passed. In addition to its usual work, the school also conducted the Probationary Revenue Inspector's Class and certain vocational classes for high school students. In October 1930, a draftsman's class was added for the training of efficient draftsmen for the Public Works and other Engineering Departments. Government have it in view to substantially increase the accommodation in this School, to meet the increasing number of applications for admissions.

Of the Commercial Schools, there were two Government, two Aided and one Unaided with a total strength of 551. The working of these schools was on the whole satisfactory. The designation of the Government School at Bangalore in which G. D. A. Classes have been opened, was changed to "The Government Institute of Commerce and Accountancy."

The strength of the Central Institute for Defectives at Mysore was 86 (including 9 girls) against 84 (including 12 girls) in the year previous. Of these, 27 boys and seven girls were deaf mutes, 49 boys and two girls blind pupils and one was a teacher under training in the normal section. Four of the students came from outside the State. In addition to the three R's the deaf pupils were taught weaving, tailoring, knitting or rattan work and the blind ones, music. Physical culture was also attended to. The work of the School during the year was quite satisfactory.

The number and strength of Sanskrit Patasalas was 77 and 1846, including 161 girls against 51 and 1319 including 104 girls respectively in the previous year. As the progress of the schools was not satisfactory, Government passed orders during the year for the systematization of studies in them. It is hoped by this to give an impetus to the study of Sanskrit in the State in future.

11. *Women's Education.*—The number of women's educational institutions of all grades was 624 including two Colleges, six High Schools and two Industrial and three Training Institutions, with a strength of 34,892 (including 464 boys) against 662 with a strength of 34,958 in the year previous. The decrease is due to the amalgamation of certain Girls' Primary Schools with Boys' Schools on the ground of economy. There were 26,682 girls reading in the boys' schools. The percentage of girls at school to the total girl population of school-going age was 14·62 against 14·83 in the year previous. The work of the High Schools was on the whole satisfactory, though the results of the S. S. L. C., Examination were not as good as in the previous year, the percentage of passes being only 55·7 against 66·2 in 1930. The results of the Upper Secondary Examination of the Kannada High School attached to the Women's Training College at Mysore were very poor. In January 1931, a class in Domestic Science was opened in the Vani Vilas Institute on an experimental basis by Miss L. D'Souza who has specialised in that subject in England. This is an important development and its progress will be watched with interest.

There were 28 Middle and 45 Incomplete Middle Schools for girls with a strength of 1,860 and 676 respectively. The percentage of passes in the Middle School and Lower Secondary Examinations was 41·4 and 23·6 respectively against 39 and 30·2 in the year previous.

As regards Primary Schools for girls, there were 538 with a strength of 31,443 against 580 with a strength of 31,976 in the year previous. The decrease as stated above is due to the amalgamation of some schools with boys' schools. Of the total number of pupils in the primary classes 57·41 per cent were in the first year class against 59·7 in the previous year.

The total direct expenditure on Women's Education was Rs. 6,62,983.

12. *Education of Muslims.*—The number of Urdu Schools both for boys and girls was 963 with a strength of 35,956 against 965 with a strength of 37,138 in the previous year. There were also 6,588 Muslims studying in other schools, making a total of 42,544 Muslim pupils (29,312 boys and 13,232 girls) under instruction. A sum of Rs. 7,033 was spent in the award of scholarships to Muslim students. In order to encourage Muslim girls to take to higher education, Government sanctioned the grant of a special scholarship of Rs. 30 per mensem to a Muslim lady studying in the Mysore University. They also sanctioned a grant towards boarding charges in the Urdu Girls' Boarding Home, Bangalore, in order to attract Muslim girls from the mofussil. The report of the sub-committee appointed by the Mahomedan Education Advisory Committee for the revision of the Urdu training courses is said to be under the consideration of the Department.

It is reported that the accommodation, equipment, and staff of Urdu Schools still leave much to be desired. As regards accommodation, it is said that even the limited funds made available are allowed to lapse. Government would like to know the reason for this and why this matter cannot be remedied. It is also reported that the general tone and efficiency of these schools is affected by the indifference of the teachers and the lack of a healthy public opinion due to factions in which the teachers join. The boys' schools are, however, said to be better than the girls' as the latter are not open to inspection by men officers and visitors and as the Assistant Inspectresses have too large a charge for effective supervision. To remedy this drawback, the Mahomedan Education Advisory Committee is said to have recommended the appointment of Lady Visitors. The Director is requested to report what action has been taken on this proposal. The absence of teachers of a higher qualification than the Lower Secondary Training is also said to be another defect of these girls' schools. The Director states that efforts to start Upper Secondary Classes for Muslim Lady Teachers have so far been unsuccessful owing to qualified ladies not being available to staff the institutions. Government desire that early steps should be taken to remedy this defect.

The total expenditure incurred by Government on educational institutions specially intended for Muslims was Rs. 5,80,475 against Rs. 5,22,602 in the previous year.

13. *Education of the Backward and the Depressed Classes.*—Special encouragement was given as usual for the education of these classes by the award of scholarships, 3159 scholarships of the total value of Rs. 1,20,530 (excluding Muslim Scholarships already referred to above) having been thus awarded. In addition a sum of Rs. 2,000 was spent in supplying clothing to the girls of the Depressed Classes not awarded scholarships. It is gratifying to note that the amalgamation of the Adikarnataka Schools with the general schools is proceeding steadily and that caste prejudices are getting weaker and weaker. There were 630 separate schools for the Depressed Classes with a strength of 16,717 (including 2,604 girls) against 656 with a strength of 17,090 (including 2,539 girls) in the previous year. The work of the several Adi-karnataka institutions was on the whole satisfactory, though the results of the Middle School Examination were poor. Much attention was paid, as usual, in these institutions to the vocational training of the pupils side by side with their general education.

14. *Text-Books; Publications and Libraries.*—Government sanctioned during the year the appointment of an Urdu Assistant to the Secretary of the Text-Book Committee to deal with matters pertaining to Urdu text-books and other publications. It is reported that arrangements are being made for the early publication of the manuscripts of the set of three books in Kannada on the History, Geography, Royal Family, Industries, etc., referred to in last year's review, and that Urdu translations of the three parts of the Kannada History of India are being printed. The report of the Special Committee appointed to draft the syllabuses in moral instruction including Civics, for the Middle and High School classes, is also said to be under consideration.

Thirty-four books were published by the Department during the year and three Kannada Science manuscripts were printed. A Committee was also appointed to revise all the Kannada Readers.

There were 117 printing presses in the State during the year against 104 in the previous year, and excluding the Mysore Government Gazette and the Police Gazette, 15 newspapers (2 English) and 44 periodicals (17 English) were published against 20 (7 English) and 41 (19 English) in 1929-30.

15. *Scholarships and Endowments.*—The total amount spent on scholarships, excluding those of the University, was Rs. 1,80,402 of which, as stated above, a sum of Rs. 1,27,563 was spent on Muslims and the Backward and the Depressed classes. In addition, a sum of Rs. 14,118 was spent on scholarships and prizes from the proceeds of endowments, against Rs. 11,514-3-0 in the year previous.

16. *Hostels.*—Including the hostels attached to the University, there were 97 students' hostels in the State during the year with a strength of 3,516 against 92 with a strength of 3,188 in the previous year. Of these, 30 were Government, 64 Aided and 3 Unaided hostels.

17. *The Scout Movement.*—This movement continued to make good progress, the number of active members being about 6,310 as against 5,850 in the previous year. These were comprised in 26 Rover Crews, 226 Scout Troops and 56 Cub Packs. The branch headquarters at Mysore were abolished during the year. An All-State Conference of Scout Commissioners was held at Soldevanhalli and a combined rally of both the State and the Civil and Military Station Scout at Bangalore.

18. *Physical Education.*—Training camps were held at Bangalore by the Inspector of Physical Education, at which a number of teachers of the Middle and the Primary Schools were trained in modern methods of physical culture, so that they might organise physical activities in their schools on a proper basis. Similar camps were also held at Mysore for the benefit of the pupil-teachers of the Training College. It is reported that more and more indigenous games are being introduced. Government consider that this is a move in the right direction as such sports are comparatively inexpensive. It is also gratifying to learn that as a result of the physical culture movement, two gymnasiums have been started in Mysore City. Government trust that the progress made in physical education during the year will be steadily maintained.

In this connection, Government regret to observe that a few cases of defalcation and misappropriation of sports and reading-room funds have been recently reported. They therefore consider that more effective arrangements and better supervision are necessary for the proper management and accounting of these funds.

19. *Medical Inspection.*—The Scheme of Medical Inspection of school children worked satisfactorily and was extended to new centres during the year. Arrangements have also been made for the proper treatment of the defects and ailments pointed out by the Inspectors. The statistics given in the report show that a large number of school children suffer from defects and diseases, such as malnutrition, defective teeth and eye troubles, which if not attended to in time will seriously affect their future life. Government, therefore, trust that their orders regarding Medical Inspection and Curative Treatment will be strictly followed.

20. *Conclusion.*—The special feature of the work of the department during the year was the making of arrangements fer bringing the Elementary Education Regulation into operation from 1st July 1931 which entailed considerable extra work and responsibility.

Government wish to record their appreciation of the satisfactory work turned out by the Department during the year under the guidance of the Director Mr. N. S. Subba Rao, and the Officiating Director Mr. A. R. Wadia. Their thanks are also due to the several non-officials who co-operated with the Department and generously supplemented the efforts of Government in the cause of Education.

H. V. RAMASVAMI,
Offg. *Secretary to Government,*

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Stores Purchase Committee as a permanent organization.

READ—

Letter No. S. P. C. 11443, dated 1st February 1932, from the Secretary, Stores Purchase Committee, forwarding an extract from the proceedings of the 56th meeting of the committee held on 26th January 1932, recommending the continuance of the committee as a permanent organization and requesting sanction of Government for the same.

ORDER NO. G. 7947-8000—G. M. 90-31-2, DATED 7TH APRIL 1932.

The Stores Purchase Committee was constituted in November 1923, under the Government Order No. G. 61-120—G. M. 121-23-1, dated 22nd October 1923, as a central agency for the purchase of stores and other requirements of Government Departments. It has been continued from time to time on a temporary footing and the term last sanctioned in Government Order No. G. 12313-4—G. M. 90-28-3, dated 2nd April 1929 expires in June 1932. During the period of over eight years that the committee has been in existence, it has introduced several improvements in the procedure for the purchase of stores tending to secure the best possible terms both as regards prices as well as quality of materials. Experience having thus confirmed the desirability of maintaining the system of centralised purchasing for Government Departments, Government are pleased to direct that the organization of the Stores Purchase Committee be made permanent.

N. MADHAVA RAO,
Chief Secretary to Government.

Statement of Cattle Mortality.

READ—

Letter No. Per. 66 of 1931-32, dated the 19th March 1932, from the Director of Agriculture in Mysore, forwarding the statement of cattle mortality in the State for the half-year ending 31st December 1931, with his review thereon.

(The Director's review and statement are printed as annexures.)

ORDER NO. D. 4975-85—STCS. 19-31-4, DATED 4TH—5TH APRIL 1932.

Recorded.

2. The total mortality of cattle in the State during the half-year shows a decrease of 5 per cent compared to the corresponding period of the previous year, while mortality under contagious diseases alone shows a decrease of 25 per cent. Rinderpest, the disease which was levying the highest toll has declined considerably only 8 per cent of the mortality due to contagious diseases being attributed to this disease during the half-year. The mortality under foot and mouth disease is also the lowest recorded for some years. Effective control measures have to be taken to reduce the mortality under Hæmorrhagic Septicæmia, Anthrax and Black-quarter which together contribute 61 per cent of the total mortality under contagious diseases during the period under review.

Cattle Mortality Returns.—The attention of the Deputy Commissioners is invited to the Director's remarks regarding the collection of cattle mortality returns and Government hope that better progress will be shown in future.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

REVIEW ON THE CATTLE MORTALITY IN THE STATE FOR THE HALF-YEAR ENDING 31ST DECEMBER 1931.

The total mortality in the State during the half-year from all causes—both contagious and non-contagious—shows a decrease of 1757 or 5 per cent compared to the same period during the previous year.

The mortality due to contagious diseases alone shows a decrease of 2569 or 25 per cent of that of the previous year.

Mortality under Rinderpest—the first serious disease condition in the State, and which was causing the highest mortality among the contagious diseases—is the lowest ever experienced up till now, being only 610 or 8 per cent of the total mortality under contagious diseases.

It is satisfactory therefore to note, that the preventive and legislative measures adopted for the large scale campaign of S. S. inoculation against Rinderpest in the State have been fully justified. The serum and virus manufactured locally in our Serum Institute has had a very extensive test for the past six years with very encouraging results, more than 8,00,000 cattle having been protected with negligible mortality among the inoculated,

It is gratifying to note that all the Deputy Commissioners have heartily co-operated with the Department, in enforcing Veterinary Police measures in all places where Rinderpest was prevailing and where there was danger of the disease spreading to the neighbouring villages, by prohibiting the movement of cattle from the affected areas; special mention should be made of the Deputy Commissioners of Mysore and Shimoga.

During the period under review, in eight villages, the rules under Regulation II of 1927 had to be enforced to compel cattle owners to get their animals protected against the disease, and 50 persons were prosecuted for breach of these rules. This had a beneficial influence in the neighbourhood and made it possible for the Department, to protect all the cattle of the villages against the disease.

Twenty-eight thousand three hundred and forty-one S. S. inoculations were performed during the half-year under review.

Although there has been a slight decrease of nearly 7 per cent in the mortality over that of the same period last year, the total mortality under Hæmorrhagic Septicæmia, Anthrax and Black-quarter form 61 per cent of the total mortality under contagious diseases during the period under review. Mortality under Black-quarter is specially noticeable.

Since the Mysore Serum Institute has already commenced the manufacture of Serum and Vaccines for protection against these diseases, it will be possible in future to attend to these diseases more fully than heretofore.

Twenty-four thousand four hundred and forty-five inoculations were performed against these diseases.

The mortality under foot and mouth is the lowest observed for some years.

The mortality under non-contagious diseases shows, during the half-year, an increase of 812 or 3·2 per cent over that of the same period last year, the increased mortality under natural causes being specially noticeable.

Although the receipt of C. M. returns from Patels in Taluk Offices has to a certain extent improved, in some of the taluks it still remains unsatisfactory.

During the period under review the number of C. M. returns received from the Patels of Bangalore, Devanhalli, Mandya, Periyapatna, Hassan, Arkalgud, Saklespur, Belur, Hole-Narsipur, Chitaldrug, Challakere and Kadur, still remained unsatisfactory.

In Belur and Hole-Narsipur no endeavour seems to have been made to collect even 50 per cent of the returns.

In spite of Government Orders and Revenue Commissioner's Circulars a very noticeable slackness has, of late crept in, in some of the districts, in the collection of this important return, which facilitates officers of the Department to adopt measures to deal with outbreaks of contagious diseases.

From the average based on this year's percentage it is observed that Hassan which had been collecting 80 per cent of C. M. returns during the previous years shows a fall of 29 per cent in the collection of returns this year, Chitaldrug and Mysore Districts which show a fall of 17 per cent and 19 per cent.

GENERAL SECRETARIAT.

Teaching of Translation as part of English in the High School Classes.

READ—

Government Order No. 5303-5—Edn. 61-23-57, dated 31st March 1927, approving the syllabuses in the several subjects for the S. S. L. C. Examination.

2. Government Order No. D. 9190-91—Edn. 563-28-6, dated 13th February 1930, approving the revised syllabus in Elementary Science for the S. S. L. C. Examination with a view to give more time for the teaching of General English and English Grammar in the High School Classes.

3. Letter No. El. 645-78 of 31-32, dated 12th February 1932, from the Director of Public Instruction, regarding the introduction of teaching translation as part of English in the High School Classes.

ORDER NO. E. 4046—EDN. 287-31-7, DATED 5TH APRIL 1932.

The Director of Public Instruction reports that the S. S. L. C. Board appointed a Committee to go into the question of the heavy failures in English at the S. S. L. C. Examination and to suggest remedies. This Committee after inviting the opinions and suggestions of the several members of the teaching profession and a few non-official gentlemen, considered the question in all its aspects and furnished the Department with an exhaustive report. The specific recommendations made by the Committee in regard to (1) the introduction of Translation into the present courses of study in English in the High School Classes, and (2) a slight modification in the scope of the different question papers set in English at the S. S. L. C. Public Examination were discussed by the S. S. L. C. Board, who at their meeting held on 13th November 1931, accepted the suggestion of the Committee. The Director has, in view of the resolutions of the S. S. L. C. Board, requested sanction for (1) the introduction of teaching translation as part of English in all the High School Classes by suitable readjustment of subjects under English without increasing the number of periods allotted for the teaching of English at present, and (2) the modification as regards the scope of the question papers in English as noted below:—

AS REVISED.

"There shall be two question papers set in English Language, duration of the 1st and 2nd papers being 2½ hours and 3 hours respectively.

(1) The first paper shall contain questions on the Text-Books for detailed study bearing on the following:—

(i) English Prose. (ii) English Poetry. (iii) English Grammar.

Duration 2½ hours. Maximum marks 50.

(2) The second paper shall consist of questions bearing on the following:—

(i) English Composition based on the prescribed book. (ii) General Composition in English or Paraphrase. (iii) Translation from English into Kannada, Urdu, Tamil or Telugu and *vice versa*, with alternative question or questions on English Composition for candidates whose Second Language is not one of the four languages named above. (iv) General English.

Duration 3 hours. Maximum marks 50."

2. The proposals of the Director are sanctioned.

H. V. RAMASVAMI,
Offg. *Secretary to Government,*
General Department.

Shorthand to be deleted from the list of additional subjects for the S. S. L. C. Public Examination.

READ—

Government Order No. E. 887—Edn. 733-29-10, dated 30th March 1931, approving the inclusion of the marginally noted six subjects in the list of additional subjects prescribed for study for the S. S. L. C. Course and the revised syllabuses in these subjects.

1. Accountancy.
2. Practice of Commerce.
3. Banking.
4. Shorthand.
5. Typewriting.
6. Co-operation.

2. Government Order No. E. 500—Edn. 289-30-2, dated 7th March 1931, prescribing among other things the minimum qualification for admission to the Shorthand Classes in Commercial Schools as a pass in the Matriculation or the S. S. L. C. Examination or a pass in the Examination in English held by the Commercial Examination Board.

3. Letter No. E. 1. 6851—101 of 1929-30, dated 27th January 1932, from the Director of Public Instruction in Mysore, recommending the deletion of Shorthand from the list referred to in the first of the Government Orders read above.

ORDER NO. E. 3771—EDN. 287-31-5, DATED 17TH MARCH 1932.

The Director of Public Instruction states that as the minimum qualification for candidates seeking admission to the Shorthand Classes in Commercial Schools was raised in the second of the orders read above, the question of the qualifications of students taking shorthand as a vocational (additional) subject for the S. S. L. C. Course was considered by the Board for Commercial Education and Examinations at its meeting held on 30th May 1931, and that on its recommendation, the S. S. L. C. Board at its meeting held on 13th November 1931, passed the marginally noted resolution, in view of the fact that it is considered that those who have not passed at least the S. S. L. C. Examination cannot derive much benefit from a course in shorthand. The Director recommends sanction for the above resolution with effect from the Examination of 1934.

"IV. Resolved that 'Shorthand' be deleted from the list of additional subjects for the S. S. L. C. Public Examination, with effect from the Examinations of 1934."

Government are pleased to sanction the recommendation of the Director of Public Instruction.

2. Letter No. El. 2921—73 of 31-32, dated the 27th January 1932, from the Director of Public Instruction in Mysore, stating that on the recommendation of the Mahomedan Education Advisory Committee and the Mysore Local Examinations Board, the marginally noted subject was considered by the S. S. L. C. Board at their meeting held on the 13th November 1931 and the resolution shown against it was adopted and requesting that in view of the fact that Government have been pleased to order that persons who have passed the Mysore Sanskrit Vidwat Final Examinations may be permitted

SUBJECT.	RESOLUTION.
III. To consider the Resolution X passed by the Local Examinations Board on 30th May 1931, and the recommendation of the Mahomedan Education Advisory Committee (*Vide* their meeting held on the 18th April 1931) that candidates who have passed the Mysore Moulvis' or Munshi Examination or the Pandits' Examination in full be permitted to appear for English only at the S. S. L. C. Public Examination.	III. Resolved that persons who have passed the Sanskrit Vidwat Examination (in any Branch) conducted by the Bangalore Sanskrit Board or the Pandits' or Moulvis' or the Munshi Examination conducted by the Local Examinations Board fully, be permitted to take the S. S. L. C. Public Examination in English Language only.

to take the S. S. L. C. Examination in English only in their order dated 12th January 1931 read above, the resolution now adopted by the S. S. L. C. Board may be approved and that the following Note added to Rule IV of the Mysore S. S. L. C. Rules as Note 2 in place of the existing one:—

"Note 2—Candidates who have passed the Sanskrit Vidwat Examination (in any Branch) conducted by the Bangalore or the Mysore Sanskrit Boards or the Pandits' or the Moulvis' or the Munshi Examination conducted by the Local Examinations Board in full, will be permitted to take the S. S. L. C. Public Examination in English Language only."

ORDER No. E. 3760—EDN. 287-31-6, DATED 19TH MARCH 1932.

The proposals of the Director of Public Instruction are approved.

Publication of Municipal Bye-laws in the Gazette on payment.

READ—

Government Order No. G. 5139-95—P. & S. 52-30-1, dated the 12th November 1930, directing the discontinuance of the publication in the Gazette of the Municipal Bye-laws and Proceedings of District Boards and Municipalities.

2. Government Order No. G. 10316-25—P. & S. 52-30-7, dated the 11th April 1931, directing the publication in the *Mysore Gazette*, of Bye-laws of the District Boards, the charges therefor being recovered from the District Boards concerned.

3. Letter No. G. C. 57-29, dated the 12th January 1932, from the President, Town Municipal Council, Hassan, requesting that the Bye-laws of the Municipality may be allowed to be published in the *Mysore Gazette* on payment as in the case of District Boards.

4. Letter No. G. 1130, dated the 4th March 1932, from the Compiler, *Mysore Gazette*, offering his opinion in the matter.

ORDER No. G. 7878-97—P. & S. 7-31-15, DATED 4TH APRIL 1932.

The discontinuance of the publication of the Municipal Bye-laws in the *Mysore Gazette* was ordered in the Government Order, dated the 12th November 1930, read above, on the recommendation of the Committee referred to therein endorsed by the Committee on Government Printing and Stationery. The Compiler, *Mysore Gazette*, states that several requisitions received from the Municipalities for the publication of their Bye-laws had to be refused in view of the above order and recommends that the Municipal Bye-laws may be ordered to be published in the Gazette on the payment of the usual charges as in the case of District Boards. Government are pleased to sanction the above recommendation.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Debarred from appointment to Public Service.

READ—

Correspondence ending with letter No. L. Dis. 2867—201-30-31, dated 26th January 1932, from the Director of Public Instruction in Mysore, furnishing his opinion as to the notice to be taken of the conduct of one K. N. Nanjundiah, for having secured an appointment in Government Service by making a false statement in regard to his qualification.

ORDER No. 4850-4949—C. R. B. 27-31-1, DATED 7TH APRIL 1932.

The facts of the case are as follows :—

K. N. Nanjundiah, son of Nanjundiah, Landholder, Kandikere, who was one of the applicants for vacancy No. 2339—29-30 of Assistant Master, Primary School, Ambale, (Chikmagalur Taluk) stated in his application dated 30th May 1930, submitted to the Central Recruitment Board that his qualification was "Lower Secondary Examination." In due course he was selected for the post and appointed thereto on Rs. 15 per mensem by the District Educational Officer (now School Board Officer) Kadur District, in his order dated 30th June 1930, under the belief that he had passed the Lower Secondary Examination, and the Assistant Inspector of Education, Chikmagalur, was directed to verify the credentials of the person. On being asked to produce his Lower Secondary Certificate, Nanjundiah applied to the Secretary, Local Examinations Board for a duplicate, giving his Register No. as 5785 of 1925 (Tumkur Centre). A duplicate was accordingly sent, when it was returned by Nanjundiah for correction of his father's name from "K. Lakshminarasimhaiya" to

"K. Nanjappaiya." Suspicion having then been aroused, enquiries were made and it was found that the certificate pertained to a Brahmin name-sake of Nanjundiah, and that the latter, a Lingayet had not passed the Lower Secondary Examination at all. His services were, therefore, dispensed with from 1st June 1931 by the School Board Officer in his order dated 3rd October 1931 and a copy of the order was forwarded to the Central Recruitment Board.

Government direct that K. N. Nanjundiah be debarred from appointment to public service in Mysore for a period of two years.

N. MADHAVA RAO,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Scale of Fees for the examination of Refraction cases.

READ—

Clause (g) of paragraph 3 of the rules laid down in Government Order No. L. 4198-9—Med. 69-22-6, dated the 4th December 1923, prescribing among other things, the rates of fees payable by patients in Hospitals for cases of "Refraction."

2. Correspondence ending with letter No. C. C. 177-3, dated the 16th February 1932, from the Senior Surgeon, suggesting the levy of a revised scale of fees for the examination of Refraction cases.

3. Letter No. G. C. 37, dated the 18th March 1932, from the Durbar Surgeon and Medical Officer in charge of the Krishnarajendra Hospital, Mysore, offering his opinion in the matter.

ORDER NO. G. 8040-2—MED. 166-31-6, DATED BANGALORE, THE 9TH APRIL 1932.

The fees at present levied for refraction cases are :—

For persons with income below Rs.	50 per mensem	Free
Do do ,,	100 do	Re. 1
Do do of ,,	100 and above	Rs. 2

The Senior Surgeon states that refraction cases take a great deal of time and expert attention and that the fees now charged therefor are too low. He therefore suggests that they may be enhanced as follows:—

For persons whose income is not more than Rs. 50	per mensem	Free
Do do Rs. 51 to Rs. 100	do	Rs. 2
Do do Rs. 101 to Rs. 250	do	,, 3
Do do Rs. 251 and above	do	,, 5

The Standing Committee for the Departments of Medicine, Sanitation and Public Health have also, at their meeting, dated the 22nd March 1932, approved of these rates.

Government are pleased to sanction the revised scale of fees proposed by the Senior Surgeon.

Functions of the Standing Committees of District Boards.

ORDER No. L. 6912-28—L. B. 156-30-7, DATED 12TH APRIL 1932.

In paras 2 and 4 of Government Order No. 9168-90—L. B. 89-30-27, dated 16th May 1931, Government observe that the Standing Commitees of District Boards appeared to dispose of business specially referred to them by the District Boards in some Districts, that they were not serving the purpose for which they ought to be appointed and that in order to remove the congestion of work at the meetings of District Boards, Standing Committees should dispose of some matters now coming up before the District Boards subject to certain limitations and conditions. With a view to enable the District Boards to entrust the Standing Committees with enlarged powers so as to reduce the heavy agenda at the meetings of District Boards, Government are pleased to approve of the rules contained in the annexure to this order.

2. The rules will be publised in the *Mysore Gazette.*

H. V. RAMASVAMI,
Offg. *Secretary to Government,*

ANNEXURE.

NOTIFICATION.

No. L. 6911—L. B. 156-30-6, dated 12th April 1932.

In exercise of the powers vested under Section 100 of the Mysore District Boards Regulation, 1926, the following rules are made in regard to the exercise of the functions of Standing Committees of the District Boards:—

1. The powers and duties under the following provisions shall not, except for very special reasons and except with the previous sanction of Government, be exercised or performed by the Standing Committee:—

Section.		*Section.*	
20		53	
29	Sub-sections (1) and (2).	55	
30	do (3).	57	
31	do (1).	62	Sub-section (2).
32		66	Sub-sections (1) and (3).
33		68	
34		69	
38		72	
40		75	
46		76	
49		88	
52			

2. The power to compromise suits, claims and demands under Section 38 shall be exercised subject to the condition that cases involving—

(a) the waiver or remission of an amount of Rs. 500 or more,

(b) the payment of a lumpsum of Rs. 500 or more by the Board, and

(c) the incurring of a recurring expenditure exceeding Rs. 5 a month for a period of more than six months, shall be subject to confirmation by the District Board.

3. In the case—

(a) of every lease of immoveable property or of the right to collect fees or tolls under the Regulation for a period exceeding one year,

(b) of purchase of any moveable property or sale of moveable property belonging to the District Board when the purchase would involve or the value of the property to be sold as estimated in the accounts of the Board exceeds Rs. 2,000, and

(c) of every purchase or sale or other transfer of immoveable property exceeding Rs. 2,000 in value,

the contract shall be subject to confirmation by the District Board.

4. The power to sanction estimates for works shall not extend to works estimated to cost Rs. 3,000 or more and shall be confined to works included in a programme approved by the Board or a budget sanctioned by Government.

5. The Standing Committee shall exercise the powers and perform the duties vested in it under Section 31, subject to the general control of the District Board and every person aggrieved by the orders of the Standing Committee shall have a right of appeal to the District Board within three months from the date of such order.

By Order,

Offg. *Secretary to Government,*
General Department.

Contingent charges in Village Panchayets.

READ—

Correspondence ending with letter No. G. 639—29-30, dated 3rd March 1932, from the Revenue Commissioner in Mysore, in the matter of prescribing a scale of expenditure for contingent charges in Village Panchayets.

ORDER NO. L. 6880-9—V. P. 46-31-21, DATED BANGALORE, THE 5—11TH APRIL 1932.

The Revenue Commissioner proposes that the following sliding scale of contingent charges based on the income of the Village Panchayets may be adopted:—

	Rs. a. p.
(*i*) Village Panchayets having an income below Rs. 50 per annum. ..	0 4 0 per mensem.
(*ii*) Village Panchayets having an income of Rs. 50 and upwards, annas four for every Rs. 50 of income or fraction thereof.	

2. The following arrangements are also proposed in regard to the fixing of the rates, etc. :—

(1) The Amildar of the Taluk should fix the amount of contingent expenditure in each case, on the basis of the above rates.

(2) A schedule of rates allowed to the several Village Panchayets in the Taluk should be kept by the Amildar in his Office, for audit and inspection purposes.

(3) In cases where expenditure in excess of the above scale is found necessary and is resolved upon by the Village Panchayet concerned, the Deputy Commissioner may suitably enhance the scale of contingent expenditure according to the circumstances of each Village Panchayet.

3. The proposals of the Revenue Commissioner are approved.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Placing Mr C. S. Srinivasachar, B.A., Registrar, General and Revenue Secretariat, on special duty in connection with the Birthday Festivities of June 1932.

ORDER NO. O. 2729-36—O. E. DATED BANGALORE, THE 19—20TH APRIL 1932.

Mr. C. S. Srinivasachar, B.A., Registrar, General and Revenue Secretariat, is placed on special duty, with effect from the 25th May 1932, in connection with the arrangements for the reception and entertainment of Indian Guests during the festivities connected with the Birthday of His Highness the Maharaja of Mysore in June 1932.

Gentlemen invited to Mysore as Guests are requested to place themselves in communication with that Officer for any information or assistance they may require in the way of accommodation, conveyance, etc., at Mysore.

The Deputy Commissioner, Mysore District, the President, City Municipal Council, Mysore, and the Executive Engineer, Special Division, Mysore, are requested to render all reasonable help to the Officer on special duty.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Administration Report of the Revenue Department for the year 1930-31.

READ—

The Report on the administration of the Revenue Department for the year 1930-31, received with letter No. C. Per. A. 15—30-31, dated the 2nd November 1931, from the Revenue Commissioner in Mysore.

ORDER NO. R. 4918-77—L. R. 389-31-2, DATED BANGALORE, THE 16—20TH APRIL 1932.

Rajakaryapravina Mr. P. G. D'Souza, B.A., B.L., continued as Revenue Commissioner till the 31st August 1930, when he was elevated to the Council as Third Member and was succeeded by Mr. S. P. Rajagopalachari, who held the office during the rest of the year except for three weeks when he was on privilege leave.

Consequent on the retirement of Moin-Ul-Vizarath Mr. A. K. Syed Taj Peeran from service from the 14th April 1931, and in the interests of public service, there were transfers of Deputy Commissioners in all the Districts except Kolar.

2. *Changes in Sub-Division and Taluk Charges.*—With a view to ensure administrative efficiency and secure public convenience, a few changes were made in Sub-Division and Taluk charges, and redistribution of villages among certain Hoblis in the Tumkur, Chitaldrug and Bangalore Districts was ordered. Kunigal Taluk was added as a temporary measure to the Gubbi Sub-Division. The Sub-Division at Mandya was ordered to be continued for a further period of two years and a new Taluk was formed at Maddur from May 1931, in connection with the development of irrigation under the Irwin Canal area.

Government note that the work in the Mysore District has increased considerably in consequence of the problems connected with the Irwin Canal and await the proposals of the Revenue Commissioner as to the nature of the relief to be given to the Deputy Commissioner.

Consequent on the abolition of the posts of Economic Superintendents, the Sub-Division Officers were entrusted with economic development work in the Districts.

3. *Rainfall and Seasonal Conditions.*—The rainfall during the year having been on the whole adequate and well distributed, the seasonal conditions were favourable in all the Districts, except in parts of Tumkur, Mysore, Hassan and Chitaldrug. Though the *mungar* rains set in somewhat late in some of the Districts, the *hingar* rains were copious and well distributed. Many tanks in the State received a good supply of water and such of the tracts as suffered by want of supply of water to tanks were granted the usual remission of half wet and garden assessment amounting to Rs. 17,849. As the seasonal conditions were generally favourable and the yield of food crops was satisfactory, there was no distress in any part of the State. Markets were well supplied and no scarcity of fodder and food grains was felt.

Both skilled and unskilled labour found adequate employment. An abnormally low level of prices prevailed during the year under report with the result that agriculturists and traders found it hard to realise sufficient money in cash and it was with great difficulty that the agriculturists could meet their monetary obligations. The growers of commercial crops like ground-nut, cotton, coffee, areca, cardamon and potato were also hard hit for lack of sufficient market for these commodities. The material prosperity of the raiyats in Mysore and Chitaldrug Districts was also somewhat affected by the loss of cattle from rinderpest, black quarter and other cattle diseases.

4. *Accidental Fires.*—The number of accidental fires during the year was 517 as against 609 in the previous year. The number of human lives lost was 20 and the value of property and cattle destroyed was Rs. 2,09,720 as against Rs. 4,34,106 in the previous year. As usual, Shimoga District sufferest most, the number of accidents being 143 and the value of property lost being Rs. 1,17,236. Necessary relief was given to the sufferers in the shape of free grant of building materials and grant of Takavi loans, and local people also rendered prompt and generous help to alleviate the sufferings of the persons affected. It is gratifying to note that the scheme of granting advances for building tiled houses is increasing in popularity and a sum of Rs. 10,610 was disbursed, the largest number of applications relating to the Shimoga District.

5. *Cultivation.*—An extent of 26,904 acres with an assessment of Rs. 33,881 was taken up during the year as against 35,334 acres with an assessment of Rs. 43,379 in the previous year while an extent of 27,393 acres with an assessment of Rs. 41,143 was relinquished as against 15,662 acres with an assessment of Rs. 25,805 in the previous year. There was thus a net decrease of 489 acres involving an assessment of Rs. 7,262 in the extent of assessed lands under occupation. The area relinquished during the year showed an increase of 11,731 acres over the corresponding figure of the previous year.

Out of a total extent of 53,331 acres of Amrut Mahal Kavals available for cultivation, only 477 acres with an assessment of Rs. 333-5-0 were disposed of during the year. The reasons for the comparatively small extent disposed of should have been examined and explained, information being furnished as to the number of applications received and the total area applied for. This may be done in future years. It is noted that extensive areas were given out for grazing purposes and proposals in regard to the encouragement to be given for tobacco cultivation and fuel plantations in portions of these surrendered kavals are awaited.

The extent disposed of out of the lands removed from the date reserve list is also small. Out of an area of 2,63,404 acres removed from the reserve list, only 1774 acres with an assessment of Rs. 1,596 were disposed of. In this case also, information should have been furnished as to the number of applications with the area involved. Government agree that the mere surrender of lands is no criterion of their fitness for profitable cultivation, and that early measures are necessary to classify the lands into culturable and non-culturable, so that energetic action may be taken to develop in a suitable manner both classes of lands in the interests of the agricultural population.

It is satisfactory to note that out of the disafforested areas in the Royalpad State Forest, an extent of 176 acres has been made available for a colony of Adikarnatakas of whom 61 have constructed houses and 31 have taken up lands to an extent of 101 acres.

Though there was a fall of 4985 acres in the total area under occupation, the total area cropped rose by 27,235 acres and the percentage of fallow to the area under occupation increased slightly from 18·74 to 19·09 in the year under report. The decrease of lands under occupation was very high in Chikmagalur and Pavagada Taluks being 13,452 and 2073 acres, respectively, and the decrease under "cropped area" was very high in Chintamani, Channagiri and Chikmagalur Taluks, being 14,797, 10,040 and 20,680 acres respectively. These large variations should have been examined in detail and reasons assigned for their occurrence. The Revenue Commissioner is requested to issue necessary instructions in this connection. It is also necessary to ascertain the causes for the continuous high percentage of the fallow area in the Taluks of Chikballapur, Pavagada, Manjarabad and Sorab.

6. *Darakhasts.*—The total number of darakhasts that came up for disposal during the year was 23,961, including 7,529 pending at the beginning of the year, as against 27,175 in the previous year. Out of these 17,735 were disposed of—8,902 by grant and 8,833 by rejection—leaving a balance of 6,226 at the end of the year. The percentage of disposal rose slightly from 72·29 in the previous year to 74·01 in the year under report. There was a fall in the percentage of disposals in all Districts except Kolar, Tumkur and Shimoga. The fall in the receipt of darakhast is attributed to trade depression and lack of ready money with the raiyats. That this is so, is evidenced by the fact that during the year under report only an extent of 46,762 acres,

bearing an assessment of Rs. 94,255 was disposed of as against 79,673 acres in the previous year, the realisation from the sale of lands and malki being considerably less than in previous years. The rejections were generally based on grounds such as that the lands applied were reserved for communal purposes or for other special reasons. The abolition of the classification of lands into "A and B lists" has since been sanctioned.

The rules regarding grant of lands for planting timber, fruit and fuel trees were liberalised during the year under report. With a view to the better utilisation of gomal lands for the production of fodder crops, Government sanctioned, on the recommendation of the Agricultural Committee, as an experimental measure, a scheme under which in villages where gomal land is in excess of the requirements of the village cattle, it may be given subject to certain conditions for the purpose of growing fodder crops.

7. *Grant of lands to Depressed Classes.*—Two thousand nine hundred and thirty applications were received during the year in addition to 1643 applications pending at the beginning of the year, making a total of 4573. Out of these 3260 were disposed of, leaving a balance of 1313 at the close of the year. The total area granted was 9833 acres as against 10,708 acres in the previous year.

The area disposed of under this head in the Kadur District was the smallest and this is reported to be due to the fact that the depressed classes find labour on the estates more remunerative than cultivation.

Government note that no progress was recorded in regard to sisal hemp and gram cultivation and that little interest was shown in the matter of taking up lands on *eksal* tenure. Kumri cultivation supported 305 Kunbi families in the malnad parts of the Shimoga District. Tea and cashewnut made no progress during the year.

Under grant of lands to Military applicants, 212 cases were disposed of, 79 by grant and the rest by rejection. The heavy rejections indicate, as observed by the Revenue Commissioner, the need for greater care on the part of the applicants to select lands in unobjectionable areas. It may be useful if a set of suitable instructions is issued in this connection for the guidance of the applicants.

8. *Avenue Trees and Topes.*—Eighty-one thousand four hundred and thirty-three trees were newly planted during the year as against 82,328 in the previous year and of them 5083 were planted on the occasion of the Birthday of His Highness the Maharaja. The action taken in regard to the transfer of funds for excavating pits from the Public Works Department to the Revenue Department should have been mentioned. It is reported that the condition of avenue trees was generally satisfactory.

9. *Jamabandy, Demand, Collection and Balance.*—The Jamabandy was completed before the end of February in all the Districts except in one Taluk of Hassan District and three Taluks of Shimoga District. The Deputy Commissioners conducted the Jamabandy of 22 Taluks while the Sub-Division Officers or District Treasury Officers conducted the Jamabandy of the remaining Taluks. It is gratifying to note that Jamabandy Officers took advantage of the opportunity to get into close touch with the people and redress their grievances then and there.

The total demand for the year under Land Revenue including miscellaneous and arrears at the beginning of the year was Rs. 1,41,34,797 as against Rs. 1,43,88,540 in the previous year. There was a decrease both under land revenue proper and Land Revenue miscellaneous by Rs. 53,227 and Rs. 346,783, respectively. The decrease under Land Revenue proper is specially noticeable in the Mysore, Shimoga and Chitaldrug Districts. The fall in the Mysore District is explained as due to the loss of assessment on the lands acquired for the Irwin Canal and Krishnarajasagara Works and to the resumption of lands for arrears of land revenue. In the Shimoga District the decrease is reported to be due to large relinquishments and to resumption of lands for arrears of land revenue, while in the Chitaldrug District, it is attributed to the reduction of water-rate on lands under Vani Vilas Sagara from Rs. 5-8-0 to Rs. 4 per acre and also to large extents of land having been resumed to Government in revenue arrear sales. The decrease under land revenue miscellaneous is noticeable in all the Districts, and is reported to be mainly due to lower realisations under malki and amarayi. The whole of the current demand was collected only in Harihar Sub-Taluk and over 95 per cent was collected in the Bowringpet, Jagalur, Davangere,

Nelamangala, Holalkere and Goribidnur Taluks. The total amount collected during the year including arrears was Rs. 1,15,69,887 as against Rs. 1,31,13,332 in the previous year. The balance at the end of the year was Rs. 25,64,910 as against Rs. 11,49,749 in the beginning of the year. The percentage of total collections to the total demand for the year was only 89 as against 92 in the previous year. This was due to the fall in the prices of food stuffs and the general economic depression that prevailed in the State during the year in common with the rest of the world. These abnormal conditions necessitated the grant of the following concessions :—

(*a*) Grant of time in deserving cases till the end of the year to pay the land revenue demand.

(*b*) Leniency in the adoption of coercive processes for the recovery of land revenue.

(*c*) Collection during the year of only 50 per cent of the demand under Record of Rights fees in taluks where the scheme was introduced in previous years and grant of time till the current year for payment of the balance; postponement till the current year of the collection of fees in taluks where the scheme was introduced during the year under report.

(*d*) Recovery in three annual instalments of charges for the supply of water in the hot weather in T.-Narsipur Taluk.

(*e*) Liberal use of the powers of Revenue Officers in the matter of the waiving of process fees and interest on arrears. Remissions granted during the year amounted to Rs. 1,14,957.

10. *Coercive Processes.*—There was an increase in the total number of coercive processes issued from 148,969 in the previous year to 242,673 during the year. The amount recovered without the issue of any process was 79·60 of the collections, as against 84·50 in the previous year. 20·40 per cent of the collection was recovered by issue of coercive processes, while 74·15 per cent of the total recoveries under this head was secured by merely issuing notices of demand. Sales were held in 39,027 cases, fetching a sum of Rs. 566,782 as against Rs. 11,546 cases realising Rs. 402,007 in the previous year. The total extent of land sold for arrears of revenue during the year was 250,208 acres with an assessment of Rs. 505,341 as against 59,267 acres with an assessment of Rs. 158,625 in the previous year.

11. *Execution of Co-operative Society Decrees.*—The total number of decrees for disposal during the year was 3698 of the aggregate value of Rs. 6,35,394. Out of them, 1844 decrees involving Rs. 3,13,674 were disposed of during the year, leaving a balance of 1854 decrees of the value of Rs. 3,21,720 pending execution at the end of the year as against 1704 decrees involving Rs. 2,92,914 in the previous year. The number of decrees disposed of has fallen short as also the decretal amount realised. In spite of the observations made by Government in the last year's review, the arrears have increased. While Government are aware of the difficult conditions of the year which operated against progress, they consider that there is scope for the officers of both the Revenue and Co-operative Departments to bestow greater attention to the execution of these decrees with a view to secure appreciably better results.

12. *Loans and Advances.*—A sum of Rs. 2,46,600 was allotted to the several Districts and loans amounting to Rs. 2,17,487-8-0 were disbursed during the year. There were 2153 applications for Takavi Loans of an aggregate sum of Rs. 3,81,408 as against 2827 applications involving an amount of Rs. 4,67,766 in the previous year. The percentage of collection to the demand was 42·13 as against 46·28 in the previous year. There were 1608 applications for Land Improvement Loans involving an amount of Rs. 7,10,754 during the year as against 1538 applications for Rs. 6,67,574 in the previous year. The percentage of collection to the demand is 49·84 as against 50·81 in the previous year. In spite of instructions issued by the Revenue Commissioner in the matter, there has been no improvement in the collection of these loans. Government observe that this is due in a large measure to lack of proper scrutiny over the loan registers by the local officers and that it is necessary that they should realise their responsibility in this connection and take vigorous measures to see that the loan obligations are carried out properly.

13. *Takrar Cases.*—Out of 25,609 cases brought up for orders during the year, 16,940 cases were disposed of leaving a balance of 8669 as against 8239 in the previous year. The percentage of disposal rose from 61·14 per cent in the previous year to 66·14 per cent in the year under report. Though there has been some slight improvement in this direction as compared with the figures of the previous year, the disposals are by no means satisfactory, particularly in the Districts of Hassan and

Mysore. The Revenue Commissioner is requested to take suitable notice of slackness on the part of such of the Amildars whose work in this connection is very unsatisfactory and who have no adequate explanation to offer.

14. *Record of Rights.*—The Record of Rights Scheme was introduced during the year into 11 taluks as noted in the margin. This brings the total number of taluks and sub-taluks into which the Scheme has been introduced so far to 26. The fee demand for all these taluks excepting Shikarpur, where the demand was not fixed before the close of the year, aggregated Rs. 17,98,351. A sum of Rs. 71,153 was collected during the year and the total collections from the commencement aggregated Rs. 4,30,754, thus leaving a balance of Rs. 13,67,597 at the close of the year. The arrears are thus seen to be very heavy. It is reported that the poor collections during the year were due to unfavourable economic conditions which necessitated the grant of certain concessions to raiyats by way of postponement of 50 per cent of the demand till 1931-32 in the taluks where the scheme was introduced prior to 1930-31 and of the full demand till the ensuing year in the taluks where the scheme was introduced during the year under report. This explanation however does not account fully for the existence of the very heavy arrears. Government regret to observe that necessary and prompt measures have not been adopted even in respect of the arrears falling beyond the limits of the concessions sanctioned. Government desire to impress on the officers concerned the need for vigorous measures for the collection of these fees as the extension of the scheme will be impossible if the charges are not promptly recovered. The total expenditure incurred in the Revenue and Survey Departments in connection with the Record of Rights Scheme up to the end of June 1931 is Rs. 4,26,935. Hissa Survey operations were completed in 7 taluks and it is noted that vigorous measures are being taken to push on with the survey work in the other taluks.

Closepet, Channapatna, Chikballapur, Gudibanda, Tiptur, Turuvekere, Chitaldrug, Sorab, Shikarpur, Kadur and Tarikere.

15. *Special Schemes—(a) Village Panchayets.*—The number of Village Panchayets increased from 9,125 at the commencement of the year to 10,301 at the close of the year. Almost all the panchayets levied obligatory taxes and the number of village panchayets that levied optional taxes under Section 37 of the Regulation increased considerably. Out of a total demand of Rs. 32,14,150 including arrears in respect of all the panchayets, a sum of Rs. 8,70,054 including remissions was collected, leaving a balance of Rs. 23,44,096 at the end of the year. The arrears have been accumulating from year to year and have assumed proportions which render early recovery difficult. It is necessary that the whole matter should be examined carefully and clear instructions issued in regard to the action to be taken as regards arrears to be written off and fixing the balance to be recovered. The Sub-Division Officers should regard this as one of the important items of their work. The Revenue Commissioner is requested to issue needful instructions in the matter and report to Government the progress achieved from time to time. Government note that the system of weekly labour was continued in many Village Panchayets. The question of placing this system on a statutory basis is under consideration. A sum of Rs. 1,03,443 was spent on rural improvements while Rs. 66,613 and Rs. 94,707 were spent for sinking water wells and tube wells respectively. The total amount at the credit of all the Panchayets in the State was over 30 lakhs of rupees and Government trust that the instructions issued by the Revenue Commissioner for the utilisation of these funds on works of permanent benefit to the villagers will be carried out. Notwithstanding the drawbacks noticed, it is gratifying to note that the scheme as a whole is making satisfactory progress and holds out promise of a bright future. The activities of some of the important panchayets were widened by entrusting to them the supervision and management of village schools, forests, tanks and topes and the planting of avenue and fruit trees. Some of the panchayets successfully undertook the eradication of lantana and prickly pear, and electrification schemes in a few of them for lighting and irrigation purposes received attention. Propaganda work also received due attention and the Panchayet Court organised during the Dasara Exhibition proved attractive and instructive.

(*b*) *Village Forests.*—Including the 20 new village forests sanctioned in the Kolar District and excluding the two forests abolished in the Chitaldrug District, there were 234 Village Forests with an aggregate area of 60,170 acres at the end of the year as against 216 with an aggregate area of 58,197 acres in the previous year.

Though the number of these forest panchayets has shown an increase, it cannot be said that the scheme as a whole has yielded satisfactory results. Efficient panchayets are rather an exception, the majority of them being in a more or less moribund condition. The main impediments are reported to be lack of funds for carrying out improvement works and lack of co-operative spirit. Of the panchayets that have been doing good work, special mention requires to be made of the Gendekatte Village Forest Panchayet in the Hassan Taluk. Government note that 1,200 plants were planted in the forest during the year, that the panchayet constructed a forest lodge at a cost of Rs. 1,910, and that there was a closing balance of Rs. 3,183 to its credit. It is reported that the management of 36 Village Forests in Kolar, 3 in Hassan and 6 in Kadur has been transferred to the Village Panchayets concerned and that action is being taken for similar transfer of management in other cases. This is a movement in the right direction.

(c) *Tank Panchayets.*—Out of 127 panchayets that had been sanctioned up to the beginning of the year, one was abolished in the year. Out of 126 panchayets it is reported that only 22 evinced some interest and the rest remained more or less inactive. The lethargy and inefficiency of the panchayets is attributed to lack of enthusiasm and co-operation among the Committee Members. Government consider that it is no use continuing panchayets which cannot work and there is no use in forcing the scheme on indifferent villages. Steps should therefore be taken to concentrate efforts on successful panchayets and in centres where a large measure of local support is forthcoming. Government agree with the Revenue Commissioner that it is necessary to reduce the multiplicity of village organisations and concentrate activities affecting the village community in a single organisation, *viz.*, the Village Panchayet.

(*d*) *Irrigation under the Vani Vilas Sagara.*—There was an extent of 6,809 acres under occupation at the beginning of the year and it decreased by 329 acres at the end of the year. The area cropped was 6,161 during Karthika and 3,053 acres during Vaisakhi as against a total extent of 12,059 acres in the previous year. The fall was due to shrinkage of paddy cultivation in the area due to want of sufficient supply of water, lack of manure and paucity of labour and capital. Though the hingar rains brought in a fairly good supply of water to the reservoir, it was not sufficient to ensure a continuous supply of water. Sub-division of such portions of the tank bed as do not normally come under submission was completed during the year and action was taken to dispose of these lands for temporary cultivation. The results of this arrangement will be watched with interest.

(*e*) *Development of cultivation under the Bhadra Right Bank Channel.*—The excavation of the Channel was completed to its full length of 40 miles during the year.

Out of the extent of 184 acres and 22 guntas available for disposal, 29 acres and 9 guntas were disposed of for cultivation during the year.

The total extent of land brought under wet cultivation exclusive of 379 acres granted to the Bhadra Agricultural Colony was 7,900 acres as against 5,189 acres in the previous year, and the assessment rose from Rs. 25,243 to Rs. 29,081. The total amount of contribution recovered up to 1st July 1931 was Rs. 33,016 while the amount realised by the sale of land was Rs. 50,901.

The hot weather supply of water for sugar-cane was given to the entire length of the channel during the year. It is reported that the supply can be guaranteed only up to the 18th mile and that no such supply can be made below the 18th mile if the extent under sugar-cane is over 1,000 acres above that limit. This contingency is remote and it is expected that the supply will be available for the whole length for a considerable period. It is noted that the development of the agricultural colony is also making steady progress.

16. *Conferences.*—On account of the prevailing economic depression and financial stringency, Government directed that the holding of the District and Taluk Conferences need not be insisted upon and that the holding of the same be left to the discretion of the local bodies concerned. Consequently only one District Conference was held at Chikmagalur during the year. Village Panchayet, Agricultural, Educational and Co-operative Conferences were also organised as adjuncts to the General Conference. Taluk Conferences were organised in all the Taluks of the Kolar, Kadur and Chitaldrug Districts. Conferences were not held in any of the Taluks of the

Shimoga and Tumkur Districts. In the other three Districts of Bangalore, Mysore and Hassan, conferences were held in some of the taluks only. The prevalence of plague and cholera prevented the holding of conference in a few taluks, but in the majority of cases, conferences could not be held owing to the prevailing economic depression. In the conferences that were held, the major and minor wants of the taluks were discussed along with subjects of current interest relating to rural reconstruction, education, agriculture and co-operation.

17. One hundred and fifty-one major and 636 minor tanks were restored and repaired during the year at a cost of Rs. 2,59,742 and Rs. 3,35,514 respectively. Earthwork of the value of Rs. 49,021 in respect of major tanks and Rs. 64,047 in respect of minor tanks was done by the raiyats during the year. It is satisfactory to note that the inspection of tanks is being carried out in accordance with the instructions issued by Government. The Deputy Commissioners also inspected a fair number of tanks, the Deputy Commissioner of Tumkur having inspected as many as 126 tanks. The Sub-Division Officers of Shimoga and Sagar inspected the largest number of tanks, the number being 142 and 154, respectively. The Revenue Commissioner observes that it is nearly six years since the present policy of restoration of major and minor tanks was adopted and although a good deal of work has been carried out, the commitments in respect of works already under execution extend to several lakhs of rupees and he considers that the whole position requires early examination for formulating a fresh policy for the next quinquennium, with reference to the resources available and the willingness of the people to provide substantial contributions. Government await definite proposals from the Revenue Commissioner in this connection.

18. *Provincial Toll-Gates.*—The number of provincial toll-gates remained the same as in the previous year, *viz.*, 45. The gate at Bukkasagara was reshifted to Sakrepatna in the Kadur Taluk during the year. The right to collect tolls realised a sum of Rs. 1,82,502 during the year as against Rs. 1,58,776 in the last year. The levy of tolls on bicycles was abolished from 1st July 1931 and the toll-gate at Bisle on the Sukravarasanthe-Subrahmanya Road in the Manjarabad Taluk which was being managed by the Hassan District Board was ordered to be treated as a provincial one from 1931-32. With a view to ensure competition in securing bids for the right to collect tolls, it is reported a new procedure was adopted under which a consolidated programme for the whole State was drawn up by the Revenue Commissioner, enabling bidders to take part in all the sales. The proposals of the Committee relating to the abolition of all tolls and all local taxes on motor vehicles are under the consideration of Government.

19. *Inspections.*—During the year under report Rajakaryapravina Mr. P. G. D'Souza toured for 29 days and Mr. S. P. Rajagopalachari toured for 102 days. The Revenue Commissioner inspected 6 Districts, 2 Sub-Division and 20 Taluk Offices and 84 villages including interior villages, some important tanks and ancient monuments. A fair number of the major Muzrai Institutions were also inspected by the Revenue Commissioner during the year. Inspections and touring by Deputy Commissioners were on the whole well arranged and satisfactory and all of them toured for more than the required number of days. The Deputy Commissioner, Kolar, toured the largest number of days and inspected a fair number of villages. The Deputy Commissioner, Tumkur, inspected the largest number of villages, *viz.*, 1072 while the inspection of villages by the Deputy Commissioner, Shimoga, was inadequate. The touring of five Sub-Division Officers is reported to have fallen below the prescribed minimum, *viz.*, 200 days in the maidan and 180 days in the malnad area. Short itineration in the case of three of these has been explained while no explanation has been furnished for the deficient touring by the Sub-Division Officers of Nanjangud and Mandya. The Revenue Commissioner is requested to obtain their explanations and submit them for orders of Government with his recommendations. It is however noted that there has been a steady improvement in the itineration of the Sub-Division Officers and in the number of villages inspected with special reference to interior ones.

20. *Miscellaneous.*—(*a*) The Revenue Commissioner disposed of 239 appeals while Government dealt with 175 appeals and revision applications during the year.

(*b*) The inaugural session of the Amildars' Association was held in Bangalore in August 1930 under the Presidentship of Rajakaryapravina Mr. P. G. D'Souza,

the then Revenue Commissioner. Amin-Ul-Mulk Sir Mirza Mahomed Ismail, Kt., B.A., C.I.E., O.B.E., Dewan of Mysore, opened the Conference and Rajamantrapravina Mr. C. S. Balasundaram Iyer, Member of Council, delivered the inaugural address. Of the resolutions passed at the Conference, the following were accepted by Government:—

(i) Decentralisation of powers as regards grant of leave to Amildars.

(ii) Treating Amildars as Gazetted Officers.

(iii) Enhancement of powers of Amildars so as to empower them to fine Patels and Shanbhogs up to a limit of Rs. 5.

(iv) Abolition of A and B lists.

(v) Supply of furniture to Taluk Offices.

(vi) Enhancement of powers of Amildars and Deputy Amildars in the matter of confirmation of darkhast sales of sites.

(*c*) Six Revenue Probationers were appointed during the year and they are undergoing training.

(*d*) Seven Amildars and one Deputy Amildar underwent Survey Training during the year.

(*e*) The revision of the scales of pay of the officials of the District, Sub-Division and Taluk Offices was sanctioned in its entirety during the year by the Government and out of the 100 officials ordered to be retrenched, as many as 84 hands were retrenched before the close of the year.

(*f*) Government have appointed a Committee with the Revenue Commissioner as convenor to go into the question of modifying the type design for Taluk Office Buildings.

(*g*) The construction of Amildar's quarters at Closepet, Davangere and Molakalmuru was completed during the year.

(*h*) With a view to attract private capital in the construction of official quarters, Government sanctioned certain concessions in their order dated the 28th April 1931.

21. *Material prosperity of the people.*—The seasonal conditions were generally satisfactory throughout the State except in parts of Shimoga and Shikarpur Taluks and of Alur and Kumsi Sub-Taluks. The out-turn of crops was fairly satisfactory. Both skilled and unskilled labour found adequate employment. The wages remained almost the same as in the previous years except for a small decrease in the wages for unskilled labour. This added to the difficulties of the agricultural population in trying to equate costs of production with the prices realised. The prohibition of jatras in the State with a view to check the spread of contagious diseases further deprived the raiyats of a ready market for their cattle and produce.

The weaving centres at Badanwal, Kabbhalli and Gundlupet did good work during the year. The Thumbadi and Monkonahalli Tank projects in the Tumkur District, the Anjanapur project in Shimoga District, the Irwin Canal Works, the Spinning Centres at Badanwal and other places and the Cauveri bridge construction at Belakvadi, the Kemmangundi Mines and the fuel cutting operations connected with the Bhadravati Iron Works afforded employment to a large number of coolies both from within the State and outside.

Public Health was fairly satisfactory except for the prevalence of epidemics such as plague, cholera and small-pox. The total mortality from these epidemics was 5,139, 3,977 and 1,112 respectively, as against 8,722, 240 and 1,263 in the previous year.

The total number of deaths of cattle from all causes was 75,000 as against 76,482 in the previous year.

Bus and lorry facilities for transport are becoming increasingly popular and are exercising a great influence on the agricultural population. Government note with satisfaction that non-official bodies and Associations are contributing in no small measure towards the amelioration of the conditions of the rural population.

Government realise that the work of the District Officers is becoming increasingly arduous and the sphere of their activities is widening, and are glad to note that the spirit of the service is equal to the occasion.

Government desire to conclude this review with an expression of appreciation of the generally efficient manner in which the administration of the Department has been conducted under the guidance of the Revenue Commissioner Mr. S. P. Rajagopalachari.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Mr. M. A. Srinivasan's Report on the conditions of labour in the Kolar Gold Fields.

READ—

Government Order No. 4367-76—C. B. 171-29-1, dated the 20th May 1930, placing Mr. M. A. Srinivasan, Assistant Commissioner on Special Duty, to study and report on labour conditions on the Kolar Gold Fields.

2. Letter No. C. C. 7-30, dated the 7th June 1931, from the Deputy Commissioner, Kolar District, forwarding the report of Mr. Srinivasan together with the views of the Mining authorities on the suggestions and recommendations made in it.

No. D. 5192-200—I. & C. 369-30-9, DATED BANGALORE 20TH APRIL 1932.

After the labour strike on the Kolar Gold Fields which occurred in the early part of 1930, Government considered it desirable to have a detailed enquiry made into the social and economic conditions of the workmen employed in the Mining Industry in that area, and Mr. M. A. Srinivasan, Assistant Commissioner, was accordingly placed on special duty to make a study of the said conditions and submit a report. The report submitted by him was placed on the table at the last Session of the Legislative Council held in December 1931. A copy of the report was furnished to the Mining Authorities and their views on the recommendations made in it and the action taken by them in respect of many of them have also been ascertained.

2. The various suggestions made in the report and the action already taken and yet to be taken are indicated in the appendix to this order. The Heads of Departments concerned and the Deputy Commissioner, Kolar District, are requested to take steps for the settlement of points still to be dealt with.

Government are pleased to place on record their appreciation of the thoroughness with which Mr. Srinivasan conducted the investigation and of the valuable report submitted by him. The thanks of Government are due to the Mining Authorities for affording all facilities to the Special Officer in studying the labour conditions obtaining on the Kolar Gold Fields and for the sympathetic manner in which his suggestions have been considered by them.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

APPENDIX.

Summary of Recommendations.	*Observations of Government.*
1. Payment of attendance, bonus to contract labour, as is now being paid to Company labour. (pages 6, 9 and 17 of the Report.)	The Mining Companies have arranged to grant attendance bonus to underground contractors' labour.
2. Weekly payment of wages. (pages 21 and 22 of the Report.)	It is reported that the Mining Companies have altered monthly payments to fortnightly payments.
3. Improvement of drainage in cooly lines. (page 22 of the Report.)	The question of drainage is receiving the attention of the Sanitary Department and of the authorities of the Mines. The Mining Companies have stated that improvements will continue to be made.
4. Building of concrete or masonry housing in place of present Thatti huts. (pages 31-34.)	It is reported that the Mining Companies will arrange for extra space for kitchen and for putting up pandals in front and provide a new type of roofing. Any material improvement in housing is a question involving large outlay of funds and can only be attempted gradually. When new constructions are undertaken, the Mining Companies will be requested to consider the desirability of providing better structures.
5. Improvements of the comforts and amenities by providing electric lights and facilities for bathing and washing clothes near the lines. (pages 35-37.)	It is reported that these suggestions have been accepted by the Mining Authorities and action taken thereon.
6. Shifting of the Oorgaum Cyanide line from the present locality. (page 37.)	This suggestion is under the consideration of the Mining Companies.
7. Improvement of the Sanitation, Conservancy, lighting and water supply of the cooly colonies in the Sanitary Board areas. Improving the amenities of these cooly colonies in the same manner as suggested above in respect of the "Lines." (pages 38-39.)	The Sanitary Board is devoting special attention to improving the sanitation of the Lines. An estimate for providing Bethamangala Water to the Masikam colony has been sanctioned by Government. The Sanitary Board have sanctioned a scheme for improving the lighting of the colonies.
8. Reorganisation of the Mine Panchayets on a more really elective basis and utilising them for the free representation of complaints and grievances and of suggestions for the improvement of working and living conditions. (page 55.)	This suggestion has been accepted by the Mining Authorities and given effect to in constituting new bodies.
9. Starting a cheap co-operative provisions and cloth stores. (page 26.)	These suggestions will be considered by the Welfare Organisation.
10. Improvement of the comforts and amenities in the Lines by planting of shade and fruit trees and providing parks and play grounds. (pages 25-37.)	
11. Extension of the supply of milk to illnourished children. (page 41.)	

Summary of Recommendations.	*Observations of Government.*
12. Opening of continuation schools and night schools. (page 50.)	
13. Issue of hot tea in the evenings at the shops in the Lines and Colonies utilising the help if available of the Indian Tea Cess Committee. (pages 50-53.)	
14. Providing free cinema shows of approved instructional and devotional films including those understood to be available with the Indian Central and Provincial Governments. (page 52.)	These suggestions will be considered by the Welfare Organisation.
15. Organising "Kalakshepam" "Bhajanes" Lectures, etc., and Music and Flute plays suited to the local taste. (page 52.)	
16. Reviving the Local Temperance Society and strengthening temperance propaganda with the aid if available, of the Bangalore Temperance Federation. (page 53.)	
17. Constitution of a Joint Committee for the devotion of continuous attention to, and the periodical review of welfare work among the work people. (page 53.)	
18. Improvement of the income of families by promoting subsidiary occupations for unemployed and part employed members by encouragement, among other things, of (*a*) Hand Spinning, (*b*) making of bamboo thattis, bamboo hats, baskets, etc., required by the Mines, and (*c*) cultivation of vegetable plots and plots of land in the neighbourhood. (pages 17-18.)	It is reported that bamboos suitable for making thattis, etc., are available only at a long distance from the Mines and it is not therefore possible to organise a subsidiary industry employing this raw material. Kitchen gardens in these Lines are, it is reported, not practicable and are also considered not desirable on Sanitary grounds. The possibility of allotment of suitable plots of land at sufficient distance from the working areas, will be examined by the Deputy Commissioner, Kolar District, in consultation with the Mining Authorities.
	The Director of Industries and Commerce is requested to examine whether a hand-spinning and weaving centre could be organised in the Fields.
19. Provision of creches for children of working women; grant of maternity benefit to women employees. (page 41.)	The Deputy Commissioner is requested to report the number of women employed and the need for measures of the kind suggested.
20. Opening of a dispensary near the Balghat end of the Field. (page 47.)	The Special Officer states that there is need for a dispensary to serve the population at the northern end of the Mining area and the Companies consider that they need not provide this Dispensary. The Senior Surgeon is requested to examine this matter and submit a report.

Summary of Recommendations.	*Observations of Government.*
21. Improving the staff and accommodation of Primary Schools in the area.	The Director of Public Instruction is requested to report on these recommendations, with special reference to the responsibility devolving on the Mining Companies in carrying out the measures proposed.
22. Provision of Telugu Schools for children of sweeper families.	
23. Starting a large technical school in the Field with facilities for training in useful crafts and vocations and in the use of mechanical appliances including mining appliances. (page 49.)	
24. Licensing the profession of money lending providing for the regulation of the rate of interest, etc. (page 24.)	The Mining Companies state that they would welcome any action that could be taken for the better control of money lenders and for the relief of debtors. What measures can be adopted for achieving the objects of these suggestions require examination and the recommendations are reserved for separate consideration. The Deputy Commissioner, Kolar District, is requested to examine this question and submit proposals.
25. Effective exemption from attachment of the wages of all unskilled labour, and of a minimum amount of the wages of skilled labour. (page 27.)	What relief can be afforded on the lines of this suggestion will be separately examined. The Deputy Commissioner, Kolar District, is requested to examine the question and submit proposals.
26. Increased use of safety first posters printed in the vernacular, with pictures of most local appeal. (pages 44-45.)	The suggestion has been made that the illustrations in the booklet in use explaining the right and wrong way of doing things could usefully be reproduced in the form of posters. The Mining Companies will be requested to consider this proposal and state if it cannot be adopted with advantage.
27. Inauguration of a Provident Fund for all employees. (pages 48-49.)	The Companies state that there is provision in the Service Gratuity Scheme for retirement on grounds of sickness or old age and that if it is possible, the benefits under this scheme will be improved. The Deputy Commissioner, Kolar District, is requested to report after consulting the Mining Authorities what improvements are proposed to make the Gratuity Scheme serve, as far as possible, the purpose of a Provident Fund.

PUBLIC WORKS SECRETARIAT.

Withdrawal of certain lands from acquisition.

READ—

Government Order No. P. W. 890-2—S, dated the 8th October 1931, sanctioning the acquisition of Survey Numbers 48, 59, 86 and 87 of Godbanahal Village, Chitaldrug Taluk, for opening a sluice channel to Godbanahal Tank, Chitaldrug Taluk.

2. Letter No. A4. Acqn. 9—30-31, dated the 1st April 1932, from the Deputy Commissioner, Chitaldrug District, recommending that as it is since found that the opening of the sluice channel is unnecessary, the above properties may be withdrawn from acquisition.

ORDER No. 2682-84—S, DATED BANGALORE, 26TH APRIL 1932.

The Deputy Commissioner's recommendation is approved.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Certain matters relating to the Police Department.

READ—

Government Order No. P. 1011-22—Pol. 207-30-9, dated 15th August 1931, sanctioning the reorganisation of the Police Department.

2. Correspondence ending with letter No. C. C. 19—31-32, dated 27th February 1932, from the Inspector-General of Police in Mysore, submitting further proposals in the matter.

ORDER No. P. 6346-57—POL. 207-30-29, DATED BANGALORE, 4TH MAY 1932.

In the correspondence read above, the Inspector-General of Police has submitted proposals in respect of the following, among other matters, (1) the readjustment of the functions and powers of the Amildar, the Deputy Commissioner and the Superintendent of Police, (2) the reorganisation of the Inspectorate and the Sub-Inspectorate, (3) the amalgamation of the grades of Jamadar and Daffedar, and (4) the improvement of the pay of constables.

The scope of these proposals and the action to be taken thereon are indicated below :—

1. *Amildar's Powers.*—The place to be assigned to the Amildar in the heirarchy of Police Officials has formed the subject of fresh discussion between the Inspector-General of Police and the Deputy Commissioners of Districts and while opinion is divided as to the advisability of divesting this officer altogether of his Police functions, it is generally recognised that these functions are somewhat vague and theoretically too extensive to be efficiently performed by an officer with varied other

duties. In this view the Amildar has already been relieved of the investigation of certain classes of heinous crime. Little advantage is said to have been taken latterly of the Amildar's power to inspect stations. And it is now proposed that police papers need not ordinarily pass through him with the exception of Station Diaries which would be sufficient to keep him informed of important occurrences and the state of crime in his Taluk. He may, however, continue to deal with financial matters relating to the Taluk Police, *e.g.*, pay and travelling allowance bills, the Inspector being at liberty to correspond direct with the District Superintendent of Police in all other matters. Government approve of these proposals but wish to point out that it will always be within the discretion of the Amildar to intervene in any important and emergent Police matters, by virtue of the general powers of control vested in him under Section 15 (2) of the Police Regulation. The powers of the Deputy Amildar will be similar to those of the Amildar, but the Station House Diaries will be submitted to him through the Inspector of the Taluk to which the Sub-Taluk is attached.

2. *The Deputy Commissioner and District Superintendent of Police.*—With regard to the Deputy Commissioner, it is suggested that while his statutory powers of control over the Police should remain unimpaired, it is both possible and necessary to relieve him of detailed supervision in regard to the internal organisation and discipline of the force. It is in particular recommended that, in the matter of punishment, he should act chiefly as an appellate authority leaving to the District Superintendent of Police the initiative as well as the primary responsibility for dealing with questions of discipline. Government generally agree in this view and approve of the accompanying schedule showing the punishments which may be imposed on subordinate Police officers, the lowest authority by whom they may be imposed and the authority to whom appeals lie. It is needless to observe that while the Deputy Commissioner should normally refrain from interfering in matters of departmental discipline that lie within the competence of the District Superintendent of Police, he should not consider himself precluded from such interference on proper, but necessarily rare, occasions.

In this connection, it has been brought to the notice of Government that the present rule which confines direct correspondence between the District Superintendent of Police and the Inspector-General of Police to matters of routine has led to a variety of practice in the several districts, and has generally been productive of delay and inconvenience in the disposal of correspondence. Government consider that the District Superintendents should be allowed to correspond directly with the Inspector-General of Police and *vice versa* except on questions relating to the personnel of the Inspectorate and matters having a bearing on the maintenance of the public peace or the criminal administration of the district. Correspondence in regard to these and allied subjects should invariably pass through the Deputy Commissioner. A detailed list of such subjects may be prepared and submitted to Government for approval. It will of course be understood that the list can only serve as a rough guide and will not fetter the discretion of the Deputy Commissioner as to the range of the matters upon which he may specially desire to be kept informed or consulted.

3. *Reorganisation of subordinate ranks including Constables.*—The Inspector-General has recommended the introduction of the following revised scales of pay for Inspectors and Sub-Inspectors:—

		Inspectors.	Sub-Inspectors.
		Rs.	Rs.
1st Grade	..	150	80
2nd ,,	..	125	70
3rd ,,	..	100	60
4th ,,	..	nil	50

He is also of opinion that the grades of Jamedar and Duffedar might be merged into one and a revised scale of pay ranging from Rs. 21 to 35 introduced for the combined cadre. Such a scale would ensure an even flow of promotion to officers within the cadre and improve their chances, if found competent, of being appointed as Sub-Inspectors in due course.

With regard to the constables it is proposed to raise the basic pay to Rs. 15.

Government are of opinion that these proposals are generally suitable and are prepared to consider them favourably, if it is found that the extra cost on account of

their introduction will be substantially covered by the savings expected as a result of the further reduction of the force which is under contemplation. The Inspector-General of Police is therefore requested to complete the details of his proposals both as regards improvements of pay and reduction of numbers and forward for the consideration of the Government a proposition statement duly verified by the Comptroller.

4. *Other Proposals.*—The Inspector-General's proposals cover a variety of other subjects such as the increase of the number of Assistant Superintendents, the improvement of the scales of pay of Gazetted Officers, the appointment of one or possibly two Deputy Inspectors-General of Police, etc., but as these are intended more as an indication of the lines on which the Department might eventually develop than as concrete recommendations for immediate adoption, it is unnecessary to deal with them on the present occasion.

The suggestions made in regard to the qualifications to be prescribed for the several grades of subordinate officers, and the proportion in which vacancies in these grades should be filled by promotion and by direct recruitment respectively, will be dealt with in passing orders on the detailed proposals called for above as regards the revised scales of pay for the several grades.

With regard to the improvement of the Police Training School, the Inspector-General is requested to address Government, separately.

One other suggestion which remains to be noticed is that all promotions in the force should be by selection and that the unfit should be eliminated by premature retirement, if necessary. Government recognise the soundness of these principles and will be prepared to apply them whenever occasion arises.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Financial Facilities for the Agriculturists of the Irwin Canal Area.

READ—

Correspondence ending with letter No. 6962—C. S., dated 1st April 1932, from the Registrar of Co-operative Societies, on the question of providing financial facilities for the Agriculturists of the Irwin Canal area.

ORDER NO. D. 5357-62—C. S. 71-31-5, DATED BANGALORE, THE 29TH APRIL 1932.

The Krishnarajasagara Working Committee have gone into the question of organising financial facilities to the raiyats of the Irwin Canal area and made the following recommendations:—

(1) The extension of the operations of the Land Mortgage Bank into the Irwin Canal area for affording long term credit to raiyats for clearing off heavy prior indebtedness and to enable them to pay the irrigation contribution to Government.

(2) The deputation of a competent Inspector of Co-operative Societies for being appointed as wholetime paid Secretary of the Co-operative Society at Mandya which has been newly organised on a limited liability basis for providing short term credit to raiyats for their agricultural operations.

(3) A grant of Rs. 2,000 to the Society from the Irwin Canal Development Fund to meet the working expenses of the Society during the first year, and

(4) Grant of a loan of Rs. 20,000 by Government to the Society to purchase and sell improved implements, manures, seeds, etc., on a large scale, the loan being re-payable in five annual instalments.

The Krishnarajasagara Working Committee, the President of the Land Mortgage Bank and the Registrar of Co-operative Societies all consider that arrangements are necessary for encouraging permanent improvement of land in this area in view of irrigational facilities brought within its reach. Government agree that it is desirable that the Land Mortgage Bank should be permitted to operate in this area but they consider that it would be sufficient to extend the operations of the Land Mortgage Bank to the Taluks of Maddur and Mandya for the present as the Irwin Canal has not been taken to Malvalli yet. A notification to this effect will issue separately.

The deputation of an Inspector of Co-operative Societies for appointment as wholetime Secretary of the newly organised Co-operative Society at Mandya is sanctioned for a period of two years in the first instance. During the period of deputation, the Co-operative Inspector will be given a deputation allowance of 20 per cent of his substantive pay. The Registrar is requested to report for the information of Government the name and pay of the Inspector deputed for the work.

A grant of Rs. 2,000 from the Irwin Canal Development Fund for meeting the working expenses of the Society in the first year is sanctioned.

As regards the grant of a loan of Rs. 20,000 to the Society, a sugar making concern started in the area would advance money to cane growers towards cultivation expenses, and there might be no need for any special arrangements being made by Government for this purpose; for other crops requiring short term credit, the local society might obtain needful accommodation from the Co-operative Apex Bank.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Anti-Rabic Treatment.

READ—

Government Notification No. L. 6802—Med. 120-22-2, dated 3rd April 1923, notifying for general information that arrangements have been made at the Victoria Hospital, Bangalore, and the Krishnarajendra Hospital, Mysore, for the treatment of persons bitten by rabid animals.

2. The Government Orders noted in the margin according sanction from time to time for necessary provision being made by the respective District Boards for the treatment of anti-rabic cases in the institutions named therein.

1. G. O. No. 1841-3—L. B. 111-23-18, dated 3rd September 1924, District Hospital, Kolar.
2. G. O. No. 1838-40—L. B. 111-23-19, dated 3rd September 1924, District Hospital, Chikmagalur.
3. G. O. No. 2320-22—L. B. 111-23-21, dated 15th September 1924, District Hospital, Chitaldrug.

3. Letter No. G. C. 119-26, dated 30th March 1931, from the Senior Surgeon, requesting orders for providing anti-rabic treatment at the remaining three District Headquarter Hospitals, *viz.*, Hassan, Tumkur and Shimoga.

4. Letter No. C. 675—L. B. 30-31, dated 13th July 1931, from the President, District Board, Shimoga, forwarding a resolution of the Board, dated 26th May 1931, stating that, for want of funds, it is not possible to provide for the scheme.

5. Letter No. A. 2-754-30, dated 8th January 1932, from the President, District Board, Hassan, forwarding a resolution, dated 23rd December 1931, passed by the District Board resolving that a sum of Rs. 150 for the purpose will be made available in the next year's budget.

6. Letter No. L. F. 3. No. C. 821, dated 17th December 1931, from the President, District Board, Tumkur, forwarding the resolution of the Board, dated 17th November 1931, stating that they are not able to bear all the expenditure but that they can pay a contribution of Rs. 100 towards the arrangement.

ORDER NO. G. 8258-62—MED. 86-30-29, DATED BANGALORE, THE 19TH APRIL 1932.

Under rule 27 of the rules issued with Government Order No. L. 8242-8421—Med. 120-22-16, dated the 16th April 1924, all expenses referred to therein incurred in the anti-rabic treatment of indigent persons not belonging to the public service are debitable to the local bodies concerned. These charges in the Districts of Hassan, Shimoga and Tumkur as in other districts are advanced in the first instance out of the imprest of the hospital concerned and adjusted by the Comptroller by either obtaining cheques from the local bodies or charging them to their respective pass books. As the patients from these Districts have at present to be sent either to Bangalore or Mysore for treatment, the travelling allowance expenditure on them will necessarily be somewhat higher than what they would be if facilities were provided for anti-rabic treatment in the district headquarters of these districts. The refusal of the District Boards to provide adequate funds in their budgets for anti-rabic treatment seems to be based on the misapprehension that they would become liable to incur heavier expenditure than they are at present incurring. On the other hand, they stand to gain by the provision of facilities for such treatment at their own headquarters.

In view of these considerations, Government are pleased to sanction the proposal of the Senior Surgeon to extend the facilities for anti-rabic treatment in the District Hospitals at Hassan, Shimoga and Tumkur.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Recruitment of Officers for Cavalry and Infantry Units.

READ—

Correspondence ending with letter No. C. 351—31-32, dated 2nd March 1932, from the Chief Commandant, Mysore State Troops, submitting a scheme for recruitment of officers for the Cavalry and Infantry Regiments and their training.

ORDER No. G. 8830-1—MILY. 163-31-5, DATED BANGALORE, 10TH MAY 1932.

The Chief Commandant reports that about 15 places of officers will fall vacant in the Cavalry Regiments during the next 4 years (or on an average of four a year) due to retirements and transfers, and six officers will be required every year in connection with the scheme of reorganization of the Infantry Regiments into an Active Unit. In all, an average of ten officers a year are needed for the Cavalry and Infantry combined. He proposes that one or two of these may be filled up by promotion if suitable candidates are forthcoming from the lower ranks and that for the remainder a Cadet Class of 14 young applicants for Commission may be organised, the minimum educational qualifications for admission being the completed S.S.L.C. Examination. According to his scheme, these candidates will receive pay and clothing allowance as Infantry Havildars (Rs. 20 plus Rs. 2) and will be offered Commissions after not less than one year's successful training as vacancies occur and they become fit for the appointment. Candidates for the Cavalry Regiments will undergo a further period of two years probation and those for the Infantry six months probation before confirmation. The cost of the whole scheme will be met by leaving sufficient number of vacancies in the Cavalry and Infantry Regiments.

Government are pleased to approve of the above recommendations of the Chief Commandant. He is requested to send the names of candidates proposed for admission to the Cadet Class for the approval of Government.

N. MADHAVA RAO,
Chief Secretary to Government.

Government Order No. D. 322-89—A. & E. 64-30-14, dated 17th July 1931, sanctioning the amalgamation of the Live Stock Section and the Amrut Mahal Department and reserving for separate consideration, the scheme submitted by the Director of Agriculture, for the disposal of animals of the disbanded herds of the Amrut Mahal Department by distributing them among servegars subject to certain conditions.

ORDER NO. D. 5581-92—A. M. 18-30-7, DATED BANGALORE, 5—6TH MAY 1932.

While examining the scheme of aided cattle breeding submitted by the Director with special reference to the reduction of the number of herds in the Amrut Mahal Department and the disposal of surplus stock, the following three alternative courses were considered by Government for the disposal of surplus stock :—

(1) For use in a scheme of aided cattle breeding.

(2) Sale.

(3) Deferring the decision for reducing the number of herds.

The Director of Agriculture is of opinion that the third alternative would only result in continuing the existing evils and irregularities and that it is not desirable to consider it seriously. The second alternative is not found feasible as it would not be possible to sell the female stock readily. The first therefore is the only course that could be adopted, as it will not only help to reduce the number of herds but also to increase the number of good breeding bulls the need for which is great.

The main features of the scheme are :—

(1) The sale of the surplus female stock to servegars and others for aided cattle breeding subject to immediate payment of 25 per cent of their value, the balance being payable in six annual instalments, interest at 6 per cent being charged on all overdue amounts.

(2) Grazing ground out of Amrut Mahal kavals not exceeding 2,000 acres in each case to be leased out for ten years, with permission to raise fodder crops, at an annual rental of Rs. 200.

(3) The breeders will be required to work under the supervision of the Live Stock Expert.

(4) The area cultivated in any year for crops other than fodder should be subject to levy of assessment by the Revenue Department.

(5) The exploitation of forest produce and preservation of sandal growth will remain under the control of the Forest Department.

Government agree with the views of the Director and are pleased to approve of the scheme, subject to the conditions appended hereto and direct that it may be given a trial.

The Director of Agriculture is requested to take early action to give effect to this scheme by notifying the conditions in the Gazette and inviting applications from servegars and others interested in cattle breeding.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

ANNEXURE.

CONDITIONS FOR AIDED CATTLE BREEDING IN AMRIT MAHAL KAVALS.

(1) One hundred cows between the ages of 4 and 13 (about ten in each year brand) with one bull shall be purchased by the ex-servegar at the prevailing market rates which shall not exceed the following scale :—

Females under	4,	5,	6,	7,	8,	9,	10,	11,	12,	13,	years.
	25,	25,	33,	40,	37,	33,	30,	26,	23,	18,	rupees.

(2) Such of the calves as are under 9 months of age at the time of purchase of cows and one breeding bull will be given free of cost.

(3) The breeder shall immediately pay 25 per cent of the total value of the stock sold to him and execute an agreement mortgaging landed property for the balance amount.

(4) The balance amount shall be paid within a period of six years in equal annual instalments. Interest at 6 per cent shall be charged on all overdue amounts till date of payment.

(5) The breeder will acquire proprietary right over the stock when the full value of the same is paid up.

(6) The breeder will be given a long term lease (ten years) of grazing ground up to a limit of 2,000 acres in two kavals with permission to raise crops (except purely commercial crops such as cotton, etc.,) suitable for fodder purposes.

(7) The breeder shall pay an annual lease amount of Rs. 200 for the whole extent.

(8) If any area is cultivated in any year with other than purely fodder crops, he shall pay assessment to the Revenue Department, on the extent so cultivated at the rates of assessment prevailing in the locality.

(9) The extent leased out shall be subject to inspection by officers of the Forest, Revenue and Agricultural Departments. Exploitation of forest produce and preservation of sandal growth, if any, shall remain under the control of the Forest Department. No license for fuel except to the lessees will be issued by the Forest Department in the area leased out to the breeder.

(10) The breeder shall allow constant supervision of the cattle and the grazing ground by the Live Stock Expert.

(11) The breeder shall always maintain a minimum number of 80 cows retaining the best animals.

(12) He shall retain only such bulls as are approved by the Live Stock Expert to sire the herd.

(13) He shall not eliminate any stock without permission.

(14) He shall maintain herd registers properly, brand all the calves born in the herd, and submit prompt reports of births and deaths as they occur.

(15) He shall allow all animals to be protected against contagious diseases by inoculations whenever necessary.

(16) He shall clear at least 50 acres of lantana or other thorny shrubs each year in the kaval area leased out.

(17) The following concessions will be granted to the breeder :—

(*a*) To keep with the herd 50 cows of his own, but these must be approved as to quality by the Department.

(*b*) To utilise branches of unreserved trees in the areas leased out for the purpose of constructing stockades and sheds.

(*c*) The breeder can graze his cattle in the State areas on the system of lumpsum grazing fees just as in the case of ordinary villagers.

If the breeder fails to fulfil the above conditions, the land leased out to him shall be liable to be immediately resumed. Any arrears due to Government shall be recoverable as if they were arrears of land revenue under the provisions of the Land Revenue Regulation and the rules thereunder.

GENERAL SECRETARIAT.

Measures to prevent Epidemic of Small-pox.

READ—

Letter No. C. 602, dated the 11th—12th April 1932, from the Director of Health in Mysore, suggesting certain measures against the apprehended epidemic of small-pox in 1934.

ORDER No. G. 8989-9011—P. H. 11-31-32, DATED 14TH MAY 1932.

On a close study of the annual statistics relating to small-pox, the Director has come to the conclusion that the disease occurs in epidemic waves with crests every 5 or 6 years, that it is probable that the year 1934 will be the next peak year and that there is every likelihood of the cases of small-pox steadily rising from now till that year. This periodicity is in the main reported to be due to the aggregation of the unprotected people in the community such aggregation including not only those who have not taken the first vaccination but also those in whom the effects of previous vaccination have partially or completely faded. He estimates the total number of unprotected persons in the State at over 15,00,000. He considers that a possible outbreak of small-pox amongst such a large number of unprotected people can only be prevented by pushing on vaccination work more vigorously than it has been possible in the past. With a view to enable the local bodies to institute advance special vaccination campaigns, he has made following proposals:—

(*i*) The Presidents of District Boards and Municipalities in consultation with the Director of Health may be empowered to employ out of their funds temporary vaccinators for varying periods not exceeding six months at a time without the previous sanction of Government.

(*ii*) On application by the local body concerned to the Senior Surgeon and with his approval, the local Sub-Assistant Surgeon may be permitted to perform vaccinations within Municipal limits twice in a week by house to house visits, on a payment of a suitable remuneration from the funds of the respective Municipal Councils, which may be fixed at Rs. 5 in the case of Minor Municipalities and Rs. 10 in the case of other Town Municipalities, per mensem.

Government are pleased to approve of the above recommendations.

The Director has also forwarded for approval a leaflet warning the people of the threatened outbreak of small-pox in 1934 and inviting their co-operation.

The leaflet* is approved. The Director is requested to get it printed free of charge in the Government Press and circulate it among the Deputy Commissioners and Presidents of local bodies as proposed.

(*Printed as annexure.)

H. V. RAMASVAMI,
Offg. *Secretary to Government,*
General Department.

ANNEXURE.

SMALL-POX IN MYSORE.

Small-pox occurs in epidemic waves having definite years of increased prevalence with intervening years of comparatively lessened severity. According to the records of the Mysore Department of Health, epidemics of small-pox in Mysore State come every five or six years. On going over these records, it is found that 1906, 1914, 1919, 1925 and 1929 were years of greatly increased prevalence. It seems probable that 1934 will be the next epidemic year and that during 1932 and 1933 the number of cases will be slowly increasing.

Small-pox is an easily preventable disease. A programme for its control would demand:

(1) the vaccination of all infants as early as possible after birth before they are six months old,

(2) re-vaccination of all others, adults included, every six years or oftener.

Such a programme can only be carried out through co-operation with the Department of Health by all Government officials, all local authorities and the general public. This co-operation becomes particularly important in view of the threatened epidemic in 1934.

Mysore has a reputation to maintain. Only, if all in the State work together to achieve the common good can this be kept at its present high level. The slogan should be:—

"No small-pox in Mysore."

Rules relating to the training and employment of Vaccinators.

READ—

Government Order No. G. 10116-37—San. 78-29-18, dated 4th April 1931, issuing revised rules for the training and employment of vaccinators.

2. Letter No. C. 487-33, dated 3rd March 1932, from the Director of Health in Mysore, suggesting certain amendments to rule 8 of the rules referred to above.

ORDER NO. G. 8951-70—P. H. 82-31-3, DATED BANGALORE, 13TH MAY 1932.

The Director of Health has suggested the desirability of amending rule 8 of the rules referred to above with a view to provide for the issue of duplicate certificates when the originals are lost, on payment of a fee of one rupee.

As certain other rules also seemed to require modifications, the Director was requested to examine them and suggest amendments, if any. He has accordingly recommended that rules 6 to 10 be modified or amplified as hereunder :—

Rule 6 (iii).—For "they" *read* "private candidates." Substitute the following in place of the existing rules, 7, 8, 9 and 10 :—

Rule 7.—At the end of each session, there shall be an examination conducted by the Superintendent, Vaccine Institute, to which no candidate shall be admitted unless he has attended 90 per cent of the working days in the session.

Rule 8.—At such an examination, no candidate shall be declared to have qualified himself for a certificate unless he obtains 50 per cent in the theoretical and 80 per cent in the practical and *viva voce* portions of the examination.

A certificate under the signature of the Superintendent of the Vaccine Institute and the counter-signature of the Director of Health in Mysore, Bangalore, shall be granted to each successful candidate in the prescribed form.

Rule 9.—A candidate losing his certificate may obtain a duplicate copy of the same on application to the Superintendent, Vaccine Institute, in the prescribed form accompanied by a fee of one rupee.

Rule 10.—On a failure to secure admission to an examination as per rule 7 or a pass in it as per rule 8, no candidate shall be permitted to sit for the next sessional examination unless he takes a further full course of three months in a subsequent session and pays an examination fee of Rs. 10 at the end of such a course.

3. The Director has also forwarded for approval, the accompanying forms of the qualifying certificate and of application for duplicate copy thereof. He suggests that the certificates may be printed on thick paper as in the case of those awarded to Midwives and Compounders.

The above proposals are approved.

APPLICATION FORM FOR A COPY OF THE CERTIFICATE GRANTED TO VACCINATOR.

(To be submitted to the Superintendent, Vaccine Institute, Bangalore, Through the President of Local Body the applicant is serving under if employed or direct if unemployed.)

1. Name of Vaccinator.
2. Caste. Age. Place of birth.
3. Range.
4. Taluk.
5. District.
6. Total service as Vaccinator.
7. When trained in the Vaccine Institute, Bangalore ?
8. Number and date of original certificate.
9. Circumstances under which the original was lost and purpose for which a copy is required now.
10. Evidence furnished as to his identity with the person to whom the original certificate was granted (see note 2).
11. Particulars of enclosures, if any.

Signature of the applicant.

Note.—1. No application will be considered unless all the particulars called for are furnished and is accompanied by either a challan for having credited the fee of Re. 1 in any Government Treasury under "XVIII Public Health, 3. Other Receipts" or a receipt granted by this office for its payment in cash.

2. Evidence expected is any one of the following :—

(*a*) Certificate from the official superior that he is identical with the person whose particulars are furnished in items No. 7 and 8.

or (*b*) A sworn declaration to that effect before a Magistrate.

or (*c*) Two copies of a photograph of the applicant in ½ plate size.

(The following memo is to be scored out when submitted direct by an unemployed applicant.)

Memo No. Transmitted to the Superintendent, Vaccine Institute, Bangalore, for disposal.

Place.....

Date..... Signature and Designation of the applicant's Official Superior.

District Boards having their own Engineering Establishment.

READ—

Government Order No. L. 4972-91—L. B. 83-30-40, dated 10th December 1930, appointing a Committee to consider the question of the District Boards being permitted to have their own Engineering Establishment and to submit its views to Government.

2. Letter No. 5311, dated 7th November 1931, from the Chief Engineer, Public Works Department, submitting the report of the Committee.

No. L. 7570-86—L. B. 83-30-51, DATED BANGALORE, THE 11TH MAY 1932.

During the October Session of the Representative Assembly in 1930, a resolution was moved by Mr. H. B. Gundappagowda, that the District Boards might be allowed to have their own Engineering Establishments, and it was suggested that a small Committee might be constituted to examine the whole question and submit recommendations. Government accordingly appointed a Committee constituted as follows:—

Chairman	..	Chief Engineer, Public Works Department.
Members	..	Superintending Engineer, Shimoga Circle. Deputy Commissioner, Hassan District. Do do Kolar District. Mr. H. B. Gundappagowda, B.A., B.L. Mr. B. S. Puttaswami, B.A., B.L.

The Committee held for meetings and submitted their report to Government in November 1931.

The main complaints of the District Boards about the existing system are summarised below:—

(*i*) The District Boards are not able to make out how the money transferred by them to the Public Works Department on account of District Board Works is spent, and they have also no voice in checking the figures or scrutinising the work done, though the works are financed by them.

(*ii*) The Public Works Department does not pay as much attention to District Board Works as to State Fund Works.

(*iii*) The District Boards could supervise their own works more efficiently, and

(*iv*) Get them done more expeditiously and economically.

3. After considering all these points, the Committee have made the following observations in regard to them:—

(*i*) In regard to point (*i*), they observe that Government have, in their Order No. L. 4447-66—L. B. 99-22-1, dated 16th December 1922, directed that the estimates for all District Board Works to be carried out by the Public Works Department should be sent to the District Board Presidents for countersignature in token of approval, and that after the estimates have been sanctioned by competent authority, copies of abstracts of the estimates should be furnished to the Presidents for reference. A statement of monthly expenditure on each work is also required to be sent to the Presidents to keep them informed of the progress made.

(*ii*) The second complaint, the Committee observe, is of too sweeping a nature, and cannot be substantiated.

(*iii*) As regards the third contention, namely, that the District Boards could supervise their works more efficiently than the Public Works Department, the Committee point out that the works would then lose the benefit of supervision by the higher Officers of the Department and would have to be executed entirely by comparatively Junior Officers. The alternative suggestion that the higher Officers might, when required, inspect the works and give their opinion would hardly serve the purpose, unless they were vested with direct responsibility.

(*iv*) Nor is the last contention accepted by the Committee, who state that if delays occur in the execution of Public Works, they are invariably due to the observance of certain codal rules in regard to the selection of sites or the acquisition of land or the recovery of the quota due from local bodies. While it might be quite possible, if works were carried out by the District Boards under the proposed arrangement, to avoid delays to some extent in these matters, there could be no appreciable improvement in other respects unless the District Boards were to dispense with such necessary formalities and safeguards as calling for tenders and paying bills after check and audit.

That the District Boards could manage works more economically cannot also be admitted, as the establishment charges alone would be about 60 to 100 per cent more than what the District Boards are incurring at present.

4. The question of the Establishment of a separate Engineering Establishment by the District Boards was fully discussed by the Committee. As such an arrangement

would result in an increase in the establishment charges which would have to be borne by the District Boards, various schemes were considered, inclusive of those suggested by the non-official members, with a view to keeping down the expenditure on establishments as much as possible without detriment to efficiency. It was found that while the schemes proposed by the technical members of the Committee were considered too costly by the non-official members, those proposed by the latter could not also be adopted as there were great difficulties, both technical and administrative, in giving effect to them. In view, however, of the representations made on the subject from time to time and the opinion of the non-official members of the Committee that nothing short of the complete transfer of the establishment to the control of the District Boards would be satisfactory, the Committee have recommended that this arrangement may be tried in the Mysore District, and that for this purpose a separate Engineering Establishment costing Rs. 30,200 per year may be sanctioned for a period of three years.

5. Government sympathise with the desire of the District Boards to manage their own Public Works and would have no objection in principle to this, provided they were satisfied that there would be no material increase of cost of the District Boards by this arrangement, and that the execution of works would be satisfactory. The scale of establishment proposed by the Committee for the trial of the scheme in the Mysore District would not, in the opinion of Government, be adequate to secure the satisfactory execution of works. Having regard to the fact that the Public Works Budget of the District Board is only about Rs. 1,00,000, even this scale means that expenditure on establishment would go up from 17½ to 30 per cent. With an adequate establishment such as would, in the opinion of Government, sufficiently safeguard the Board's interests, the percentage of cost would amount up to about 40.

6. In these circumstances, Government consider that it would not be a proper application of public funds to run duplicate establishments at a heavy cost for attending to work that is being done by the State Public Works Department at present, and that it would not be expedient to try the scheme even as an experimental measure in one district as proposed by the Committee.

The existing arrangements will therefore continue, but the officers of the Public Works Department will be instructed to give fullest possible information to the District Boards in regard to District Fund Works, as contemplated in the order referred to in para 3 (i) *supra*.

Receipt and Disposal of Petitions.

READ—

Government Order No. O. 243-310—G. M. 12-22-1, dated 11th July 1922, issuing revised rules for the receipt and disposal of petitions in Government Offices.

2. Interpellation No. 47 put by Mr. T. Siddalingiah, Dodballapur in the Dasara Session of the Representative Assembly, October 1931, regarding the delay in the disposal of petitions and the reply of Government thereto.

ORDER NO. G. 9091-160—G. M. 130-31-1, DATED BANGALORE, THE 19TH MAY 1932.

The question of expediting the disposal of petitions presented to Government Officers and of giving written acknowledgments for such petitions was raised in the course of the supplementary questions on the interpellation referred to above.

2. Government wish to draw the attention of Officers once again to the instructions issued in the Government Order dated 11th July 1922 read above, for the prompt disposal of petitions. They also direct that where a petition is not expected to be disposed of in a fortnight, an acknowledgment should invariably be sent to the party, with the least possible delay.

Free Student-ships to Ursu and Komar Pupils.

READ—

G. O. No. E. 835-8—Edn. 83-23-2, dated 18th September 1923.
G. O. No. E. 4454-7—Edn. 197-23-4, dated 17th March 1924.

The marginally noted Government Orders directing that pupils of the Ursu and the Komar Communities studying in the High School and College Classes who are in receipt of (1) Palace Scholarships awarded by the Sri Chamarajendra Ursu Boarding School, Mysore, and (ii) Scholar-ships awarded by the Komar Boarding Home, Mysore, respectively, be treated as free students, and empowering the Heads of the Education Institutions concerned, to remit wholly or in part the fees due from such of the other pupils of the said communities studying in High School and College Classes, as are poor and are recommended for the concession by the Managing Committee of the Ursu Boarding School or the President of the Komar Boarding Home, as the case may be.

2. Government Order No. E. 3043—Edn. 141-26-2, dated 6th December 1926, extending the concession sanctioned in the Government Orders read above, for a term of three years from 1926-27, to the students of the Ursu and the Komar Communities, residing in the School of Engineering, Bangalore, and in the Government Commercial Schools at Bangalore and Mysore, with powers to the Heads of these Institutions to withhold or cancel the freeships, if the conduct and progress of the students are not satisfactory.

3. Government Order No. E. 1902-3—Edn. 267-30-4, dated 30th May 1931, sanctioning the continuance of the concession referred to in the Government Order dated 6th December 1926 read above, for a further period of three years, *i.e.*, up to the end of the school year 1931-32.

4. Government Order No. E. 896-7—Edn. 91-30-8, dated 26th August 1931, passing orders in the matter of giving compensation to Aided High Schools on account of the admission of students of certain communities, who enjoy fee concessions.

5. Government Order No. E. 2290-93—Edn. 149-24-20, dated 15th December 1931, fixing the percentage of freeships to be granted in the College and High School Classes.

6. Correspondence ending with letter No. D.3. 169-14 of 30-31, dated 4th March 1932, from the Director of Public Instruction, submitting proposals for placing on a proper basis, the concession of granting exemptions from payment of school fees to students of the Ursu and the Komar Communities, in the High Schools, the School of Engineering and the Government Commercial Schools.

ORDER NO. E. 4544-45—EDN. 160-31-4, DATED BANGALORE, 12TH MAY 1932.

The Director states that scholarships to Ursu and Komar pupils are awarded by the respective boarding institutions under certain definite principles, but that the number of such scholarships awarded to pupils studying in the schools under the Department varies from year to year. As, however, the number has not till now exceeded 60, he submits for approval the following proposals for the grant of free studentships :—

(i) that the number of free studentships that may be granted in the various kinds of Schools, *viz.*, the High Schools, the School of Engineering, the Government Institute of Commerce and Accountancy, Bangalore, and the Aided Commercial Schools, in conjunction with scholar-ships awarded by the Ursu Boarding School and the Komar Boarding Home, be fixed at 60.

(ii) that the claims of the other pupils of these communities for freeships or half-freeships, inclusive of those recommended by the Managing Committees of the above institutions for concession be considered along with those of the pupils of other communities on the grounds of merit and poverty, and be met from the general allotment for freeships.

(iii) that the compensation granted on account of fee concessions to these pupils in Aided Schools, as per the Government Order dated 26th August 1931 read above, be also extended to the Aided Commercial Schools.

Government are pleased to sanction the proposals of the Director with the modification, that the number of free studentships to be granted in High Schools and the Technical Schools be fixed at 50 and 10 respectively.

Police Administration.

READ—

Letter No. C. 145-31, dated 16th October 1931, from the Inspector-General of Police in Mysore, submitting the report on the working of the Police Department during the year 1930-31.

ORDER No. P. 6829-40—POL. 101-31-3, DATED BANGALORE, THE 28TH MAY 1932.

Government have read with interest the report on the Administration of the Police Department during the year 1930-31 and are glad to observe that the report is a record of progress in various directions.

2. Mr. S. Hiriannaiya was in charge of the Department up to the 31st August 1930, from which date Mr. Syed Taj Peeran, officiated for him till the 22nd October 1930. Mr. F. A. Hamilton, C.I.E., the present Inspector-General of Police, was in charge of the Department during the rest of the year.

3. Several important measures calculated to improve the efficiency and usefulness of the Police Department were carried out during the year. Among these measures may be mentioned the reorganization of the Police in the Bangalore City and Kolar Gold Fields, the location of Special Reserve detachments at District Headquarters, arrangements for an effective supervision of wheeled traffic, abolition of unnecessary out-posts and improvement in the prospects of the ministerial staffs.

4. *Cognizable Offences.*—There was an increase in the number of cognizable offences reported during the year, the number of such cases having risen from 7,993 in 1929-30 to 9,516 during the past year, the number of true cases being 7,852 in

1930-31 as against 6,246 in the previous year. The increase in the number of cognizable offences is reported to be due to special arrangements having been made for the investigation of crimes in Bangalore City. Including the number of cases pending at the beginning of the year, the number of cases dealt with by the Police during the year was 13,041 against 11,529 cases in 1929-30. Out of this, investigation was refused in 369 cases, 1,539 cases were either false or due to mistakes of law or non-cognizable; 957 cases were not detected, 137 cases were struck off in A Form, 91 cases were withdrawn, 11 transferred and 213 cases compounded. Of the remaining 9,724 cases, 4,712 ended in conviction, 1,362 in acquittal or discharge, leaving 3,650 cases pending at the close of the year against 3,525 cases pending at the close of 1929-30. The percentage of cases in which investigation was refused to reported crime was 3·87 against 3·85 in 1929-30. The percentage of cases convicted (4,712) to cases decided (6,074) was 77·57 against 72·32 in 1929-30.

5. *Offences against the State, Public Tranquillity, etc.*—Including the number of cases pending at the beginning of the year, there were 280 cases to be dealt with during the year against 249 in 1929-30. Of the 115 reported as true, 43 cases ended in conviction against 44 in 1929-30. The number of cases of rioting and unlawful assembly reported during the year was 91 against 93 in 1929-30, while the number of cases relating to coin and currency notes rose from 5 in 1929-30 to 6 during the year under review.

6. *Serious Offences against Person.*—Including the number of cases pending at the beginning of the year, 1,367 cases relating to offences against the person were dealt with during the year. Out of this, 199 cases ended in conviction. The percentage of conviction (199) to true cases (501) was 39·72 against 37·29 in the previous year. The number of cases reported under murder, culpable homicide and attempts at murder, during the year was 127 against 129 in 1929-30. The percentage of convictions to true cases (49 to 119) in respect of these offences was 41·17 against 42·5 in 1929-30.

7. *Kidnapping.*—There were 68 cases of kidnapping reported during the year as against 47 in the year 1929-30.

8. *Dacoity, Robbery, House-breaking and Theft.*—The number of dacoities reported increased from 8 to 14 during the year under report. The percentage of cases convicted to true cases was 57·14 as against 50·00 during the previous year. The number of cases of robbery reported during the year was 56 against 48 in the previous year, the percentage of convictions to true cases was 38·46 against 38·7 in 1929-30. The number of cases of theft rose from 2,423 to 2,536 during the year and the number of cases of house-breaking decreased from 1,465 to 1328 during the year, the percentage of conviction for both these classes being 32·78 and 17·92 respectively, against 34·17 and 20 in the previous year.

9. *Recovery of Stolen Property.*—Property of the value of Rs. 2,31,249-0-8 was lost in 2,830 cases during the year against property of the value of Rs. 2,87,683-13-6 lost in 2,831 cases in 1929-30. Out of this, property of the value of Rs. 1,07,989-3-1 was recovered in 1,794 cases against property of the value of Rs. 1,10,720-10-8 recovered in 1,744 cases in 1929-30. The percentage of the value of the property recovered to that lost was 46·69 against 38·48 in the previous year.

10. *Preventive Action under Section 565 of the Criminal Procedure Code.*—The number of persons who were at the time of conviction ordered to notify residence under Section 565 Criminal Procedure Code was 74 against 82 in the previous year. There is scope for further improvement in this matter.

11. *Cases under the Infant Marriage Prevention Regulation.*—There were six cases under this Regulation during the year against two in the previous year. Five cases ended in conviction and one is reported to be pending disposal.

12. *Juvenile Smoking.*—The parents of 324 juvenile offenders under the Juvenile Smoking Prevention Regulation were warned against 336 in the previous year. Two cases ended in conviction.

Government are constrained to observe that the object of this Regulation is not properly realised and that its provisions are not being fully utilised. They are of opinion that a stricter application of the Regulation is called for if the evil of Juvenile Smoking is to be effectively tackled.

13. *Offences under the Criminal Tribes Regulation.*—Two hundred and fifty-nine cases involving 215 persons were prosecuted under this Regulation during the year as against 249 cases involving 250 persons prosecuted during the previous year. Of these, 161 cases involving 160 persons ended in conviction and 21 involving 25 persons ended in acquittal or discharge. Government agree with the Inspector-General of Police that the work in connection with criminal tribes calls for scrutiny and they will be glad if the Inspector-General of Police will go further into the matter and take needful action.

14. *Working of the Motor Vehicles Regulation.*—The number of motor vehicles newly registered during the year was 386 against 630 in 1929-30. The total number of such vehicles registered at the end of the year was 4,062 against 3,666 in 1929-30. The number of motor accidents reported during the year was 159 against 196 in the previous year. The Inspector-General of Police is requested to furnish in future detailed information as regards the number of prosecutions under the Regulation, and the number of cases which ended in conviction, acquittal or discharge as regards (1) Rash and negligent driving, (2) Driving without licences, (3) High speed, (4) Infringement of conditions of permits, (5) Miscellaneous violation of rules, if any.

Government note that the Inspector-General of Police has issued necessary instructions to all Districts in accordance with the observations of Government in the reviews of previous years' Administration Reports, in respect of the prevention of motor accidents. There has been a very large increase in the number of private motor vehicles and those plying for hire in the State during the past two or three years ; and accidents due to rash or indifferent driving, and the running on the roads of vehicles unfit for service are likely to increase. Measures likely to minimise such accidents are urgently called for and Government will be glad if the Inspector-General of Police will go into the question and favour Government with his suggestions.

15. *Inspection.*—Government note that the inspection work of the officers of the Department was on the whole fair.

16. *Cost of the Department.*—The cost of the Department during the year was Rs. 19,29,784-10-7 against Rs. 18,30,430-2-0 in the previous year.

17. *General.*—In his suggestions for the improvement of the Police Department, the Inspector-General of Police has suggested the desirability of recruiting a better class of men into the Police Force than at present and providing them with suitable houses, improving their prospect, etc. During recent years, Government have done a good deal in these directions and will be prepared to continue these measures as funds permit.

In conclusion, Government desire to place on record their appreciation of the efficient manner in which the Police Department has been administered by Mr. Hamilton who has been in charge of it for the greater part of the year.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Reconstitution of a single taluk charge for the Bangalore Taluk and the City Area.

READ—

Government Order No. R. 5950-6009—L. R. 443-30-2, dated the 30th April 1931—2nd May 1931, sanctioning the continuance of the appointment of a separate Amildar and certain staff for Bangalore City till the end of June 1932.

2. Letter No. C. 3217—31-32, dated 3rd—4th March 1932, from the Revenue Commissioner in Mysore, recommending that the separate Bangalore City Taluk charge and its temporary staff may be abolished with effect from the 1st July 1932 and that only one Taluk charge for the Bangalore Taluk and the City area with a single Amildar may be reconstituted with certain temporary additional staff.

ORDER No. R. 5542-601—L. R. 352-31-4, DATED BANGALORE, 23RD MAY 1932.

As the Bangalore Taluk was a heavy charge, the Revenue Commissioner had proposed in June 1928 that a separate Amildar with the necessary additional staff might be appointed as a temporary measure for Bangalore City with jurisdiction over the Kasaba and the Yesvantpur Hoblis. This proposal of the Revenue Commissioner was sanctioned in Government Order No. R. 1205-64—L. R. 524-27-6, dated the 10th August 1928, and the arrangement has been continued till now. The Deputy Commissioner has now reported that the present arrangement is not satisfactory and has not produced any improvement in the Taluk Administration especially in the matter of the collection of revenue which was one of the main objects in having a separate Taluk for the City. The Revenue Commissioner agrees with the Deputy Commissioner in this view and has accordingly proposed that the appointment of the Amildar for City area and his staff be abolished with effect from the 1st July 1932 and that both the City and the Taluk charges be placed under a single Amildar with an additional establishment consisting of a Taluk Sheristedar on Rs. 60—4—80 and two process servers on Rs. 15—1—20 and that the additional establishment may be sanctioned as a temporary measure for a period of two years in the first instance. This arrangement will result in savings of a sum of Rs. 288$\frac{8}{9}$ per mensem as shown in the statement appended. Government consider that the Revenue Commissioner's recommendation is suitable and are pleased to approve of the same.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

The Working of the District Boards.

READ—

Reports on the working of the District Boards during the year 1930-31, received from the Presidents of the several District Boards.

ORDER NO. L. 7880-7901—L. B. 74-31-23, DATED BANGALORE, THE 27TH MAY 1932.

Recorded.

2. Except in the case of the District Boards of Chitaldrug, Mysore and Shimoga Districts, there was delay in the submission of the reports due on 1st October 1931, the delay in the case of the Bangalore and Kolar District Boards extending over a month. Proper arrangements should be made by the Presidents to avoid delays and to submit the reports on or before the due date.

3. *Constitution, Composition and Working of the Boards.*—Except for a short period of six days in the commencement of the year when the Deputy Commissioner, Chitaldrug, exercised the powers and performed the functions of the District Board in the District, the year under review was the first in which the executive administration of the District Boards was vested solely in non-official Presidents and Vice-Presidents elected by the Boards.

There was no change in the constitution of the boards except for the increase of the strength of the Hassan District Board by one member and the decrease in that of the Kadur District Board by one consequent on the abolition of the appointment of the District Economic Superintendent. As against the total strength of 316 members for all the Boards, there were on the last day of the year 314 members, of whom 212 were elected non-officials and 62 were non-officials appointed by the Government, the remaining 40 being salaried servants of Government. Fifty-seven meetings were in all held by the District Boards, the average attendance being 3·7 officials and 29·2 non-officials for each District Board.

The Standing Committee of the Bangalore District Board met nine times and in other Districts the Committee met on an average only three times. These Committees are not serving the purpose for which they ought to be appointed, *viz.*, the performance of the duties and the exercise of the powers in respect of the District Board matters, similar to those exercised by the Managing Committees of Municipal Councils. With a view therefore to enable the Standing Committee to dispose of some matters independently of the District Board and thus reduce the congestion of work, rules have been issued in Notification No. L. 6911—L. B. 156-30-6, dated 12th April 1932, delegating certain powers under the District Board Regulation to the Standing Committees subject to certain limitations and conditions.

The Agenda of the meetings of many of the Boards is reported to be heavy and it is stated that even with two days' sittings it has not been possible to complete the consideration of the subjects in some Districts. The Kolar District Board has proposed the amendment of the District Boards Regulation so as to allow the Boards to hold ordinary meetings oftener than once in three months. The proposal involves an amendment of Section 29 of the District Boards Regulation, and the views of other District Boards thereon have been invited.

4. *Finance.*—The year opened with a balance of Rs. 2,98,258. The income and expenditure amounted to Rs. 53,95,405 and Rs. 53,64,104 against Rs. 35,36,336 and Rs. 40,93,248 respectively in the previous year as detailed below:—

	Opening balance	Income	Total	Expenditure	Closing balance
		Rs.		Rs.	
A. Ordinary items ..	..	13,91,427	...	18,52,736	..
B. Investment account ..	..	10,08,304	..	5,52,178	..
C. DEBT HEADS.					
Loans	..	41,317	..	625	..
Deposits	..	64,830	..	69,976	..
Advances ...	..	82,289	..	78,673	..
Drinking Water Wells Fund.	..	53,624	...	45,117	..
Other items ..	..	5,281	..	10,506	..
Total ..	..	2,47,341	..	2,04,897	..
D. Railway Cess Transaction.	..	17,64,008	..	17,59,790	..
E. Education Cess Transaction.	..	9,84,325	...	9,94,503	..
Total ..	..	53,95,405	...	53,64,104	..

5. *Income under Ordinary Heads.*—Of the income under ordinary items a sum of Rs. 8,08,760 or nearly 62 per cent was realised from local cess, 8 per cent from tolls, 6 per cent from markets, and the rest from other items. There was a general fall in the income from local cess in all the Districts and the decrease amounted to 10 per cent as compared with the income realised during the previous year. The fall in the income in the Tumkur District was very marked and it was mainly due to the abolition of tolls on carts and less realisation under local cess. This Board having proposed the establishment of four more toll-gates and the levy of fees at 16 santhes, the proposals were approved. Two toll-gates in the District, which were not yielding, were also abolished. In the Kadur District there was a large decrease under tolls and it was mainly due to the abolition of all newly opened toll-gates.

6. *Railway Cess Transactions.*—The total income under Railway Cess transactions amounted to Rs. 17,64,008, while the expenditure amounted to Rs. 17,59,790. A sum of Rs. 6,75,000 was withdrawn from the Railway Cess Deposit in the Tumkur District and out of this a sum of Rs. 6,50,000 was reinvested in the 5½ per cent State Loan and Rs. 25,000 in the Land Mortgage Bank.

In the Chitaldrug District, a sum of Rs. 5,00,000 was withdrawn from the Railway Cess accumulated balances and invested in the 5½ per cent Mysore Government loan. Excluding these items, the income under Railway Transactions amounted to Rs. 5,89,008 while the expenditure amounted to Rs. 5,84,790. Railway Cess was levied in all the Districts except Bangalore and Hassan and the income during the year from this source amounted to Rs. 3,31,425. The income from Railways in the Kolar and Mysore Districts amounted to Rs. 31,295.

The expenditure on capital outlay amounted to Rs. 8,938. The Kolar District Board spent Rs. 14,900 for the redemption of their debenture bonds and a sum of Rs. 40,000 was advanced from the Railway Cess Fund to this District Board for expenditure in connection with the general purposes of the Board.

7. *Education Cess Transactions*—The total income and expenditure under Education Cess transactions amounted to Rs. 9,84,325 and Rs. 9,94,503 respectively. The income under Education Cess amounted to Rs. 5,41,483 and a sum of Rs. 4,42,842 was withdrawn from the investment account for meeting the expenditure during the year which amounted to Rs. 4,97,571. The investments made during the year out of

the cess amounted to Rs. 4,96,932. The accounts show that the cess collected during the year in the Shimoga and Bangalore Districts was not invested in the Savings Bank Account as directed in Government Order No. D. 6753-63 Edn. 164-29-2, dated 16th December 1929. In the Shimoga District the cess collected amounted to Rs. 45,129 and out of this a sum of Rs. 44,501 appears to have been paid direct to the Education Department instead of passing the transactions through the Savings Bank Deposit account. The uninvested cess in this District at the end of the year amounted only to Rs. 3,837. In the Bangalore District though a sum of Rs. 55,409 was collected, the sum of Rs. 2,015 only is shown as having been paid to the Education Department. The report is silent as to why the remaining sum of Rs. 53,294 was not either paid to the Education Department or invested in the Savings Bank account. The statement of balances furnished by the President of this District Board shows that a sum of Rs. 56,557 remained uninvested on this account and was utilised for the ordinary expenditure of the Board. The amount at the credit of the Board under service heads on the last day of the year was Rs. 3,02,592 out of which a sum of Rs. 2,21,000 was held up in the Mysore Government Loan Bonds. There was an overdrawal to the extent of Rs. 3,262 in the Government Savings Bank account and a sum of Rs. 1,11,872 remained in Fixed Deposits on the Mysore Bank. The Board has had therefore to depend for meeting their ordinary transactions, upon the uninvested Education Cess Fund and the balance under Deposits and Drinking Water Wells Fund. This is not satisfactory. The uninvested amount must be made good by transferring a portion of the Mysore State Loan Bonds to the credit of the Education Cess Funds. The Fixed Deposit in the Mysore Bank should not be renewed and the surplus amount if any, after meeting all demands should be invested in the Government Savings Bank.

8. *Expenditure.*—The expenditure under ordinary heads amounted to Rs. 18,52,736 and exceeded the income by Rs. 4,61,330. The expenditure includes a sum of Rs. 1,44,000 paid by the Mysore District Board on account of the balance of contribution for the construction of the bridge across the Cauvery near T.-Narsipur. A sum of Rs. 73,802 was debited by transfer adjustment principally on account of interest due for previous years on investment of surplus District Fund in the Chitaldrug District. Excluding these payments, the expenditure amounted to Rs. 16,34,934 and exceeded the income during year by Rs. 2,43,528 or about 20 per cent. The disparity between the income and expenditure is very marked in the Bangalore, Kolar, Tumkur and Kadur Districts. In view of the present general depression it behoves these Boards to restrict the expenditure on account of optional items and recurring charges to a minimum compatible with their diminished income. The Tumkur and Kadur District Boards request to be relieved of the charges of the maintenance of some District Fund Roads. In order to give relief to the boards by way of providing funds for improvement of communications, Government have accepted the policy of utilising otherwise the interest on accumulated railway cess and income from Railways which is not needed for immediate expenditure in the District, and legislative action has been taken to give effect to this policy.

9. *Public Works.*—The expenditure incurred on Public Works executed by the Public Works Department and the Civil Department amounted to Rs. 6,98,807 and Rs. 3,34,512 against Rs. 7,08,858 and Rs. 3,75,433 respectively in the previous year. The major portion of the expenditure incurred by the Public Works Department was spent for the annual maintenance of the District Fund Roads under the control of the Public Works Department. The mileage grant for certain Roads in the Tumkur District was raised and special repairs and improvements were also effected. The expenditure incurred in the Civil Department includes a sum of Rs. 1,44,000 paid by the Mysore District Board towards the balance of its contribution for the bridge across the Cauvery near T.-Narsipur. The construction of the Kolar District Board Office and the Silver Jubilee Building at Chikmagalur were the important buildings that were in progress during the year.

The question of having a separate Engineering Establishment for carrying out District Fund Works referred to in para 15 of the Government review on the report for 1929-30 has since been considered by the Committee appointed to go into it and the Government have passed orders negativing the recommendations of the Committee in Government Order No. L. 7570-86—L. B. 83-30-51, dated 9—11th May 1932.

10. *Medical Relief.*—There were 192 local fund dispensaries, 155 vaidyasalas and 187 midwives maintained by the District Boards either wholly or in part as against 184 dispensaries, 159 vaidyasalas and 180 midwives during the previous year. A dispensary on a reduced scale was opened at Belagur in the Hosdurga Taluk. In Government Order No. G. 10624-33—Med. 317-29-6, dated 21st April 1931, sanction was accorded to the opening of a new type of a purely district board dispensary and one such was opened at Kebbanahalli in the Mysore District. The midwives attached to the local fund dispensaries attended to a very few labour cases during the year. For the appointment of eight temporary midwives in the Kolar District qualified hands are reported not to have been secured. The Senior Surgeon is requested to take suitable action for securing suitable midwives for the vacant appointments and for popularising the service of midwives in rural tracts.

11. *Vaccination.*—One lakh forty eight thousand seven hundred and seventy seven persons were vaccinated during the year against 1,77,532 persons in the previous year. There was thus an appreciable decrease in the number of persons vaccinated during the year under review.

12. *Vital Statistics.*—The number of births and deaths registered during the year was 96,761 and 73,038 against 1,01,897 and 75,191 respectively in the previous year. The total deaths from Cholera and Plague were 3782 and 5005 against 194 and 7,784 respectively in the previous year. Timely action was taken to prevent the spread of the diseases. The largest number of deaths on account of these epidemics was returned from the Mysore District. Small-pox accounted for 3,310 deaths as against 6,596 deaths in the previous year. In the Mysore District only nine deaths from this disease were registered against 1,209 deaths in the previous year. The Hassan District Board suggests that the registration of births and deaths be made an obligatory duty of Village Panchayets. They complain that the information received from the village officers is not accurate and the figures are not received in time. The village panchayets cannot at present be entrusted with the registration of births and deaths and orders have been issued for the compilation of the statistics in the Deputy Commissioners' Office in Government Order No. G. 3736-54—Med. 82-30-15, dated 10th November 1931.

13. *Sanitation.*—The number of Sanitary Inspectors in the Shimoga and Kadur Districts was raised by five and three respectively. The Tumkur District Board complain that timely intimation is not given to the Board Authorities of outbreak of epidemics by the Revenue authorities and they urge that the Taluk Revenue Officials may be placed under the District Boards so far as this duty is concerned. This is not practicable, but the Deputy Commissioner of the Tumkur District is requested to investigate the remissness complained of on the part of the revenue officers in giving timely intimation of outbreaks of epidemics to the District Board and see that the provisions of rules approved in Government Order No. G. 21371-402—Sany. 101-17-12, dated 25th March 1919, are strictly observed.

14. *Water Supply.*—Three hundred and sixty-seven wells were in progress during the year and of these 128 were completed. In the Mysore District one bore well was sunk at Devanur. The Tumkur District Board urge that the amount allotted for drinking water wells in villages in the State Budget be placed at the disposal of the District Boards. Government regret that the suggestion cannot be accepted as a general policy. Special grants were made to the Hassan and Kadur District Boards for completion of incomplete well works in view of the slender resources of the Boards. The income under drinking water wells fund amounted to Rs. 53,624 while the expenditure was Rs. 39,866. The balance at the credit of the Fund on the last day of the year was as noted below:—

	Rs.		Rs.
Bangalore ..	19,806	Hassan ..	—15,633
Kolar ..	52	Shimoga ..	..
Tumkur ..	8,979	Kadur ..	977
Mysore ..	..	Chitaldrug ..	..

The fund in the Bangalore District was not utilised to a very large extent and the Board should show more progress in the execution of well works. The Hassan District Board should take early action to wipe off the minus balance outstanding under this head.

15. *Accommodation for Travellers.*—A sum of Rs. 46,573 was spent for the maintenance of accommodation for travellers during the year. One hundred and fifty-nine third class Travellers' Bungalows, 220 Musafirkanas and 39 other buildings were maintained for this purpose by the District Boards during the year. The income realised from fees levied for the occupation of these buildings amounted to Rs. 10,217 or 22 per cent of the cost of their upkeep. Many of the buildings are reported to be rarely resorted to in consequence of the increase of the motor bus traffic. The abolition of some of the buildings set apart for the accommodation of travellers and the question of enhancing the rates of fees for the occupation of the buildings engaged the attention of the District Boards.

16. *Audit of Accounts.*—The accounts of all the District Boards for the year 1929-30 were audited by the local audit staff of the Comptroller's Office. No serious irregularities are reported to have been brought to notice.

17. *Balances.*—The balance of the District Boards under service heads at the beginning and close of the year under review were as noted below:—

		Balance on 1st July 1930.	Balance on 30th June 1931.
		Rs.	Rs.
Bangalore	..	3,81,210	3,02,592
Kolar	..	—21,841	17,597
Tumkur	..	3,61,650	2,82,152
Mysore	..	2,71,393	1,03,803
Hassan	..	7,893	—26,569
Shimoga	..	35,519	25,163
Kadur	..	77,245	32,299
Chitaldrug	..	1,86,290	1,81,269

The decrease in the balances is large in all the District except Chitaldrug. The correctness of the balance furnished in the case of the Kolar District Board requires verification. A sum of Rs. 40,000 which was given as a loan to the Kolar District Board from the Railway Cess Fund has been treated in the accounts of the Board as an ordinary item of income under service head. Necessary adjustments should be made in the current year's account. The heavy decrease in the case of the Mysore District is mainly due to the payment of the Board's contribution towards the construction of bridges in the District. The finances of the Hassan District Board were not satisfactory and necessary action is being taken by the Board to improve the same.

18. *General.*—The Office of the District Boards of Hassan, Kadur and Bangalore Districts were inspected by the Third Member of Council during the year in the month of February 1931. The action taken in pursuance of the notes of inspection in the case of the Hassan and Bangalore District Boards has not been reported to Government. The Deputy Commissioners of these Districts are requested to see that needful action is taken as regards the irregularities pointed out in the notice.

H. V. RAMASVAMI,
Offg. *Secretary to Government,*
General Department.

STATEMENT I.—Statement showing the constitution, meetings and attendance of the several District Boards for the year 1930-31.

BANGALORE, THURSDAY, JUNE 23, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Abolition of the post of Director of Horticulture.

READ—

Government Order No. 2695—C. B. 95-30-67, dated 18th December 1931, permitting Mr. G. H. Krumbiegel, Director of Horticulture in Mysore, to retire from service with effect from 1st July 1932.

ORDER NO. 4289-91— C. B. 153-31-1, DATED BANGALORE, THE 21ST JUNE 1932.

Government direct that the post of Director of Horticulture be abolished with effect from 1st July 1932.

Mr. H. C. Javaraya, Superintendent, Government Gardens, will be in charge of the Horticultural Department, from 1st July 1932.

He will also be in charge of the Museum.

N. MADHAVA RAO,
Chief Secretary to Government.

Mysore Blue Book and Publicity Journal.

ORDER NO. G. 9835-94—G. M. 144-31-1, DATED BANGALORE, THE 17TH JUNE 1932.

Government are pleased to direct that the publication of 'The Mysore Blue Book and Publicity Journal' be stopped until further orders after the issue of the Journal for the month of May 1932.

N. MADHAVA RAO,
Chief Secretary to Government.

Re-allocation of seats in the Representative Assembly.

ORDER NO. RL. 5443-56—R. A. 11-31-1, DATED BANGALORE, THE 22ND JUNE 1932.

The Mysore Representative Assembly Regulation provides that "the total number of members of the Assembly shall ordinarily be 250, but Government shall have power to increase the strength of the Assembly up to a maximum of 275."

The actual strength at present, according to the rules framed in this behalf, is 273, the seats being allocated as follows:—

Rural Constituencies	..	..	167
Urban Constituencies	..	..	41
Minorities	..	..	39
Special Interests	..	..	26
			273

Provision has to be made for additional seats in order to give representation to taluks which have been newly constituted and to Town Municipalities having a population of 5,000 and upwards according to the Census taken in the year 1931. Representations have also been received for increase in the number of seats allotted to certain rural constituencies and minor communities.

In order to advise them on these and other allied matters, Government considered it desirable to appoint a small committee consisting of officers and members of the Representative Assembly; and having ascertained the views of the Assembly also in the matter, they are now pleased to appoint a committee constituted as follows:—

Rajamantrapravina K. Matthan, Second Member of Council.	Chairman.
1. Mr. S. P. Rajagopalachari. 2. „ N. Madhava Rao. 3. „ K. H. Ramayya. 4. „ N. Rama Rao.	Official Members.
5. Mrs. Kamalamma H. Dasappa. 6. Mr. B. S. Puttaswamy. 7. „ J. Mahomed Imam. 8. „ B. Gopalachar. 9. „ L. Vema Reddy.	Non-official Members.

The Secretary, Representative Assembly, will be Secretary to the Committee.

The Committee will be requested—

(*a*) to review the existing distribution of seats of the Representative Assembly and to consider any changes needed therein, having regard to the population of the various constituencies and other relevant considerations,

(*b*) to examine the possibility of adopting some system of proportional representation as regards the election of members of the Representative Assembly from multi-member constituencies and the election of members to the Legislative Council from the Representative Assembly, and

(*c*) to submit recommendations on the above and any other incidental matters, having regard to the provisions of the Representative Assembly Regulation and the Legislative Council Regulation.

Government will be glad if the Committee will arrange to meet as early as possible and submit its report not later than 30th September 1932.

N. MADHAVA RAO,
Chief Secretary to Government.

Depressed Class Candidates.

READ—

Government Order No. 3809-80—E. A. 41-21-1, dated 20th February 1922, directing that qualified candidates of the Depressed Classes seeking employment in Government Departments should be given the first preference.

2. Official Memorandum No. 123-373—C. R. B. 1-28-1, dated 10th July 1928, requesting all officers entrusted with powers of appointment to see that in making selection for appointments, preference to candidates for employment belonging to the Depressed Classes is not shown to the extent of creating an undue preponderance of these classes in any one office.

3. Government Order No. 7993-8142—C. R. B. 1-28-4, dated 22nd April 1929, issuing revised instructions in the matter of the preference to be shown to candidates of the Depressed Classes in filling up vacancies in Government Offices.

ORDER NO. 6475-6624—C. R. B. 14-31-2, DATED BANGALORE, THE 16TH JUNE 1932.

According to the Government Order dated 20th February 1922 read above, qualified candidates belonging to the depressed classes have been shown the first preference in filling up vacancies in the public service. Since June 1927, this preferential treatment has been continued in respect of all special vacancies, *i.e.*, vacancies reserved for the backward communities. The concession has thus been in force for nearly ten years, and, on a review of the position, Government observe that the strength of the depressed classes in the public service has appreciably risen and, at present, compares not unfavourably with that of certain other backward communities.

With the increase, however, in the number of vacancies sought after by candidates belonging to the depressed classes, the rule giving them an absolute preference over members of other backward communities has tended to reduce the chances of the latter to a material extent. It is obvious, moreover, that an arrangement which gives a preferential claim for selection to a candidate possessing the minimum qualifications over candidates whose qualifications are distinctly superior, must react on the efficiency of the service and could be supported only in exceptional circumstances.

These circumstances having changed considerably during the past ten years, as stated above, Government consider that the special privileges accorded to the depressed clssses in the matter of recruitment require some modification. They are accordingly pleased to direct, in modification of the Government Order of 22nd April 1929 read above, that, for special vacancies, candidates of the Depressed Classes be given preference only when they possess qualifications approximately equal to those of the best qualified candidates among the applicants.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Commission.

READ—

Government Order No. R. 2091-2—L. R. 96-29-2, dated 11th September 1929, issuing a commission under clauses (d) (e) and (f) of Section 99 of the Mysore Land Revenue Code to Mr. M. N. Hiriannaiya, Inamdar of Jodi Aluvalli Village, Manjarabad Taluk.

2. Letter No. App. Pet. 799—31-32, dated 25—27th May 1932, from the Revenue Commissioner in Mysore, recommending sanction to the grant of a commission under clause (b) of the said Section also to the aforesaid Inamdar to be exercised within the limits of the Aluvalli Village.

ORDER NO. R. 6096-97—L. R. 437-31-2, DATED BANGALORE, THE 21ST JUNE 1932.

Government are pleased to sanction the Revenue Commissioner's recommendation and to issue the accompanying Commission to the Inamdar.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99, OF THE LAND REVENUE CODE, REGULATION IV OF 1888.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. M. N. Hiriannaiya, Jodidar of Jodi Aluvalli Village, Manjarabad Taluk, the following power specified in clause (b) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Jodi Village.

(b) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said village.

The above mentioned power delegated to you is vested in you during the pleasure of, and subject to recall by, the Government of His Highness the Maharaja of Mysore.

By Order,

B. T. KESAVA IYENGAR,

Secretary to Government,
Development Department.

PUBLIC WORKS SECRETARIAT.

BANGALORE, THURSDAY, JUNE 30, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Placing Rajasevaparayana Mr. B. Srinivasa Iyengar, B.A., B.L., on Special duty.

READ—

The recommendation of the Retrenchment Committee made in para 1 of Chapter 7 of their report that the reduction feasible in the establishments of offices may be determined as the result of a detailed examination of the nature and volume of work by an experienced Special Officer.

2. Government Order No. Fl. C. 18-19—G. F. 86-31-1, dated 24—26th October 1931, directing certain measures of retrenchment in the Accounts Department and an examination of the possibility of effecting further economies under establishment charges by a suitable reduction and simplification of work.

ORDER NO. 4386-4442—C. B. 155-31-1, DATED BANGALORE, THE 27TH JUNE 1932.

In accordance with the suggestion of the Retrenchment Committee referred to above, Government are pleased to direct that *Rajasevaparayana* Mr. B. Srinivasa Iyengar, Financial Secretary to Government, be placed on special duty for a period of two months with effect from 1st July 1932, to examine in detail the work in the Comptroller's Office and in the General and Revenue Secretariat and to submit proposals for simplifying the methods of work and reducing the staff to the extent possible. During the period of his special duty, Mr. Srinivasa Iyengar will be allowed the same rate of pay he was drawing as Financial Secretary to Government.

2. The Special Duty Officer may correspond direct with the Heads of Departments with a view to collecting data relative to his work.

N. MADHAVA RAO,
Chief Secretary to Government.

Unit Officers.

READ—

Government Order No. 3842-56—C. R. B. 21-31-1, dated 29th January 1932, directing that all the School Board Officers be treated as Unit Officers for their respective charges in respect of appointments within their powers of patronage in the Education Department.

2. Letter No. A. 1-3631-691—31-32, dated 24—28th March 1932, from the Director of Public Instruction in Mysore, recommending that the School Board Officers may be treated as Unit Officers for all appointments under the respective School Boards, irrespective of the appointments being disposed of by themselves directly or under orders of the School Boards concerned.

ORDER NO. 6733-6749—C. R. B. 21-31-2, DATED BANGALORE, THE 20TH—22ND JUNE 1932.

The recommendation of the Director of Public Instruction is sanctioned.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Fruit Culture Loans.

READ—

Government Order No. D. 6157-78—A. & E. 178-26-5, dated the 12th December 1927, issuing revised rules for the grant of loans for fruit cultivation and directing among other things, that no interest be charged for the first three years on any loan granted up to 30th June 1930.

Government Order No. E. 1312-33—G. G. 86-30-4 dated, the 27th April 1931, sanctioning the continuance of the concession referred to in the Government Order read above, for a further period of two years from 30th June 1930.

ORDER NO. E. 5102-22—G. G. 61-31-1, DATED BANGALORE, THE 25TH JUNE 1932.

As the period referred to in the second of the orders read above expires on 30th June 1932, Government are pleased to direct that for loans granted thereafter interest be charged at 5 per cent per annum instead of at 6¼ per cent as laid down in Rule 6 (1) of the Rules appended to the first of the orders read above.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

FINANCIAL SECRETARIAT.

Sanctions the Budget Estimates for the year 1932-33.

ORDER NO. FL. 9203-54—G. F. 248-31-1, DATED, BANGALORE THE 29TH JUNE 1932.

The Provisional Budget estimates for the year 1932-33, were placed before the Representative Assembly for general discussion on two days, *viz.*, on the 9th and 10th of June 1932.

2. The estimates were then presented to the Legislative Council which met from the 20th of June 1932, and were dealt with by that body in the two stages of (1) general discussions and (2) voting of demands for grants, the former on the 23rd and 24th and the latter on the 24th to 28th June 1932. All the demands placed before the Council including Rs. 50,000 added as a supplementary demand under Railway Depreciation Fund Works were passed by that body.

3. The sanctioned estimates for 1932-33, as they finally stand resulting in a deficit of Rs. 9·88 lakhs are herewith published for general information.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

PUBLIC WORKS SECRETARIAT.

Traffic on the Road over the Krishnarajasagara Dam.

READ—

Note No. D. 458—K. S. S., dated 4th June 1932, by the Secretary to Government, Krishnarajasagara Works, in the matter of allowing traffic on the road over the Krishnarajasagara Dam and levy of toll therefor.

ORDER NO. 2033-43—K. S. S. 7088-98, DATED BANGALORE, THE 27TH JUNE 1932.

There are, at present, no bridges across the River Cauvery near Krishnarajasagara. The construction of the Dam and the road over it has caused a rush of traffic over the Dam. As the Dam works are nearing completion, Government are pleased to direct that the road over the Dam be permitted to be used by the public, subject to the following restrictions:—

(1) that the speed in the case of motor vehicles be limited to five miles an hour, and

(2) that the road be closed for all kinds of traffic after 10 P. M.

2. In view of the heavy wear and tear to which the road will be subjected, Government also direct that toll be levied on all the traffic that uses the Dam either way at the rates noted below:—

		Rs. a. p.
1.	Bullock Carts and other vehicles	0 4 0 each.
2.	Motor Cars	0 8 0 ,,
3.	Buses and Lorries	1 8 0 ,,
4.	Cows, Goats, etc.	0 2 0 per head.
5.	Bicycles	0 1 0 each.

No toll will be levied for the return trip made within twenty-four hours. Officers on duty as well as those who are exempted from payment of toll under the ordinary rules will be exempted from payment of toll over Dam.

3. The toll will be introduced from 1st July 1932 and collected by the Public Works Department (Krishnarajasagara Works).

S. SRINIVASA AIYAR,
Secretary to Government,
Krishnarajasagara Works.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Re-allocation of seats in the Representative Assembly.

READ—

Government Order No. Rl. 5443-56—R. A. 11-31-1, dated 22nd June 1932, appointing a Committee for considering the question of the re-allocation of seats in the Mysore Representative Assembly.

ORDER No. Rl. 2-14—R. A. 1-32-1, DATED BANGALORE, THE 1ST JULY 1932.

Government are pleased to appoint Dr. D. S. Ramachandra Rao and Mr. H. B. Gundappa Gowda as members of the Committee referred to above.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Rates of Special Assessment.

READ—

Government Order No. R. 6695-704—L. R. 384-28-5, dated 11—14th February 1929, fixing the rates of special assessment noted in the margin to be levied for the appropriation of lands for non-agricultural purposes.

(1) At Rs. 6 per acre in the case of lands situated in places other than district headquarters;
(2) At Rs. 8 per acre in district headquarters; and
(3) At Rs. 10 per acre in cities.

2. Correspondence ending with U. O. Note No. C. 1835 A—30-31, dated 20th May 1932, from the Revenue Commissioner in Mysore, in the matter.

ORDER No. R. 6251-60—L. R. 466-31-1, DATED BANGALORE, THE 30TH JUNE 1932.

Instances have come to the notice of Government in which the rates of special assessment levied on lands appropriated for non-agricultural purposes prior to the issue of Government Order of 11—14th February 1929 are different from those fixed in the said order. The Revenue Commissioner, who was consulted in the matter, is of opinion that the special assessments levied prior to the issue of Government Order of 11—14th February 1929, may be enhanced with effect from 1929-30, so as to be in conformity with the rates prescribed in the order referred to above, as no guarantee has been held out under Section 112 of the Land Revenue Code that the rate once fixed is for any term or in perpetuity. Government accept the Revenue Commissioner's view and are pleased to approve of the recommendation made in this connection.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

Boundary Marks.

READ—

Government Order No. R. 4594-4604—L. S. 46-27-2, dated the 4th December 1928, fixing the rates to be charged for stone and earthen boundary marks in the several taluks of the Mysore District and requesting the Survey Superintendent to forward for sanction a similar schedule in respect of the other Districts.

2. Correspondence ending with letter No. 115, dated the 23rd February 1931, from the Survey Superintendent in Mysore, forwarding a consolidated statement of the standard rates for the erection of the three classes of boundary marks, *viz.*, dressed stones, ordinary stones and earthen bonds in all the Districts.

3. Further correspondence ending with letter No. C. 685—31-32, dated the 12th May 1932, from the Revenue Commissioner in Mysore, submitting a revised schedule of rates for all the Districts prepared in consultation with the Survey Department and the Deputy Commissioners and requesting that the rates may be approved.

ORDER No. R. 6215-25—L. S. 52-28-13, DATED BANGALORE, THE 29TH JUNE 1932.

Government are pleased to sanction the revised schedule of rates proposed by the Revenue Commissioner. The schedule is annexed to this order.

B. T. KESAVA IYENGAR,
Secretary to Government.
Development Department.

Rules to prevent accidents in Small Mines.

READ—

Letter No. 1604, dated 12th March 1930, from the Director of Geology and the Chief Inspector of Mines, submitting for the consideration of Government, a set of rules applicable to small mines worked on the open cast system or by other methods and stating that these rules have been framed following a comparative study of the rules obtaining in British India and other Mining Countries so as to suit local conditions and to meet practical difficulties and that the compilation of a separate set of rules has become necessary as the provisions of the rules framed under the Mysore Mines Regulation, IV of 1906 are somewhat elaborate and not applicable to small mines.

2. Correspondence ending with letter No. 1782, dated 29th March 1932, from the Chief Inspector of Mines, furnishing his views on certain points.

ORDER NO. D. 6630-31—GEOL. 109-29-7, DATED BANGALORE, THE 23RD—28TH JUNE 1932.

Government are pleased to approve of the set of special rules framed for small mines by the Director of Geology and the Chief Inspector of Mines with a view to prevent mining accidents and ensure the safety of persons employed in or about the mines and to direct that they be published in the *Mysore Gazette*. A separate Notification will be issued in this behalf.

2. The General Rules published under General Notification No. Geol. 444, dated 22nd August 1911, will in future apply only to Mines other than small mines to which the Special Rules now proposed will be applicable.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

ANNEXURE.

Special Rules prescribed under Sections 21 and 37 of the Mysore Mines Regulation (IV of 1906) for Small Mines.

I. Definitions.

1. (1) "Small Mine" means any working which does not exceed at any place a vertical depth of 150 feet below the level of the pit's mouth.

(2) "Manager" means the owner if he is himself on the spot in control of operations or the person who is the local representative of the owner.

II. Safety of workings.

2. The sides of open-workings shall be sloped, stepped or secured in such a manner as to prevent danger from falls of material.

3. When an open-working is worked in steps, the steps shall be of sufficient breadth compared with their height to secure safety.

4. In open-workings, trees liable to fall, the over-burden and all loose ground and material shall be removed sufficiently far from the edge, or otherwise made secure, in order to prevent danger to persons employed in the mine.

5. When any trench or other excavation more than 10 feet deep made in the course of mining operations is or has been abandoned or the working thereof discontinued, at whatever time the abandonment or discontinuance occurs or may have occurred, the Owner or Manager shall without delay either fill up such trench or other excavation, or protect the same by a substantial stone barrier on all sides at least 3 feet 6 inches high and 2 feet thick;

Provided that this rule may be relaxed with the consent of the Chief Inspector of Mines in the case of an open-working of which no side has a steeper slope than 45° and which in the Chief Inspector's opinion is not dangerous.

6. In digging prospecting and other trenches, pits or other excavations, a sufficient quantity of the removed ground shall be so disposed around the limiting boundaries of the opening that approximately equal ridges are provided on these boundaries and all necessary precautions shall also be taken (either by filling up or fencing the same) to prevent persons from inadvertently falling into or entering such trenches, pits or other excavations.

7. When any side of an excavation or open-working, or portion thereof, which exceeds 10 feet in depth, has a slope which is steeper than 45°, the top of such side shall be protected by a suitable fence or barrier to prevent persons from inadvertently falling into or entering the same.

8. Entrance to, or working in, any portion of an open-working, which is considered to be dangerous, is prohibited, and access thereto shall be prevented as far as possible by efficient barriers.

9. In an open-face working, no undercutting shall be allowed and no vertical face shall have a height of more than ten feet but such open-face shall be worked in terraces or at an angle of safety. All debris and other loose matter or stones on the surface, shall be cleared to a distance of at least ten feet from the edge of such open-working.

10. Any place in or about an excavation which is dangerous, shall be made safe or shall be kept securely fenced. Should any doubt arise as to whether a place is dangerous or not, the opinion of the Chief Inspector of Mines shall be conclusive on the point.

III. Management.

11. The Owner of a mine may appoint a competent person to be Manager of the mine. If any question arises about the competency of a person to perform the duties of Manager, the decision of the Chief Inspector of Mines shall be final.

12. A person may be appointed Manager of more mines than one provided that the mines are not so large and the distances between them are not so great, as to render it improbable in the opinion of the Chief Inspector that a single Manager would be able to manage them all efficiently. The decision of the Chief Inspector of Mines shall be final on any question arising out of this rule.

13. Where on account of absence or for any other reason the Manager is unable to perform the duties required of him by the rules, the Owner shall authorise in writing, a person whom he considers competent to act as Manager of the mine ;

Provided that—

(*a*) no such authority shall have effect for a longer period than one month ;

(*b*) the Owner shall send to the Chief Inspector of Mines, with the least possible delay, a written notice intimating that such an authorisation has been made and stating the reason for the authorisation, the qualifications and experience of the person authorised and the dates of the commencement and ending of the authorisation.

14. The Owner or Manager shall—

(1) take all reasonable measures to enforce the requirements of these rules and to ensure that they are observed by every person employed on the mine ;

(2) appoint such persons as may be necessary to assist him in enforcing such observance of the rules ;

(3) provide for the safety and proper discipline of the men employed on the mine ; and

(4) see that all inspections and reports required by the rules are regularly and faithfully made and recorded by the respective officers and competent persons appointed for the purpose.

IV. Workmen.

15. No boys under the age of 12 years and no women shall be employed in the underground workings of a mine.

16. Every person in charge of a working party shall, before commencing work and during the course of it, especially after blasting, make a careful examination of his working place and remove any loose rock, stones or ground which might be dangerous.

V. Explosives.

17. The storage of explosives and the use thereof shall be governed by the rules prescribed under the Mysore Explosives Regulation, II of 1888 and of the Mysore Mines Regulation, IV of 1906.

VI. Accidents.

18. Whenever an accident occurs at a mine which results in the death of, or serious injury to, any person, the Owner or Manager shall at once send notice thereof in writing to the Chief Inspector of Mines, stating fully all particulars regarding such accident in accordance with Form I appended to these rules. The notice shall be accompanied or followed if possible by a certificate from the Medical Officer regarding the nature of injury or cause of death. In cases of death, intimation shall also be sent to the Chief Inspector of Mines by telegraph.

19. By serious injury is meant an injury which results or is likely to result, in total or partial loss of, or permanent damage to, any limb or organ, fracture of any of the larger bones (including the bones of the skull), dislocation of the hip or knee, great loss of blood, internal bleeding or prolonged unconsciousness, or enforced absence from work for 20 days, or which may be declared to be serious by any Medical Officer.

20. If death results from the effects of accident, whether such death occurs at the time of the accident or subsequently, the Owner or the Manager shall send notice of the same forthwith to the nearest Magistrate or Police Officer as well as to the Chief Inspector of Mines.

21. The place where an accident involving the death of, or serious injury to, any person has occurred shall be left untouched after removal of the injured person or persons until it has been examined by an Inspector of Mines or until the expiry of forty-eight hours, unless the stoppage of work at that place would seriously impede the work of the rest of the mine or unless the consent of the Inspector of Mines to the resumption of work has been obtained.

22. In the event of an Inspector of Mines being unable to proceed to the scene of the accident himself, he shall, if he considers an enquiry to be necessary, inform the nearest Magistrate who shall thereupon cause an investigation to be made on the spot into the cause of the accident. A copy of the evidence taken at such investigation shall be forwarded to the Chief Inspector of Mines.

23. In all cases of accident, the Owner or Manager shall arrange for medical assistance to be rendered to the injured as speedily as possible.

VII. Government Returns and Inspections.

24. The Owner or Manager of a mine shall furnish to the Chief Inspector of Mines a monthly statement showing the quantities of ore obtained and treated or the quantity of metal or finished products obtained, or ore exported or utilised and other returns and statistics in such form and at such time as may be prescribed by him so as to reach the Office of the Chief Inspector of Mines not later than the 15th of each subsequent month.

25. When any working is commenced for the purpose of opening a mine, or the working of a mine has been temporarily or permanently discontinued or abandoned, or where the working of a mine is recommended after any such discontinuance or abandonment, the Owner or Manager shall immediately give written notice thereof to the Chief Inspector of Mines.

26. When the working of any mine is discontinued or abandoned, the Owner or Manager of such mine at the time of its discontinuance or abandonment shall continue to be responsible for compliance with the requirements of the rules so far as the protection of the surface and the furnishing of plans and returns are concerned until the Chief Inspector of Mines shall have issued to him a certificate that such requirements have been complied with.

27. The Chief Inspector of Mines or his authorised representative shall at all reasonable times have access to the plans and sections of the mines in order to examine and inspect them, take copies thereof and make extracts therefrom; and shall be entitled to enter upon any part of the mine and inspect and examine the state and condition thereof and the mode in which operations are carried on and hold enquiries as to accidents, but so far as possible in such a manner as not to impede or obstruct the working of the mine, and the Owner or Manager shall assist in the conduct of every such inspection or examination affording all information required therefor and producing any books or records required to be maintained under these rules.

VIII. Plans.

28. The Owner or Manager shall keep in the office at the mine an accurate, up-to-date general plan of the workings on a suitable scale. Detailed working plans and sections of individual excavations drawn on larger scale should also be maintained.

29. A true copy on mounted paper or tracing cloth of the plans and sections referred to above shall be deposited with the Chief Inspector of Mines, and the said copies shall be brought up-to-date once every six months by the Owner or Manager.

IX. Miscellaneous.

30. The working of the mine shall be under the general control and responsibility of the Owner or the Manager.

31. No person shall be allowed to enter a mine in an intoxicated condition or if known to be subject to any complaint which might place his life in danger.

32. No person working in or about a mine shall sleep whilst on duty.

33. Every person shall strictly comply with all lawful orders issued by the Owner, Manager or such other official as may be empowered by the Manager to issue the same.

34. If any person employed in a mine shall, by any act or omission wilfully or negligently do anything which may allow or facilitate injury to, loss, destruction or theft of any property employed in or produced in the course of mining operations, he will be deemed to commit a breach of these rules.

35. Any person employed in or about the mine who shall, by any act or omission, wilfully or negligently do anything likely to endanger life, or shall wilfully or in a careless or thoughtless manner expose himself to danger, will be deemed to be guilty of a breach of these rules.

X. General.

36. Whenever the Chief Inspector of Mines considers these rules inadequate to meet the conditions of a small mine, the Government may, by notification, bring the small mine under the operation of the general rules prescribed under the Mysore Mines Regulation, IV of 1906.

37. Officers of the Mysore Geological Department during the course of their inspection of any mine should not overlook defects in the working of such mine amounting to a breach of these rules more especially in respect of the safety of the persons employed therein with a view to prevent accidents. All work in that part of the mine where working is considered unsafe by an Officer of the Geological Department should be stopped at once and the matter reported to the Chief Inspector of Mines without delay for necessary action.

38. All workmen shall strictly adhere to these rules and to any directions issued by the Owner or Manager with a view to their safety or proper convenience of the mine, not being inconsistent with these rules.

39. If any mine is worked in a manner which, though not expressly forbidden by the provisions of these rules, is nevertheless dangerous, the Chief Inspector of Mines may require the matter to be remedied and failure on the part of the Owner or Manager of such Mine to comply with such requisition will amount to a breach of these rules.

Accident No.
Year 193 .

RULES UNDER THE MYSORE MINES REGULATION, IV OF 1906.

REPORT OF ACCIDENT (1).

Name of Mine.
Date of Accident.
Time of Accident (5).
Class of Accident (2).
Place of Accident (3), (4).

Names of persons killed	Age	(6) Occupation	Hours worked before accident	Nature of injury causing death and date of death

Names of persons injured	Age	(6) Occupation	Hours worked before accident	Nature of injury

(*a*) How the accident happened.

(*b*) Whether the work was being carried on by a contractor or by the Company (or mine owner).

(*c*) Name and Certificate number of Contractor.

(*d*) Name and Certificate number of Mestri, Blaster, Engine-Driver of workman in charge and if present.

(*e*) Name of Foreman or other official in charge of the safety of the part of the mine where the accident happened.

(*f*) Name and designation of Mining Officer in charge of that part of the mine.

Dated *193* .

.....

Superintendent.

EXPLANATIONS.

(1) Notices of all accidents as required by Rules 18, 19 and 20 must be furnished on the above form.

(2) Insert numbers corresponding to the following classes:—

1.	Falls in mine ..	Falls of hanging wall.	
2.	Falls in mine ..	Falls of sides or roof.	
3.	Falls in mine ..	Falls of ore from working places.	
4.	In and at Shafts ..	Over winding.	Winzes and rises are not to be considered shafts for the purpose of this report.
5.	In and at Shafts ..	Ropes and Chains breaking.	
6.	In and at Shafts ..	Whilst ascending or descending by machinery.	
7.	In and at Shafts ..	Falling into shaft from surface.	
8.	In and at Shafts ..	Falling from part way down.	
9.	In and at Shafts ..	Things falling from surface.	
10.	In and at Shafts ..	Things falling from part way down	
11.	Miscellaneous below ground	Rock bursts.	
12.	Miscellaneous below ground	Suffocation by gases.	
13.	Miscellaneous below ground	Explosion due to misfire.	
14.	Miscellaneous below ground	By explosives (other than misfire)	
15.	Miscellaneous below ground	Falls of persons or things in Rises, Winzes and stopes.	
16.	Miscellaneous below ground	On inclined and engine planes. (Where the inclination of a shaft to the horizantal is not more than 308, it is to be considered an incline for the purpose of this report).	
17.	Miscellaneous below ground	By trams or tubs, but not on inclined and engine plane.	
18.	Miscellaneous below ground	By machinery.	
19.	Miscellaneous below ground	By other causes.	
20.	On surface ..	By machinery.	
21.	On surface ..	Bursting of Boilers and steam-pipes, etc.	
22.	On surface ..	On railways, tramways, or ærial ropeways belonging to mine.	
23.	On surface ..	Miscellaneous.	

(3) If on surface say so. All accidents on the surface works of the mine must be reported.

(4) If in a stope, state which stope, and whether on underhand or back stope. Also in what part of the stope.

(5) The twenty-four hours should be used as in railway time-table.

(6) If the person is a female, the fact should be noted in this column in addition to her occupation.

This report, after being filled in and signed by the Superintendent or other superior officer of the mine at the foot of page 2, should be folded and despatched forthwith to the Chief Inspector of Mines in Mysore, Oorgaum Post Office, K. G. F.

Modifications in the Bye-laws of the Land Mortgage Bank.

READ—

Letter No. 7767, dated 28th—29th April 1932, from the Registrar of Co-operative Societies, recommending the Resolution of the Board of Directors of the Land Mortgage Bank to provide for the refund of share amounts to members of the Land Mortgage Bank in certain exceptional cases and requesting sanction for the necessary amendment of Bye-law 22 of the Bye-laws of the Land Mortgage Bank.

ORDER NO. D. 134-6—L. M. 2-31-12, DATED BANGALORE, THE 9H JULY 1932.

Under Section 53 of the Mysore Co-operative Societies Regulation VII of 1918 as amended by Regulation V of 1929, Government are pleased to make the following modification in the Bye-laws of the Mysore Co-operative Land Mortgage Bank issued with Government Order No. G. 5927-8—L. M. 4-29-3, dated 11th November 1929.

Read the existing Bye-law 22 as Bye-law 22 (a) and add the following as 22 (b):—

"22(b). Notwithstanding anything contained above, the Board of Directors may, at their discretion, refund or otherwise adjust at any time the share amounts paid by any member whose loan application has been rejected by the Bank either wholly or in part."

Cultivation of Paddy in the area meant for sugarcane.

READ—

Note No. D. 476—K. S. S. dated the 30th June 1932 by the Secretary to Government, Krishnarajasagara Works, submitting copy of the resolution passed by the Krishnarajasagara Working Committee at their meeting held on 9th May 1932, in connection with the cultivation of paddy in the area meant for sugarcane or other perennial crop during the year 1932-33, under the Irwin Canal.

ORDER NO. 33-41—K. S. S. 96-104, DATED BANGALORE, THE 5TH JULY 1932.

The Krishnarajasagara Working Committee have considered at their meeting held on the 9th May 1932, among other subjects, the proposals in connection with the cultivation of paddy in the area meant for sugarcane or other perennial crop during the year 1932-33 under the Irwin Canal and resolved as follows:—

"Resolved that, having regard to the lateness of the season for growing sugarcane this year, paddy may, as a special case, be permitted to be grown on the lands where sugarcane has otherwise to be grown, it being clearly understood that the permission is for the current year only and should on no account serve as a precedent, and also subject to the condition that the privilege is confined to cases where paddy is sown early enough to admit the produce being harvested before the end of January 1933, at the latest."

2. Government approve of the above resolution and direct accordingly.

S. SRINIVASA AIYAR,
Secretary to Government,
Krishnarajasagara Works.

CHIEF SECRETARIAT.

Administration of Jails and Lock-ups.

READ—

Letter No. C. 12-39, dated 13th May 1932, from the Inspector-General of Prisons in Mysore, submitting the report on the working of the Jails and Lock-ups in the State during the calendar year 1931, with the prescribed statistical returns.

ORDER NO. G. 384-97—PRIS. 70-31-3, DATED BANGALORE, THE 13TH JULY 1932.

Recorded.

2. The total number of prisoners of all classes confined in the Jails and Lock-ups including 875 remaining at the end of the previous year, was 6,656. Of these, 5,770 were discharged, leaving a balance of 886 prisoners at the close of the year. The daily average number of prisoners slightly fell from 859·04 in the year 1930 to 854·11 in the year under report. The total number of juvenile prisoners under the age of 15 rose from 106 in the previous year to 115, of whom 26 were old offenders. The number of prison offences declined from 1,006 in 1930 to 951 in the year under review. The percentage of corporal punishment awarded to the prisoners for Jail offences also declined from 10·54 in the previous year to 5·99 in the year under report.

3. The gross expenditure of the Department was Rs. 1,35,105-2-7 against Rs. 1,41,565-6-11 in the previous year showing a decrease of Rs. 6,460-4-4.

4. The cash earnings from the employment of convicts on remunerative labour rose from Rs. 35,553-1-1 in 1930 to Rs. 38,091-13-10 giving an average cash earning of Rs. 74-6-4 per head of prisoners sentenced to labour as against Rs. 67-3-9 in the previous year. The total cost of maintenance of prisoners in the two Jails was

Rs. 1,06,287-6-3 as against Rs. 1,11,815-6-11 in the previous year. The average net cost after deducting cash earnings works out to Rs. 98-6-2 per head as against Rs. 108-0-10 in the previous year. This decrease in the average cost is due to the reduced expenditure under most of the heads as well as to increased earnings.

5. The health, discipline and conduct of the prisoners in the Jails and Lock-ups continued to be satisfactory throughout the year.

6. A sum of Rs. 56,467-3-4 was realised during the year from industries in the two Jails against Rs. 69,413 in the preceding year.

7. The question of converting the Mysore Jail into a District Lock-up, referred to in the previous year's review, was dropped as it was considered that the existing accommodation in the Jail, though it is in excess of present needs, might be required in an emergency.

8. Fifty-one long term prisoners were released on probation on the recommendation of the Standing Advisory Boards of the two Jails in Bangalore and Mysore.

Government regret to observe that no official or non-official member of the Board of Visitors visited the Mysore Jail and that except the District Magistrate of Bangalore, no other official visitor visited the Central Jail, Bangalore.

The marginally noted Government Orders issuing revised rules for the sale of the right of collecting tolls at the toll-gates on State Fund Roads.

1. G. O. No. R. 4355-66—R. M. 5-29-43, dated 3rd February 1931.
2. G. O. No. R. 4730-42—R. M. 5-29-44, dated 20th February 1931.

2. Letter No. 2543, dated the 16—18th May 1932, from the Huzur Secretary to His Highness the Maharaja of Mysore, stating that the contractor of tolls at Wellesley Bridge and Paschimavahini insists on payment of tolls on hired vehicles conveying Palace property, as they are not exempt from tolls under the above rules, and requesting that the said rules may be so amended as to exempt vehicles hired for carrying Palace property.

ORDER NO. R. 336-48—R. M. 48-31-2, DATED BANGALORE, THE 13—16TH JULY 1932.

Government are pleased to direct that in rule (e) of the revised rules issued with the Government Order No. R. 4730-42—R. M. 5-29-44, dated the 20th February 1931, the words "or the Palace" be inserted after the words "belonging to Government" occurring in the 3rd line of the said rule. The rule as amended will read as follows:—

"No toll shall be levied for the passage of Troops or Military Stores or equipages or of Police Officers in Uniform on duty or of any person or property in their custody or of any property *bona fide* belonging to Government or the Palace, the proof of which should be established by the production of a pass or certificate from any Officer of the Department to which the property belongs, such Officer being duly authorised by the Deputy Commissioner or by Government to grant such certificates or passes. Such pass or certificate should be delivered up at the last toll-gate passed by the cart or carriage conveying such property before it reaches the destination noted in such pass or certificate."

Earnest Money.

ORDER NO. L. 393-402—L. B. 155-31-2, DATED BANGALORE, THE 8—13TH JULY 1932.

Government are pleased to direct that para 2 of the Notification annexed to Government Order No. L. 8063-78—L. B. 175-29-1, dated 8th May 1930, issuing revised instructions in regard to the leasing of the right to collect District Fund Tolls and Market Fees, be amended as shown below:—

"2. Persons intending to bid must attend in person or by a duly accredited agent. Every such person should deposit before hand a sum of Rs. 100 as earnest money. The deposits of all the bidders except the first two or three whose bids are to be recommended for acceptance will be returned at the close of the sale. The successful bidder, who will be called the contractor, shall, on confirmation of the sale, make a further deposit which, together with the initial deposit made by him, will be equal to two months' khists. This amount will be returned at the end of the year only on fulfilment of the contract. The deposits of the other bidders will be returned after the confirmation of the sale."

Channels and Hallas.

READ—

Representation made by Messrs. G. Sankara Setti and Nagarajaiya of Pavagada Taluk at the Birthday Session of the Representative Assembly of June 1932, regarding the remission of assessment on lands served by channels and hallas.

2. Letter No. C. 4171—31-32, dated the 2nd June 1932, from the Revenue Commissioner in Mysore, stating that the concession shown regarding remission of wet assessment in respect of tanks and talapariges in Government Order No. R. 14-25—L. R. 149-24-74, dated the 3rd October 1925 and Government Order No. R. 402-04—R. M. 6-29-115, dated the 19th July 1930, respectively cannot be extended to lands served by channels and hallas, as the assessment levied on them is only slightly higher than the highest dry rate levied in the locality.

3. Un-official Note No. C. 4171—31-32, dated the 25th June 1932, from the same Officer on the subject.

ORDER NO. R. 466-68—L. R. 397-31-19, DATED BANGALORE, THE 20TH—21ST JULY 1932.

As the channels and hallas are a more precarious source of water supply than tanks or talapariges, Government are pleased to direct that the lands served by them be given the same relief in the years when the supply fails or is inadequate, subject to the same conditions as in the case of lands under tanks. The remission to be allowed shall not in any case exceed the difference between the wet assessment levied on the particular land and the highest dry assessment prevailing in the locality.

IMPORTANT GOVERNMENT ORDERS.

GENERAL SECRETARIAT.

Working of the scheme of the Backward Class Scholarships.

READ—

Letter *No. L. Dis. 2767-140 of 1931-32, dated the 2nd June 1932, from the Director of Public Instruction in Mysore, submitting a report on the working of the scheme of the Backward Class Scholarships for the year 1931-32.

(*Printed as annexure.)

ORDER NO. E. 60—EDN. 430-31-2, DATED BANGALORE, THE 5TH JULY 1932.

Recorded.

R. RANGA RAO,
Secretary to Government,
General Department.

ANNEXURE.

Letter No. L. Dis. 2767-140, of 31-32, dated 2nd June 1932, from the Director of Public Instruction, to the General Secretary to Government.

I have the honor to submit the report on the working of the scheme of Backward Class Scholarships for the year 1931-32. The following provision was made in the current year's budget for scholarships to the Backward Classes: [26 Education 10-A (vi)]

		Rs.
1.	Scholarships to High School students 585 (6) ..	35,100
2.	Scholarships to Middle School students 596 (3) ..	17,880
3.	Special grant for minor Backward Class Scholarships in all classes (1) and (2) above	1,000
	Total ..	53,980

The general funds (items 1 and 2 above) were administered as usual by the District and Taluk *Ad Hoc* Scholarship Committees. The reserve scholarships were awarded by this office. The sanctioned grant for scholarships to minor Backward Classes (*vide* item 3) was also administered by this office as usual. The lapses under scholarships were not reawarded this year as per instructions issued in connection with retrenchment orders.

I submit herewith 3 statements, I statement showing for each group of Backward Classes the allotment, award and lapse of scholarships of III grade tenable in High School classes, II similar statement in respect of scholarships of IV grade tenable in Middle School classes; III statement showing the distribution of scholarships to students of minor backward classes by each community.

It will be seen that the lapses this year are considerably larger than in the previous years. That is because, whereas in these years, the Department authorised the re-award of the lapsed number this year under orders of Government such re-award was not permitted.

The work of the District and Taluk *Ad Hoc* Scholarship Committees was satisfactory and the Department is grateful to them for their co-operation in the successful administration of Backward Class Scholarships for the year under review.

I. Statement showing the allotments, awards and lapses of third grade Backward Class Scholarships, 1931-32.

Economies in the Budget grants for 1932-33.

READ—

Government Orders Nos. Fl. 1795-1850—G. F. 54-31-1 and Fl. 3742-91—G. F. 54-31-22, dated 14th September 1931 and 2nd December 1931 respectively, issuing instructions for effecting economies in the Budget grants of 1931-32.

ORDER THEREON NO. FL. 602-61—G. F. 16-32-2, DATED 30TH JULY 1932.

In the Government Orders read above certain restrictions were imposed on the powers of officers in making appointments and incurring expenditure during 1931-32 with a view to economise expenditure. The need for continuing the restrictions still exists but experience has suggested the desirability of removing some of them to avoid administrative inconvenience and to reduce correspondence.

2. As the grants for contingent expenditure have been reduced in the budget for 1932-33, Government consider that the restrictions imposed in regard to the purchase of new articles and the power of reappropriation of Budget grants contained in clauses (11) and (15) of Government Order dated 14th September 1931 may be removed.

3. Some latitude may also be allowed in regard to the filling up of appointments in circumstances in which they cannot be kept vacant.

4. Government are accordingly pleased to lay down the following revised instructions for the guidance of all officers, to be in force during the current official year 1932-33:—

(1) In the absence of a general sanction accorded in favour of any particular department or in respect of any class of appointments, no vacancies (whether in superior or inferior service)—permanent or temporary—will, as a rule, be filled up during the present financial year and the work of vacant appointments will be entrusted to other officers with no additional emoluments.

NOTE.—The above restriction is not applicable ;—

(i) to offices in which the strength of the non-gazetted establishment does not exceed three ;

(ii) to offices in which 10 per cent of the sanctioned scale of appointments is kept unfilled; Heads of Departments will intimate to Government and to the Audit Office the names of offices in which this rule will be adopted;

(iii) to the Comptroller's Office to which G. O. No. Fl. 6743—G, F. 54-31-49, dated the 26—27th February 1932, will continue to apply;

(iv) to the Public Works Department to which G. O. No. Fl. 8856-8—G. F. 54-31-59, dated 10—11th June 1932 will continue to apply.

(2) In cases where vacancies have necessarily to be filled up, the sanction of Government should be applied for. The appointments, if sanctioned, will be treated as *officiating*, unless permanent arrangements are considered necessary by Government.

NOTE.—(i) Ordinarily it will be taken that it is not necessary to fill up vacancies of less than a month's duration.

(ii) When vacancies in non-gazetted appointments are for periods not less than one month but not exceeding two months, and when sanction of Government cannot be applied for and obtained in time, Heads of Departments will have discretion to fill them up on a temporary basis and report the same to Government immediately.

(3) In cases where vacancies are filled up by promotion, seriatim arrangements on an officiating basis will be permitted.

(4) In the case of persons newly appointed to appointments on progressive rates of pay subsequent to 14th September 1931, the salary of the *officiating* officers—whether new entrants or officers promoted will be limited to the minimum pay of such appointments unless a higher initial salary is admissible under the application of the rules in M. S. R. and periodical increments will not be allowed.

(5) No increase will be permitted under the Acting Allowance Rules to the salaries of officers appointed on *officiating* tenure to progressive pay posts anterior to 14th September 1931.

In the case, however, of officers holding temporary, *i. e.*, sanctioned or continued for not less than three years—provisionally permanent, or *sub-pro-tem* appointments, increments will be allowed.

(6) No leave will be granted in excess of two months in the aggregate, if it involves extra cost, except on grounds of ill-health supported by medical certificate or for other urgent and unavoidable cause.

(7) Transfers should be minimised as far as possible.

(8) The touring work of officers should be suitably regulated with a view to limit the travelling allowance charges to the absolute minimum.

(9) Deputation of officers for purposes of study or training should be stopped.

(10) All possible economies under printing should be made. The Superintendent, Government Printing, is requested not to undertake the printing of any matter which need not necessarily be printed or which can afford to wait. In cases of doubt, he should refer the matter for the orders of Government.

(11) It is necessary that rigorous economy should be enforced in the consumption of stationery articles. Attention is invited to Government Order No. G. 67-120—P. & S. 12-31-28, dated 4th July 1932 (Appendix I) under which the supply of stationery articles has been reduced by 50 per cent The instructions issued in Government Order No. M. 5501-60—P. & S. 74-21-1, dated 1st June 1922 and Government Order No. E. 1737-95—P. & S. 74-21-9, dated 7th September 1922, (*vide* appendices II and III) should be strictly followed.

(12) Every item of contingent outlay or other optional expenditure will however be scrutinised by the disbursing officer concerned with a view to eliminate all unnecessary items and put off the deferable ones.

S. SHAMANNA,
Secretary to Government,
Financial Department.

APPENDIX I.

Reduction of 50 per cent in the supply of Stationery Articles and Forms and Registers.

READ—

Clause 13 of G. O. No. Fl. 1795-1850—G. F. 54-31-1, dated 14th September 1931, directing that the supply of stationery articles to be made to each office during the current year be reduced to half the usual quantity.

Government Order No. G. 2928-88—P. & S. 12-31-8, dated 8th October 1931, directing the reduction in the current year of 50 per cent in the supply of forms and registers to the several offices in the State.

Letter No. S. 4161, dated 11th June 1932, from the Superintendent of Stationery, recommending the continuance of the arrangements sanctioned in the Government Orders read above restricting the supply of stationery articles and of forms and registers to 50 per cent of the usual supply during the official year 1932-33 in view of the reduced provision under "Cost of Printing Paper and Stationery."

ORDER NO. G. 67-120—P. & S. 12-31-28, DATED BANGALORE, THE 4TH JULY 1932.

The proposal of the Superintendent is sanctioned.

R. RANGA RAO,
Secretary to Government,
General Department.

S. O.

APPENDIX II.

G. O. No. M. 5501-60—P. & S. 74-21-1, dated 1st June 1922.

Economising the use of Stationery and reducing Printing Work.

Issues instructions in regard to —— and calls for a report in the matter from Heads of Departments.

READ—

Government Order No. G. 21945-22005—P. & S. 7-20-3, dated the 20th May 1921, issuing instructions regarding the revised scales of stationery articles, etc., to be issued to the different offices of the State and the economies to be effected in the issue of paper and stationery articles.

ORDER No. M. 5501-60—P. & S. 74-21-1, DATED 1ST JUNE 1922.

Government observe that in spite of repeated instructions for economising the use of paper and stationery articles, etc., the expenditure thereon has not tended to diminish. Special efforts have therefore to be made in this behalf by Heads of Departments, Deputy Commissioners of Districts and other indenting officers, and the consumption of paper and stationery articles reduced to about 50 per cent of the average for the past two years.

2. The following instructions are issued in continuation of previous orders in the matter of economising the use of paper and stationery articles:—

(i) The use of both sides of paper should be strictly insisted upon in all possible cases and stringent measures adopted to stop all wasteful use;

(ii) Every available stock of paper and forms in the different offices of the State should be carefully conserved and profitably utilised;

(iii) Obsolete or useless forms should, as far as possible, be used for reprinting of useful forms and for other purposes;

(iv) Covers received should be cut open and used again, as far as possible, by pasting the cut end with slips;

(v) Heads of Departments are requested to carefully examine the works sent from their departments to the Press, and see that printing work is reduced to a minimum, both as to quantity and cost, and submit before the 31st July 1922, for the information of Government, a revised standing list of works from their departments that have got to be printed. The Superintendent, Government Printing, will furnish to the Heads of Departments and the Deputy Commissioners of Districts, before 30th June 1922, a list of printing works (showing the number of foolscap pages, cost of paper, and cost of printing in each case) usually done for their departments, to enable them to submit the lists called for above before the due date;

(vi) The Superintendent, Government Printing and Stationery should, on his part, use, wherever possible, thin paper instead of thick, and brown or other paper instead of white to keep down cost.

A statement showing the cost of stationery issued to the various indenting officers during 1921-22 should be submitted for the information of Government before the 15th July 1922.

3. Heads of Departments and Deputy Commissioners of Districts are requested to co-operate in this behalf and issue such subsidiary orders to their subordinate offices as may be necessary to achieve the end in view. A report of the action taken in this connection may be sent for the information of Government before 1st July 1922.

C. E. RAMA RAO,
For *General Secretary to Government.*

APPENDIX III.

G. O. No. E 1737-95—P. & S. 74-21-9, dated 7th September 1922.

Envelopes.

Issuing detailed instructions in regard to economising the use of ——

OFFICIAL MEMORANDUM.

ORDER No. E. 1737-95—P. & S. 74-21-9, DATED 7TH SEPTEMBER 1922.

In continuation of Government Order No. M. 5501-60—P. & S. 74-21-1, dated the 1st June 1921 and Official Memorandum No. M. 5595-639—P. & S. 74-21-2, dated the 6th June 1922, the following revised instructions in respect of the use of envelopes are issued :—

(1) Envelopes should be fastened by pasting a slip over the flap, without the flap itself being gummed, and the address and other details written or printed on this slip. The addressee will, in opening the envelopes, merely cut across the slip *without injuring the flap*, so that the envelope can be used again by pasting on it another similar slip.

(2) In the case of envelopes transmitted by post, the flap should contain instructions to the post office to impress its stamp on the slip only, even in the cases of envelopes on which the names of addressees have already been printed. Envelopes should be collected and returned to the office of issue as already directed in the Office Memorandum referred to above.

(3) In the case of long envelopes, slips with perforated cages may be pasted over the flaps only one cage, namely, the outermost one on which the address is written, being gummed and utilised each time the cover is sent out.

(4) Wherever practicable, combined letter-envelopes should be brought into use and the use of separate envelopes dispensed with.

(5) The Superintendent, Government Printing and Stationery, will print slips to suit the several sizes of envelopes and supply them to the several officers together with the combined letter-envelopes.

(6) The supply of envelopes to Departments will be reduced by 50 per cent as the general observance of the above instructions is expected to result in a considerable saving in envelopes.

B. VENKOBA RAO,
General Secretary to Government.

PUBLIC WORKS SECRETARIAT.

Irrigation Cess Fund Budget.

READ—

Letter No. C. Per A. 12—31-32, dated the 4th July 1932, from the Revenue Commissioner in Mysore, submitting the Budget Estimates for the Irrigation Cess Fund for the year 1932-33 with a memorandum on the subject.

ORDER No. 214-30—S, DATED BANGALORE, 1ST AUGUST 1932.

The estimated receipts for the year 1932-33 are shown below together with those of the previous year 1931-32:—

District	1932-33 as estimated Rs.	1931-32 as estimated Rs.
Bangalore	31,777	27,816
Kolar	47,307	47,307
Tumkur	44,129	46,870
Mysore	75,722	75,029
Hassan	45,407	45,297
Kadur	29,715	27,559
Shimoga	62,000	60,000
Chitaldrug	14,245	14,935
Total ...	3,50,302	3,44,813

The normal receipts in respect of Tumkur and Chitaldrug Districts have been estimated at less than the amounts of the previous year. The reasons therefor should have been explained.

2. Inclusive of Rs. 60,998 the contribution from State Funds for maintenance of river channels which will be allotted from the provision of Rs. one lakh made in the State Budget under " 23 Irrigation works charged to Revenue—4 Repairs," the total estimated receipts on 1st July 1932 will be Rs. 4,11,300. The Revenue Commissioner has taken credit for a sum of Rs. 68,609 as contribution from State Funds towards Establishment and Tools and Plant charges, which it is not possible to allot under the present conditions. Hence it is omitted. The establishment and Tools and Plant charges will be debited to the Irrigation Cess Fund itself as usual.

3. The Revenue Commissioner has proposed a programme of expenditure which amounts to Rs. 4,49,765, against the estimated receipts of Rs. 4,11,300. The Budget

Estimates as submitted by the Revenue Commissioner are therefore modified and sanctioned as shown hereunder:—

District	Expenditure during 1932-33	
	As proposed by the Revenue Commissioner	As now sanctioned
	Rs.	Rs.
Bangalore	30,090	30,090
Kolar	50,602	47,200
Tumkur	43,660	43,660
Mysore	1,27,025	1,12,075
Hassan	74,184	74,184
Kadur	26,299	26,314
Shimoga	73,951	73,951
Chitaldrug	23,954	21,122
Total ..	4,49,765	4,28,596

The details under receipts and expenditure are more fully given in the appended statement.

M. G. RANGAIYA,
Secretary to Government,
Public Works Department.

BANGALORE, THURSDAY, AUGUST 11, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Recruitment to the lower ranks of the Mysore Army.

READ—

Government Order No. G. 8830-1—Mily. 63-31-5, dated 10th May 1932, sanctioning a scheme for recruitment of officers in the Cavalry and Infantry Regiments.

2. Letter No. C. 1186—31, dated 2nd July 1932, from the Chief Commandant, Mysore State Troops, forwarding proposals for recruitment to the lower ranks of the Mysore Army.

ORDER NO. G. 891-2—MILY. 3-32-2, DATED BANGALORE, THE 5TH AUGUST 1932.

With a view to afford an opportunity to capable men who have not passed the S. S. L. C. Examination to join the Mysore Army, the Chief Commandant, Mysore State Troops, has submitted proposals for recruitment to the ranks in the Cavalry and Infantry Regiments on an accelerated promotion scheme, according to which selected candidates will be appointed in recruit vacancies and will serve in the ranks and as Non-Commissioned Officers as noted in the margin. They will serve in existing vacancies on authorized scales of pay. In the course of 3½ to 4 years, they become eligible to get the rank of Probationary Officers. Neither promotion from grade to grade nor eventual appointment to Commissioned Rank will be guaranteed but will depend upon (1) the existence of vacancies (2) the passing of all necessary tests and examination prescribed for various ranks and (3) the recommendation of Officer Commanding as to fitness and suitability for promotion.

		CAVALRY.	INFANTRY.
Recruit,	a minimum of	1½ years	1 year
Sowar or Sepoy	do	6 months	6 months
Lance Duffedar or Lance Naik	do	1 year	6 months
Naik	do	...	6 months
Duffedar or Havildar	do	1 year	1 year
		4 years	3½ years
Probationary Jamedar	do	1½ years	1 year

The above proposals of the Chief Commandant do not involve any extra cost to Government and are approved.

Candidates for recruitment under this scheme will be selected by the Chief Commandant subject to approval of Government.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

"Pishari Community."

READ—

Resolution No. 24 passed by the District Muslim Conference of Chitaldrug in July 1931, requesting the grant of certain concessions for ameliorating the condition of a section of the Muslim Community called "Pishari" residing in the Challakere Taluk.

2. Letter No. C. 1522—31-32, dated the 8th July 1932, from the Revenue Commissioner in Mysore, reporting that the people belonging to this community live by mat making and possess no lands, that their economic condition is no better than that of the depressed classes, that they live mostly in the Taluks of Chitaldrug, Challakere, Jagalur and Hiriyur and recommending that they may be shown the same concessions as are now allowed to the depressed classes in respect of the grant of lands.

ORDER NO. R. 762-71—L. R. 8-31-61, DATED BANGALORE, THE 5—6TH AUGUST 1932.

Government are pleased to sanction the recommendation of the Revenue Commissioner.

A notification amending Rule 43 of the rules under the Land Revenue Code will issue separately.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

Working of Joint Stock Companies, etc., during the year ended 31st March 1932.

READ—

Letter No. C. 118—32-33, dated 6th July 1932, from the Registrar of Joint Stock Companies in Mysore, submitting his report on the working of Joint Stock Companies as well as Literary, Scientific and Charitable Societies during the year ended 31st March 1932.

ORDER NO. D. 542-43—J. S. 37-31-4, DATED BANGALORE, 4—5TH AUGUST 1932.

Five new Joint Stock Companies were registered during the year with a total authorised capital of Rs. 21,20,000. Of these, three were public companies and two private ones.

2. No private company converted itself into a public company under Section 154 of the Mysore Companies Regulation.

3. One company, *viz.*, Mysore Cigarette Manufacturing Company, Limited, went into liquidation during the year and seven companies were struck off the Register under Section 247 of the Regulation.

4. The number of companies limited by shares at the end of the year under report was 118 as against 121 in the year previous, while there was no change in the number of companies—21—limited by guarantee. There were 54 outside companies as against 52 in the previous year.

5. *Societies registered under the Societies Regulation.*—Twelve Societies were registered under the Societies Regulation, bringing the total number of such Societies at work at the end of the year to 206 as against 194 in the year previous.

6. *Prosecutions.*—The Managing Director of the Prajanidhi, Limited, was prosecuted for default in displaying a copy of the required statement in Form "G" in the Registered Office of the Bank and the case ended in conviction.

7. *Inspectors.*—An Inspector was appointed under Section 139 to investigate the affairs of the Shankara Trading Company.

8. *Auditors.*—There were at the end of the year 33 auditors of whom 12 held permanent certificates.

9. *Capital.*—The total authorised capital of all Joint Stock Companies was Rs. 5,65,98,625 at the end of the year against which Rs. 1,63,18,550 were subscribed and Rs. 1,45,70,451 paid up.

10. *Registration of Documents.*—Four hundred and twenty-six documents were received at the Registrar's Office for being registered, recorded or filed as against 487 in the previous year.

11. *Financial Results.*—The fee prescribed for the registration of a Society under the Societies Registration Regulation and that prescribed for registering a document under Section 277 of the Mysore Companies Regulation were raised from Rs. 10 and Rs. 3 to Rs. 20 and Rs. 5 respectively.

The income and expenditure of the Department during the year amounted to Rs. 3,204-8-0 and Rs. 2,521-3-0 as against Rs. 3,156-8-6 and Rs. 2,562-11-0 respectively in the previous year.

12. *Inspections.*—The registered offices of 11 companies were inspected by the Registrar against 8 in the preceding year. He is requested to arrange for more of these offices being inspected every year in future.

Working of the Hospitals and Dispensaries in the State for the Calendar year 1931.

READ—

Correspondence ending with letter No. Pl. 35-6-32—Enc. 6, dated 9th July 1932, from the Senior Surgeon in Mysore, forwarding the Report on the working of the Hospitals and Dispensaries in the State, together with the printed copies of the necessary statements for the Calendar year 1931.

ORDER No. G. 1062-4—Med. 242-31-5, DATED BANGALORE, THE 10TH AUGUST 1932.

Recorded.

2. *Medical Institutions and the number of patients treated therein.*—The number of medical institutions at the beginning of the year was 272. Five Local Fund and two District Board Dispensaries were opened while five Malnad Improvement Dispensaries were closed during the year under report. The total number of medical institutions working at the close of the year was thus 274. The total number of patients treated in all the above institutions was 34,39,608 against 32,67,831 in the previous year. The number of in-patients was 35,168 against 33,807 in the previous year.

3. The work in all the major institutions in Bangalore and Mysore continued to be satisfactory. The number of out-patients treated in the Victoria Hospital rose from 69,887 in the previous year to 71,712 in the year under review and that in the Krishnarajendra Hospital (inclusive of the Ophthalmic department) from 63,160 to 65,689. The number of in-patients also increased from 4,970 to 5,146 in the Victoria Hospital and from 5,180 to 5,910 in the Krishnarajendra Hospital. Of the cases treated in the Victoria Hospital, the number of in-patients was 5,807 against 4,344 in the previous year. Large increase was also noticeable in the Electro-therapy Department of that Hospital. In the Minto Ophthalmic Hospital, while the number of in-patients

rose from 2,516 in 1930 to 2,623 in the year under review, the number of out-patients fell from 41,579 to 27,574. Seventeen qualified medical men from British India also underwent post-graduate course during the year.

4. *Mental Hospital, Bangalore.*—The total number of persons under treatment in the Mental Hospital during the year was 289 against 311 during the previous year. Of these 69 were paying patients. The total expenditure on the institution showed a decrease of about Rs. 1,024 against the previous year's figure, *viz.*, Rs. 56,550 and the net profit in the cloth manufacturing department amounted to Rs. 58 against Rs. 200 in the previous year. The number of patients treated in the out-patients' department of the Hospital which was opened recently was 99. Government are pleased to note that the out-patient Clinic has been popular and that the benefits of early treatment of mental disorders are being recognised.

5. *Finance.*—The total expenditure of the Department rose from Rs. 14,23,694 in 1930 to Rs. 14,72,522 in the year under report, of which the contributions from District and Municipal Funds amounted to Rs. 2,76,028 and Miscellaneous Receipts made up mainly of fees collected from patients to Rs. 49,396.

6. *Midwives.*—There were 274 midwives working during the year against 235 in the previous year. There was a fall in the average number of cases attended to by them from 78 in the previous year to 71 in the year under report. There were 70 pupil midwives undergoing training in the various Maternity Hospitals in the State. Of these, 40 passed during the year and the remaining were still under training.

7. *Leprosy Survey.*—Out of 547 inmates of the Leper Asylum, Bangalore, 345 were newly admitted during the year as a result of the itineration work done by the special duty Sub-Assistant Surgeon. A duly trained Sub-Assistant Surgeon was appointed to conduct an intensive leprosy survey in the Bangalore City and he engaged himself in a systematic examination of all the labourers employed in the Mills.

8. *Infantile Billiary Cirrhosis.*—Owing to retrenchments, the investigation of this disease by a Medical Practitioner specially deputed for the purpose has had to be stopped. He was, however, placed in charge of the Local Fund Dispensary at Sagar, which is believed to be an endemic centre so that he might follow up the investigation that he had already made during the previous year. Mr. P. Krishna Rao, Assistant Surgeon, who recently returned from Europe and who had special training there in regard to this disease has also been deputed to make an independent investigation.

9. *Medical Inspection of Schools.*—A scheme for the linking up of the medical inspection of school children with curative agencies was sanctioned by Government during the year. Medical Inspectors in the larger towns are required to take the pupils to the specialists for attention. In smaller towns, the treatment is given on the spot by the inspecting officer himself.

10. *Birth Control Clinics.*—It is reported that these clinics proved of some use in the major institutions of Bangalore and Mysore, but the response by the public has not been marked.

11. *Inspections.*—The Senior Surgeon reports that the Boards of Visitors appointed for Local Fund Dispensaries and District Hospitals did not meet often.

The Senior Surgeon inspected all the major medical institutions and also 98 of the remaining institutions. He also performed 52 important operations during his tours.

12. *General.*—The fees levied for X-Ray examination were revised and a scale of fees for in and out-patients in the District Hospitals has also been prescribed.

A Bill for the Registration of Medical Practitioners in Mysore was passed and necessary action taken for the formation of the First Medical Council. Legislation has also been passed for licensing medical shops and compounders.

A House Surgeoncy was newly sanctioned for the Mental Hospital, which has since been converted into a regular appointment of Clinical Assistant.

DEVELOPMENT SECRETARIAT.

Season and Crop Report for the year 1930-31.

READ—

Letter No. C. Per. A. 24, dated 6th May 1932, from the Revenue Commissioner in Mysore, forwarding the Season and Crop Report for the year 1930-31, with his review thereon.

2. Letter No. Roc. 2888—Hc. 631 of 31-32, dated 6th July 1932, from the Director of Agriculture in Mysore, forwarding his note on the report referred to in the letter read above.

ORDER NO. D. 666-715—STCS. 36-31-5, DATED BANGALORE, 16TH AUGUST 1932.

The report was received six months after the due date and the delay is reported to be due to the receipt of inaccurate returns from the Districts of Mysore and Shimoga The Revenue Commissioner is requested to arrange for the punctual submission of these reports in future.

The average rainfall during the year under report was 36·58 inches as against 39·43 inches in the previous year, thus showing a decrease of 2·85 inches. Except in the Kolar, Kadur, Mysore Districts and some parts of the Tumkur District, the Mungar rains set in somewhat late and were not well distributed. The Hingar rains were, however, copious and well-spread.

An extent of 8,101,088 acres was under occupancy as against 8,148,898 in the previous year. The total extent brought under cultivation was 6,646,289 acres as against 6,635,197 in the previous year showing an increase of 11,092 acres. The area under current fallows (Kabuli Banjar) fell from 1,513,701 to 1,454,799 acres.

The net area irrigated by the several sources of irrigation, such as channels, tanks and wells, was 1,131,942 acres as against 1,109,696 in the previous year, showing an increase of 22,246 acres. The increase is noticeable in all the Districts, except Bangalore.

The gross area under irrigated crops was 1,148,648 acres against 1,121,372 during 1929-30 the area cropped more than once being counted as a separate area for each crop. The increase of 27,276 acres was shared by such crops as rice, *ragi*, *cambu* and other cereals, sugar-cane and other food and non-food crops.

The total cropped area during the year, treating the second cropped area as additional area was 6,893,176 acres as against 6,856,942 in 1929-30, showing an increase of 36,234 acres. The large increase under *cambu* in the Tumkur and Chitaldrug Districts and the decrease under *cholum* in the Kolar and Chitaldrug Districts have not been properly explained. The area under paddy increased by 21,936 acres, while that under *ragi* by 19,828 acres. The yield under paddy varied from 9 to 16 annas and that under *ragi* by from 6·6 to 16 annas. On the whole the yield of these two crops was better than in the previous year. A decrease of 14,329 acres in shown in the area under coffee, chiefly in the Chikmagalur Taluk. The Director of Agriculture is doubtful if this information is accurate as, if it were correct, it could hardly have escaped notice. The decline of 3,000 acres in the area under areca in the Shimoga District is perhaps due, as observed by the same officer, to no areca area being shown

against the Taluks of Channagiri, Honnali and Sorab which, two years before, returned an area of about this extent as under this crop. In his remarks on the report, the Director of Agriculture refers to other divergences between the figures for this and previous years which are not explained. Apparently, the method of compilation of these statistics leaves much to be desired, and the Revenue Commissioner is requested to issue instructions for their correct preparation to obviate discrepancies and omissions of the kind noticed above.

It is gratifying to note that the raiyats have begun to realise the value of improved agricultural methods and to show an increasing inclination to adopt improved implements and use scientific manures.

The exports and imports of many agricultural products showed a considerable decline owing to the economic depression that prevailed during the year. There was, however, an improvement in the position of some important products such as cocoanut, copra, tobacco and castor-seed, the exports of which showed an increase. There was also a noticeable fall in the importation of fine rice, due, in a large measure, to the extension in cultivation of the finer varieties of paddy from seed distributed by the Agricultural Department.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Boards of Visitors for the Victoria and the Minto Ophthalmic Hospitals.

READ—

Government Order No. 65-6—Med. 34-29-34, dated 18th June 1930, reconstituting the Boards of Visitors for the Victoria and the Minto Ophthalmic Hospitals in Bangalore and the Krishnarajendra Hospital at Mysore.

2. Government Order No. 14745-7—Med. 34-29-35, dated 26th June 1930, appointing Sir Charles Todhunter, K.C.S.I., Private Secretary to His Highness the Maharaja of Mysore, as a member of the Board of Visitors of the Krishnarajendra Hospital, Mysore.

3. Government Order No. G. 264-6—Med. 34-29-40, dated 9th July 1930, appointing *Dharmaprakasa* D. Banumiah, Sahucar, as a member of the Board of Visitors for the Krishnarajendra Hospital, Mysore.

4. Government Order No. G. 1482-3—Med. 336-30-6, dated 15th August 1931, sanctioning the appointment of Mrs. Kamalamma Dasappa as a member of the Board of Visitors for the Victoria and Minto Ophthalmic Hospitals at Bangalore.

5. Letter No. C. 130-4, dated 3rd August 1932, from the Senior Surgeon in Mysore, stating that the term of Office of the present Boards expired by the end of June 1932 and forwarding proposals for the reconstitution of the said Boards for a further period of two years.

ORDER NO. G. 1161-3—MED. 40-32-2, DATED BANGALORE, THE 16TH AUGUST 1932.

Government are pleased to reconstitute the Board of Visitors as follows :—

FOR THE VICTORIA AND THE MINTO OPHTHALMIC HOSPITALS AT BANGALORE.

GENERAL SECRETARIAT.

Scheme of Rural Health Units.

ORDER NO. G. 1217-24—P. H. 29-32-1, DATED BANGALORE, THE 18TH AUGUST 1932.

The development of Rural Health formed an important part of the programme of the Department of Health as reorganised in Government Order No. G. 6680-730—San. 55-27-34, dated 28th November 1929. Under that order a Bureau of Rural Health was constituted starting with the staff of the Rural Health Unit at Mandya sanctioned in Government Order No. G. 9694-6—San. 7-28-36, dated the 6th February 1929, with the direction that steps should be taken to establish a minimum of about 6 local Health Units every year. Although no new Health Units have been formed since the date of that order, from the experience gained of the working of the Unit in a portion of the Mandya Taluk, Government are of opinion that the scheme of Rural Units may, with advantage, be extended to the other parts of the State as well. This, however, requires a large expenditure and it is clearly not possible for Government to incur the whole of it. It is necessary, therefore, that the co-operation of local bodies should be enlisted in the matter. It is desirable that the question should be examined and the nature and extent of this co-operation defined. Government are accordingly pleased to appoint the marginally noted committee to go into the whole question and submit their recommendations in the matter within a month.

1. Revenue Commissioner, (Chairman).
2. Director of Health.
3. Dr. Sweet, Consultant in Health.
4. Mr. B. K. Garudachar, President, Bangalore City Municipality.
5. Mr. A. V. Ramanathan, Deputy Commissioner, Kolar.
6. Mr. C. S. Kuppuswami Iyengar, Deputy Commissioner, Kadur.
7. Mr. B. S. Puttaswamy, President, District Board, Mysore.

READ—

Government Order No. L. 1800-801—Med. 82-24-8, dated 7th September 1925, appointing Boards of Visitors to the Victoria and the Minto Ophthalmic Hospitals, Bangalore, and the Krishnarajendra Hospital at Mysore, and prescribing their duties.

2. Government Order No. G. 4659-60—Med. 62-27-37, dated 10th October 1928, appointing Boards of Visitors in respect of certain Local Fund Dispensaries.

3. Correspondence ending with letter No. G. C. 13-5, dated 11th August 1932, from the Senior Surgeon in Mysore, recommending that such Boards may be appointed for the Maternity Hospital, Bangalore, and the Vani Vilas Hospital at Mysore.

ORDER No. G. 1546-7—Med. 233-31-12, DATED BANGALORE, THE 30TH AUGUST 1932.

The desirability of constituting Boards of Visitors for Maternity Hospitals has been brought to the notice of Government.

The Senior Surgeon who was consulted in the matter recommends that such Boards may as an experimental measure, be constituted for the Maternity Hospital, Bangalore, and the Vani Vilas Hospital, Mysore.

Government are pleased to accept this recommendation and to constitute the following Boards of Visitors for a period of two years. Their duties will be as defined in the appendix to this order:—

MATERNITY HOSPITAL, BANGALORE.

1. Lady Puttanna Chetty, (*Convener*).
2. Mrs. V. Ramalinga Mudaliar.
3. Mrs. G. Srinivasa Iyer.

VANI VILAS HOSPITAL, MYSORE.

1. Mrs. Syed Abdul Wajid, (*Convener*).
2. Mrs. V. L. D'Souza.
3. Mrs. K. Shankaranarayana Rao.

R. RANGA RAO,
Secretary to Government,
General Department.

APPENDIX.

1. The Boards shall visit the dispensaries once a month on a date to be fixed by them and preferably the third Saturday of every month in the morning, between 8 and 10.

2. No business will be transacted by the Boards unless at least two members thereof are present.

3. The Medical Officers in charge of the dispensaries will send notices of the date of visit to the members of the Boards a week in advance.

4. It will be the duty of the Boards to hold enquiry into complaints from the public against the working of the institutions in so far as it may relate to the convenience and comfort of the patients or to the popularity and usefulness of the institutions and to make suitable recommendations to the Senior Surgeon.

5. Other matters cognisable by the Boards will be such as pertain to sanitation, adequacy or otherwise of accommodation, hours of hospital attendance for out-patients, whether there is any delay in attending to patients, and such other matters (excluding those of a purely professional nature) as affect the well-being of the patients.

6. The Boards will have no power to interfere in any way with the disciplinary control of the Medical Officers over the staff of the dispensaries or with any work or records of a purely professional nature.

7. The Medical Officers in charge will be bound to afford facilities to the Boards by complying with all reasonable requisitions for information, etc., and will be themselves present at the meeting, if called upon to do so.

8. The Boards may submit their recommendations and proposals for improving the usefulness of these institutions to the Secretary to Government, General Department.

Secretary to the Committee for the Scheme of Rural Health Units.

READ—

Government Order No. G. 1217-24—P. H. 29-32-1, dated 18th August 1932, constituting a Committee for considering the question of extending the Scheme of Rural Health Units in the State.

ORDER NO. G. 1670-3—P. H. 29-32-2, DATED BANGALORE, THE 2ND SEPTEMBER 1932.

Mr. B. Ananthasami Rao, B.SC., M.B.B.S., M.P.H., Superintendent of the Bureau of Epidemiology and Communicable Diseases is appointed, in addition to his own duties, as Secretary to the Committee constituted in the Government Order read above.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Travelling Allowance Rules.

READ—

Para 6 of G. O. No. Fl. 466-540 S. & A. 22-31-2, dated 16th July 1931, laying down that when two or more Government servants travel on duty by the same conveyance, they will not all be permitted to draw full mileage for the journey, but only one of them may exchange daily allowance for full mileage, the rest drawing only daily allowance under the rules.

2. Public Works Secretary's note dated 21st July 1932, regarding the travelling allowance payable in cases in which it is necessary for an officer to take his car and he does take it but actually takes his seat in the car of another officer whom he accompanies.

ORDER NO. FL. 1210-70—S. & A. 101-32-1, DATED BANGALORE, THE 31ST AUGUST 1932.

Government consider that when an officer's car accompanies him during tour and it is necessary for him to take it though he is provided with a seat in another officer's car, he should not be regarded, for the purposes of the Rule referred to above, as travelling in another's conveyance, and therefore direct that, in such cases, the officer should be allowed the ordinary travelling allowance admissible under the rules.

S. SHAMANNA,
Secretary to Government,
Financial Department.

Committees for the examination and certification of Ayurvedic and Unani Private Practitioners.

READ—

Government Order No. 1143-71—Muz. 427-13-6, dated the 7th December 1914, sanctioning the constitution of a Board of Examiners consisting of the Head Master of the Ayurvedic College, Mysore, and any two of the marginally noted members of the Ayurvedic College Committee for granting certificates to Ayurvedic Private Practitioners.

Lokasevaniratha Mr. Amble Anniah Pandit.
Mr. T. Krishnasastry.
" G. Lakshmanachar.

2. Letter No. 1667—30-31, dated the 8th August 1932, from the Muzrai Commissioner in Mysore, reporting that necessity has arisen for the formation of a similar Board for granting certificates to Unani Private Practitioners also and requesting sanction to the formation of Boards consisting of the Superintendent of the Hospital, two professional members of the College Staff and one member selected by the College Committee, for each of the two sections, Ayurvedic and Unani, for the examination and certification of Private Practitioners, the Principal of the College being made the Convenor of the Boards, and to the levy of a fee of Rs. 5 for each candidate, who desires to be examined.

ORDER NO. 355-76—Muz. 47-32-2, DATED BANGALORE, THE 30TH AUGUST—5TH SEPTEMBER 1932.

The proposals of the Muzrai Commissioner are sanctioned.

Effecting Reductions in Menial Staffs.

READ—

Government Order No. O. 1629-92—G. M. 42-22-1, dated 11th September 1922, passing orders on the recommendations of the Special Finance Committee, regarding the reduction of Menial Establishments in the various Government Offices.

2. Paras 3-5 of Note 7 of the Report of the Retrenchment Committee, 1931, suggesting certain reductions in the strength of menial staffs.

3. Official Memorandum No. Fl. 1982-2042—G. F. 59-31-1, dated the 28th September 1931, calling for statements from Heads of Offices showing particulars of the menial staffs employed in their offices.

4. Statements from Heads of Offices furnishing particulars of the distribution of hands.

ORDER NO. FL. 1660-1720—G. F. 59-31-2, DATED BANGALORE, THE 20TH SEPTEMBER 1932.

The Retrenchment Committee have, in their Report, made the following recommendations for effecting reductions in menial staffs :—

(1) The system of allowing home orderlies should be confined to officers of and above a certain rank, if it cannot altogether be done away with.

(2) The number of orderlies should be limited to 2 or 3 according to the circumstances of each case ; and

(3) The total strength of peons employed in the offices should be reduced by 10 per cent.

2. For dealing with these recommendations, Government obtained statements in regard to the strength of menials employed in each office and the nature of duties performed by them. In the light of the particulars thus obtained, they have examined the proposals of the Retrenchment Committee in all their aspects and consider that the scale of menials fixed in Government Order No. Fl. 1629-92—G. F. 42-22-1, dated 11th September 1922 is quite reasonable and may be continued.

3. From the details obtained, it is, however, seen that in some cases Home Orderlies are in excess of the number permitted in the Government Order of 11th September 1922 and in some other cases they are found to be working with officers who are not entitled to their services. Government direct that the following principles laid down in the Government Order of 11th September 1922 should be strictly followed and the surplus hands retrenched in a suitable manner by the Heads of Departments concerned who have been separately addressed in the matter.

(*a*) Every Gazetted Officer in independent charge of an office should be allowed the services of a Government peon for duty at his residence, whether he is a touring officer or not, and that the peon so allowed should be employed solely on Government work.

(*b*) In the case of touring officers, such as Executive Engineers, Assistant Commissioners in charge of Sub-Divisions, and District Forest Officers, two peons might be allowed to work at their residence.

(*c*) Other Touring Officers such as District Medical Officers, District Inspectors of Education, District Excise Officers, etc., may be allowed one peon each for work at their residences.

(*d*) In the case of Deputy Commissioners, four peons might be deputed for duty at their residences.

(*e*) District Judges should be given two peons for work at their residences.

(*f*) In the case of Heads of Departments, the number of peons for work at their residences may vary from 3 to 4 depending on the quantity of public work these officers would have to do at their residences.

(*g*) Other officers employed in a subordinate capacity, such as Assistant Secretaries to Government and Headquarter Assistants to Heads of Departments, may be allowed one peon each for work at home.

(*h*) In the case of Amildars, four peons each may be allowed.

(*i*) Two peons each may be allowed for duty under Sheikdars and one each under executive subordinates such as Excise Inspectors, Sanitary Inspectors, etc., to facilitate Government work.

(*j*) In the case of menials on orderly duty in Government Offices, no Officer of the grade below that of Deputy Commissioner need have more than one orderly and no Officer of higher status more than two.

S. SHAMANNA,
Secretary to Government,
Financial Department.

PUBLIC WORKS SECRETARIAT

Powers of Superintending Engineer.

READ—

(1) Government Order No. 358-409—C. B. 19-26-1, dated the 28th July 1926, sanctioning the formation of a Circle of Superintendence at Shimoga, etc.

(2) Notes ending with No. D. 23, dated the 24th August 1926, by the Public Works Secretary, defining the powers to be exercised by the Superintending Engineer.

(3) Government Order No. 228-249, dated the 8th September 1926, defining the powers of Superintending Engineer.

(4) Note No. 1290, dated the 8th April 1932, by the Public Works Secretary, proposing enhancement of powers of the Superintending Engineers.

ORDER NO. 530-47—S., DATED BANGALORE, THE 10TH SEPTEMBER 1932.

Government are pleased to delegate to the Superintending Engineer the powers as detailed in the statement attached hereto in supersession of those issued in Government Order No. 228-249—S., dated the 8th September 1926.

M. G. RANGAIYA,
Secretary to Government,
Public Works Department.

POWERS TO BE DELEGATED TO THE SUPERINTENDING ENGINEERS.

Sanction to Estimates.—1. *Original Works.*—Can sanction estimates for new works or additions to the extent of Rs. 5,000 in each case, if provided for in the Budget.

2. *Repairs.*—Can sanction estimates to the extent of Rs. 5,000 for each work, if provided for in the Budget.

3. *Revised and Supplemental Estimates.*—Can sanction supplemental or revised estimates for works, the original estimate of which was beyond his powers of sanction, when the excess is not more than 10 per cent on the last estimate or estimates sanctioned by the Chief Engineer or Government and not more than the amount he is empowered to sanction (*i.e.*, Rs. 5,000).

4. *Excess over Estimates.*—Can pass all excesses of not more than 5 per cent of the amount of original estimates sanctioned by him or by a higher authority, provided that the excess amount is within the limit of his powers of sanction with full discretion for deviation of quantities and rates without any material alterations in the design.

5. *Disposal of Tenders.*—Can accept tenders for the execution of works by contractors for works costing up to Rs. 25,000 excluding items, such as, acquisition of lands, contingencies, unforeseen charges, etc., provided in the sanctioned estimate. Can convey approval to deviations from tender system in certain urgent cases after thoroughly satisfying himself of the circumstances of the case for works costing up to Rs. 25,000.

Tools and Plant.—1. Can sanction the purchase, manufacture or sale of Tools and Plant to the extent of Rs. 2,000.

2. Can sanction estimates for the repairs of Tools and Plant to the extent of Rs. 2,500 in each case.

3. Can dispose of cases of losses of Tools and Plant not involving higher cost than Rs. 500 in each case and to dispose of all unserviceable articles.

4. Can sanction the purchase of ordinary local stores up to a limit of Rs. 2,000 in each case, subject to the conditions laid down in Government Order No. G. 14778-81—G. M. 203-23-14, dated the 16th May 1924.

Appointments and Promotions.—1. Can appoint clerks on Rs. 30 and Rs. 30—3—45 grade and Draftsmen on Rs. 35—3—50 grade, whether permanent or temporary, within the sanctioned scale. Can appoint temporary Sub-overseers on Rs. 35-5/2-80. Appointments to be reported to the Chief Engineer.

2. Can appoint members in the work establishment up to Rs. 80 provided there is provision in the estimate.

3. Can fine, suspend or dismiss any person appointed by him or by a lower authority.

4. Can sanction acting arrangements in his own office or in the Divisional Establishment when the period of leave does not exceed six months.

5. Can pass increments to Sub-overseers, Draftsmen and Office establishment within the circle within the sanctioned scale including Overseers, giving intimation thereof to the Chief Engineer.

6. Can sanction the posting of subordinates for charge of Sub-Divisions in the leave vacancies and grant charge allowances, when strictly admissible under the rules.

Transfers.—Can transfer Assistant Engineers, Sub-Engineers, Overseers, Sub-overseers and Office establishment within the Circle.

Leave.—1. Can sanction casual leave exceeding five days to Executive Engineers but within the limit prescribed under the Service Regulations.

2. Can sanction privilege leave to Assistant Engineers and Sub-Engineers, if no substitute is required.

3. Can sanction leave under the rules to Overseers, Sub-overseers and Office establishment.

Miscellaneous.—1. Can suspend the commencement or progress of any work pending orders of Government.

2. Can reappropriate between Divisions in the Circle, the grants allowed in the Budget for original, minor works and repairs, reporting the same to the Chief Engineer.

3. Can sanction emergent repairs to irrigation or other works to any reasonable and necessary amount in case of imminent danger to the structure.

4. Can fix headquarters of Sub-Divisions reporting the fact to the Chief Engineer.

5. Can sanction the recovery of security deposits in 20 monthly instalments.

6. Can issue orders for the disposal of all unserviceable or surplus stores.

7. Can issue orders for the disposal of all materials at site of works and materials received from works dismantled or undergoing repair and to sanction their write off where necessary.

8. Can write off losses of stock to the extent of Rs. 500 in each case.

9. Can sanction bicycle allowance in lieu of pony allowance.

10. Can sanction advances of one month's pay to subordinates who are borne on the permanent establishment for purchase of ponies, the advance being recovered in monthly instalments not exceeding six.

11. Can countersign the Travelling Allowance Bills of the Superintending and Executive Engineers and of the establishments of both.

12. Can sanction advance of Travelling Allowance to Circle Office Establishment for going on tour.

13. Can sanction estimates for postal buildings up to Rs. 4,000.

14. Can sanction purchase of books, foreign or local made articles.

15. Can sanction the sale of Tools and Plant to contractors up to Rs. 1,000.

16. Can sanction house building advance for those drawing Rs. 80 and below according to rules.

17. Can sanction advance out of State Provident Fund for those drawing Rs. 80 and below according to rules.

18. Can sanction arrear claims for those drawing Rs. 80 and below if the claim is not more than five years old.

19. Can sanction refunds admissible under the rules.

20. Can sanction repairs of tent when the cost does not exceed Rs. 25 in each case and within the budget provision.

21. Can sanction charges in connection with the printing of hand books, leaf-lets, and letter head forms up to Rs. 50, the cost being met from contingent grant.

22. Can sanction advance of Pay and Travelling Allowance on transfers to the Executive Engineers in the Circle.

23. Can sanction payment of reasonable allowances to officers under suspension under Article 122 of the Mysore Service Regulations provided the extra cost involved is not more than Rs, 200 in each case and the period of suspension does not exceed six months.

24. Can sanction journeys outside the Circle when necessity arises but within the State to non-gazetted officers under Article 41 (b) Mysore Service Regulations.

25. Can write off irrecoverable balances of rents or revenue when it does not exceed Rs. 50 in each case.

26. Can write off irrecoverable advances to contractors or labour up to Rs. 100 in each case.

27. Can accept certificates of payments in lieu of missing vouchers.

28. Can sanction purchase of stationery articles when not supplied by the Stationery Depot to the extent of Rs. 25 to the Circle Office and Rs. 10 to the Executive Engineer in one year provided the cost can be met from the contingent grant.

29. Can sanction conveyance allowance to Lower and Upper Sub-ordinates as per rules authoried in the Mysore Service Regulations.

30. Can sanction collection or consolidation of materials, in the out-of-seasons in special cases.

31. Can fix the rent to be levied when a portion of the building is occupied according to rules.

32. Can sanction estimates for electric installations up to Rs. 250 provided, funds are available.

Registered No. M.—1175.

Application of Remission rules to Chowthayi Tanks.

READ—

Government Orders No. R. 14-25—L. R. 149-24-74, dated 3rd October 1925 and No. R. 4229-40—L. R. 489-26-4, dated 1st December 1927, laying down rules regarding the remission of wet assessment on tank-irrigated lands.

2. Letter No. C. 3934—31-32, dated 6th May 1932, from the Revenue Commissioner, recommending that the orders read above, might be made applicable to Chowthayi Tanks also.

3. Un-official Note No. C. 3934—31-32, dated 2nd August 1932, of the Revenue Commissioner, suggesting that the quantum of remission including Chowthayi might be limited to half wet assessment in the case of such tanks.

ORDER NO. R. 1545-54—R. M. 6-31-134, DATED BANGALORE, THE 15TH—16TH SEPTEMBER 1932.

Government are pleased to sanction the recommendation made by the Revenue Commissioner.

The following rule will be inserted as rule (10) of the rules issued with Government Order dated 3rd October 1925, as amended by the Government Order of 1st December 1927, read in the preamble:—

"(10) The above rules will be applicable to Chowthayi Tanks also, but the quantum of remission including Chowthayi will be limited to half wet assessment in the case of such tanks."

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

Remission on wet lands yielding a good dry crop.

READ—

Government Orders No. R. 14-25—L. R. 149-24-74, dated 3rd October 1925 and R. 2546-55—L. R. 149-24-77, dated 18th November 1925, issuing revised rules in the matter of the remission of wet and garden assessment on lands under tanks and talapariges on account of insufficient rainfall.

2. Government Order No. R. 4229-40—L. R. 489-26-4, dated 1st December 1927, directing that the land constituting the atchkat of a tank should be treated as a "tract" for the purpose of the rules and as entitled to remission if the conditions governing the grant of relief are satisfied.

ORDER NO. R. 1566-77—R. M. 53-31-2, DATED BANGALORE, THE 15—16TH SEPTEMBER 1932.

It was represented in the October Session (1930) of the Representative Assembly that local officers felt a doubt in regard to the nature of the crop in respect of which remission of half wet and garden assessment of tank-irrigated lands should be granted. According to rule 4 of the revised rules sanctioned by Government in their Order dated 3rd October 1925 read above, remission of half the assessment will be granted when more than half the area of wet and garden lands, excluding those under perennial garden crops, under the particular tank has remained uncultivated, or has, even though cultivated, yielded a crop of not more than four annas. Government consider that the expression "crop" used in that rule can refer only to wet or garden crop, as the case may be. The rule as it is, does not cover cases in which dry crops have been raised on the lands in the atchkat.

2. It has been recently brought to notice that there are a number of cases in which, though no wet crops had been raised, the land was cultivated with dry crop and produced a good outturn. The question arises whether the benefit of remission of half wet assessment should be extended to such cases also, and, if so, to what extent. An occupant who gets a good dry crop is in a much more advantageous position than one whose lands remain entirely uncultivated or, if cultivated with wet crops, yield a negligible outturn and who is consequently allowed half remission. There is also a certain amount of advantage in raising dry crops on wet lands, such as the existence of sub-soil water and other natural facilities which enable the occupant to realise a good and profitable dry crop. The element of impoverishment would hardly exist in the same acute degree in such cases and the limit of concession has therefore necessarily to be lower. On a previous occasion also, the Government have recognised this difference and made a similar distinction in regard to these two classes of land, and while allowing half wet remission to all these lands, charged an additional dry rate on account of the good dry crop raised, (*Vide* Government Order No. R. 9611-56—Agri. 106-08-2, dated 18th May 1909). On a careful consideration of the subject, Government direct that the following rule be inserted as rule 4 (*a*) of the rules issued with Government Order of the 3rd October 1925 as amended by the Government Order of 1st December 1927:—

"In cases in which wet and garden lands excluding those under perennial garden crops like areca and cocoanut have been cultivated with dry crops with an yield of not less than eight annas, the remission allowable under rule 4 will be reduced by the average rate of dry assessment prevailing in the village."

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Re-organisation of the Government Central Book Depot, Bangalore.

READ—

Government Order No. E. 3696-99—Edn. 317-31-3, dated the 14th March 1932, directing the transfer of the Central Book Depôt to the premises of the Government Press, and requesting the Superintendent, Government Printing, to submit proposals for the minimum staff required for the working of the Department.

2. Letter No. P. 2566, dated the 12th April 1932, from the Superintendent, Government Printing, Bangalore, submitting the proposals called for.

3. Letter No. A1.4876-124, dated the 3rd January 1932, from the Director of Public Instruction in Mysore, submitting the proposition statement for the re-organisation of the staff of the Government Central Book Depôt duly verified by his Financial Assistant.

ORDER NO. G. 2183-5—P. & S. 27-32-1, DATED BANGALORE, THE 26TH SEPTEMBER 1932.

The Superintendent's proposals are the following:—

(*a*) To abolish the post of Curator and to appoint Mr. D. Daniel, temporary Sub-Assistant Superintendent, Government Press, as Sub-Assistant Superintendent for immediate charge of the Depôt.

(*b*) To revise the clerical and menial establishments resulting in a savings of Rs. 75 per mensem.

(*c*) To extend in connection with the Book Depôt Establishment the powers of appointment, promotion, etc., now exercised by the Superintendent in regard to Press Establishment.

(*d*) To apportion the Budget grant between the Director of Public Instruction and the Superintendent, Government Printing.

(*e*) To insure the stock of books and the portion of the building in which the Depôt is located.

(*f*) To permit the staff of the Book Depôt to work on Saturday mornings from 7-30 A.M. to 12-30 P.M.

2. In regard to the first point, the Superintendent says that the appointment of Curator may be abolished and that the Book Depôt may be placed under his administrative control and that he may be designated *Ex-officio* Superintendent of the Book Depôt. Government are pleased to approve of these proposals.

The Superintendent further considers that a responsible Gazetted Assistant with experience of stock and sale of books and accounts should be placed in immediate charge of the Depôt and as his present staff of Gazetted Assistants in the Press have full work in the Press proper, he proposes the appointment of a Sub-Assistant Superintendent. He recommends for the post, Mr. D. Daniel, who has been acting as Sub-Assistant Superintendent for three years now. Government are pleased to approve of this proposal and direct that Mr. D. Daniel be appointed as Sub-Assistant Superintendent on a fixed pay of Rs. 150 per mensem for the present. He will also be placed in charge of Press Accounts. The pay of this Officer will, as proposed by the Superintendent, be met from the sum of Rs. 100 per mensem provided in the Press Budget for a Divisional Accountant's appointment and the balance from the savings of Rs. 96 per mensem under "establishment" of the Book Depôt.

3. As regards the revision of the clerical and menial establishment, the Superintendent has proposed the reduction of the pay of the Manager from Rs. 60—2—70 to Rs. 50—2—60, the abolition of two posts on Rs. 50 and Rs. 25 respectively and the grant of an allowance of Rs. 10 per mensem to the Store Clerk who may be asked to furnish a security of Rs. 250. These proposals are approved with the modification that no allowance need be granted to the Store-keeper, the question of cash security to be furnished by him being reserved for separate consideration.

4. Government also consider that the menial establishment is capable of reduction and direct that the place of a peon on Rs. 11 per mensem be abolished. The result of this revision will be a savings of Rs. 96 per mensem as shown in the appendix. The revised establishment including the Sub-Assistant Superintendent will continue on a tentative basis for the present pending re-examination of the question of further retrenchments, if any, that may become possible later.

5. The proposals to extend the powers of appointment, promotion, etc., which are now being exercised by the Superintendent in respect of the Government Press to the Book Depôt and holding the Book Depôt on Saturday mornings are also approved.

6. As regards the apportionment of the Budget, the head "Book Depôt" will continue to remain under "26 Education" in the current year's budget. The Superintendent, Book Depôt, will operate on the minor heads "Establishment" and "Contingencies" and the Director of Public Instruction on the heads "Encouragement to Authors" and "Books and Maps."

7. The proposal of the Superintendent in regard to insuring the stock of the Book Depôt and the building will be separately examined.

R. RANGA RAO,
Secretary to Government,
General Department.

BANGALORE, THURSDAY, OCTOBER 13, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Abolition of Lock-ups at Arkalgud and Jagalur.

READ—

Government Order No. G. 5782-93—Pris. 46-30-24, dated the 16th January 1932, directing among other things, the District Magistrates concerned to report by June 1932, with reference to the experience gained till then, the necessity for the further retention of the lock-ups at (1) Arkalgud (2) Channarayapatna (3) Arsikere (4) Alur (5) Jagalur and (6) Hiriyur.

2. The marginally noted letters from the Deputy Commissioners, Hassan and Chitaldrug, submitting the reports called for.

1. L. Dis. J. 62-32, dated 30th August 1932, from the Deputy Commissioner, Hassan.
2. J. 1-C. 400—31-32, dated 12th April 1932, from the Deputy Commissioner, Chitaldrug.

ORDER NO. G. 2197-202—PRIS. 46-30-29, DATED BANGALORE, THE 27TH SEPTEMBER 1932.

The Deputy Commissioners concerned recommend the abolition of the lock-ups at Arkalgud and Jagalur as the Bench Courts in these places have been abolished from 1st April 1932 and from 1st July 1932 respectively. As regards the remaining four, they recommend their continuance as there are Courts of Bench Magistrates in these places. Government are pleased to approve of the above recommendations.

N. MADHAVA RAO,
Chief Secretary to Government.

Appoints a Committee to go into the question of Motor Transport in Mysore.

ORDER No. P. 21-29—LEGIS., DATED CAMP MYSORE, 10TH OCTOBER 1932.

Representations have been made by Associations of Bus Owners in the State complaining about the high incidence of taxation in Mysore on Motor buses plying for hire and urging the appointment of a Committee to examine the matter and submit proposals. A deputation of bus owners which waited upon the Dewan on 28th September 1932, in this connection was informed that the suggestion to appoint a committee would be favourably considered.

Government are of opinion that it is desirable to review not only the rates of taxation on motor buses but the whole system of transport by means of motor vehicles plying for hire as it now prevails and are pleased to appoint a Committee consisting of the following gentlemen for this purpose:—

CHAIRMAN.

SIR CHARLES TODHUNTER, K.C.S.I.,
Private Secretary to His Highness the Maharaja of Mysore.

MEMBERS.

1. THE TRAFFIC MANAGER,
Mysore Railways.
2. THE INSPECTOR-GENERAL OF POLICE.
3. THE CHIEF ENGINEER OF MYSORE.
4. MR. H. V. RAMASWAMI, M.A., B.L.,
Deputy Commissioner, Tumkur District.
5. MR. B. S. PUTTASWAMY, B.A., B.L.,
President, District Board, Mysore District.
6. MR. B. K. GARUDACHAR,
President, City Municipal Council, Bangalore.

MR. S. NARAYANA RAO, M.A. (HON.),
Senior Assistant Commissioner, will be Secretary to the Committee.

The Committee is requested to examine and favour Government with its suggestions on the following among other points:—

(1) The new conditions that have arisen through the very large development of motor bus and other motor traffic on the roads of the State.

(2) What would be a fair charge for the State to make for the use by bus owners of the public roads and for meeting the extra cost of road maintenance and improvement.

(3) The best means of co-ordinating the public motor traffic with the railway traffic, preventing competition between motor services and the railways and checking excessive competition between different motor services using the same routes.

(4) The possibility of avoiding the losses that arise out of excessive competition and improving the services by substituting a system of limited monopoly fixed by tender or auction for the present system of taxation.

(5) The conditions of any such system as regards routes, time-tables, fare-tables, condition of vehicles, qualifications of drivers and services generally, and

(6) The taxation of lorries, the means of distinguishing between public and private lorries and the conditions to be imposed in either case.

N. MADHAVA RAO,
Chief Secretary to Government.

Re-allocation of seats in the Representative Assembly.

READ—

Government Order No. Rl. 5443-56—R. A. 11-31-1, dated 22nd June 1932, appointing a Committee for considering the question of the re-distribution of seats in the Representative Assembly and other allied questions.

2. Letter No. Rl. 1195—R. A., dated 20th September 1932, from the Secretary, Representative Assembly, forwarding the Report (printed as Appendix) of the Committee appointed in the order read above.

ORDER THEREON NO. RL. 2429-88—R. A. 13-32-2, DATED CAMP MYSORE, 9TH OCTOBER 1932.

The recommendations of the Committee are briefly as follows :—

I. DISTRIBUTION OF SEATS.

1. *Rural Constituencies.*—(*a*) The number of representatives from a Taluk or Sub-Taluk should generally be in proportion to its population and the following scale may be adopted :—

Taluks having a population of over one lakh to have each	... 3 Members.
Taluks or Sub-Taluks having a population between 50,000 and one lakh to have each	... 2 Members.
Taluks or Sub-Taluks having a population below 50,000 to have each	... 1 Member.

(*b*) The Malnad Taluks should be given some weightage so that the Taluks of Sagar, Koppa, Mudgere and Nagar, which would return only one member on the above basis, may get one more each ; and Molakalmuru also may be given two members on account of its extreme remoteness.

2. *Urban Constituencies.*—The representation for the urban constituencies should be continued as at present. The Town Municipalities of Kunigal, Birur and Sagar which have been constituted as such subsequent to the last allocation should be given one seat each. Mandya, Gundlupet and Bhadravati, which are not yet constituted as town municipalities, though they have each a population exceeding 5,000 according to the last Census may be given, the privilege to return a member if and when they are so constituted.

3. *Special Interests.*—(*a*) The number of seats allotted to the University may be reduced from 2 to 1 and the number allotted to Trade and Commerce from 3 to 2 and the privilege of returning one member each, enjoyed by the Legal, European Planting, Indian Planting, Gold Mining and Inamdars' Interests may be continued.

(*b*) The representation granted by way of nomination by Government for Agriculture may be reduced from 2 to 1, for Co-operation from 3 to 2 and for Sericulture from 2 to 1 ; Spinning and Weaving and Handloom Weaving may be combined as the Textile Industry and represented by one member instead of 2 members as at present. Mining Labour and Factory Labour may continue to have the seats enjoyed heretofore and the seats for Women's Interest may be increased from 2 to 4.

4. *Minorities.*—(*a*) The present system of guaranteeing seats to the principal minority communities, *viz.*, the Mussalmans, the Indian Christians and the Depressed Classes should be continued. There is no need to guarantee seats for any of the other minority communities.

One of the members nominated to represent the Women's Interest may be selected from the Mahomedan community, if a suitable representative is available.

(*b*) The number of seats guaranteed to Mussalmans may be increased from 15 to 18.

(*c*) The number of seats guaranteed to Indian Christians, *viz.*, five may be continued.

(*d*) The number of seats guaranteed to the Depressed Classes may remain at six as at present, but the Government may increase the representation to ten, if suitable persons are available.

(*e*) The number of seats for minority representation should be limited as far as possible to the statutory minimum, *viz.*, 35, and any number remaining over, after giving the guaranteed representation as above, may be utilised for nominating representatives of the major sub-castes of the Hindus.

II. SYSTEM OF ELECTION.

(1) The existing system of elections, *i.e.*, "majority system" should be changed in multi-membered constituencies so as to secure a result which will truly reflect the voting strength of the several parties in the constituency; and the system of proportional representation by the single transferable vote adopted in select multi-membered constituencies.

(2) The system of proportional representation may be introduced for the election of eight members from the Representative Assembly to the Legislative Council and for elections to the Representative Assembly from the Cities of Bangalore and Mysore, the introduction of the system in the rural constituencies being deferred till the percentage of literacy improves.

(3) This system may also be adopted for elections to the panels of the various standing committees from the Representative Assembly and the Legislative Council; to the Senate from the Representative Assembly and the Legislative Council (under the new University Amending Regulation) and to such other committees or bodies for which three or four members are to be returned at a single election.

Government are pleased to approve of the above recommendations of the Committee and direct that they be given effect to in the ensuing elections. The distribution of seats for the rural and urban constituencies and the special interests will be as in Schedules A, B and C respectively, appended to the report of the Committee.

N. MADHAVA RAO,
Chief Secretary to Government.

REPORT OF THE SPECIAL COMMITTEE APPOINTED TO CONSIDER THE QUESTION OF RE-ALLOCATION OF SEATS IN THE REPRESENTATIVE ASSEMBLY, ETC.

The Committee was constituted under Government Order No. Rl. 5443-56—R. A. 11-31-1, dated 22nd June 1932 and Government Order No. Rl. 2-14—R. A. 1-32-1, dated 1st July 1932 and the terms of reference are as follows:—

(*a*) to review the existing distribution of seats of the Representative Assembly and to consider any changes needed therein, having regard to the population of the various constituencies and other relevant considerations;

(*b*) to examine the possibility of adopting some system of proportional representation as regards the election of members of the Representative Assembly from multi-membered constituencies and the election of members to the Legislative Council from the Representative Assembly; and

(*c*) to submit recommendations on the above and any other incidental matters, having regard to the provisions of the Representative Assembly Regulation and the Legislative Council Regulation.

The Committee held two meetings on the 20th July and 5th August 1932.

The Committee examined the existing allocation of seats in the Representative Assembly under each of the heads "Rural", "Urban", "Special Interests" and "Minorities" to see what changes are necessary to suit the present conditions.

1. RURAL CONSTITUENCIES.

The existing allocation of seats for the rural areas was based on the old classification of taluks mainly according to land revenue and also on considerations of extent and population. A revision of the manner of classification was considered necessary. The Committee resolved by a majority.

(*a*) that the number of seats to be given to a Taluk or Sub-Taluk should depend upon its population and that the following standard may be adopted: —

Taluks having a population of over one lakh to have	.. 3 Members.
Taluks or Sub-Taluks having a population between 50,000 and one lakh to have	.. 2 Members.
Taluks or Sub-Taluks having a population below 50,000 to have	.. 1 Member.

(*b*) that the Malnad Taluks should be given some weightage and that all the Malnad Taluks which get only one member on the population basis as above shown should be given one more member each. Accordingly, the Taluks of Sagar, Koppa, Mudgere and Nagar get the benefit of this weightage. Molakalmuru on account of its extreme remoteness is also allotted two seats.

The allocation of seats for the rural constituencies on the above basis will be as in Schedule "A" appended and the number of seats required is 164, *i.e.*, 3 less than the present number.

Mr. B. Gopalachar however urged that the Malnad Taluks should be shown some greater concession on account of their importance from the point of view of extent and land revenue, though comparatively scanty in population, and that the population limits for these taluks may be fixed at one seat up to 25,000, 2 seats up to 50,000 and 3 seats above 50,000. His point was that the Malnad should be allowed to return at least the existing number of seats. He was supported by Mr. H. B. Gundappa Gowda.

The other members of the Committee did not agree with this view, but considered that all rural constituencies should be classed primarily on the basis of population and that the Malnad Taluks could only be given some weightage as proposed above.

2. URBAN CONSTITUENCIES.

According to the Representative Assembly Regulation itself, all city municipalities and town municipalities having a population exceeding 5,000 have to be allotted at least one seat.

At present, the Cities of Bangalore and Mysore are allotted four seats each and 33 other town municipalities one seat each. According to the Census of 1931, the population of all these town municipalities is found to be above 5,000 except Chintamani where the population is said to be less than 5,000 by 150. The Census Report was examined and the Committee were satisfied that the reduction in population was due to temporary causes such as plague at the time the Census was taken. The Committee therefore resolved that all the town municipalities including Chintamani which have at present one seat may continue to have them.

Kunigal, Birur and Sagar have been constituted as towns subsequent to the last allocation and have a population of over 5,000 each. They are therefore allotted a seat each.

Mandya, Gundlupet and Bhadravati which according to the last Census have each a population exceeding 5,000 are not yet constituted as town municipalities. They may be allotted a seat each if and when they become town municipalities.

While the population of Bangalore City is 1,72,357 that of Mysore City is only 1,07,742. It was considered by some that it was not reasonable that Mysore should have the same number of seats as Bangalore. The Committee, by a large majority, decided that the existing allotment of four seats may be left unchanged. The allocation of seats for the urban constituencies will be as in Schedule "B" appended and the number of seats required will be 44 with a provision of three more for Mandya, Gundlupet and Bhadravati.

3. SPECIAL INTERESTS.

(i) *Representation through Associations or other Bodies.*—The Committee is of opinion that the number of seats allotted to the University be reduced from 2 to 1, and Trade and Commerce from 3 to 2, and that the allocation of one seat each to Legal Interests, European Planting, Indian Planting, Gold Mining and Inamdars may be continued.

(ii) *Representation by nomination by Government.*—The number of seats allotted to Agriculture may be reduced from 2 to 1; Co-operation from 3 to 2; Sericulture from 2 to 1 and that Spinning and Weaving and Handloom Weaving may be combined as the Textile Industry Interest and allotted one seat, instead of 1 seat each. No special representation is necessary for the interests of Medical Practitioners, Banking and Temperance. Mining Labour and Factory Labour may continue to have one seat allotted to each. The Committee consider that the seats for Women's Interest should be increased from 2 to 4. The allocation will be as in Schedule "C" appended and the number required will be 19 as against 26 allotted at present.

4. MINORITIES.

The Committee were of the opinion that the present scheme of guaranteeing a certain number of seats to the principal minority communities, *viz.*, the Mahomedans, the Indian Christians and the Depressed Classes should be continued and that there was no need to guarantee seats for any of the other minority communities, as they are all merely sub-communities of the Hindus.

(*i*) *Mahomedans.*—The number of seats guaranteed for Mahomedans at present is 15. Mr. J. Mahomed Imam urged for increased representation. The Committee recommend the increase of the number of guaranteed seats to Mahomedans to 18. A few of the members are in favour of the number being increased to even 20.

One of the lady members may be nominated from the Mahomedan Community if a suitable representative is available.

(*ii*) *Indian Christians.*—The number of seats guaranteed at present is 5, and the Committee are of the opinion that this may stand.

(*iii*) *Depressed Classes.*—The Committee consider that while the number of seats guaranteed may remain at 6 as at present, Government may by nomination increase the representation to 10 if suitable persons are available.

(*iv*) The Committee hold that no guaranteed representation is needed for several sub-sects of the Hindus. The number of seats for minority representation as far as possible may be limited to 35 which is the statutory minimum. Any number remaining over after giving the guaranteed representation to the principal minority communities as above, may be utilised for nominating representatives of the major sub-sects of the Hindus.

5. SYSTEM OF ELECTION.

Proportional Representation.—All the members of the Committee except Mr. H. B. Gundappagowda are strongly of the opinion that the existing system of election, *i. e.*, "majority system" needs to be changed in multi-membered constituencies as it does not secure a result which will truly reflect the voting strength of the several parties in a particular constituency, and that the system of proportional representation by the single transferable votes may be adopted in select multi-membered constituencies. Mr. Gundappagowda, desired that the introduction of this system should be deferred as he thinks that it will introduce radical changes and has far-reaching implications.

(*i*) The Committee by a strong majority recommend that this system be introduced for the election of the eight members from the Representative Assembly to the Legislative Council.

(*ii*) They recommend by a majority (of 6 against 3) that this system be tried also in the Cities of Bangalore and Mysore.

(*iii*) They consider that its introduction in the rural constituencies may be deferred as there are still a large number of illiterate voters there.

(*iv*) They also recommend that this system may be adopted for elections of members to the panels of the various Standing Committees from the Representative Assembly and the Legislative Council, to the Senate from the Representative Assembly and the Legislative Council (under the University Amending Regulation) and to such other committees or bodies wherein the election is of three or four members.

Method of Minority Representation.—At present, in the case of communities having recognised associations, Government allow such associations to select their representatives for nomination, by the Government and in the absence of such associations, Government directly nominate representatives. This system of nomination by Government has been considered unsatisfactory by the communities as they feel that persons who are influential in the community and represent their views are not necessarily nominated. Further, some of the existing associations are not truly representative, have no permanent existence and spring up only at the time of elections. So long as there are no associations with a wide membership and really representing the communities, the committee consider that nomination by Government has to remain. They recommend by a majority that nominations should be on the following lines: —

The number of seats which are required to make up the guaranteed number allotted to the Mahomedans should be filled up by Government by nomination and in making such nomination, Government shall have regard to equitable distribution on a territorial basis. Consistently with the above, nominations may be made from among the candidates of the community in question at the general elections who while not being returned have secured the larger percentage of votes in each electorate.

Some of the members are of the opinion that nominations should be made as far as possible through representative associations and the remaining number if any should be nominated on the principles recommended as above by the majority of the Committee.

The Committee consider that in regard to the representation of Indian Christians, the same procedure as for Mahomedans may be adopted. As regards Depressed Classes and sub-communities of the Hindu Community, the present system may continue.

Polling Methods.—The recommendations made by the Indian Franchise Committee in regard to polling methods were placed before the committee. They are not in favour of the coloured box or symbol system as the illiterate voters are likely to be misled, many of them being unacquainted with the candidates. No separate polling arrangements are necessary for women for the present in Mysore.

The other recommendations are merely details which it is for the Government to adopt if deemed fit.

* Subject to a note of dissent.

Note by the Chairman.

The grounds of objections in regard to the introduction of the system of proportional representation stated in the dissenting note of Mr. H. B. Gundappa were raised by him at the meeting and fully considered by the Committee. The fifth ground mentioned by him, *viz.*, that even in such an advanced country as England this system was tried in many places but was dropped as it did not get general approval is not correct as a fact. It was introduced in England for election of members to the House of Commons from University Constituencies and still continues.

K. MATTHAN.

DISSENTING NOTE BY MR. H. B. GUNDAPPA.

I feel it incumbent on me to make my position clear when I oppose the strong opinion expressed by the majority of the members in favour of proportionate representation. When we take into consideration the very limited powers that are being enjoyed by the non-officials in the constitutional bodies, I strongly feel at the outset that there is no necessity for such a system at all.

GROUNDS FOR OPPOSING THE SYSTEM.

1. There was no representation of grievances against the present majority system either by the minority interests or as a matter of fact by any agitation on the part of the public.

2. That the Legislative Council to which representation is sought to be given by the method is not purely elected; but, on the other hand, there are nominated elements representing all sorts of interests. Hence, the idea of giving representation to several parties and interests is a misnomer.

3. This system presupposes the existence of good and well established party systems.

4. The proportionate representation which is introduced in advanced western countries have in fact strong and well-established parties based on fundamental political principles. Whereas, our constitutional bodies are, at present, constituted on special and communal interests. They have not yet developed on good and well defined political principles, but are only in the initial stages of making. So, at this stage of their growth, the little political consciousness that is being evinced by the people would be strangled to death.

5. Even in such an advanced country as England, this system was tried in many places but was dropped as it did not get general approval.

6. This system instead of encouraging the formation of parties on sound political principles tends to develop groupings and communal cliques and jealousies. Hence, it is a retrograde step and is detrimental to the growth of political consciousness.

7. It is too complicated and open to too many side issues to be further discussed in detail here.

8. It creates confusion in the minds of average voters of our country and is not a good system by which the will of the electorate can be gauged.

9. The communal feelings which this system is sure to engender will, instead of giving proper and adequate representation to the members of the numerous minor communities, deprive them of the advantages they are enjoying under the existing system.

10. Hence, I am strongly of opinion that the introduction of this system to our body politics is unsuitable to our present political conditions and fraught with many dangers.

DISSENTING NOTE BY Mr. B. GOPALA CHAR.

The Seal Committee which first considered the constitution of the Assembly has well suggested that the returning of members to that body should be on a mixed basis of extent, income and population of various units. Now everything has been overlooked and importance is attached only to population. If we are going to adopt the principle of electing representatives in proportion to population we must necessarily as an inseparable adjunct to such a principle adopt the most liberal policy with respect to franchise. Franchise being kept out of sight and the question of returning members above being considered marks distinctly an anomaly and looks an anachronism.

In particular it has caused great disadvantage to the Malnad which forms an important part of the State. Due to various causes Malnad has come to possess spare population and shows time after time a decrease in population. But it always returns a heavy income to the State budget. This important part of our province so far as revenue returns are considered and extent as well dwindles into an insignificant unit when its population is considered. On a mere consideration of population much of the maidan

tracts claim privileges as both rural and urban constituencies and thus derive an advantage of sending more representatives than the Malnad. The Malnad must necessarily be given an important place for the simple reason of its greater tax-paying capacity. It is not only the clamorous population that should derive the advantage of any such scheme but also an absolute equal advantage must also be derived by the large contributor to the State revenues.

Hence under these circumstances disagreeing with the opinion of the Committee, I suggest that a mixed basis of income and population be made the criterion for fixing the number of members for each constituency. Either one for every 25,000 population with the privilege of weightage be granted or the old scheme be retained for malnad tracts only. This would remove not only an injustice done to Malnad by the findings of the committee but also a certain importance, it deserves, will be given to it.

GENERAL SECRETARIAT.

Earnest Money.

READ—

Government Order No. L. 393-402—L. B. 155-31-2, dated 13th July 1932, amending para 2 of the Notification annexed to Government Order L. 8063-78—L. B. 175-29-1, dated 8th May 1930, so as to fix the initial deposit to be made by persons intending to bid at the sale of the right to collect District Fund Tolls and Market Fees at Rs. 100.

2. Letter No. C. 208—32-33, dated 19th August 1932, from the President, District Board, Chitaldrug, forwarding copy of the resolution of the Board that the initial deposit in the case of markets may be fixed at Rs. 25 instead of at Rs. 100 as the latter would work as a hardship in many cases.

ORDER NO. L. 2414-30—L. B. 100-32-2, DATED BANGALORE, THE 28TH SEPTEMBER 1932.

Government are pleased to direct that para 2 of the Notification referred to in the order of July 1932, be further modified as noted below:—

"2. Persons intending to bid must attend in person or by a duly accredited agent. Every such person should deposit beforehand as earnest money:—

(*a*) a sum of Rs. 100 in the case of tolls, and

(*b*) a sum equal to one-sixth of the realisations in the previous year or Rs. 100 whichever is less, in the case of market fees.

The deposits of all the bidders, except the first two or three whose bids are to be recommended for acceptance, will be returned at the close of the sale. The successful bidder, who will be called the contractor, shall, on confirmation of the sale, make a further deposit which, together with the initial deposit made by him, will be equal to two months' khists. This amount will be returned at the end of the year only on fulfilment of the contract. The deposits of the other bidders will be returned after the confirmation of the sale."

R. RANGA RAO,
Secretary to Government,
General Department.

Reviews the Report on the Working of the Government Presses.

READ—

Report on the working of the Government Presses, the Mysore Gazette Office and the Office of the Registrar of Authorised Publications for the year 1931-32, received with letter No. 331, dated the 13th August 1932, from the Superintendent, Government Printing, Bangalore.

ORDER No. G. 2307-58—P. & S. 18-32-3, DATED BANGALORE, THE 3RD OCTOBER 1932.

Recorded.

Superintendence.—Mr. B. Puttaiya continued to be Superintendent throughout the year. Mr. B. Krishnaswamy Chetty, Sub-Assistant Superintendent, who was deputed to England and America for higher studies in Printing returned after successfully completing his course and passing all the Examinations with distinction. Mr. D. S. Gurubasavappa, General Foreman, who was deputed to the Government Press, Madras, for training, returned after completing the course prescribed for him and passing the Technical Examinations both of the Madras Government and the Madras School of Technology and also of the City and Guilds of London Institute Examinations.

Establishment.—As a result of the retrenchments effected during the year in the establishment there were 378 paid employees in the Central Press and 100 in the Branch Press as against 413 and 104 respectively, in the previous year.

Plant.—The total value of plant in the Central Press at the close of the year, after allowing for depreciation was Rs. 2,71,469 and in the Branch Press Rs. 61,015. The total value of stores of a miscellaneous nature in the Central Press was Rs. 19,374, of which articles of the value of Rs. 11,882 were consumed during the year. The cost of paper supplied by the Stationery Department for printing purposes was Rs. 75,938 as against Rs. 1,05,243 in the previous year.

Expenditure.—The expenditure on the two Presses during the year amounted to Rs. 1,71,081-14-11 as against Rs. 1,92,371-1-9 in the previous year :—

	1931-32.			1930-31.		
	Rs.	a.	p.	Rs.	a.	p.
Central Press ..	1,35,613	6	2	1,54,931	10	5
Branch Press ..	35,468	8	9	37,439	7	4
Total ..	1,71,081	14	11	1,92,371	1	9

Outturn of Work.—The out-turn of work in the Central and Branch Presses was 69,714 pica foolscap pages composed, 35,307,933 impressions printed, 1,379,666 books bound as against 73,184 pica foolscap pages, 38,650,346 impressions and 1,305,809 books in the previous year.

The Mysore Gazette.—The realisations from subscriptions, advertisement and other sources during the year amounted to Rs. 12,514-11-0 as against Rs. 12,300-14-3 in the previous year. The cost of printing the Gazette including the cost of paper amounted to Rs. 38,684-4-9. The receipts come to 32·35 of the expenditure, as against 30·41 per cent in the previous year.

'Orders were issued sanctioning the publication of the Municipal bye-laws in the Gazette on payment of the usual charges as in the case of District Boards.

Registration of Books.—The number of books and periodicals registered during the year was 281, as against 243 in the previous year, and 145 of them were in the vernacular of the State. Copyright was secured in respect of 90 books as against 59 books in the previous year.

General.—The vocational classes in printing and book-binding for the High School Students, the printing school for training press employees and the general education school conducted by the Education Department continued to do good work during the year under review.

About the close of the year under review, the Central Book Depôt was shifted to the Government Press buildings and placed under the control of the Superintendent, Government Printing.

The work of the Press was satisfactory.

R. RANGA CAO,
Secretary to Government,
General Department.

Reviews the Report on the Working of the Stationery Depôt for the year 1931-32.

READ—

Letter No. S. 471, dated the 12th August 1932, from the Superintendent of Stationery, Bangalore, submitting the Report on the working of the Stationery Depôt for the year 1931-32.

ORDER NO. G. 2359-409 P. & S. 19-32-3, DATED BANGALORE, THE 3RD OCTOBER 1932.

Recorded.

Mr. B. Puttaiya, was in charge of the Stationery Depôt, throughout the year.

The year opened with a stock of the value of Rs. 1,35,559 and new stock valued at Rs. 1,62,291 was either purchased or received from the Press and other Offices, bringing the total value of the stock to Rs. 2,97,849. Supplies of the value of Rs. 1,59,697 were made during the year to several Offices as against Rs. 1,98,800 in the previous year, leaving a balance of Rs. 1,38,153 at the close of the year.

The total value of articles purchased during the year was Rs. 1,38,899 of which the value of articles of Mysore Manufacture was Rs. 3,514 and that of Indian Manufacture Rs. 89,785 against Rs. 7,841 and Rs. 96,447 respectively, in the previous year.

The expenditure of the Stationery Depôt on establishment and contingencies was Rs. 7,498 as against Rs. 8,197 in the previous year. During the period under review revised rules were issued for the supply of Stationery and forms to the several Offices in the State.

As a measure of economy, the supply of stationery and forms to the several Offices in the State was reduced by 50 per cent and a substantial saving was effected in the Stationery Budget. A revised edition of the Stationery Manual bringing the rules of procedure up-to-date was issued during the year.

The working of the Depôt was satisfactory.

R. RANGA RAO,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Allowances for Shorthand and Typewriting Work.

READ—

Government Order No. Fl. 5933-4—S. & A. 176-31-13, dated 19th January 1932, sanctioning, among other things, the continuance of the allowance of Rs. 7 per mensem to the Steno-typist of the Chief Commandant's Office, pending disposal of the general question of the continuance of such allowances.

2. Letter No. 376—T.A.D.B. 2, dated 27th February 1932, from the Comptroller, forwarding a list of allowances to Typists and Steno-typists in the several departments of the State except the Railway, Education and Electrical Departments.

3. Letter No. Fl. 1405, dated 12th March 1932, from the Director of Public Instruction, forwarding a list of Steno-typists' allowances granted in the Education Department.

4. Undermentioned communications from certain heads of departments recommending, for reasons stated, the continuance of the allowances to Steno-typists, sanctioned in their Departments:—

(i) Letter No. C. 4297—31-32, dated 28—29th June 1932, from the Revenue Commissioner.

(ii) Un-official Note No. 10632-33, dated 1st July 1932, from the Director of Public Instruction.

(iii) Letter No. C. 45-32, dated 11th July 1932, from the Chief Commandant.

ORDER NO. FL. 1824-83—S. & A. 176-31-57, DATED BANGALORE, THE 24TH SEPTEMBER 1932.

The allowances for Shorthand and Typewriting were for the first time sanctioned for the Secretariat under special circumstances in G. O. No. G. 126—G. M. 531-15-5, dated 4th July 1916 and subsequently extended to other offices. Latterly, these allowances were abolished in the Secretariat but such allowances continue in some other

offices, as detailed in the annexure to this order. As there is now no dearth of men possessing Shorthand and Typewriting qualifications, Government consider that there is no need to give such allowances in the future, if arrangements are made to advertise for and entertain people who possess the qualifications required of Steno-typists, in cases where the services of such people are necessary.

2. As regards the persons who are now getting such allowances, Government direct as follows:—

(i) The allowance granted to an official in the Chief Commandant's Office is considered unnecessary, since a separate post on a special pay has been sanctioned for the work, and should be discontinued.

(ii) The allowances will be abolished in cases of persons whose salary is more than Rs. 70 pe mensem and in other cases will be limited to an amount which will bring up their total emoluments (including the allowance) to Rs. 70.

(iii) In the remaining cases also, the heads of departments will consider whether it is not possible to abolish the allowances immediately and if it is possible to do so, will give effect to the abolition immediately.

(iv) Wherever it is considered necessary to retain the allowances (wholly or partially) in cases where the total emoluments (salary plus allowance) do not exceed Rs. 70 per mensem the allowances so continued should be treated in the same way as personal allowances and continued only to the present incumbents and absorbed when they get promotion and not given for future incumbents.

3. The Heads of Departments concerned are requested to take necessary action on the above lines and submit a report to Government at a very early date.

S. SHAMANNA,
Secretary to Government,
Financial Department.

List of allowances to Typists and Steno-typists in the several departments.

BANGALORE, THURSDAY, OCTOBER 20, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

"Khasa Hara" for Mr. H. Krishnamurtiachar, Representative Assembly Member, Mulbagal.

READ—

Government Order No. 2209-60—P. P. 34-30-5, dated 25—27th November 1930, sanctioning the grant of the following privileges to persons who have served as Members of the Representative Assembly for 20 years and over.

1. Khasa Hara at Durbars.
2. Inclusion in Class IV, Part II of the Precedence List.

2. Letter No. A. 3. C. 744—32, dated 24th September 1932, from the Deputy Commissioner, Kolar District, forwarding with his recommendation an application from Mr. H. Krishnamurtiachar, Representative Assembly Member, Mulbagal, requesting the grant of the privileges referred to above on the ground that he has been a Member of the Representative Assembly for 20 years.

ORDER No. 1092-5—P. P. 28-32-6, DATED BANGALORE, THE 10TH OCTOBER 1932.

His Highness the Maharaja is pleased to direct that Mr. H. Krishnamurtiachar, Representative Assembly Member Mulbagal, be given the privilege of Khasa Hara at Durbars and that his name be included in Class IV of Part II of the Durbar Precedence List.

N. MADHAVA RAO,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Administration Report of the Mysore Health Department for the year 1931.

READ—

The Administration Report of the Health Department for the calendar year 1931, received from the Director of Health with his letter No. H. E. 33, dated 5th—6th August 1932.

ORDER NO. G. 2507-30—P. H. 23-32-4, DATED BANGALORE, THE 11TH OCTOBER 1932.

Recorded.

2. The submission of the report has been delayed by about three months on account of delay in the receipt of statistics and other information from Cities, Towns and Districts. The attention of the Deputy Commissioners of Districts and the Presidents of Local Bodies concerned is again invited to the need for promptness in the matter.

The report embodies valuable information and Government have read it with interest. They, however, consider that a large part of the matter embodied therein could have been more appropriately published in the form of departmental bulletins.

3. Dr. Karve and Mr. Mieldazis continued as Director and Sanitary Engineer, respectively, throughout the year. Dr. Sweet, Consultant in Health, who had gone on leave from 8th May 1930 returned on 3rd February 1931.

4. *Bureau of Epidemiology and Communicable Diseases.*—(*a*) *Malaria Stations.*—The Malaria Stations continued to work satisfactorily. Malaria surveys were made in the Rayankere Dairy Farm, the Kolar Gold Field, certain villages in the Tumkur District, Tumkur Town, Narasimharajapura in the Kadur District and the Irwin Canal area. Paris-greening and employment of gambusia fish constituted the principal anti-larval measures. As a result of a couple of years' operations, considerable reduction in malaria has been reported from all the Stations. On the recommendation of the Department, a malaria staff was entertained by the Mysore City Municipality under the supervision of the Officers of the Department.

(*b*) *Hookworm Campaign.*—The operations of the Hookworm Unit were extended to the Hassan District also during the year under report. The Unit visited 117 estates and treated 11,579 persons. Besides this, several medical institutions were also visited by the Unit Officer with a view to see how far mass treatment for hookworm was being conducted. It is reported that 6,725 persons were treated in the medical institutions. The Director, however, considers that sufficient attention has not been paid to the treatment of hookworm and that necessary steps would be taken to see what difficulties there are in the way.

With reference to the investigation into the causes of enteric prevalent in the Bangalore City referred to in the last year's review, the Director considers that it is desirable that all cases of enteric infections, whether in private practice or in Government Hospitals, should be notified to the Department so as to enable the Public Health Laboratory to confirm the diagnosis by Laboratory tests. The Senior Surgeon is requested to examine the matter in consultation with the Department of Health and submit suitable proposals.

There was a severe epidemic of cholera during the year accounting for 5,471 attacks and 3,183 deaths. Anti-cholera measures were freely adopted including the inoculation of 2,22,378 persons and the stoppage of over 47 jatras.

5. *Bureau of Rural Health.*—This Bureau consisted of one health unit at Mandya. It continued to be popular among the villagers. Its operations were also extended to a few border villages of the Seringapatam Taluk. A new feature of the work of this unit was an attempt made to immunise the villagers against the anticipated visitation of cholera and plague in the unit area. Accordingly 20,201 persons were inoculated against cholera and 9,284 against plague, while 1,883 persons were

vaccinated against small-pox. The two midwives attached to the unit paid 3,701 maternity visits in addition to conducting 95 labour cases. The Unit has been on the whole doing very satisfactory work. The question of starting similar units in the other parts of the State is under the consideration of Government. In view, of the large expenditure required, a committee has recently been appointed to go into the matter and suggest proposals for enlisting the co-operation of local bodies in the matter of meeting a substantial portion of the cost involved.

6. *Bureau of Health Education.*—Till about the end of November 1931, the work of this Bureau was limited practically to the exhibition of cinema films in rural and urban parts. On account of the necessity for retrenchment in expenditure, the establishment of the publicity section of this Bureau had been kept in abeyance. From the 1st of December 1931, this section also was properly organised under an arrangement with the Rockefeller Foundation. Necessary steps are being taken to prepare and circulate bulletins on health matters among the village people.

7. *Bureau of Laboratories.*—(*a*) *Public Health Institute.*—There was a noticeable increase of work in all the sections of the laboratory which necessitated the appointment of an assistant to the Chemical Examiner.

The Director reports that in spite of the order directing that judgments in cases where the opinion of the Chemical Examiner has been called for should be forwarded to the Public Health Institute, effect has not been given to it. The attention of the High Court will be invited to this matter.

The Director has also commented upon the irregular procedure followed by the Police in forwarding cases for medico-legal examination. He is requested to submit his proposals separately on the subject.

(*b*) *Vaccine Institute and Vaccination.*—The Director has brought to notice that a sum of Rs. 21,524 has been outstanding against local bodies and certain departments of Government, being the arrears due for vaccine lymph supplied by the Institute. Such delays should not be permitted.

Arrangements are being made to prepare glycerine lymph in place of lanoline now manufactured in the Institute. The total quantity of lanoline lymph prepared in the Institute was 42,673 grains sufficient for 4,26,730 cases. Out of this, 1,69,867 vaccinations were performed within the State.

8. *Bureau of Vital Statistics.*—The Director observes that the recording and reporting of vital statistics still continue to be defective. The total number of births recorded in the year under report was 1,19,762 showing an increase of about 4,700 over that of previous year. The average rate of births was 18·64 against the average of the past five years, namely 19·31. Bangalore District returned the highest rate, *viz.*, 21·67 and the Kadur District the lowest, *viz.*, 10·52.

The total number of deaths reported during the year was 94.265, giving a death rate of 14·67 against 15·17 in the previous year. Except in the Kadur District, births exceeded deaths in all the Districts.

The total number of deaths among infants under one year of age was 9,863 against 10,801 in the previous year.

9. *Bureau of Sanitary Engineering.*—The work of the Bureau consisted of preparing plans and projects for water supply, town improvement, drainage, bore-hole, latrines, etc. Recently the executive work connected with the water supply of towns and villages except Bangalore City has been entrusted to the Bureau. The Rockefeller Foundation Sanitary Engineer also inspected the sanitation and drainage works of a large number of places. The establishment of the Bureau was strengthened by the addition of a probationer in sanitary engineering. Mr. B. R. Garudachar was deputed to America for training in Sanitary Engineering during the year. He has since returned and been appointed as Executive Engineer for the Bureau. Another Officer has also been deputed for similar training this year.

10. *General.*—Mr. E. R. Sundararajan, Technical Officer of the Bureau of Vital Statistics, was deputed to America on a fellowship granted by the Rockefeller Foundation. Mr. G. N. Seshadri, Health Officer, who was deputed to Calcutta, qualified for D. P. H. of that University and returned in the course of the year. Mr. V. Narasimha Murthy, Health Probationer, was also deputed to Calcutta, for similar training.

In view of the prevalence of malaria in the Tuberculosis Sanatorium at Mysore, a Committee consisting of Dr. Sweet, the Director of Health, Mr. Mieldazis, the Senior Surgeon and the Chief Engineer was constituted to visit the place and make proposals for the improvement of the health of the patients. These proposals have been examined by Government and necessary action taken.

The Director visited 2 cities, 27 towns, 20 villages and the Kolar Gold Field.

Dr. Sweet visited all malaria stations and the Mysore City several times in connection with malaria survey and control work.

The work of the Department during the year was satisfactory.

R. RANGA RAO,
Secretary to Government,

Exemptions from payment of toll on certain kinds of traffic on the road over the Krishnarajasagara Dam.

READ—

(1) Government Order No. 2033-43—K. S. S. 7088-98, dated 27th June 1932, passing orders in the matter of allowing traffic on the road over the Krishnarajasagara Dam and levy of toll therefor.

(2) Note No. D. 75—K. S. S. dated 12th September 1932, by the Secretary to Government, Krishnarajasagara Works, submitting a list of exemptions proposed to be granted at the Toll-gate over the Krishnarajasagara Dam.

ORDER NO. C. 27-36—K. S. S. 72-81, DATED CAMP MYSORE, 12TH OCTOBER 1932.

Government are pleased to sanction the exemptions, as noted in the appended list, from payment of toll at the Toll-gate on the road over the Krishnarajasagara Dam.

S. SRINIVASA AIYAR,
Secretary to Government,
Krishnarajasagara Works.

APPENDIX.

LIST OF EXEMPTIONS PROPOSED IN CONNECTION WITH THE LEVY OF TOLL OVER KRISHNARAJASAGARA DAM.

I. No toll shall be levied for the passage of carriages or carts, etc., if—

(1) they belong to His Highness the Maharaja of Mysore or His Highness the Yuvaraja of Mysore;

(2) they belong to the Hon'ble the British Resident in Mysore and his staff, *viz.*, the Secretary to the Resident, the Residency Surgeon and the Personal Assistant to the Resident;

(3) they belong to the Dewan of Mysore;

(4) they are engaged by the Postal Department exclusively to carry mails;

(5) they convey British or Mysore Military Officers on duty;

(6) they belong to the Heads of Mutts who hold a Rahadari issued by a competent authority;

(7) they belong to the officers and subordinates of the Public Works Department and other Departments stationed at Krishnarajasagara, who travel on duty within their jurisdiction.

II. No toll shall be levied on any conveyances used for ambulance purposes.

III. No toll shall be levied for the passage of troops or military stores, or equipages or of Police Officers in uniform on duty or of any person or property in their custody or of any property *bona fide* belonging to Government or the Palace, the proof of which should be established by the production of pass or certificate from any officer of the Department to which the property belongs. Such pass or certificate should be delivered up at the Toll-gate.

IV. No toll shall be levied for the passage of carriages or carts, etc., at the Toll-gate if they belong to Government or the Palace or carry materials belonging to Government or the Palace.

V. No toll shall be levied from persons occupying the Travellers' Bungalow at Krishnarajasagara for a day or more, during their stay.

VI. Persons occupying the Bungalow in the Terrace Gardens will pay once when entering and will be exempted for the rest of the period.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Reorganisation of the Subordinate Staff of the Police Department.

READ—

Government Order No. P. 1011-22 (1) Pol. 207-30-9, dated 15th August 1931, sanctioning the reorganisation of the Police Department.

2. Government Order No. P. 6346-57—Pol. 207-30-29, dated 4th May 1932, passing orders indicating among other things, the scope of the proposal and the action to be taken in regard to the reorganisation of the Subordinate Staff of the Police Department.

3. Letter No. C. C. 19—31-32, dated 9th June 1932, from the Inspector-General of Police, forwarding detailed proposals for the reorganisation of the Subordinate Staff of the Police Department.

ORDER NO. P. 2236-46—POL. 208-31-5, DATED BANGALORE THE 21ST OCTOBER 1932.

The Inspector-General of Police has made the following proposals for the reorganisation of the Subordinate Staff of the Department and for improvement of their pay:—

1. *Inspectors.*—The number of Inspectors will be reduced from 116 to 96. There will be three grades on Rs. 150, 125 and 100, the number of officers in each grade being 16, 32 and 48. The three Inspectors now in special grades will be absorbed in the regular grades.

2. *Sub-Inspectors.*—The number of Sub-Inspectors will be reduced from 176 to 173. There will be four grades on Rs. 80, 70, 60 and 50 in place of the existing two grades on Rs. 65 and 55, the number of officers in each grade being 18, 36, 54 and 65 respectively.

3. *Jamadars and Daffedars.*—The grades of Jamadars and Daffedars will be amalgamated. There will be two classes of these officers, the upper continuing to have the distinctive title of Jamadar and being composed of officers qualified and fitted for promotion to the grade of Sub-Inspector, while the lower which will retain the title of Daffedar, will consist of junior officers both qualified as above and unqualified. The qualified officers will be entitled to rise into the senior class; the unqualified will remain as Daffedars in the lower class, receiving their promotions therein and upto its limits.

(*a*) *Jamadars.*—The number of Jamadars will be raised from 32 to 60. There will be two grades on Rs. 35 and 32 in place of one on Rs. 40, the number in each grade being 20 and 40 respectively.

(*b*) *Daffedars.*—The number of Daffedars will be reduced from 584 to 545. There will be five grades on Rs. 30, 27, 25, 23 and 21 instead of the two grades on Rs. 24 and 21, the number in each grade being 36, 72, 108, 144 and 185 respectively. If Daffedars of the fifth grade are posted to the Cities of Bangalore and Mysore they will receive an allowance of Rs. 2 to make up a salary of Rs. 23. Except to this extent, no local allowance will be paid to Daffedars in these two Cities.

4. *Constables.*—The basic pay of the constables will be raised from Rs. 13 to Rs. 15 so as to make the initial pay more attractive. The personal allowance of Re. 1 each, which some 428 constables are drawing in addition to the pay of Rs. 15 will be continued to them. The total number of constables will be reduced from 5,161 to 4,922.

5. It is reported that these proposals will not involve any material addition to the police budget since the funds necessary for the increased pay will be found by the reduction of the existing staff. The reduction in the number of Inspectors by 20 is accomplished chiefly by giving one Prosecuting Inspector to each District and manning the rest of the Prosecuting staff by Sub-Inspectors. In addition certain taluks will be combined for the purposes of police administration and placed in charge of one Inspector, *viz.*, (1) Madhugiri and Kortagere Taluks in Tumkur District, (2) Arkalgud and Hole-Narsipur Taluks in Hassan District, (3) Channapatna and Closepet Taluks in Bangalore District, and (4) Mandya and Maddur Taluks in Mysore (French-Rocks) District. All Sub-Taluks will be under the supervision of the Inspectors of the Taluks to which they are attached.

The number of Sub-Inspectors will be reduced by three. The number of investigating centres will be reduced and the Sub-Inspectors in charge of stores in District Police Offices will be replaced by clerks. This reduction in the number of Sub-Inspectors will more than counterbalance the increase in this class of officers on account of the appointment of prosecuting Sub-Inspectors.

There will be a decrease of eleven in the number of Jamadars and Daffedars combined.

The number of constables will be reduced by 239. The proportions of Vacancy Reserve will be made uniform at eight and one-third per cent in the two Cities and the Kolar Gold Fields proper and six and one-fourth per cent elsewhere.

6. The Huzur Treasury Guard duty will be transferred to the Provincial Reserve Police, involving an increase in the strength of that force by two Naiks and 13 Constables, the strength of the Bangalore City Police being reduced to that extent.

7. On account of the replacement of the Sub-Inspectors in charge of the Stores in District Police Offices by Clerks, the clerical staff has to be increased by nine, *viz.*, two first class clerks on Rs. 70—5—95, six second class clerks on Rs. 50—4—70, and one third class clerk on Rs. 30—3—45.

8. The grade pay of the three Anglo Indian Head Constables who are now in grade Rs. 50—5—75 will be raised to Rs. 50—5—80.

The above proposals for improving the pay and prospects of the subordinate staff of the Police Department are generally on the lines tentatively accepted by Government in their Order dated 4th May 1932 read above and meet with their approval. It is observed that there will remain an excess of Inspectors owing to the reduction of the number in that grade, and the officers in excess will be absorbed in the Sub-Inspectorate. The excess in the number of officers taking the Inspectors and Sub-Inspectors together, is expected to disappear during the current calendar year by retirements and in the meanwhile it will be utilised in acting and leave vacancies and for placing officers on special duty.

Inspectors, Sub-Inspectors, and Jamadars whose present pay does not coincide with any of the grades in this reorganisation will be given an absorbable personal allowance so as to bring their total emoluments up to the pay now drawn by them.

The Inspector-General of Police does not propose to make promotions to the new grades *enbloc*, but gradually as the merit of officers warrants, care being taken to see that the sanctioned budget grant is not exceeded.

Government are pleased to sanction these proposals with the direction that, to the extent that extra expenditure due to the retention of supernumeraries and the grant of personal allowances is to be incurred, a corresponding saving should be effected by leaving some of the higher places in the several classes of officers vacant.

Keeping this consideration in view, the Inspector-General of Police is requested to allocate officers and men in the new grades and to forward an allocation statement for the approval of Government through the Comptroller. The places kept vacant should be filled up only when the extra cost can be met by a corresponding reduction in personal allowances and supernumeraries.

Orders will issue separately regarding the question of allowances referred to by the Inspector-General of Police.

The statement showing the redistribution of the subordinate staff as approved by Government is appended hereto.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Empowering Deputy Commissioners to permit Revenue Inspectors working in Malnad to use cycles instead of keeping ponies.

READ—

Letter No. C. 2350—30-31, dated 12—17th August 1932, from the Revenue Commissioner in Mysore, recommending for reasons given that the Deputy Commissioners of Districts may be empowered to permit the Revenue Inspectors working in the Malnad parts to use cycles instead of keeping ponies, such Revenue Inspectors being given a cycle allowance fixed at the maximum rate of Rs. 5 per mensem instead of a horse allowance of Rs. 10 per mensem given to them at present.

ORDER NO. R. 1937-46—L. R. 144-32-2, DATED BANGALORE, THE 17TH OCTOBER 1932.

Revenue Inspectors are required to keep suitable ponies for out-door work and are given a horse allowance of Rs. 10 per mensem. In view of the difficulties experienced in the Malnad in maintaining ponies, the Deputy Commissioner of Shimoga District has proposed that the maintenance of ponies by Revenue Inspectors in Malnad parts need not be made obligatory and that they may be permitted to use cycles instead. The Deputy Commissioners of other Malnad Districts are also in general agreement with the proposal. The Revenue Commissioner therefore recommends that the Deputy Commissioners may be empowered to permit the Revenue Inspectors working in Malnad parts to use cycles instead of keeping ponies, such Revenue Inspectors being given a cycle allowance fixed at the maximum rate of Rs. 5 per mensem instead of a horse allowance of Rs. 10 per mensem given to them at present. Government are pleased to approve of the Revenue Commissioner's recommendation.

Secretary to Government,
Development Department.

Committee for examining the existing conditions and prospects of tenants in Inam and Jodi Villages, etc.

READ—

Government Order No. R. 1115-22—L. R. 482-17-8, dated 18th July 1918, appointing a commission to investigate into the several questions affecting the relationship between Inamdars, tenants and Government and the administration of Inam Villages.

Government Order No. R. 28-48—L. R. 482-17-42, dated 2nd July 1925 passing orders on the several recommendations made by the commission.

Government Order No. 4306-26—L. R. 12[illegible]-25-7, dated 22nd January 1927, passing orders on the memorandum of the Mysore Inamdars' Association suggesting a reconsideration of the Government Order dated 2nd July 1925 read above.

Correspondence ending with letter No. C. 4602—31-32, dated 14th September 1932, from the Revenue Commissioner in the matter of constituting a Committee for studying the existing conditions and prospects of tenants in Inam and Jodi Villages.

ORDER NO. R. 2072-9—L. R. 469-31-4, DATED BANGALORE, THE 24—25TH OCTOBER 1932.

A resolution was moved in the Representative Assembly of June 1932, recommending the constitution of a mixed Committee of officials and non-officials for studying the existing conditions and prospects of tenants in the Inam and Jodi Villages of the State and for suggesting suitable measures for their amelioration and improvement. The resolution was accepted by Government.

2. The Government are accordingly pleased to appoint a Committee as noted in the margin to examine the question and submit suitable recommendations in the matter.

1. The Revenue Commissioner (Chairman).
2. The Deputy Commissioner, Bangalore.
3. The Deputy Commissioner, Kadur.
4. Mr. D. H. Chendrasekhariah.
5. ,, B. K. Garudachar.
6. ,, Chengalraya Reddi.
7. The Deputy Superintendent of Survey (Secretary).

3. The following will be the terms of reference to the Committee :—

I. To examine the rights and liabilities of Inamdars and their tenants under the existing law and to make recommendations with regard to the improvement of the position of the tenants *vis-a-vis* of the the landlord.

II. To examine the question as to whether the provisions regarding the taking of villages under Government management are sufficient and how they can be extended.

III. To examine the desirability of undertaking legislation to enable Government to acquire the rights of Inamdars for payment in cash or pay award of compensation in any other manner.

4. The report of the Committee should be submitted to Government by the end of January 1933.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

Mysore Distress Relief Fund.

READ—

Government Order No. R. 893-98—R. M. 37-29-15, dated 12th August 1932, directing that the term of the Board of Trustees constituted for administering the Mysore Distress Relief Fund in Government Order No. R. 6584-96—R. M. 59-26-2, dated 12th April 1927, for a period of five years, be extended until the end of September 1932.

2. Resolution No. 6, passed at the meeting of the Board of Trustees referred to above on the 27th August 1932, as noted in the margin.

Resolved that the Board be reconstituted with three non-official and two official members, one of the former to be a representative from the districts.

ORDER No. R. 2040-54—R. M. 37-29-17, DATED BANGALORE, THE 20—24TH OCTOBER 1932.

Government are pleased to direct that the Board of Trustees referred to above be reconstituted with the marginally noted officers and gentlemen for a period of two years from 1st October 1932. The Under Secretary to Government, Revenue Department, will continue to be the Secretary to the Board.

FINANCIAL SECRETARIAT.

Economy in respect of grant for feeding in certain Muzrai Institutions.

READ—

Government Order No. 875-90—Muz. 89-23-10, dated 13th November 1926, passing orders regarding the abolition of feeding in certain Annachattrams in the State.

2. Government Order No. 162-7—Muz. 333-30-2, dated 31st July 1931, appointing a Committee for reporting on the possibilities of effecting economy in respect of grants for the existing few cases of feeding in Muzrai Institutions, inside and outside the State.

3. Letter No. 157—31-32, dated 28th April 1932, from the Muzrai Commissioner, forwarding the report* of the Committee appointed in the above Government Order.

(* Printed as annexure).

ORDER NO. 624-41—MUZ. 333-30-6, DATED BANGALORE, THE 20—24TH OCTOBER 1932.

The following eight cases were considered by the Committee :—

(1) Tulamasa Santarpane at Paschimavahini.
(2) Feeding in the Chattram at Bisle Ghat.
(3) Feeding in Ranganathaswami Temple at Seringapatam.
(4) Chattram on Himavatgopalaswami Hill.
(5) Chattram at Benares.
(6) Barahazar Santarpane at Subramanya, South Canara District.
(7) Chattram at Tirupati and
(8) His Highness the Maharaja's Chattram at Mysore.

The Committee are unanimously of opinion that Nos. (1) to (4) mentioned above may be abolished and opinion is divided in respect of items (5) to (8), some members recommending their total abolition and others, their continuance in full are in part.

Government have considered the several recommendations of the Committee and are pleased to direct as follows:—

(1) Feeding in respect of the following institutions will be abolished:—
(i) Tulamasa Santarpane at Pachimavahini.
(ii) Feeding in the Chattram at Bisle Ghat.
(iii) Feeding in Ranganathaswami Temple at Seringapatam.
(iv) Chattram on Himavatgopalaswami Hill.

(2) Feeding arrangements will continue, as at present, in the Chattram at Benares, in the Barahazar Santarpane at Subramanya and in the Chattram at Tirupati.

(3) As regards His Highness the Maharaja's Chattram at Mysore, the scale of expenditure will be reduced as under, sathavarth being abolished:—

	Rs.
(i) Establishment	1,000
(ii) Kangalarakki	5,000
(iii) Feeding daily, students of the Maharaja's Sanskrit College ..	3,000
(iv) Feeding on the occasion of the Dasara during the last four days instead of for the whole period ..	1,000
(v) Repairs	750
Total ..	10,750

The amount of Rs. 5,000 allowed for Kangalarakki should be gradually reduced, so that in the course of three years it may be done away with altogether. A detailed statement showing the establishment proposed to be retained for the institution with the reduced provision may be submitted for approval. The question of reducing the establishment charges still further may be considered three years hence.

The savings effected by the above arrangements, which will accrue to the Chattram Savings Fund, will be Rs. 13,384 per annum, as noted below:—

		Rs.
(i) Tulamasa Santarpane at Paschimavahini	..	2,500
(ii) Feeding in the Chattram at Bisle Ghat ..	..	350
(iii) Feeding in Ranganathaswami Temple at Seringapatam	..	534
(iv) His Highness the Maharaja's Chattram at Mysore	..	10,000
Total	..	13,384

The annual amount of Rs. 118-8-0 saved by the abolition of grant of rice doles to Bairagis on the Himavatgopalaswami Hill will be credited to the account of the temple there and used for improving its premises.

The thanks of Government will be conveyed to the Chairman and Members of the Committee for the valuable report submitted by them.

S. SHAMANNA,
Secretary to Government,
Financial Department.

ANNEXURE.

REPORT.

In their order No. 162-7—Muz. 333-30-2, dated 31st July 1931, Government appointed a Committee consisting of the marginally noted members, (1) to examine the few remaining cases of feeding in Muzrai Institutions in and outside the State with reference to the nature and conditions of the original grants and to the need or otherwise for permitting the feeding arrangements in the present circumstances; and (ii) to report what reductions might be made.

The Muzrai Commissioner, (Chairman).
Mr. K. V. Anantaraman, Deputy Commissioner, Bangalore.
,, S. Abdul Wajid, Deputy Commissioner, Mysore.
,, H. C. Dasappa, B.A., LL.B., Advocate and Member, Legislative Council.
,, H. Siddaiya, B.A., B.L., Advocate and Member, Legislative Council.

The Committee was required to submit their report in two months but the time was subsequently extended till the end of December 1931. The Committee met twice, *viz.*, on the 24th November and 10th December 1931, for discussion and formulation of recommendations. At the first meeting all the members were present and the matter was discussed in general terms. Mr. K. V. Anantaraman did not attend the meeting held on 10th December 1931, when final conclusions were arrived at.

2. Preliminary to the calling of the first meeting, a note detailing (1) the action taken by Government so far towards restricting or abolishing the feeding arrangements in chattrams and the principles on which the said action was based, and, (ii) the origin and development of each institution which formed the subject matter of the present enquiry so far as information was available in the Muzrai Commissioner's Office, was drawn up and sent to the members for information and reference.

3. The origin and development of Anna Chattrams in the State has been explained in paragraphs 2, 3 and 4 of the report of the Special Committee appointed by Government in Order No. 156-61—Muz. 89-23, dated 28th July 1926, to consider the abolition of feeding institutions existing on that date. These Chattrams were established to provide facilities to travellers and chiefly to those resorting to important places of pilgrimage and no doubt supplied a distinct need till some decades ago. But with the development of communication, the extension of railways, the introduction of motor bus traffic and the springing up of hotels open to all communities in almost every place of any importance, they have ceased to supply a real want and the Committee appointed in 1926, recommended the abolition of all feeding institutions in the State except the five referred to in the order constituting the present Committee. The reasons for not recommending the abolition of these institutions have been set forth as follows in the report of that Committee.

* * * *

Tirupati Charities.
Benares Chattram.
Barahazar Santarpane at Subramanya.

"*Charities outside the State.*—Taking up for consideration, the latter class of charities first, it will be seen that they comprise the institutions noted in the margin. Every one of these three institutions has a historic origin and has, so far as we have been able to trace out, associations of a deeply intimate and personal character, connected with the names of some of the illustrious ancestors of our gracious sovereign and ruler, His Highness the Maharaja.

(1) *Thirupati Charities.*—The date when the Tirupati Charities were started by the Mysore State is not exactly known though it is seen that they are being maintained for the past 100 years and more. Tirupati is the most important pilgrim centre for Hindus, south of the Vindhyas, and is perhaps only next to Benares in fame, in the whole of India. Government have charities at the place involving an expenditure of about Rs. 20,000 per year. It is understood that the charities were extended and organised in the time of His Highness the late Maharaja Mummadi Krishnaraja Wodeyar Bahadur.

(2) *Benares Chattram.*—The Mysore Maharaja's Chattram at Benares dates from the year 1822. It would appear, from the available documentary evidence, to have been established for the spiritual benefit of Mahamatosri Cheluvarajammaniavaru, presumably the step-mother of His Highness the late Maharaja Mummadi Krishnaraja Wodeyar Bahadur. Benares is still the chief centre of Hindu pilgrimage in India and all Hindu Rulers of any consequence (almost without an exception) have been maintaining Anna Chattrams in the place, from their respective State Funds from a long time.

Barahazar Santarpane.—The institution of the Barahazar Santarpane or the feeding of 12,000 Brahmins at Subramanya on the occasion of the Champa Shasti festival, is of even more ancient origin. There are references to show that it has existed continuously, at least since the year 1801. In 1826, His Highness the late Maharaja Mummadi Krishnaraja Wodeyar Bahadur visited the place and made costly gifts to the temple and His Highness the late Maharaja Chamarajendra Wodeyar Bahadur also visited the temple and made costly presents, including an elephant.

There is, therefore, considerable religious and personal sentiment attaching to these three institutions. There is also another point which we wish to emphasise in this connection. Any reduction in the grants to these institutions, or any measure which would tend to restrict or hamper their usefulness, is likely to create an unfavourable opinion in the Hindu World, particularly outside the State, besides helping to cast a reflection on the State. For these reasons, we are strongly of the opinion that it is neither advisable nor desirable to interfere with these three charities. We would even go further and recommend that, if possible, they be improved and made more efficient.

* * * *

Mysore Chattram.—In the case of the chattram at Mysore under the management of the Palace, we would respectfully venture to suggest that free feeding therein may be restricted to certain seasons or to special occasions like the Birthday of His Highness the Maharaja, the Dasara Festivities, etc.

* * * *

Himavad Gopalaswami Hill.—We would, however, make an exception in the case of the chattram on the Himavad Gopalaswami Hill, as it is situated in an out of the way place with absolutely no facilities of any kind, and is largely frequented by poor pilgrims (such as Bairagis, etc.) on their way to Rameswaram from Benares. The annual Government grant is also relatively small, being only Rs. 118-8-0. It may be added that there are also sentimental associations connecting this place with the Ruling House of Mysore. For the reasons, we recommend that all the chattrams included in list B be abolished, with the exception of one on the Himavad Gopalaswami Hill.

4. We have now been requested to re-examine the case of these institutions and make recommendations.

To begin with, it may be stated that the present Committee are unanimously of opinion that, (1) the Tulamasa Santarpane at Paschimavahini, (2) the chattram on the Himavad Gopalaswami Hill, and (3) the grant from the Chattrams Savings Fund for offering midday nivedana to Sri Ranganathaswami at Seringapatam and its distribution to desantris, and the chattram at Bisle in the Manjarabad Taluk may be abolished. Our reasons for this recommendation may be briefly stated. The Tulamasa Santarpane at Paschimavahini did not come within the enquiry of 1926 as it was not a regular feeding institution and as santarpane was confined to one month in the year. But we are satisfied that there is no valid or acceptable reason to continue this feeding. The revival of

feeding in the Sri Ramadevaru Chattram at Bisle out of the Barahazar Satarpane allotment and the distribution of nivedana offered to the Sri Ranganathaswami at Seringapatam, on the occasion of the midday worship to desantris who might be present at the time, were sanctioned by Government subsequent to Government Order dated 13th November 1926, in their proceedings No. 920-21—Muz. 292-27-4, dated 17th November 1928 and No. 2106-7—Muz. 209-26-4, dated 27th April 1927, respectively. It was reported by the Deputy Commissioner that the Chattram on the Hemavad Gopalaswami Hill was not serving any real need as very few travellers resort to the temple on the Hill, and the grant from the Chattram Savings Fund for offering midday nivedana to the Sri Ranganathaswami at Seringapatam and its distribution to the desantris is not a proper charge on the Chattram Savings Fund, though it may be a legitimate charge on the funds belonging to the temple. On account of the very large number of motor buses that ply during the Jatra Season, the need for having a Chattram at Bisle which is only 12 miles from Subramanya has ceased to exist.

5. As regards the remaining institutions, *viz.*, (1) the Chattram at Tirupati, (2) Barahazar Santarpane at Subrahmanya, (3) the Chattram at Banares, and (4) His Highness the Maharaja's Chattram at Mysore, the Committee were not able to arrive at a unanimous conclusion. Messrs. Abdul Wajid, Dasappa and Siddaiya are of opinion that the feeding now carried on, in all these institutions may be abolished altogether. Mr. Wajid argues that " free kitchens have a most demoralising effect both upon the community and the individual, that in such an important reform, Mysore should set the pace for the other States and that those that go to a place for pilgrimage for their spiritual benefit must do it depending on their own resources rather than on the charity of others ". The grounds put forward by Messrs. Siddaiya and Dasappa are set forth below in their own words:—

" In the first place we wish to emphasise that as times change and ideas progress the notions which might have held ground once in the mind of the public no longer continue to exercise the same hold. To us the reasons put forward by the previous Committee clearly carry no appeal. We do not consider that any persons rationally inclined will seriously think that the feeding of the members of a single community at the cost of Government at Benares, Tirupati, Subrahmanya or Mysore is going to help the donor spiritually or otherwise. Even if such a form of charity is considered by any section to confer any spiritual benefit, still it should be no concern of any Government to seek such a benefit from the State funds. We can only consider that these feeding institutions would be justified to some extent if they were to provide facilities to travellers from Mysore going on pilgrimage to these places, though even then it could be said with perfect justification that the cost of their devotion cannot be a charge on the poor Mysore raiyat. The previous Committee abolished all feeding institutions within the State with the exception of the Mysore Chattram and the Chattram on the Himavad Gopalaswamy Hill on the ground that with the development of communications the extension of Railways and the introduction of Motor Bus traffic and the springing up of hotels opened to all communities in almost every place of importance they had ceased to supply a real want. We may add that the Chattrams in the State used to cater only to the needs of the community in the past and the other communities used to derive no advantage from them. "

" The main ground for consideration on which the institutions at Tirupati, Benares and Subrahmanya were recommended for retention by the previous Committee was that each of them had a historic origin and association of deeply intimate and personal character connected with the names of some of the illustrious ancestors of our gracious Sovereign and Ruler His Highness the Maharaja. They also emphasise another point that any reduction of the grants to these institutions or any measure which would tend to restrict or hamper their usefulness is likely to create an unfavourable opinion in the Hindu world particularly outside the State, besides helping to cast a reflection on the State. As regards the first ground, while we feel as strongly as the previous Committee that such a sentiment ought always to be respected, we cannot refrain from stating that after all, these outside institutions do not carry any greater associations with the names of the illustrious Rulers than some of the feeding institutions in the State which are abolished. It cannot also be held that the associations are of such intimate and personal character as should prevent a diversion of the funds to other really charitable and more beneficial objects. Even according to the information available, it is difficult to find any such really intimate association of these institutions with the Ruling Family as would justify their special continuance when other similar institutions within the State have been abolished. Nor can it be said that the circumstances of their origin are clearly such as would cast a responsibility on the State funds for their maintenance. The antiquity of their origin (which, however, was not much of a consideration in the case of the feeding institutions in the State), is by no means a sufficient ground for their continuance in the absence of their serving any useful purpose. We cannot also subscribe to the

view that their abolition is going to create any unfavourable view in the opinion of the Hindu world. Far from such a result, we think that such of the Rulers and others as are maintaining such institutions may be waiting for an example to follow suit and Mysore should rightly give a lead in the matter of abolishing free feeding institutions as it has given in various other matters."

6. Mr. Anantaraman and the Chairman are of opinion that the reasons assigned by the Committee of 1926 for the continuance of the Chattrams in these places continue as valid to-day as they were five years ago; and for this reason they are reluctant to recommend their total abolition. But, they consider that reductions and modifications in some directions are possible.

(i) The feeding of the students of the Sanskrit College in the Maharaja's Chattram at Mysore may be discontinued, as it is not a proper charge on the Chattram Fund, stipends being substituted, if necessary, in the place of feeding. The general feeding in the Chattram which takes place throughout the year may be restricted to particular seasons like the Birthday of His Highness the Maharaja and the Dasara festivities. If these proposals are accepted, they expect that the annual expenditure on account of the Chattram at Mysore may be limited to Rs. 7,500 as against Rs. 19,450 which is now incurred. It may perhaps be noted that this latter amount includes (1) Expenditure on account of what is called *Kangalarakki* which is a charity intended for the relief of deserving poor of all classes and (2) *Sadavarth* to Bairagis.

They (the Chairman and Mr. Anantaraman) consider that the grants made for these purposes may also continue, but on a proportionately reduced scale and that a total grant of Rs. 7,500 would be sufficient.

(i) At Tirupati, 45 travellers are fed per day and from enquiries made, the institution is much appreciated. In Benares only 12 are fed every day. The Deputy Commissioner of Hassan was specially requested to be present at Subrahmanya at the last Champu Shasti Jatra and examine the possibilities of reduction of expenditure in the conduct of the Barahazar Santarpane. After due enquiry, he has reported, that he could not see his way to recommend any curtailments. In view of the antiquity of these institutions, the circumstances of their origin and their intimate associations with the Ruling family, they recommend that the feeding in these institutions may continue as at present.

7. Messrs. Siddaiya and Dasappa, in the course of the proceedings raised the question of extending the feeding where it continues, to members of all communities. But the question could not be discussed as it was outside the scope of the terms of reference to the Committee.

"Yet, "they state" it would not be out of place to note that if any free feeding is to be given at the cost of the State funds, it ought to be for all communities irrespective of caste and the State would not be justified in confining the application of its funds to the benefit of any single community in preference to others. The claim is so incontestable that we feel no arguments are called for to support it."

8. To sum up, Messrs. Abdul Wajid, Siddaiya and Dasappa recommend the immediate abolition of all feeding institutions and the total annual savings in expenditure, if this recommendation is accepted, will be Rs. 35,356*-8-0. If the recommendations of Mr. Anantaraman and the Chairman are accepted the annual savings in expenditure will be Rs. ** 15,306-8-0.

PUBLIC WORKS SECRETARIAT.

Kadaba Tank.

READ—

Representation from Mr. Ranga Iyengar of Tumkur, about the necessity for proper distribution of water to lands under Kadaba Tank, Gubbi Taluk.

2. Letter No. M. 2237, dated 12th March 1932, from the Superintending Engineer, Mysore Circle, forwarding a set of rules drawn up by the Public Works Sub-Division Officer, Gubbi Sub-Division, in consultation with the Amildar of Gubbi Taluk and the leading atchkatdars interested therein.

3. Letter No. D. D. 361—32-33, dated the 23rd August 1932, from the Revenue Commissioner in Mysore, suggesting certain modifications in the draft set of rules.

ORDER NO. 795-98—S. DATED, BANGALORE 18TH OCTOBER 1932.

Government are pleased to sanction the set of rules annexed in this order. The effect of the strict application of these rules should be reported after working them for two irrigation seasons.

M. G. RANGAIYA,
Secretary to Government,
Public Works Department.

ANNEXURE.

THE FOLLOWING RULES ARE ISSUED FOR THE CONSERVATION AND PROPER DISTRIBUTION OF WATER UNDER KADABA TANK.

---

1. In these rules the 'Raiyats' shall mean and include the registered occupant, owner, hissedar, lessee and cultivator.

2. Water will be supplied only for one crop in the year. The head sluices will be opened generally about 25th of January and closed by 30th June, the right or lower level sluice being always opened 20 days later than the left sluice.

3. Only paddy should be generally grown on wet lands, but in the case of raiyats intending to grow sugarcane, previous permission of the Assistant Engineer shall be obtained. The permission will generally be given if a fairly compact area of not less than 20 acres in any one mile of the channel is proposed to be cultivated with sugarcane. Sugarcane cultivation will be restricted to only half the length of the channel in each year by turns. In the case of sugarcane grown without obtaining the permission as required above, the Department will not be responsible to supply water to it after the irrigation season.

4. In the case of garden lands, intermittent supply will be given generally once a month for lands situated under the first 2 miles of the channel only during the off-season. No water can be given for garden lands scattered here and there beyond the second mile as the area is small and the wastage will be enormously heavy. They depend on other sources of irrigation, such as, wells and hallas.

5. In order to supply water to wet lands at the tail end it is absolutely necessary to close some Madaboys completely and keep some of them about half open during nights. This will be adopted in actual distribution.

6. If there is general rainfall in the tract during the irrigation season, the supply of water from the tank will be stopped for such period as in which the standing crops do not require supplementing by the tank water.

7. All the raiyats should co-operate and make the best use of the water for seeding and cultivation simultaneously, no sooner the water is let into the channel.

8. The raiyats who begin seeding untimely are not entitled to get water in preference to others and the Department will not be responsible for the loss of such crops.

9. The raiyats concerned should maintain branch channels or hikkals in such manner as may be required by the Public Works Department. In case of default by any individual in the execution of his obligations, the Patel is empowered and required to carry out the portion of the work that ought to have been done by the defaulter, by paid labour, the cost being recovered from the defaulter as a revenue demand.

10. In years of scanty supply of water, the lands under the right channel, *ane hantha* and left channel will be entitled to each year to the supply by turns.

11. No bund or any temporary obstruction of any kind should be put up, without the written permission of the Department. In the case of unauthorised cross bunds the first raiyat who gets the benefit of such obstruction will be primarily held responsible, as it is impossible for the Department to trace the offender and it is the look out of the first raiyat to prevent such obstructions.

12. These rules are subject to modifications whenever the Executive Engineer and the Deputy Commissioner, Tumkur District, jointly consider that such a departure is necessary in the interests of an equitable distribution of water.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Working of the Stores Purchase Committee for the year 1931-32.

READ—

The Annual Administration Report on the working of the Stores Purchase Committee for the year 1931-32, received with letter No. S. P. C. 6850, dated the 4th October 1932, from the Secretary of the Committee.

ORDER No. G. 3054-105—G. M. 46-32-3, DATED BANGALORE, THE 5TH NOVEMBER 1932.

Recorded.

2. Rajakaryaprasakta Diwan Bahadur M. N. Krishna Rao, B.A., First Member of Council continued to be the President of the Committee, except during the period from 12th August to 16th December 1931, when Mr. S. P. Rajagopalachari, B.A., B.L., Officiating Second Member of Council held the Office of President of the Committee. The term of the Non-Official Members of the Committee, Messrs. B. K. Garudachar and D. A. Adinarayana was extended for a further period of one year from 3rd October 1931.

3. The scheme of a centralized organisation for the purchases of all Departments having proved advantageous, it was made permanent from the 7th April 1932.

4. The Committee met four times during the year and in addition to transacting the usual business relating to the disposal of tenders, etc., considered general questions connected with the economical handling of materials purchased and the development of local resources for meeting departmental requirements. At the instance of the Committee, the Senior Surgeon was deputed to visit Calcutta for investigating, among other things, the possibilities of manufacturing at a reduced cost drugs and medicines

locally out of raw materials available in the State. As a result of these enquiries and on the recommendation of the Committee, Industrial Laboratory has been entrusted with the manufacture and supply of certain drugs and medicines required for the use of medical institutions in the State.

5. The arrangement with the Madras Port Trust referred to in the last year's review regarding the adoption of a flat rate of harbour dues was brought into force with effect from the 3rd of November 1931. This has necessitated the conclusion of a fresh agreement with Messrs. Best & Co., Clearing Agents, under which they have to land all foreign consignments of the Committee at certain scheduled rates agreed to by them. It is stated that this arrangement has resulted in a saving of Rs. 2,500 per annum to Government.

6. The total value of Stores purchased both in India and abroad amounting to Rs. 21,74,317 against Rs. 44,14,520 in 1930-31. Of this, the sum of Rs. 10,53,865 represents the value of articles made in India. The marked fall in the value of purchases made by the Committee was mainly due to the reduction of grants to some of the purchasing Departments.

7. It is reported that temporary difficulties were experienced in securing firm prices in the case of stores purchased from America and Germany owing to England going off the Gold Standard and the frequent enhancement of customs and excise duties by the Government of India.

8. The incidence of cost of the Stores Purchase Committee and allied organisations for the purchase of stores was 1·65 per cent, during the year under report as against 0·83 per cent during last year.

9. The work of the Committee continued to be satisfactory.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Working of the Registration Department for the year 1931-32.

READ—

Letter No. Per. 28—31-32, dated 3rd October 1932, from the Inspector-General of Registration in Mysore, forwarding a report on the working of the Registration Department in Mysore, during 1931-32 together with the prescribed statistical statements.

ORDER NO. FL. 2403-13—REGIS. 7-32-3, DATED BANGALORE, THE 31ST OCTOBER—4TH NOVEMBER 1932.

Recorded.

2. The total number of documents registered during the year was 1,23,260 as against 1,27,281 in the year previous and the aggregate value of such documents also fell from 415·67 lakhs in 1930-31 to 398·42 lakhs in the year under review, the fall being mainly attributable to the continuance during the year of the economic depression which prevailed in 1930-31. The total revenue of the Department declined from Rs. 2,95,196 in 1930-31 to Rs. 2,92,249 in the year under review. The total expenditure was reduced to Rs. 1,77,453 from Rs. 1,85,992 in 1930-31 as the result of general retrenchment and salary cut.

3. In addition to the usual inspections, surprise visits were paid to 14 Sub Registry Offices by the Officers of the Department and no serious irregularities were observed in the course of inspections.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

Working of the Stamp Department for the year 1931-32.

READ—

Letter No. Per. 24—31-32, dated 30th September—3rd October 1932, from the Commissioner of Stamps, forwarding the report on the working of the Stamp Department for the year 1931-32.

ORDER NO. FL. 2413-23—ST. 6-32-3, DATED BANGALORE, THE 31ST OCTOBER—4TH NOVEMBER 1932.

Recorded.

2. There was a rise in the revenue realised by the Department during the year from Rs. 20,40,312 in 1930-31 to Rs. 2,93,782 while the expenditure incurred was reduced to Rs. 1,95,462 from Rs. 2,03,515 in the preceding year.

3. The exemption from payment of stamp duty granted in respect of transactions of Co-operative Societies was partially withdrawn in the year under report.

4. The total demand during the year under Institution Fees awarded in pauper suits, amounted to Rs. 1,02,677-5-0 and the balance outstanding at the end of the year is reported to be Rs. 86,879-5-4. The Commissioner of Stamps is requested to take prompt action to realise all recoverable dues.

5. Government are glad to note that the working of the Department during the year was satisfactory.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

FINANCIAL SECRETARIAT.

Extra Premium.

READ—

Letter No. 3156, dated 12th August 1932, from the Secretary to the State Life Insurance Committee, forwarding copy of Resolution No. IX passed by the Committee at their meeting held on 30th July 1932, in the matter of making provision for charging an extra premium in cases where the insured engages himself in hazardous occupations after taking a policy at civil rates, and requesting sanction of Government to the insertion of the marginally noted para as Para 2 under Note 2 of Rule 7.

"If an insured after taking a policy under civil rates engages himself in any hazardous occupation open to extra risks, he shall be charged an extra premium to cover the extra risk."

ORDER NO. FL. 2299-301—G. F. 79-32-2, DATED BANGALORE, THE 1ST NOVEMBER 1932.

Sanctioned.

Sri Srinivasa Mandiram Charities, Bangalore City.

READ—

Letter No. 243—Muz. 182-31-4, dated the 1st—2nd August 1932, to the Muzrai Commissioner in Mysore, issuing instructions for the future management of the Sri Srinivasa Mandiram and connected charities, Bangalore City.

Correspondence ending with letter No. 1705—30-31, dated the 16—20th September 1932, from the Muzrai Commissioner in Mysore, submitting for approval draft rules for the future management of the Sri Srinivasa Mandiram and Charities, Bangalore City.

ORDER NO. 679-85—MUZ. 182-31-8, DATED BANGALORE, THE 1ST—2ND NOVEMBER 1932.

The draft rules received from the Muzrai Commissioner are approved and appended to this order.

S. SHAMANNA,
Secretary to Government,
Financial Department.

APPENDIX.

RULES FOR THE MANAGEMENT OF THE SRI SRINIVASA MANDIRAM CHARITIES, BANGALORE.

GENERAL.

1. The Sri Srinivasa Mandiram Charities shall comprise of:—
   (*a*) the temple of Byatarayaswami,
   (*b*) the Orphanage, and
   (*c*) the Library and Reading Room.

2. These institutions shall be worked together as a single unit, but separate accounts of income and expenditure shall be maintained and no transfers of funds from one institution to another shall be made without the sanction of Government.

3. The income of these institutions consists of fixed grants from Government and public bodies as shown in the margin and donations and subscriptions from private persons. As regards the former, the grants shall be utilised for the purpose to which they are intended, which shall also be the case where private donations and subscriptions are earmarked for a specific purpose. Where the purpose is not indicated, the amount shall be used in equal shares for the temple and the orphange.

	Rs.	a.	p.
TEMPLE.			
(a) Tasdik grant from XIII Muzrai	197	7	0

(b) Municipal grant	300	0	0
Total	4,661	7	0

4. The net income from the lands in the Yedatore Taluk shall be used solely for the orphanage.

5. The management of the Mandiram and Charities shall vest in a Committee consisting of nine members, of whom one will be a representative of the Bangalore City Municipality. Subject to the final approval of Government, the members shall be nominated by the Muzrai Commissioner, the representative from the Municipal Council being selected in consultation with the Municipal Commissioner. One of the members of the Committee shall be nominated by Government as President. The President shall preside at the meetings and correspond with the various Officers of Government and shall be held responsible to Government for the proper management of the institution.

6. The members shall hold office for a period of three years or such other period as Government may fix from time to time, unless removed within such period for reasons hereinafter mentioned.

7. Any member failing without sufficient cause, to attend more than three consecutive meetings or being absent from the station for more than three months will be liable to be removed from office.

8. The Government may, for any sufficient reason either on its own motion or on the recommendation of the Committee, order the removal of any member from the Committee.

9. Whenever a member vacates his office or is removed therefrom before the expiry of the period for which the Committee is appointed, the vacancy may be filled up by the appointment of another person, such person holding office only for the unexpired portion of such term.

10. The Committee shall meet once a month or oftener, if necessary, to check the accounts and transact other items of business connected with the institutions abovementioned. A record of the proceedings shall be regularly kept and copies of the same submitted by the Convenor to the Deputy Commissioner and the Muzrai Commissioner.

11. If on a date fixed by the President for the meeting, at least four members are not present, the meeting shall be adjourned to such date as the President thinks fit, without transacting business, and in such adjourned meeting no quorum is necessary.

12. Soon after the close of each year a brief report on the administration of the institution shall be submitted to Government through the Deputy Commissioner.

13. Subject to the control and direction of the Committee the affairs of the institution shall be managed by a Manager assisted by such staff as may be deemed necessary by the Committee. The Manager shall give such security as will be fixed by the Muzrai Commissioner in consultation with the Committee.

14. A scale of income and expenditure shall be fixed from time to time by the Muzrai Commissioner in consultation with the Committee, for each branch, and it should be strictly adhered to by the Committee.

15. The Committee shall decide what accounts and registers should be maintained by the Manager and such accounts and registers shall always be accessible for the inspection of Government Officers of the Educational and Muzrai Departments and the members of the Committee.

TEMPLE.

16. As regards the temple affairs, the Committee shall exercise all the powers of a Board of Dharmadarsis appointed under section 6 of the Mysore Religious and Charitable

Institutions Regulation, 1927, and their rights and duties shall be as set forth in Rule 6 of the Rules framed thereunder.

17. The distinctive tradition and ritual of the temple shall be observed and in case of doubt or difficulty the direction of the District Muzrai Officers shall be obtained.

ORPHANAGE.

18. The Orphange shall be for the exclusive benefit of caste Hindu orphans of and below 16 years of age.

19. The number of orphans to be maintained shall be fixed by the Committee from time to time according to the estimated income of the institution.

20. Destitution and absence of natural guardians shall be necessary conditions for admission and the selection of the orphans shall be under the strict control of the Committee, who shall also have power to dismiss any inmate found to be idle or refractory or not making satisfactory progress in his studies or vocational training.

21. To help in the management of the orphanage, the services of a companion-instructor may be engaged, who will attend to the discipline and teaching of the orphans and who will be responsible for their conduct and character.

LIBRARY AND READING ROOM.

22. The Committee shall have the power to appoint a Librarian and fix his salary.

23. The Committee shall have the right to decide on the papers and magazines which are to be subscribed for and on the books to be bought for the Library and also to notify the hours during which the Reading Room shall be kept open.

24. Admission shall be free and unrestricted to the public, but the Committee may keep out any person or class of persons for a sufficient cause.

25. The Committee may also set apart special hours, once a week or oftener, for women to attend the Reading Room, and during this time keep out members of the other sex.

26. In addition, the Committee may appoint a Puranick, whose duties it will be to hold periodical religious classes or give expositions on religious and moral topics, both to the orphans and to the public.

27. The accounts and registers of the Reading Room and Library shall always be open for inspection to the officers and representatives of the Municipal Council.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Recruitment of Sub-Inspectors of Police.

READ—

Letter No. G. 2. C. 127—32-33, dated 27th August 1932, from the Inspector-General of Police, forwarding proposals for recruiting Police Sub-Inspectors during the next ten years.

ORDER NO. P. 2514-16—POL. 48-32-2, DATED BANGALORE, THE 1ST—3RD NOVEMBER 1932.

The Inspector-General of Police anticipates that 58 Police Inspectors and 50 Sub-Inspectors will retire from service in the course of the next ten years. In order to make up the decrease in the strength of the cadre of the officers and to infuse fresh blood, the Inspector-General of Police proposes to recruit Sub-Inspectors at the rate of ten a year during the next ten years. It is proposed to recruit probationers only to the grade of Sub-Inspectors so that they may get a thorough grounding in all branches of the work of the subordinate staff—men of outstanding ability and repute being promoted to the grade of Inspectors, irrespective of seniority. The educational qualification recommended for this grade is a pass in the University Intermediate Examination. The period of training will be for one year during which the probationer will be given a pay of Rs. 35 per mensem.

The necessary training to the recruits will be arranged for in the Local Police Training School. The annual cost on account of the recruits is Rs. 4,200. The Inspector-General of Police proposes to meet the expenditure involved in the scheme and the cost of additional equipments to the Police Training School from the savings expected to result under "Salaries" in the Police Budget of the current year.

The scheme of recruitment as outlined above is sanctioned. Necessary provision will be made in the budgets of the next and subsequent years on this account. The Inspector-General of Police is requested to forward an estimate of cost of equipments to be added to the Police Training School for sanction.

R. RANGA RAO,
Chief Secretary to Gov

Rates for the retail sale of Timber in Sorab Range.

READ—

Letter No. D2-52-443—32, dated the 27th October 1932, from the Chief Conservator of Forests requesting approval to his having ratified the action of the Conservator of Forests, Shimoga, ordering the sale to the consumers and purchasers in the Sorab Range of the several species of timber from the State Forests at the marginally noted seigniorage rates which are in force in the neighbouring Sagar and Nagar Ranges.

Kind	*Description*	*Rate per c. ft.* Rs. a. p.
Hebbalasu Nanja or Ranga.	12 c.ft. and above	0 14 0
	Below 12 c.ft.	0 10 0
White Cedar or Devadari.	12 c.ft. and above	1 8 0
	Below 12 c.ft.	0 12 0
Kalgarige or Kaggundi.	12 c.ft. and above	0 10 0
	Below 12 c.ft.	0 8 0

ORDER NO. G. 3352-4—FT. 119-32-4, DATED BANGALORE, THE 9TH NOVEMBER 1932.

The action of the Chief Conservator of Forests is approved.

R. RANGA RAO,
Chief Secretary to Government.

Rates for the retail sale of Timber in the several Depots.

READ—

Letter No. S. 73-2297-31, dated the 21st September 1932, from the Chief Conservator of Forests in Mysore, submitting a statement showing different kinds of timbers and the rates at which they can be sold in retail in the present depressed conditions of the market, stating that in order to have a uniform classification for both logs and poles in all the depôts he has taken the girth of the timber pieces to be sold as the main basis for classification and requesting sanction to the rates now proposed which are slightly higher than those obtained in auction sales.

ORDER NO. G. 3349-50—FT. 119-32-3, DATED BANGALORE, THE 9TH NOVEMBER 1932.

Sanctioned as per statement appended in lieu of the existing rates. The rates should be revised as soon as the market improves.

DEVELOPMENT SECRETARIAT.

Commission.

READ—

Government Order No. R. 3872-3—L. R. 295-31-2, dated the 19th February 1932, issuing a commission under clauses (*b*), (*d*), (*e*), and (*f*) of Section 99, Land Revenue Code in favour of Mr. Govindappa in respect of Jodi Dalasigere and Medur Villages in the Hoskote Taluk.

2. Letter No. C. 957—32-33, dated the 21st October 1932, from the Revenue Commissioner in Mysore, recommending that as Mr. Govindappa referred to in the Government Order read above is now dead, a commission under the same clauses may be issued in favour of Mr. Naranappa, his undivided brother in respect of the same two villages.

ORDER No. R. 2432-3—L. R. 160-32-2, DATED BANGALORE, THE 10TH NOVEMBER 1932.

Government are pleased to sanction the recommendation of the Revenue Commissioner and to issue the accompanying commission to Mr. Naranappa.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE, REGULATION IV OF 1888.

To

MR. NARANAPPA,
Jodidar.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. Naranappa, Jodidar, the following powers specified in clauses (*b*), (*d*), (*e*) and (*f*) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Villages of Dalasigere and Medur, Hoskote Taluk.

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*d*) To exercise the powers of a Deputy Commissioner under Sections 63 and 64.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that Section provided, and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of and subject to recall by the Government of His Highness the Maharaja of Mysore.

By Order,
S. ABDUL WAJID,
Secretary to Government,
Development Department.

Making over to Inamdars fines levied under Section 59, Land Revenue Code.

READ—

Correspondence ending with letter No. C. 1351 of 1931-32, dated the 17th October 1932, from the Revenue Commissioner, in the matter of making over to Inamdars fines realised at Jamabandi from tenants for unauthorised cultivation of and encroachment upon the Inamdars' lands.

ORDER NO. R. 2477-86—L. R. 130-31-8, DATED BANGALORE, THE 12TH NOVEMBER 1932.

This question was brought up for discussion during the session of the Representative Assembly in October 1931, but it could not be taken up for discussion for want of time.

The Revenue Commissioner has since been consulted in the matter as to the practice prevailing in the Districts and his opinion has been received.

In agreement with the Revenue Commissioner's opinion, Government direct that fines levied under Section 59, Land Revenue Code, be handed over to the Inamdars concerned on the same conditions as those under which fines levied under Sections 63 and 64 have already been transferred under Government Order No. R. 4305-26—L. R. 126-25-7, dated 22nd January 1927.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

Working of the Stamp Department for the year 1931-32.

READ—

Letter No. Per. 24—31-32, dated 30th September—3rd October 1932, from the Commissioner of Stamps, forwarding the report on the working of the Stamp Department for the year 1931-32.

ORDER NO. FL. 2413-23—ST. 6-32-3, DATED BANGALORE, THE 31ST OCTOBER—4TH NOVEMBER 1932.

Recorded.

2. There was a rise in the revenue realised by the Department during the year from Rs. 20,40,312 in 1930-31 to Rs. 20,93,782 while the expenditure incurred was reduced to Rs. 1,95,462 from Rs. 2,03,515 in the preceding year.

3. The exemption from payment of stamp duty granted in respect of transactions of Co-operative Societies was partially withdrawn in the year under report.

4. The total demand during the year under Institution Fees awarded in pauper suits, amounted to Rs. 1,02,677-5-0 and the balance outstanding at the end of the year is reported to be Rs. 86,879-5-4. The Commissioner of Stamps is requested to take prompt action to realise all recoverable dues.

5. Government are glad to note that the working of the Department during the year was satisfactory.

D. SRINIVASA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

List of voters for District Board Elections.

No. L. 3410—L. B. 132-32-3, DATED BANGALORE, THE 15TH NOVEMBER 1932.

From

H. V. RAMASVAMI, ESQ., M.A., B.L.,
General Secretary to Government
of His Highness the Maharaja of Mysore.

To

The Deputy Commissioner,
Chitaldrug District, Chitaldrug.

SIR,

With reference to your letter No. A5.905—32-3, dated 8th November 1932, stating that under para (1) (iii) of Schedule I of the District Boards Regulation, only persons assessed to an annual tax on *buildings or shops* of not less than Rs. 5 in the constituency are entitled to vote and that the clause does include all taxes imposed under the Village Panchayet Regulation such as tax on vacant sites, carts, etc., and soliciting instructions as to whether persons paying all taxes imposed under the Village Panchayet Regulation may be included in the list of voters, I am directed to state that persons assessed to taxes not specified in schedule I of the Regulation should not be included in the lists of voters for the District Board Elections.

I have the honour to be,
Sir,
Your most obedient servant,
H. V. RAMASVAMI,
Secretary to Government,
General Department.

Memo No. L. 3411-17, dated 15th November 1932.

Copy of the above, is forwarded, with compliments, to the Deputy Commissioners of other Districts for information and guidance.

By Order,
H. V. RAMASVAMI,
Secretary to Government,
General Department.

Revised rates of fees.

READ—

Government Order No. G. 12760-8—Med. 55-30-11, dated 30th June 1931, fixing the rate of fees at Rs. 2-8-0 per day for patients occupying Special Wards in the Princess Krishnajammanni Tuberculosis Sanatorium at Mysore.

2. Government Order No. 352-3—Med. 338-30-2, dated 8—11th July 1931, prescribing the levy of a fee at Re. 1-0-0 per diem for a single bed in the Banumiah's Ward in the Princess Krishnajammanni Tuberculosis Sanatorium at Mysore.

3. Correspondence ending with letter No. G. C. 105-1, dated 1st November 1932, from the Senior Surgeon, recommending for reasons stated, an enhancement in the rate of fees now charged for patients in the Special Ward of the Princess Krishnajammanni Tuberculosis Sanatorium at Mysore.

ORDER NO. G. 3616-7—Med. 111-32-3, DATED BANGALORE, THE 18TH NOVEMBER 1932.

Government are pleased to direct that the following rate of fees be charged for Inpatients in the Princess Krishnajammanni Tuberculosis Sanatorium, with effect from 1st December 1932:—

(i) Banumiah Ward (for a single bed) Rs. 2-0-0 per diem.
(ii) Special Wards other than the above Rs. 4-0-0 do

These rates will be reduced to Re. 1-0-0 and Rs. 2-8-0 respectively in the case of Mysoreans by birth or domicile. Those who claim the benefit of this concession shall produce evidence to the satisfaction of the Medical Officer in support of their claim.

R. RANGA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Statement of Cattle Mortality.

READ—

Letter No. Per. 35—32-33, dated 19th October 1932, from the Director* of Agriculture in Mysore, forwarding the statement of cattle mortality in the State for the year ending 30th June 1932, with his review thereon.

*(Director's review and statement are printed as annexures.)

ORDER NO. D. 2137-46—STCS. 22-32-2, DATED BANGALORE, THE 17TH NOVEMBER 1932.

Recorded.

2. The total cattle mortality in the State during the year ending 30th June 1932, shows a slight decrease of less than one per cent as compared with that of the previous year. The mortality under contagious diseases decreased by 30 per cent while that under non-contagious diseases increased by 11 per cent over the figures of the previous year.

3. *Contagious Diseases.*—Rinderpest accounted for 1,201 deaths which is the lowest figure observed during the past decade. Government are glad to note that this is largely due not only to the extensive campaign of S.S. inoculation carried on since 1925 but also to the hearty co-operation of the officers of the Revenue Department in enforcing Veterinary Police Measures in places where Rinderpest was prevailing and prohibiting the movement of cattle from infected areas.

4. Government hope that with the special facilities now available for the manufacture of serum, the S.S. inoculation campaign will be pushed forward more vigorously than heretofore so that the bulk of the cattle in the State may become immune to this disease.

5. H.S. Black-quarter and Anthrax accounted for more than 50 per cent of the deaths under contagious diseases during the year. But compared with the year previous, the deaths decreased by 15 per cent. Sixty-eight thousand one hundred and ninety-six inoculations were performed during the year against these diseases.

6. Under Foot and Mouth disease, the mortality was 515 which is the lowest recorded for some years.

7. *Non-contagious diseases.*—There was an increase of 11 per cent under this head over the figures of the previous year.

8. *Cattle Mortality Returns.*—Government regret to observe that the collection of the statistics of cattle mortality is still far from satisfactory. The Revenue Commissioner and the Deputy Commissioners of Districts are requested to take suitable action to prevent slackness and indifference on the part of those who are responsible for both the collection and supply of the information required for an accurate compilation of this return.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

ANNEXURES.

REVIEW ON THE CATTLE MORTALITY IN THE STATE FOR THE YEAR ENDING 30TH JUNE 1932.

The total mortality in the State during the year, from all causes, contagious and non-contagious, shows a small decrease of less than one per cent on that of the previous year.

The mortality due to contagious diseases alone shows a decrease of 6,922 or 30 per cent on that of the previous year.

Mortality under Rinderpest the most serious scourge of cattle in the State is the very lowest observed during the past decade, and is only 1,201 or 7·6 per cent of the total mortality under contagious diseases during the year. Compared with the mortality experienced in previous years it is only 29 per cent of that of the previous year and is only 4 per cent of the highest mortality recorded under Rinderpest during 1928-29.

This may partly be due to the periodic decrease in the incidence of the disease, but certainly to a greater extent to the large scale campaign of S. S. inoculation so vigorously carried out since 1925, creating immune belts to effectively prevent rapid spread of the disease—nearly 7,03,068 cattle having been protected, *i.e.*, 14 per cent of the total census of the State.

It is satisfactory to note that all the Deputy Commissioners and Revenue Officers have heartily co-operated with the department in enforcing Veterinary Police measures in all places where Rinderpest was prevailing and where there was danger of the disease spreading to the neighbouring villages, by prohibiting the movement of cattle from infected areas. Special mention should be made of the Deputy Commissioners of Shimoga and Chitaldrug Districts where the disease was rather severe. It is also gratifying to note that many of the non-officials have co-operated with the department in prompt action being taken to prevent spread of the disease.

Although the benefits of protective inoculation are widely known, there are still a small percentage of people who by their stubbornness or ignorant superstition, refuse to get their cattle protected. During the year under review the rules under Regulation VI of 1899 and II of 1927 had to be enforced and 96 persons had to be prosecuted for breach of these rules. Sixty-eight of these were convicted, 23 were acquitted and proceedings against five were still pending disposal before Magistrates. This had a beneficial effect in the neighbourhood and made it possible for the department to protect all cattle of the villages against the disease.

Forty-nine thousand one hundred and sixty-seven S. S. inoculations were performed during the year under review.

Although there has been a marked decrease in the mortality of 15 per cent as compared with that of the previous year, the total mortality during the year under H. S. Black-quarter and Anthrax form 58·7 per cent of the total mortality under contagious diseases. During the year serum, vaccine and filtrate manufactured by the Mysore Serum Institute were exclusively used in the protection of cattle against these diseases. Sixty-eight thousand one hundred and ninety-six inoculations were performed during the year.

The mortality under foot and mouth is the lowest observed for some years being only 515 against 1,311 of the previous year.

The mortality under non-contagious diseases shows during the year under review an increase of 6,239 or 11 per cent over that of the previous year, the increase under natural causes and other causes being specially noticeable.

During the year under review there was a noticeable slackness on the part of village officers in reporting outbreaks of contagious diseases directly to the Veterinary Inspectors, and the cause of the large mortality observed under natural causes and other causes, lends support to the presumption that in the absence of timely action, mortality from all other causes, contagious and non-contagious, had been grouped under these heads by village officers. This calls for more careful scrutiny on the part of the Revenue authorities.

Although the receipt of C. M. returns from Patels into Taluk offices has to a certain extent improved in more than 40 per cent of the Taluks, it is still unsatisfactory. In spite of Government Orders, Revenue Commissioner's circulars, and periodical visits of Veterinary Inspectors to Taluk offices, sufficient endeavour does not seem to have been made to improve the collection of this important return.

During the year under review the percentage of returns received from the Patels of Bangalore, Devanhalli, Seringapatam, Nanjangud, Periyapatna, Hassan, Saklespur, Belur, Arkalgud, Hole-Narsipur, Chitaldrug, Hosdurga, Challakere and Kadur remains unsatisfactory.

In Bangalore, Belur and Arkalgud, no endeavour seems to have been made to collect even 50 per cent of the returns.

The following table shows that there has been practically no improvement in the collection of Cattle Mortality returns for the past five years in a very large number of Taluks :—

—	1927-28	1928-29	1929-30	1930-31	1931-32

Shimoga	50	49	63	64	61
Sagar	60	52	63	64	68
Kadur	72	71	53·5	55	61·5

The average for the year was 71 per cent from the whole State.

In some districts a very noticeable slackness has of late crept in. The following are the percentages for the different districts.

	Per cent.		Per cent
Bangalore ..	71	Tumkur ..	73
Kolar ..	75	Chitaldrug ..	69
Mysore ..	69	Shimoga ..	77
Hassan ..	57	Kadur ..	81

From the average based on this year's percentage of receipts, it is observed that Hassan which has been collecting more than 80 per cent of the returns during the previous years, shows a fall of more than 23 per cent during the year, so also Chitaldrug and Mysore which show a fall of 11 per cent.

1. Kamala Lectures by Hon'ble V. S. S. Sastry.
2. Civics by R. Mukharjee. (Longmans).
3. Introduction to Civics and Politics by Puntambekar.
4. Indian Constitution by Sir T. B. Sapru.

District Board Elections.

No. L. 3479—L. B. 132-32-5, DATED BANGALORE, THE 18TH NOVEMBER 1932.

FROM

H. V. RAMASVAMI, ESQ., M.A., B.L.,
General Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Deputy Commissioner, Kadur District.

SUBJECT.

QUALIFICATION OF VOTERS IN A GENERAL CONSTITUENCY OF THE DISTRICT BOARD.

SIR,

With reference to your letter No. A. 3-1379—32, dated 13th October 1932, soliciting instructions as to whether individuals paying in the aggregate Rs. 25 as assessment on account of land revenue and brought under the khates prepared under the Records of Rights Rules may also be included in the list of voters to be prepared for the ensuing District Board elections, I am directed to state that according to section 3 (17) of the Land Revenue Code, the Registered occupant is the occupant whose name is authorizedly entered in the Government Records. Under the Record of Rights Regulation, the hissas of the person in actual possession of the land (*i.e.*, the Anubhavadar) are brought under his name in the Record of Rights. Thus his name is authorizedly entered in the records, and the actual owner or Anubhavadar becomes the Registered Occupant. Further, according to section 2 of this Regulation, where its provisions have been extended to any area, the provisions of the Land Revenue Code inconsistent therewith are to be deemed to have been modified and the Anubhavadar therefore becomes the Registered occupant and the khate also has to be prepared in his name. In these circumstances, I am to state that wherever the Record of Rights Regulation has been introduced, it is the occupant according to that Regulation, *i.e.*, the Anubhavadar whose name is entered in the Record of Rights and who pays land revenue of not less than Rs. 25 that will be entitled to vote.

I have the honor to be,
Sir,
Your most obedient servant,
H. V. RAMASVAMI,
Secretary to Government,
General Department.

Memo No. L. 3480-86, *dated* 18*th November* 1932.

Copy of the above, is forwarded, with compliments, to the Deputy Commissioners of other Districts, for information and guidance.

By Order,
H. V. RAMASVAMI,
Secretary to Government,
General Department.

ERRATUM.

No. L. 3488—L. B. 132-32-6, DATED 21ST NOVEMBER 1932.

Between the words "does" and "include" occurring in line 4 of letter No. L. 3410—L. B. 132-32-3, dated 15th November 1932, to the Deputy Commissioner, Chitaldrug District, issuing certain instructions regarding the preparation of the list of voters for the District Board Elections, appearing on page 318, Part I of the *Mysore Gazette*, dated 17th November 1932, the word "not" may be inserted.

By Order,
H. V. RAMASVAMI,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Leave Vacancies.

READ—

Government Order No. Fl. 602-61—G. F. 16-32-2, dated 30th July 1932, issuing certain instructions for effecting economies in the Budget grants for 1932-33.

2. Correspondence ending with Unofficial Note No. 16, dated 8th September 1932, from the Director of Public Instruction, regarding the filling up of leave vacancies without the special sanction of Government in certain cases.

ORDER NO. FL. 2614-93—G. F. 16-32-9, DATED BANGALORE, THE 12—14TH NOVEMBER 1932.

According to clause (2) of para 4 of the Government Order read above, sanction of Government is necessary for filling up all vacancies (including leave vacancies), though clause (6) of the same para permits extra cost being incurred in respect of leave granted for a period of one to two months as well as during leave granted on grounds of ill-health supported by medical certificate or for other urgent and unavoidable cause. With a view to minimise correspondence, Government direct that the vacancies caused by the grant of leave, in cases where no extra cost is involved and where the leave is granted on grounds of ill-health supported by medical certificate, be filled up without the sanction of Government, subject to the conditions that they are filled up on an officiating basis only and that the vacancies of less than a month's duration are not filled up.

S. SHAMANNA,
Secretary to Government,
Financial Department.

Registered No. M.—1175.

BANGALORE, THURSDAY, DECEMBER 1, 1932.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Working of the Merchandise Marks Regulation during the year 1931-32.

READ—

Reports from the District Magistrates of Districts, on the working of the Merchandise Marks Regulation during the year 1931-32.

ORDER No. P. 2911-18—LEGIS. 22-32-10, DATED BANGALORE, THE 23RD—25TH NOVEMBER 1932.

Recorded.

2. Two hundred and forty-three shops were inspected during the year as against 224 in the previous year. Nine cases of shortage beyond permissible limits were brought to notice in the Bangalore District and the local merchants and manufacturers concerned were warned. There were no prosecutions during the year.

R. RANGA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Working of the Survey Department for the year 1931-32.

READ—

Letter No. 25, dated 15th September 1932, from the Superintendent of Revenue Survey, submitting the report on the working of the Revenue Survey and Settlement Department for the year 1931-32.

ORDER No. R. 2738-47—L. S. 20-32-3, DATED BANGALORE, THE 24—25TH NOVEMBER 1932.

Recorded.

2. *Administrative Changes.*—As a measure of retrenchment, the separate post of the Superintendent of Survey was suspended with effect from 9th July 1931 and the functions were entrusted to the Revenue Commissioner. The Survey Offices of the Chitaldrug and Tumkur Districts were combined and placed under the charge of one Officer with Tumkur as the Headquarters of the amalgamated Offices. In lieu of the post of the Headquarters Assistant, the appointment of Deputy Superintendent was sanctioned in order to relieve the Revenue Commissioner of the purely routine work of the Survey Department.

3. *Field work done in Inam and Government Villages during the year:*—

(1) Detailed survey was carried out in 7 Inam villages comprising 1,010 survey numbers with an area of 4,089 acres 39 guntas.

(2) Resurvey was carried out in 3 Inam villages comprising 44 survey numbers with an area of 97 acres 14 guntas.

(3) Original classification was done in 2 Inam villages comprising 391 survey numbers with an area of 1,337 acres 19 guntas.

(4) Reclassification was done in 6 Inam villages comprising 187 survey numbers with an area of 306 acres 27 guntas.

(5) Phut Pahani work was done in respect of 6 Inam villages comprising 578 survey numbers with an area of 1,130 acres 3 guntas.

(6) Miscellaneous phod work was done in 11 villages.

(7) Sub-Division of land was effected in 3,206 Government Villages comprising 12,879 survey numbers with an area of 62,412 acres 9 guntas.

(8) Classification of lands sub-divided was carried out in respect of 8,480 survey numbers distributed over 2,118 villages with an area of 43,894 acres 19 guntas.

(9) Encroachments of Government lands were detected by the Land Record Staff in 792 cases involving an area of 582 acres 8 guntas and an estimated assessment of Rs. 738-13-3.

It is stated that there was a slight decrease in the total outturn of field work during the year under report as compared with that of the previous year. The fall is attributed to the fact that some measurers from the Land Record Staff were drafted to and distributed among the several hissa survey parties in order to expedite the progress of the Record of Rights Hissa Survey work in the Taluks.

4. It is observed from the statement of the percentage distribution of days under "Field Work" and "No Field Work" that the Mysore and Shimoga Districts have a high percentage of days under the latter head, *viz.*, 52, while in Bangalore the figure stands at 28·81 only. This is said to be due to the fact that in the former two Districts a large number of days was spent in covering long distances from village to village and that the same could not be avoided owing to the scattered nature of phodi work. Government however consider that it should have been possible to reduce the high percentage of days under "No Field Work" in the Mysore and Shimoga Districts by adopting a systematic programme.

5. *Remuneration to Patels and Shanbhogs.*—The decennial revision of potgi in Government villages in respect of five Taluks, the biennial revision of potgi in the channel areas in four Taluks and the revision of potgi consequent on the introduction of revision settlement in two Taluks were postponed as per orders of Government.

Original potgi in respect of 22 Inam Villages was fixed and submitted to Government for orders. The sanction of Government having been accorded in respect of six villages, the settlement regarding them was given effect to. Revision potgi of 16 Inam Villages of the Chamrajnagar Taluk and one of Krishnarajpete Taluk was allocated, sanctioned and given effect to. Temporary potgi of three villages and supplemental potgi for 24 villages (due to the amalgamation of villages) and of four firkhas of Davangere Taluk owing to bifurcation were sanctioned and given effect to during the year.

6. *Inams.*—The total number of land inams resumed during the year was 57 resulting in a decrease of about Rs. 127 in the revenue under inam and an increase in the Land Revenue proper by about Rs. 611. Village service inams of an aggregate extent of 29 acres were granted afresh during the year under report while three such Inams of an extent of about 12 acres were resumed to Government.

7. *Survey Training School.*—The school continued to work during the year. A batch of 50 recruits was admitted to the school and given the prescribed course of training. In addition to the recruits intended for the Department, 20 Probationary Revenue Inspectors received training in the course prescribed for them and nine departmental men were given an advanced course of training in some subjects.

8. *Boundary Mark Charges.*—In order that prompt action may be taken to get boundary marks constructed by paid agency on lands newly phoded in the several Taluks, a sum of Rs. 12,000 was provided in the Departmental Budget. It is reported that a sum of Rs. 437-9-0 only was spent out of it and that a larger amount was not spent as in many cases the land holders themselves came forward to put up the boundary marks.

9. *Record of Rights Scheme.*—Out of a total number of 32 Taluks into which the Record of Rights Scheme has been introduced, the preliminary record was completed in respect of 28 Taluks and the Hissa Survey work in nine Taluks. The number of Hissas measured was 3,47,140 as against 95,858 in the previous year and the number tested by Nimtandars and higher officers was 43,668 as against 21,480 in the previous year. The demand on account of fees during the year was Rs. 15,67,732-14-7, while the collections amounted to Rs. 5,61,398-12-5. Now that extra measurers have been posted to speed up Hissa Survey work, it is hoped that the survey work will keep pace with the preliminary work done by the Revenue Department.

10. *Inspection.*—The Survey Superintendent inspected the field work of the Record of Rights measurers at Chitaldrug, Bangalore and Kadur and the District Survey Offices of Hassan, Kolar, Tumkur and Shimoga. The Deputy Superintendent inspected the District Survey Offices of Bangalore, Mysore and Hassan. The District Survey Officer, Tumkur, toured the largest number of days, *viz.*, 202. The number of days toured by the District Survey Officers of Bangalore and Hassan was inadequate being 134 and 150 respectively.

11. *Arrears of Work.*—

	Balance on 30th June 1931.	Balance on 30th June 1932.
1. Printing of Maps ..	.. 27	.. 13
2. Preparation of copies of phaisal patrikas	.. 2,823	.. 2,267

Special arrangements are stated to have been made to show better progress under the second of the two items referred to above during the current year by setting apart a special staff consisting of four clerks of Akar Branch solely for this work.

12. The total cost of the Department was Rs. 1,49,438-3-4 as against Rs. 2,13,765 in the previous year.

13. Government are glad to note that the work of the Department continued to be satisfactory.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

Administration of the Geological Department for the year 1931-32.

READ—

Letter No. 7019-19, dated 20th September 1932, from the Officiating Director of Geology, submitting the Administration Report of the Geological Department for the year 1931-32.

ORDER NO. D. 2304-10—GEOL. 37-32-3, DATED BANGALORE, THE 26TH NOVEMBER 1932.

Recorded.

2. *Administration.*—Mr. P. Sampat Iyengar, Director of Geology, was in charge of the Department only during the latter five months of the year, Mr. A. M. Sen having officiated as Director during the first seven months. On the last day of the year, Mr. Sampat Iyengar was permitted to retire from service, voluntarily, on grounds of health.

3. *Revision of Rules.*—Special rules under the Mysore Mines Regulation for the working of small mines in the State were issued during the year.

4. *Mining Revenue.*—The demand for the year on account of Mining Revenue and Geological receipts exclusive of royalty on gold was Rs. 76,816-8-0 and was fully realised.

5. *Inspections.*—The current mining and prospecting blocks, as also the chrome and mining operations at Byrapur and Talur, and the Graphite workings at Ganacharpur were inspected by the officers of the Department.

6. *Mining and Prospecting.*—There were 14 certificates of approval, 40 mining leases, 9 prospecting licenses and 6 collecting licenses current during the year as against 13, 42, 9 and 3 respectively in the previous year. The total area under mining leases and prospecting licenses was 26,311 acres and the total rents and cesses recovered in respect of it amounted to Rs. 16,866 as compared with 27,890 acres and Rs. 17,073 in the previous year.

The leases current for gold were 21 as in the previous year. The Balghat Gold Mines, Ltd., assigned their properties to the Nandydroog Mines, Ltd., as the former company ceased to work. Mining operations were carried on by five Mining Companies on the Kolar Gold Fields. The results of output of gold and silver during the year were as follows :—

	1930-31.	1931-32. (approximate.)
Total quantity of fine gold produced ..	349,018 ozs.	.. 329,833 ozs.
Value	Rs. 1,96,76,753	.. Rs. 2,36,20,825
Total quantity of fine silver returned by the mint	20,144 ozs.	.. 27,299 ozs.
Value	„ 24,612	.. „ 36,045
Royalty	„ 10,32,210	.. „ 12,53,542

As regards manganese, there were 7 mining leases and 3 prospecting licenses current during the year as against 9 and 5 respectively in the previous year. The total quantities of ore extracted and removed from the blocks were 531·25 tons and 5092·55 tons respectively and the royalty paid was Rs. 2,273-3-4. The United Steel Cos., Ltd., and the Peninsular Minerals Co., of Mysore, Ltd., surrendered their mining leases and prospecting licenses on account of the continued dulness in the market for this mineral.

As in the previous year, there were 10 leases current for chromite. The total output and the quantity removed were 4000·45 and 34·25 (concentrated) and 7017·55 respectively and the royalty paid amounted to Rs. 6,442-11-7. The output of magnesite at Dodkanya block was 335 tons and the quantity removed was 1486·16 tons. The lessees of this block and two others paid a dead rent of Rs. 1,760 and no royalty was levied. The total output of Kaolin was 2270·45 tons and the royalty paid was Rs. 1,841-13-0. There were four collecting licenses for soapstone current during the year, The total output and removal was 100 tons and a sum of Rs. 175 was recovered on account of royalty. One prospecting license for green quartzite was issued during the year and a small output of 1·07 ton is reported.

7. *Departmental Mining and Prospecting.*—Owing to the continued depression in the mineral market throughout the year for chromite, further mining of ore was stopped altogether and only dead work and collection of pebbles were carried on. During the year, the total output of chrome ore from the Byrapur Mine was 1,001 tons. A quantity of 2,520 tons was sold and a sum of Rs. 46,620 realised. The total expenditure of the mine during the year was Rs. 6,221. At the close of the year, the quantity of ore held in stock stood at 3,945 tons. Owing to a large stock of ore on hand awaiting sale and the difficulty to dewater the mine without an additional pump and other extra expenditure, dry mining operations on the Talur mine were suspended in March 1932. The total output of ore at the Talur mine was 901 tons during the year. There was no mining of magnesite during the year. There was a small sale of only 10 tons realising Rs. 100. The total quantity of graphite mined at Ganacharpur in the Bowringpet Taluk during the year was 63·88 tons and the quantity supplied to the Mysore Iron Works was 77·13 tons. The mining of Felspar, white-quartz and Kaolin was carried on and 41⅓ tons of Felspar, 38¼ tons of white-quartz, 305½ tons of Kaolin and 28¼ tons of refractory clay were supplied to the Government Porcelain Factory. The quantities of iron and manganese ores and lime-stone mined by the Mysore Iron Works for use at Bhadravati were about 18·517 tons, 547 tons and 1,950 tons respectively.

8. *Engineering and Water Supply Questions.*—The foundations of the proposed dam of the Bhadra Reservoir Project and its waste weir were examined and report furnished by the Department.

The Director of Geology is requested to make a separate reference to Government in regard to the sinking of bore-holes for water-supply.

9. *Economic Investigations.—Ferro-Chrome Experiments* were discontinued and the services of the Ferro-Chrome Assistant dispensed with.

10. *Geological Laboratory.*—Seventy-three micro sections of rock specimens were prepared and supplied to St. Zavier's College, Bombay, and the Fergusson College, Poona, and a sum of Rs. 109-8-0 realised as fee.

11. *Chemical Laboratory.*—The total number of samples of rocks, minerals and ores analysed for the department was 121 involving 480 determinations while that for the public and other Government departments was 16 samples which involved 51 determinations. The amount realised in the shape of fees was Rs. 181-12-0 as against Rs. 92 in the previous year.

12. *Publications.*—During the year, Records Volume XXIX and Bulletin No. 12 on the Mineral Survey of the Sulphide Zone near Chitaldrug were published and issued and type-scripts for Record Volume XXX were sent to the Press.

13. *Miscellaneous.*—As in the previous year, the department participated in the Mysore Dasara Exhibition of 1931. The total number of volumes in the library at the close of the year stood at 8,165. A set of 77 buildings and ornamental stone specimens were presented to the Engineering College, Bangalore. Specimens of Mysore rocks and minerals were also presented to the Institutions outside the State. As many as ten papers relating to Geology and allied subjects were contributed by the officers of the department to the Geological Section of the Indian Science Congress held in Bangalore in January 1932.

14. *Conclusion.*—Government are glad to note that the work of the department during the year under report was satisfactory. They are pleased to place on record their appreciation of the good work done by Mr. Sampat Iyengar during his tenure of office as Director of Geology.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Working of the several Town and Minor Municipalities in the State during the year 1930-31.

READ—

The reports on the working of the several Town and Minor Municipalities in the State during the year 1930-31 and the reviews of the Deputy Commissioners thereon.

ORDER NO. L. 3593-606—ML. 137-31-36, DATED BANGALORE, THE 22ND—24TH NOVEMBER 1932.

Recorded.

2. The reviews of the Deputy Commissioners were not submitted on the due dates, nor was complete information furnished to facilitate the issue of the Government review. The report of the Deputy Commissioner, Hassan District, was received only in September 1932, and the inordinate delay in its submission is explained to be due to the Presidents of several Municipal Councils not submitting their reports in a complete form on the due dates. This is very unsatisfactory. The Deputy Commissioners are requested to see that the reports due from the several Municipalities in their Districts are received in time and their consolidated review thereon with the necessary statistical statements are forwarded to Government before the due date.

3. At the end of the year there were 37 Town and 65 Minor Municipalities including the Municipality of Sringeri in Kadur District constituted into a Minor Municipality but excluding the Shivane Municipality in the same District which was converted into a Village Panchayet from 1st September 1930.

4. *Constitution.*—General elections were held in the Districts during the year for the reconstitution of 65 Municipal Councils and seven bye-elections were held for filling up casual vacancies. The elections in all the Districts are reported to have been generally well-contested.

5. *Strength of Municipal Councils and Meetings.*—The total strength of members on all the Municipal Councils on the last day of the year, including Presidents who were additional members, was 1,540 of whom 736 were elected members, 480 were non-officials nominated by Government and the rest salaried servants of Government. The total number of meetings held by all the Municipal Councils during the year was 1,713 of which 914 were ordinary, 433 special and the rest adjourned meetings. Ordinary monthly meetings were regularly held only in one municipality in the Hassan District, in 20 municipalities in the Mysore District, in 2 municipalities in each of the Kolar, Kadur, Shimoga and Chitaldrug Districts, in 3 municipalities in the Tumkur District and in 7 municipalities in the Bangalore District. The failure to meet regularly every month to transact business in most of the municipalities is unsatisfactory and Government trust that the Municipal Councillors will evince greater interest in their work in future. The attendance of non-official councillors at the municipal meetings was fair in all the Districts generally. The attendance of officials was not quite satisfactory being less than 50 per cent in 29 municipalities. This is not satisfactory. The attention of the Official Members should be drawn to Government Order No. L. 2953-60—Ml. 182-32-1, dated 25th October 1932, and cases of negligence in the matter of attendance on the part of Government Officers requiring notice should be reported for the orders of Government.

6. *Presidents, Vice-Presidents and other Office Bearers.*—During the year the Municipal Councils of Tumkur, Tiptur and Chikmagalur continued to have elected Non-official Presidents, while the privilege was withdrawn from the Hassan Town Municipal Council temporarily and the Treasury Assistant Commissioner was appointed as *Ex-officio* President of the Municipal Council. Non-official Presidents were appointed by the Government for the Dodballapur, Anekal, Malur and Sagar Municipal Councils. Practically all the Municipal Councils enjoyed the privilege of an elected Vice-President.

7. Committees.—It is reported that in the Bangalore District some of the municipal councils did not constitute Managing Committees, that the Audit Committees formed in a few municipalities did not do any work and that the Health Committees *in the majority of municipalities did useful work.* In the Shimoga District, the work of the committees is reported to be not satisfactory. In the Tumkur District even the Health Committees in some of the municipalities did not function and it is reported that in the Kunigal Municipality the local Sub-Assistant Surgeon did not attend the meetings of the Health Committee even once. The Senior Surgeon is requested to enquire into the matter and issue suitable instructions to the Officials concerned. In the Kolar District, only 4 municipalities constituted Managing Committees while the Health Committee at Kolar did not meet at all. The Committees formed in other Districts are reported to have done fairly good work except in Saklespur in the Hassan District. The Deputy Commissioners are requested to impress on the Municipal Councils the utility of the constitution of several committees.

8. *By-laws and Rules.*—There was a fairly large activity in the framing of by-laws by the municipal councils regarding sanitation, conservancy, vaccination, births and deaths, octroi, epidemics, hotels, eating-houses, construction of buildings and temporary structures. Rules were also framed for the levy of tolls and market fees and lighting and water taxes in some of the municipalities.

9. *Finance and Incidence of Taxation.*—The year opened with a balance of Rs. 5,02,112. The income and expenditure amounted to Rs. 14,54,167 and Rs. 15,28,464 respectively and the closing balance amounted to Rs. 4,27,815. Except in the Tumkur District, the expenditure exceeded the income in all the Districts, the excess varying from Rs. 30,000 in Chitaldrug District to Rs. 3,000 in Kolar District. The incidence of taxation per head of population ranged from Rs. 4-11-5 in Koppa Municipality to Re. 0-2-8 in Harnahalli.

10. *Demand, Collection and Balance of Municipalities.*—Out of the total demand of Rs. 16,04,880 for the year including arrears, a sum of Rs. 11,64,986 was collected. Excluding the amounts remitted or written off as irrecoverable, the balance to be collected at the end of the year amounted to Rs. 4,24,805. The percentage of collection to the demand including arrears was highest in Tumkur District, *viz.*, 82 per cent while it was the lowest in the Bangalore District, *viz.*, 51·5 per cent. The statistics furnished disclose that there has been a general increase in the amount left uncollected except in the Municipalities of Chikmagalur, Hassan, Molakalmuru, Dodballapur, Malvalli, Channapatna, Vadigenahalli, Madhugiri, Chintamani, Goribidnur, Nanjangud, Seringapatam, Heggaddevankote, Hunsur, Gundlupet, Mugur, Ramasamudra, Shiralkoppa and Hosanagar. It is reported that demand notices were not issued regularly in the Anekal Municipality and that the notices were not followed up by warrants in the Yelahanka and Hoskote Municipalities. In the Channapatna Municipality though there was some improvement in the collection work, the arrears were still heavy. The collection work in the Hosdurga, Tiptur, Tumkur and Turuvekere was fair, while that in Kunigal was very poor. The arrears outstanding continued to be heavy in the Municipalities of Nanjangud, Seringapatam, Hunsur and Mugur. The accumulation of arrears is mainly due to failure to collect the amounts due by adopting in time coercive measures prescribed in the Municipal Regulation and the Presidents concerned should take prompt action for the recovery of all outstanding arrears.

11. *Town Improvement Works.*—A sum of Rs. 75,000 was granted by Government for town improvement works during the year. Improvement of drainage and roads, formation of circles and parks, removal of congestion and other sanitary works were undertaken by several municipal councils. The construction of the Town Hall at Mandya was nearing completion, while the Silver Jubilee Building at Bannur was completed during the year. A loan of Rs. 2,000 was given by Government to the Sidlaghatta Municipality for meeting the cost of improvement works during the year. The construction of some stalls in the Sante at Arsikere and of the daily market stalls in Hole-Narsipur was completed during the year.

12. *Drainage.*—The first stage of the drainage scheme for Davangere was completed at a cost of Rs. 28,280 and the second stage costing Rs. 29,947 was started. The drainage projects for Molakalmuru and Hiriyur Town were in progress. In Arsikere, drainage works were carried out at a cost of Rs. 8,000 during the year.

13. *Water-Supply.*—The water-supply project of Hunsur was completed during the year, while that of Kolar was under progress. Two estimates amounting to Rs. 11,118 and 9,620 were sanctioned in connection with the water-supply of Chikmagalur for replacing the 4″ delivery main by 5″ pipes and the works were commenced during the year. The Municipal Councils of Tiptur, Dodballapur, Arkalgud and Arsikere undertook the improvement of their water-supply by means of boreholes. The extension of the water works at Tumkur to supply water to Kuripalya and the northern extension at a cost of Rs. 24,200 was undertaken by the Municipal Council during the year.

14. *Public Health and Sanitation.*—Public health was generally good during the year in all the Districts except for the occasional outbreaks of plague, cholera, small-pox, etc., in certain places. Prompt steps are reported to have been taken for their suppression and prevention by the usual methods of inoculation, evacuation, etc.

15. *Public Safety and Convenience.*—Electric power was for the first time supplied during the year for general lighting purposes to the Towns of Anekal, Mandya, French-Rocks and Melkote.

16. *Audit and Inspection of Municipal Offices.*—The accounts of the several municipalities were audited by the Local Audit Staff of the Comptroller's Office. There was no improvement in regard to the disposal of audit notes and objection statements. The constitution and working of Audit Committees in Bangalore and Hassan continued to be unsatisfactory in spite of the observations of Government in the reviews of previous years.

17. *Inspections.*—The reviews of the Tumkur and Hassan Districts do not specify the number of municipal offices inspected by the Deputy Commissioners. In the Mysore District only 7 municipalities were inspected. In the other Districts with the exception of only a few all the municipalities were inspected during the year and instructions issued to rectify the defects noticed.

The Third Member of Council inspected the Offices of the Hassan and Chikmagalur Town Municipal Councils during the year.

18. *General.*—The three bills for City, Town and Minor Municipalities prepared by the new Committees referred to in the Government review of last year were since placed before the Representative Assembly and are now under consideration by the Legislative Council.

H. V. RAMASVAMI,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Passes orders on the Report of the Public Accounts Committee.

READ—

Audit and Appropriation Report of the Comptroller on the accounts for the year 1930-31.

2. Report of the Public Accounts Committee on the Audit and Appropriation Accounts of the year ending 30th June 1931.

ORDER NO. FL. 2866-2945—G. F. 128-31-27, DATED BANGALORE, THE 18—26TH NOVEMBER 1932.

There was a delay of about three months in the submission of the Audit and Appropriation Report for 1930-31 by the Comptroller. He is requested to see that future reports are submitted to Government within the prescribed time. Government note with satisfaction that in spite of the delay, the Public Accounts Committee dealt with the above report and submitted its report in time for being placed before the Legislative Council at the June Session 1932.

2. Government have considered the Comptroller's report with the recommendations of the Committee and are pleased to pass the following orders on the more important points brought to notice :—

PART I.

3. *Paras 3 to 7. Variation in actuals from Grants.*—The Committee note that the report records some improvement over the previous year's result in the matter of reducing the divergences between the grants and actuals. Excesses have been reported in six grants. The Committee observe that the occurrence of excesses under some of the heads should have been foreseen and suitable action taken to avoid them by obtaining supplementary grants from the Legislature. Government wish to impress once again on the Heads of Departments, the necessity for carefully watching the progress of expenditure and taking all possible steps to ensure greater approximation between estimates and actuals and to avoid excesses over grants as well as lapses in grants and for taking prompt action for obtaining sanction of the Legislature before the close of the year when expenditure is likely to exceed the grant.

4. *Paras 8 and 9. Control of Expenditure.*—The suggestions made by the Comptroller to improve the existing arrangements for keeping the Heads of Departments informed of the progress of expenditure with reference to grants were examined by the Committee and they are of opinion that Heads of Departments would find it difficult to base their action on the expenditure figures obtained departmentally, since it may not always be possible to insist on the several subordinate officers throughout the State submitting in time monthly statements which are accurate and reliable, and that there is scope for improvement under the existing arrangement itself. They therefore suggest that the Heads of Departments should make better use of the Comptroller's figures which should be sent to them by the prescribed dates, that the warnings given by the Audit Department should receive prompt attention and that the Heads of Departments should carefully review the position when the revised estimates for the year are to be framed and take necessary action to prevent the possibility of the excess over grants or surrender grants not likely to be utilised before the close of the year. The devising of a satisfactory method for the proper watching and control of expenditure as compared with the Budget grant does not admit of an easy solution. The observations of the Committee will be noted and given effect to by heads of departments and the result watched.

5. *Para 10 Ibid.*—In para 67 of the Report, the Comptroller has suggested for consideration the provision of a suitable amount in the budget under a "contingencies fund" as in British India for meeting expenditure not foreseen at Budget time so that there may be an authorised procedure for meeting such expenditure to a limited extent. The Committee are not in favour of creation of the fund proposed as the object in view can best be attained by providing in the budget for all items likely to arise during the course of the year and avoiding as far as possible the need for additional and supplementary grants. Government agree with the views of the Committee.

6. *Para 11.—Gross and Net Grants.*—It is stated that the non-official members of the Committee are of opinion that the assent of the Legislative Council might be obtained for exceeding the "gross grants" even though the net expenditure was within the grants provided in the Budget. It is however noted that the Committee as a whole have held that what is voted by the Legislative Council is a net grant and it is only the excess thereon that has got to be placed before it. Government concur with this view.

7. *Para 13.—Non-voted Grants.*—The Committee have again raised the question as to whether the Public Accounts Committee is competent to review and comment on the expenditure falling under non-voted heads. Government have carefully considered the question and hold that since under the Regulation, the Legislative Council is not allowed to discuss expenditure falling under non-voted heads, one of its Committees, the Public Accounts Committee, cannot comment upon matters relating to non-voted heads.

PART II.—AUDIT REPORT.

8. *Para 16.*—The attention of the Comptroller is invited to the suggestions made in this para regarding the editing of the report and the necessity to apprise, in

advance of the printed report, the Heads of Departments, of the inclusion in the Audit Report of the more important items of irregularity on which final action had not already been taken by the Executive and he is requested to take necessary action in the matter.

9. *Para 17.*—The Comptroller reports that in respect of some of the cases of frauds and misappropriations of public funds about which criminal proceedings have been instituted, departmental action for the recovery or adjustment of the amount lost is being delayed pending the disposal of the criminal cases. Government, agreeing with the views of the Comptroller and the Public Accounts Committee, direct that prompt action should be taken by the departmental authorities to recover the lost amounts and otherwise to safeguard public interests except where the result of the departmental enquiry is inconclusive.

10. *Para 20.*—Government agree with the Committee that there has been unusual delay in the disposal of the inspection report of the Financial Assistant of the Electrical Department referred to in para 266 of the Comptroller's report and direct that it should be expedited.

11. *Para 21.*—The attention of the Director of Public Instruction is invited to the observations of the Committee regarding the need for proper scrutiny of the accounts of High Schools by trained accountants.

12. *Para 22.*—Government agree with the Committee that the claims of the Mysore Government against the Madras and Southern Mahratta Railway Company on account of Joint Station expenses should be immediately preferred with a view to negotiations being carried on for the settlement of the claims preferred on both sides simultaneously and in an equitable manner and direct that prompt action may be taken in the matter.

13. *Para 24.*—The attention of the General Manager, Mysore Iron Works, is invited to the observations of the Committee and his suggestions for giving effect to the Government Order No. Fl. 1078-1138—G. F. 46-29-1, dated 14th August 1929 and to the desire of the Committee are awaited.

14. *General.*—In regard to other matters dealt with in the Committee's report or their proceedings, Government direct that necessary action should be taken to remedy the defects, omissions, etc., brought to notice.

S. SHAMANNA,
Secretary to Government,
Financial Department.

PUBLIC WORKS SECRETARIAT.

Major Building Works of all Departments, to be entrusted to the Public Works Department.

READ—

G. O. No. D. 4256-8—I & C. 164-30-19, dated the 24th February 1932, sanctioning certain extensions to the Soap Factory Buildings at a cost of about Rs. 10,335.

2. G. O. No. D. 881-83—I & C. 54-32, dated the 26th August 1932, directing that the work of extending the Industrial Laboratory Buildings at Malleswaram be executed through the agency of the Industries and Commerce Department.

3. Public Works Secretary's Note No. D. 477, dated the 3rd November 1932, *re* execution of works by other than Public Works Department.

ORDER NO. 1124-1164—S, DATED BANGALORE, THE 28TH NOVEMBER 1932.

It has been brought to the notice of Government that during the last few years, cases have occurred where buildings, both of the Industries and Agricultural Depart-

ments have been constructed by the agencies of those Departments instead of by the Public Works Department, as is ordinarily done in the case of every other Department. Though there is an officer of an Assistant Engineer's rank in the Agricultural Department and there are Engineers in the Industries Department also, Government observe that the same efficiency of supervision or economy of work cannot be ensured in the execution of works by their own agency as could be obtained by entrusting the works to the Public Works Department. They therefore direct that all major building works of all Departments should, in future, be entrusted to the Public Works Department. Minor works costing less than Rs. 2,500 may, in the case of Agricultural and Industries Department, be carried out by their own agency.

M. G. RANGAIYA,
Secretary to Government,
Public Works Department.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health.

READ—

Government Order No. RL. 1076-84—R. A. 6-32-1, dated 19th August 1932, notifying among others, the names of the members of the Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health.

ORDER THEREON NO. RL. 3273-81—R. A. 6-32-2, DATED BANGALORE, THE 5TH DECEMBER 1932.

The Government of His Highness the Maharaja are pleased to appoint Mr. N. Ramaiya, B.A., Landholder, Nandi, Chikballapur Taluk, as a member of the Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health *vice* Dharmaprakasa Rao Bahadur D. Banumiah, deceased.

R. RANGA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Restoration of occupancies resumed last year for non-payment of arrears of revenue.

READ—

Letter No. C. 1357—32-33, dated 1st November 1932, from the Revenue Commissioner, stating that a large number of lands were resumed last year for non-payment of arrears of revenue due to the low prices of food grains and other economic difficulties, that it is desirable to show some concessions to the raiyats in case they pay up the arrears, and recommending that the forfeited occupancies in all the districts may be restored, as a special case, till the end of January 1933, on payment of the arrears, and further proposing that while restoring the khates, the forfeiture, sale proclamation and other process fees may be waived in deserving cases as also the interest in specially hard cases at the discretion of the Deputy Commissioners.

ORDER NO. R. 2833-42—L. R. 172-32-2, DATED BANGALORE, THE 26—30TH NOVEMBER 1932.

The recommendation of the Revenue Commissioner is sanctioned. Government consider it inexpedient to waive the recovery of stamp duty on applications presented for restoration of khates.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

Administration of the Sericultural Department for the year 1931-32.

READ—

Report on the working of the Sericultural Department during the year 1931-32 and the review thereon by the Director of Industries and Commerce, received with Director's letter No. D4-Per—32-33, dated 5th November 1932.

ORDER NO. D. 2336-45—SERI, 23-32-3, DATED BANGALORE, THE 28TH NOVEMBER 1932.

Recorded.

2. Government note with satisfaction that the products of the new Silk Factory at Mysore have proved popular and that forward orders for them are being registered.

3. The indigenous sericultural industry is passing through critical times, chiefly owing to the dumping of Chinese and Japanese silks at very low prices. Government are carefully watching the situation and the question of affording relief to those engaged in the industry to tide over the crisis is engaging their active consideration.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

Work done in the office of the Trade Commissioner for Mysore in London during the year 1931-32.

READ—

Report of work done in the office of the Trade Commissioner for Mysore in London, during the year 1931-32, received with letter dated 14th October 1932 from the Trade Commissioner.

ORDER NO. D. 2438-89—T. C. 5-32-2, DATED BANGALORE, THE 2ND DECEMBER 1932.

Recorded.

2. Mr. C. Ranganatha Rao Sahib succeeded Mr. B. T. Kesaviengar as Trade Commissioner on 11th September 1931.

315

3. As a consequence of the continued slump in the demand for luxury articles and the violent disturbances in the exchange market, there was a considerable decline in the sales of sandal oil in Europe and America. The total sales during the year under review amounted only to 64,137 lbs. as against 1,21,158 lbs. during 1930-31. The Trade Commissioner has made certain proposals in his report calculated to improve and stabilise the position of sandal oil sales in future. These will be remitted to the Sandal Oil Board for detailed examination and formulation of definite recommendations for the orders of Government.

4. The total number of purchase orders for stores and machinery required for Government Departments handled by the Trade Commissioner, during the year was 177 as against 190 in the previous year. The Trade Commissioner has made certain observations in regard to the present procedure for purchase of stores from foreign countries. The Stores Purchase Committee will be requested to examine these suggestions, as also his proposal that the fixed charges of £300 now transferred from his budget to the Stores Purchase Committee budget, may be increased by £130 in view of the additional work that has devolved on his office.

5. The total expenditure incurred by the Trade Commissioner, during the year amounted to £20,000 of which £14,639 related to sandal oil expenses and a sum of £2,988 represents the amount spent on account of expenditure for other Departments of Government.

6. The Trade Commissioner has presented a very interesting report of his work and activities. Trade conditions during the year were extremely trying and called for vigilance and prompt action on his part. Government desire to place on record their appreciation of the work done by Mr. C. Ranganatha Rao Sahib.

S. ABDUL WAJID,

Secretary to Government,
Development Department.

Administration of the Department of Mines and Explosives for the year 1931-32.

READ—

Letter No. 497, dated 15th September 1932, from the Chief Inspector of Mines, submitting the Administration Report of the Department of Mines and Explosives for the year 1931-32.

ORDER No. D. 2498-508—GEOL. 36-32-3, DATED BANGALORE, THE 2ND DECEMBER 1932.

Recorded.

2. *Personnel.*—Mr. C. E. Suryanarayana Rao continued as Chief Inspector of Mines in the year under report.

3. *Mining and Prospecting.*—The following statement shows the number of leases, licenses and certificates of approval current in the year under report as compared with those current in the previous year:—

	1930-31.	1931-32.
Mining leases	42	40
Prospecting licenses	9	9
Collecting licenses	3	6
Exploring licenses	..	..
Certificates of approval	13	14
Total ..	67	69

The total area under mining leases and prospecting licenses was 26,311 acres and the total rents and cesses recovered in respect of them amounted to Rs. 16,866. The total number of mining leases for gold was 21, the same as in the previous year.

4. *Gold Mining.*—Mining operations were in progress in the five blocks on the Kolar Gold Fields as in the previous year. The Balaghat Block worked by the Balaghat Gold Mines, Ltd., was assigned to the Nundydroog Mines, Ltd., with effect from 1st May, 1932 for £40,000. After deducting royalty and other charges from the net sale proceeds of the bullion recovered from the mine, the remaining profit is divided in the ratio of 75 per cent to the Balaghat Mines, Ltd., and 25 per cent to the Nandydroog Mines, Ltd. The nominal and the paid up capital of all companies carrying on operations in Mysore, remained the same as in the past year, *viz.*, £1,717,000 and £1,667,737, respectively. The total quantities of fine gold and silver produced during the calendar year 1931 amounted to 330,434·024 ozs. and and 22,604·850 ozs., respectively, as against 329,133·876 ozs. and 17,843·988 ozs. during the previous year. The total value of fine gold and silver produced amounted to £1,560,739-10-4 as against £1,396,145-14-4 (revised) in 1930 showing an increase of £164,593-16-0 due to high price of gold prevailing in the market and to the small increase of production. The total amount paid in dividends was £219,010-16-0 as against £179,000-0-0, showing an increase of £40,010-16-0. The royalty payable to Government on the gold and silver won and dividends paid amounted to £83,094-0-4 as against £74,060-6-11 (revised) in the previous year, showing an increase of £9,033-13-5. Calculated in Indian currency, the total demand on account of royalty payable to Government on gold and silver for the calendar year 1931, including the balance due for the previous year amounted to Rs. 14,44,081-3-0 out of which Rs. 11,06,720 was collected, leaving a balance of Rs. 3,37,361-3-0.

5. *Position of the Mines.*—The estimated total ore reserves of all the mines at the end of the year 1931 show a decrease of 62,623 tons against a decrease of 127,106 tons at the end of 1930.

The Champion Reef and Oorgaum Mines have reached a vertical depth of over 7,100 feet below the field datum. All possible arrangements are being made to ensure an adequate supply of fresh air to all the working places. All the new shafts and winzes which serve as airways are smoothlined in brick or concrete not only to minimise the effects of rock-bursts but also to reduce friction and electrically driven fans have been erected in the course of the main airways to aid the circulation of air currents. The question of providing adequate ventilation in deep mines which is a very difficult problem is reported to be engaging the attention of the management. The rescue station, as usual, is being maintained in an efficient condition. Since the occurrence of the disastrous fire in the Nundydroog Mine in May 1931, certain additional precautions have been taken by providing refuge stations with compressed air jets at suitable places. The 'safety first' campaign is being carried on vigorously as usual. In addition to this, the 'scout movement' which has recently been organised is spreading rapidly amongst the workmen making them more effecient, self-reliant and resourceful.

6. *Other Minerals.*—The following statement shows the output and other particulars of minerals other than gold worked during the year :—

Name of mineral	Output	Quantity removed from block	Royalty payable
	Tons	Tons	Rs. a. p.
Manganese	527·25	5,092·55	2,273 3 4
Chromite	4,000·45 (34·25 concentrated.)	7,017·55	6,442 11 7
Magnesite	335	1,486	1,760 0 0 (dead-rent.)
Kaolin	2,242·45	2,242·45	1,813 13 0
	28	28	28 0 0
Soapstone	100	100	175 0 0
Green quartzite	1·07	....	....

7. *Mining Revenue.*—The total demand under mining revenue, other than royalty on gold, for the year 1931-32 was Rs. 76,816-8-0 and out of this, a sum of Rs. 76,627-3-7 was collected leaving a balance of Rs. 189-4-5 to be recovered.

8. *Inspection of Mines.*—Owing to the increasing depths of mines in the Kolar Gold Fields, inspection work is becoming more arduous and exacting. In addition to the numerous inspections connected with accidents, all the mines were systematically inspected and no serious lapses of the Mining Rules were noticed. Enquiries into all fatal and serious accidents and trivial ones in which a breach of the rules were reported or suspected have been held. Examination for the grant of certificates of maistries, blasters and engine drivers, (first and second class) was conducted by the Department once a week. In all, 372 candidates were examined and 82 duplicate tickets (discs) were issued, the original having been lost by the applicants during the year. The examination fees realised amounted to Rs. 1,713-9-0 against Rs. 2,583-9-0 in the previous year, the decrease being due to less number of candidates examined. Under standing orders, the annual inspection of the books and accounts of the Oorgaum Gold Mining Company of India, Ltd., was conducted by the Comptroller in association with the Chief Inspector of Mines.

Some blocks, outside the Kolar Gold Fields were inspected during the year in Kolar, Mysore, Tumkur, Hassan and Shimoga Districts. The slump in the world's markets for the two important base metals of the State, *viz.*, Manganese and Chromium, continues to be the same as in the previous year. The United Steel Companies, Ltd., Workington Iron and Steel Branch, Shimoga and the Peninsular Minerals Company, Ltd., have, owing to trade depression, both surrendered their leases. The Chrome Ore Industry of the State has also received a serious check. Most of the chrome mining concerns have suspended operations except at Sinduvalli Mine. The workings in most of the other blocks were generally satisfactory.

9. *Mining Labour.*—The total number of persons employed in the mining industry in 1931 was 19,109 as against 18,925 in the previous year. Of the 18,388 persons employed in Gold Mining, 341 were Europeans, 400 Anglo-Indians and 17,647 Indians, as many as 9,954 persons being employed below ground and 8,434 on surface. The relationship between the employer and the employee is reported to be satisfactory. The report of the Special Officer appointed by Government to enquire into the Labour conditions on the Kolar Gold Fields has since been published and many of the recommendations made in it have already been given effect to and other points are engaging the attention of the Mine management. All the five mines have had a welfare policy for their employees but early last year, it was decided to entrust all welfare work on the Field to a Central Committee under the supervision of a European welfare officer. Each mine has a Welfare Committee consisting of the Superintendent of the Mine with eight others, both Indian and European workers. Housing, improvement in living conditions, sanitation, facilities for bathing and washing, lighting, day and night schools, recreation halls, organisation of lectures on temperance, domestic economy, thrift, hygiene, etc., scouting, laying out parks and play grounds, games, electric gramaphones and maternity and child welfare are some of the subjects in which these welfare committees are interested. Government are glad to note the action taken by the Mining Companies for the welfare of the labourers by introducing various measures for the amelioration of their condition.

10. *Accidents.*—The total number of accidents reported during the year was 200 against 186 in the previous year. Of these accidents, 35 were fatal, 160 serious and 5 non-mining. All the 195 mining accidents were enquired into and 22 were found to be due to negligence, 10 to recklessness and 163 were classed as unavoidable as against 14, 12 and 158, respectively, in the previous year. The death rate in the Gold Mines in the year 1931 was 7·12 per 1,000 as against 2·31 per 1,000 in 1930, the abnormally high rate being due to the disastrous fire accident in the Nundydroog Mine. Out of 35 fatal accidents, 15 were due to rock-bursts resulting in the death of 59 persons. It is reported that, in spite of precautions taken, the accidents continue to occur followed by heavy fatalities. It was, therefore, felt necessary to make a thorough investigation into the causes of rock-bursts and Government accordingly approved of a special Committee being constituted to go into the question for suitable measures being adopted for their prevention. Their report is awaited.

11. *Compensation for Injuries.*—During the year under review, 143 claims for compensation were settled by the Mining Companies and the compensation awarded in fatal cases and cases of permanent total disablement and permanent partial disablement amounted to Rs. 1,17,984-8-0 as against Rs. 88,441-15-0 during the previous

year. Besides the above, compensation amounting to Rs. 13,360-1-0 was paid in cases of temporary disablement as against Rs. 17,411-15-0 in the previous year.

12. *Prosecutions*—Forty-four persons involved in 37 cases were prosecuted in connection with the theft and illegal possession of mining materials and of these, 40 were convicted. Fifteen cases were also dealt with for breach of rules, accidents, etc.

13. *Explosives.*—During the year, 703 licenses were granted under the Mysore Explosives Rules as against 747 during the previous year, showing a decrease of 44 licenses. Twelve reports of inspection of Government magazines in charge of Civil Officers were received in the Chief Inspector's Office as against 15 reports of inspection in the previous year and irregularities and defects requiring the adoption of remedial measures have been brought to the notice of the officers concerned. The total number of inspections of explosives premises carried out by the Magistracy and the Police was 651 against 529 during the previous year. Government note with satisfaction the marked progress in the inspection of explosives premises during the year under report and wish to reiterate the necessity for the systematic inspection of all these premises in future. There were 19 cases of prosecution under the Mysore Explosives Rules during the year as against 16 in the previous year. Sixty-five accidents due to explosives involving the death of 15 persons and serious and trivial injuries to 79 others were reported during the calendar year 1931 as against 58 accidents resulting in the death of 14 persons and injuries to 76 others in the previous year.

14. *Special Rules for Small Mines.*—Government have, in their order dated 28th June 1932, sanctioned a set of Special Rules framed under the Mysore Mines Regulation to govern small mines worked on the open cast system or by other methods for the prevention of accidents.

General.—The work of the Department during the year was satisfactory.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Non-official Members of the Stores Purchase Committee.

ORDER NO. G. 3879-90—G. M. 63-32-2, DATED BANGALORE, THE 29TH NOVEMBER 1932.

Government are pleased to nominate Messrs. B. K. Garudachar and K. S. Iyer as non-official members of the Stores Purchase Committee for a period of one year, representing the Board of Industries and Commerce.

H. V. RAMASVAMI,
Secretary to Government,
General Department.

FINANCIAL SECRETARIAT.

Reduction of the rate of Interest on Railway Cess and other Deposits.

READ—

1. Government Order No. Fl. 1340-8—G. F. 48-26-3, dated 17th August 1926, fixing the rate of interest on Railway cess and other deposits of Local Bodies at four and a half per cent per annum with effect from 1st September 1926.

2. Notification No. Fl. 3144—G. F. 98-32-2, dated 7th December 1932, fixing the rate of interest on deposits which remain in the Savings Bank for a whole financial year at four per cent per annum with effect from 1st January 1933, instead of at four and a half per cent hitherto allowed.

ORDER NO. FL. 3146-64—G. F. 98-32-3, DATED BANGALORE, THE 7TH DECEMBER 1932.

Government are pleased to direct that the interest on Railway cess and other deposits of Local Bodies which now carry a rate of interest at four and a half per cent per annum be reduced to four per cent per annum with effect from 1st January 1933.

CHIEF SECRETARIAT.

Working of the Kunigal Stud Farm for the year 1931-32.

READ—

Report on the working of the Kunigal Stud Farm for the year 1931-32, received with Chief Commandant's letter No. C. 115—32, dated 13th October 1932.

ORDER NO. G. 4124—MILY. 81-32-4, DATED BANGALORE, THE 10TH DECEMBER 1932.

Recorded.

The number of stallions at the beginning of the year was six of which "Abdul Mallik" was destroyed owing to old age and an English thorough-bred stallion "Bray Prince" was added to the stock. The stallions are reported to have done well during the year and their progeny have been as successful on the turf as in previous years. There were 62 brood mares and 57 brood mare foals. The additions during the year were 13 mares, including the English thorough-bred racing mare "Affable" presented by His Highness the Maharaja to the Farm and 38 foals, while the reductions by all causes were 34 mares and 67 foals. At the end of the year, the stock consisted of 6 stallions, 41 brood mares and 28 foals.

Fifty-six mares were covered during the year, of which 30 held against 45 coverings and 26 holdings during the previous year giving a percentage of 53·57 against 57·7 in the year previous. The reduction in the percentage of holdings to coverings is owing to some mares having become barren. There were 25 successful births during the year. Twelve horses were sold for a total sum of Rs. 14,700.

The total receipts of the Farm from all sources amounted to Rs. 22,788 and the expenditure to Rs. 64,454. The net expenditure on account of the maintenance of the Farm was thus Rs. 41,666 against Rs. 45,227 during the previous year. The expenditure of the Farm has now been limited to Rs. 30,000 per annum.

Major Vanrenen's suggestions referred to in the review for 1930-31 for improving the Farm have been given effect to and the breeding activities have been divided into two sections, *viz.*, a thorough-bred section and a remount and miscellaneous section. The work pertaining to the thorough-bred section is carried out at Kunigal and the work of the remount and miscellaneous section at the Hessarghatta Grass Farm.

Five new paddocks were added to the Farm. This has increased the output of Hariali hay which means an improvement in the bone, quality and quantity of the stock.

R. RANGA RAO,
Chief Secretary to Government.

FINANCIAL SECRETARIAT.

Working of the Government Savings Banks during 1931-32.

READ—

Letter No. 272—S. B., dated 3rd November 1932, from the Comptroller to Government, submitting the report on the working of the Government Savings Banks during the year 1931-32.

ORDER No. FL. 3224-34—G. F. 81-32-3, DATED BANGALORE, THE 7—9TH DECEMBER 1932.

Recorded.

2. The report which was due in the Secretariat on the 3rd October 1932, was received a month late. The Comptroller is requested to make arrangements for the submission of the report on or before the due date in future.

3. In March 1932, Government sanctioned the scheme of accepting Fixed Deposits in the Government Savings Banks for 7 years at 5½ per cent interest per annum. Under this scheme, a sum of Rs. 12,65,100 was received as deposits during the year.

4. The total number of accounts (current and dead) at the close of the year under review was 62,363 as against 60,699 at the end of the previous year, and the aggregate amount at credit on the 30th June 1932 was Rs. 1,74,53,962. The deposits during the year amounted to Rs. 61,16,935 while the amount withdrawn was Rs. 63,66,992. The number of depositors having balances of and above Rs. 5,000 each on 30th June 1932 was 456 with an aggregate credit of Rs. 76, 51,872, while the corresponding figures for the previous year were 415 and 76,09,931 respectively.

5. Under the scheme of 5 per cent Five Year Fixed Deposits, a sum of Rs. 12,11,510 was deposited during the year and a sum of Rs. 9,19,535 was withdrawn including transfers into 7 years 5½ per cent Fixed Deposits. The closing balance of these deposits at the end of the year was Rs. 47,70,102.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Administration of the Mysore State Forces for the year 1931-32.

READ—

Report of the Mysore State Forces for the year 1931-32, received with Chief Commandant's letter No. C. 115 of 1932, dated 15th October 1932.

ORDER NO. G. 4285—MILY. 81-32-5, DATED BANGALORE, THE 17TH DECEMBER 1932.

Recorded.

2. Col. J. C. Loch, C.B.E., continued in command throughout the year.

3. The Mysore State Forces consisted of two Cavalry Units, *viz.*, the Mysore Lancers stationed at Bangalore, and the Mysore Horse stationed at Mysore, three Battalions of Infantry and a Mechanical Transport Corps. During the latter part of the year, the Infantry Regiments were reorganized so as to make them an effective military force for internal security purposes. They were relieved of their non-military duties of guarding District and Taluk Treasuries, by transferring these duties to the Police. The strength of the Regiment was reduced from 1,569 to 778. The reorganized Units consist of three Battalions, *viz.*, 1st or Active Battalion, 2nd or Training Battalion and 3rd or Garrison Duty Battalion. They are now concentrated and trained at Bangalore and Mysore and detachments from the 3rd Battalion are stationed at Kolar and Shimoga. Arrangements have been made to arm them with modern weapons.

4. Two schemes were sanctioned for recruitment of Officers to commissioned ranks, one by the opening of a Cadet class where 14 Officers are trained for direct commission and the other by recruitment of educated young men to the ranks with the prospect of accelerated promotion to commissioned rank.

5. The two Cavalry Units, and the 1st and 2nd Battalions of Infantry Regiments are "A" Class Units.

6. Individual and collective training in Drill and Musketry were carried out satisfactorily. Two battle practices were carried out wherein a Hotchkiss gun and three light automatics were employed. The Officers of the Mysore Lancers had two tactical exercises with the Officers of the Armoured cars and one with the Regular Troops.

7. Certain Officers of Cavalry Regiments took part in Cavalry Brigade Manoeuvres and attended the Madras District War Game. They also attended several courses of Instruction both in and outside the State.

8. The discipline of the Army and health and sanitation of the Units were satisfactory.

9. The expenditure under the head "Army" during the year amounted to Rs. 14,93,240 as against Rs. 16,92,298 in the previous year. Of this, a sum of Rs. 21,663 has been spent on Military Works against Rs. 1,13,912 spent in the previous year. Owing to financial stringency, no new works were undertaken.

10. The Military Adviser-in-Chief inspected the Regiment on 12th and 13th November 1931 and was satisfied with the Regimental Parade, Field Firing, Musical Ride, etc.

R. RANGA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Working of the Income-tax Department for the year 1931-32.

READ—

Letter No. C. 150—32-33, dated the 18—19th October 1932, from the Commissioner of Income-tax in Mysore, forwarding the Report on the Administration of the Income-tax Department for the year 1931-32.

ORDER NO. FL. 3359-77—I. T. 26-32-3, DATED BANGALORE, THE 15TH DECEMBER 1932.

Recorded.

2. The following are some of the noticeable changes that took place during the year:—

(1) The special Auditor and the Inspector of Marwari accounts were designated as Assistant Commissioner of Income-tax, Bangalore City and Taluk and Assistant Commissioner of Income-tax, Mysore City respectively with powers of assessment of income under Rs. 5,000 and the power of assessing income between Rs. 5,000 and Rs. 10,000 in these areas was given to the Special Deputy Commissioner of Income-tax.

(2) The revised rates of Income-tax and super-tax fixed by the Mysore Income-tax Amendment Regulation, II of 1931 were brought into effect from the 1st July 1931.

(3) The exemption from payment of Income-tax granted in respect of interest from debentures issued by District Boards and Municipalities and carrying interest at not more than 6 per cent was ordered to be continued up to the end of June 1934.

3. *Assessment Work.*—During the year under review, assessments were made in 5,288 cases as against 5,650 in the preceding year.

4. *Demand and Collection.*—The total demand for the year including arrears on 1st July 1931, amounted to Rs. 11,52,093 as against Rs. 10,48,051 in the year 1930-31, showing a slight increase. The total demand for the year under super-tax was 2,93,219 against 3,41,823 in the previous year.

The net demand under income-tax and super-tax was Rs. 11,14,726 and 2,91,455 as against Rs. 9,66,457 and Rs. 3,35,434 respectively while the corresponding net collections amounted to Rs. 10,63,553 and Rs. 2,86,296 as against Rs. 8,94,319 and 3,33,271 in the previous year, leaving a closing balance of Rs. 54,111 under income-tax and 6,623 under super-tax.

5. *The incidence of tax in the year under review was 2 annas 9 pies under income-tax and 8·7 pies under super-tax against 2 annas 5 pies and 10 pies* respectively in the year preceding.

6. The Commissioner of Income-tax inspected only four out of eight Deputy Commissioner's Offices and the Deputy Commissioners are reported to have inspected all Income-tax Offices in their jurisdiction.

7. Government note that, on the whole, the administration of the Department during the year under review was satisfactory.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

Working of the Civil Veterinary Department for the year 1931-32.

READ—

Letter No. Per. 44 of 32-33, dated 22nd September 1932, from the Director of Agriculture, submitting the Administration Report of the Civil Veterinary Department for the year 1931-32.

ORDER NO. D. 2665-2713—C. V. 28-32-3, DATED BANGALORE, THE 14TH DECEMBER 1932.

Recorded.

2. *Administration.*—Major R. W. Simpson having retired on 22nd July 1931, Mr. K. Krishnaiengar was in charge of the Department during the rest of the year under report.

3. *Contagious Diseases.*—Government note with satisfaction that the mortality from Rinderpest was, during the year under report, only 1,201 the lowest on record and that the intensive campaign of serum simultaneous inoculations carried out during the past few years has contributed largely to this result.

The number of outbreaks of Black-quarter has been slightly larger during the year than in the previous year notwithstanding the protection given to a large number of animals during the year, the number inoculated against Black-quarter being reported to be 53,215 against 53,160 in the previous year.

The recorded mortality among cattle from contagious diseases excluding Rinderpest was 14,422 as against 18,306 in the preceding year.

It is reported that the cattle mortality returns are not being promptly sent by the Village Officers. Government trust that the Deputy Commissioners of Districts will take necessary action to impress upon the Village Officers, the importance of greater promptness on their part in this matter and report the action taken for the information of Government.

4. *Veterinary Dispensaries.*—The total number of Veterinary Institutions in the State remained the same, *viz.*, 60 as in the last year.

5. *Tours.*—The Veterinary staff treated during their tours 31,352 cases, castrated 33,065 animals, performed 1,320 operations as against 39,903, 43,504, 1,018 respectively during the past year. Systematic touring should be insisted upon as far as possible.

6. *Breeding Bulls.*—The system of maintaining breeding bulls in Veterinary Hospitals and Dispensaries was discontinued during the year. A report of the results of the scheme said to have been undertaken in the Kolar District for carrying on, as an experimental measure, an intensive programme for the castration of undesirable scrub bulls will be awaited.

7. *Jutka Ponies.*—The inspection of jutka ponies was conducted in parts of the State where there is regular service. The Inspector-General of Police is requested to issue suitable instructions to the Officers of the Police Department to co-operate with the Veterinary Department in enforcing the regulation for prevention of cruelty to animals.

8. *Scientific Section.*—The manufacture of sheep-pox vaccine, anthrax serum and vaccine and rinderpest goat virus was transferred to the Serum Institute.

9. *Miscellaneous.*—Eighty-six cattle fairs were held during the year and the departmental staff attended 84 fairs. In all the fairs, temporary Veterinary Dispensaries were opened and castration demonstrations were also held. The rules and regulations framed by the Special Live Stock Committee for the systematic organisation and management of cattle fairs are under the consideration of Government. The staff attended 10 out of 12 conferences held by the Village Panchayets. The Fourth Annual Conference of the Mysore Veterinary Medical Association was held during May 1932, under the presidency of S. P. Rajagopalachari, Esq., B.A., B.L., Revenue Commissioner in Mysore.

10. *Conclusion.*—The work of the Department was satisfactory.

S. ABDUL WAJID,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

Preference to qualified Depressed Class Candidates.

READ—

Government Order No. 6475-6624—C. R. B. 14-31-2, dated 16th June 1932, issuing revised instructions in the matter of the preference to be shown to the Depressed Class Candidates in filling up vacancies in Government Offices.

2. The marginally noted resolution passed by the Central Recruitment Board at their meeting held on the 15th November 1932.

Pending the decision of Government on the proposals of the Central Recruitment Board in respect of a system of communal rotation, qualified candidates of the Depressed Classes may be shown some preference at the discretion of the Chairman of the Central Recruitment Board.

ORDER No. 3630-3729—C. R. B. 21-32-1, DATED BANGALORE, THE 10TH DECEMBER 1932.

Government are pleased to approve the resolution of the Central Recruitment Board.

BANGALORE, THURSDAY, JANUARY 7, 1932.

PART III--Section 1.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. P. 3589—*Cts.* 72-31-4, *dated* 31*st December* 1931.

The Village Court established at Kadagathur Village, Madhugiri Taluk, under Government Notification No. J. 822—Cts. 110-13-23, dated 18th September 1914, is hereby abolished.

No. P. 3620—*Pol.* 1-31-9, *dated* 4*th January* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to designate under Rule 23 (4) of the Mysore Arms Rules 1926, the following Officer of the Palace Department as a person to whom no fee is chargeable for a license in Form IX in respect of the Arms and Ammunition noted against his name :—

Department	Officer designated	Arms and Ammunition
Palace ...	Mr. J. T. Turner, Tutor to Prince Jaya Chamaraja Wadiyar.	(1) One double barrelled Shot Gun (2) One 12 bore D. B. Rifle (3) One 375 Magagine Mana liches schonaner rifle. (4) One Army Revolver

No. P. 3650—*Legis.* 48-31-2, *dated* 4*th January* 1932.

In exercise of the powers conferred by section 259 of Act X of 1865 (The Indian Succession Act) and Section 79 of Regulation VI of 1914 (The Probate and Administration Regulation) the Government of His Highness the Maharaja are pleased to make with effect from 1st January 1932 the following rules for the preservation and inspection of wills filed in the Courts of District Judges or District Delegates :—

1. Every original will filed in the Court of a District Judge for the purpose of an application for grant of a probate or Letters of Administration with the will annexed shall, except as hereinafter provided, remain in the custody of the Chief Ministerial Officer of the Court in which it has been filed, and shall be preserved by him in the manner hereinafter mentioned; Provided that it shall be lawful for a District Judge, upon a requisition from any Court for the production of an original will in a case pending in such Court, to forward the will in a sealed packet in the custody of a responsible officer to such Court for poduction in the pending case. The officer to whom an original will is so entrusted shall deliver the sealed packet containing the same to the presiding judge of such Court, and the presiding Judge shall thereupon take all needful precautions for the safe custody and preservation of the will until he has returned the same in a sealed packet to the officer to whom it was entrusted for production, who shall deliver the sealed packet to the District Judge in whose Court the will was filed for the purposes of the application for the grant of probate or Letters of Administration. No District Judge shall comply with any requisition for the production of a will except on receipt of a sum sufficient to cover all necessary expenses.

2. When any original will is filed for the purpose of an application for the grant of probate or Letters of Administration, the Chief Ministerial Officer of the Court shall endorse upon it a serial number and a reference to the application and shall cause a copy of the will to be made, and after the copy has been examined by the Chief Ministerial Officer and found by him to be a true copy, the said officer shall certify the copy to be a true copy, and shall place with the record the copy so certified and the will shall thereupon be placed in a sealed cover (to be sealed in the presence of the District Judge) and the sealed cover containing the will shall be locked up in a fire-proof box, which shall be kept in the sole charge of the Chief Ministerial Officer. The key of the box shall also be in the sole charge of the Chief Ministerial Officer who will be held responsible for the safe custody of the box and its contents.

3. No original will, after being placed in the fire-proof box shall be removed therefrom except under an order in writing of the District Judge made for the purpose of—

(*a*) Complying with a requisition within the meaning of the proviso to Rule 1.

(*b*) its being produced in Court on the hearing of the application for the purpose of which it was filed, or on the hearing of an application for the revocation of a grant of probate or Letters of Administration with the will annexed, or on the hearing of a case in the District Judge's Court in which it is necessary to put such will in evidence;

(*c*) its being copied; or

(*d*) an inspection of such will.

4. A special annual register (to be maintained for each calendar year) of wills filed for the purposes of applications for the grant of probate or Letters of Administration with the will annexed shall be kept in English by each District Judge in duplicate in Form 1 to these Rules, and shall bear the heading "Register of wills filed in applications for the grant of probate or Letters of Administration with the will annexed".

5. In the register mentioned in Rule 4 shall be entered the particulars indicated by the headings of columns.

An alphabetical index in duplicate in Form II to these rules shall be prepared to the entries in the register and a copy of such index shall be attached to each register.

6. The District Judge may, upon an application in writing, for inspection of the register and/or of any will mentioned in such register, make an order permitting the inspection of the same; Provided that no such order shall be made unless in such application are set forth the names, residences and occupations of the applicant and of the person or persons, if any, to be present on his behalf at the inspection, and the reasons for which an order of inspection is desired, and in the case of an application for the inspection of an original will unless the application be accompanied by a court-fee stamp of Re. 1 under Rule 11 (1).

7. The order for inspection shall state the date on which the inspection may be had. No inspection shall be allowed under these rules except between the hours of 11 A.M. and 3 P.M. or otherwise than in the presence of the District Judge or of the Chief Ministerial Officer of his Court as the District Judge shall direct. No person inspecting a will under these rules shall be permitted during the inspection to have in his possession or have access to a pen and ink, or to write anything whatsoever, or to make any erasure or mark in the register or on the will, but a person so inspecting may be permitted to make notes in pencil on a separate paper.

8. Every copy of an original will shall be made in presence of the District Judge or the Chief Ministerial Officer of the Court as the District Judge may direct.

9. Application for a copy of an original will shall be submitted to the Judge and such copy shall only be granted subject to the conditions which attach to the inspection of original wills.

10. In these rules District Judge shall include District Delegate.

11. The following fees shall be levied in Court-fee stamps for the inspection of wills, etc.—

(i) For the inspection of an original will, Court-fee stamp of the value of one rupee.

(ii) For the inspection of a copy of a will in the Register, Court-fee stamp of the value of eight annas.

(iii) For copies, the same fee as for inspection, in addition to the copying charges, which shall be at the usual rate obtaining in the Civil Courts, and shall be levied in the same way as such charges are levied in the Civil Courts.

By Order,

N. MADHAVA RAO,
Chief Secretary to Government.

OFFICE OF THE *EX-OFFICIO* SECRETARY, MYSORE LEGISLATIVE COUNCIL, BANGALORE.

ABSTRACT OF THE PROCEEDINGS OF THE 23RD MEETING OF THE MYSORE LEGISLATIVE COUNCIL.—DECEMBER SESSION.—10TH TO 15TH DECEMBER 1931.

No. Rl. 2767—*L. C., dated 2nd January* 1932.

The twenty-third meeting of the Legislative Council commenced in the New Council Hall, Public Offices, Bangalore, on the 10th December 1931, and its deliberations lasted for five days. Rajakaryaprasakta Diwan Bhadur M. N. Krishna Rao occupied the President's Chair. All the members were present except Mr. O. V. Rajagopaul and Dr. D. S. Ramachandra Rao.

1. *New Members sworn in.*

The following new members took their seats after taking the prescribed oath of allegiance to His Highness the Maharaja :—

1. Mr. S. H. Dennis
2. ,, H. V. Ramasvami
3. ,, B. T. Kesaviengar
4. Dr. J. V. Karve
5. Mr. S. Srinivasa Aiyar

2. *Secretary's Report.*

The Secretary reported to the House that the following Regulations had received the assent of His Highness the Maharaja on the dates specified against them :—

1. A Regulation further to amend the Mysore Income-tax Regulation, 1923 ... ... 23rd June 1931.
2. A Regulation further to amend the Mysore Tank Panchayet Regulation, 1911 ... ... 30th June 1931.
3. A Regulation to amend the Mysore Motor Vehicles Regulation, 1928 ... ... 1st July 1931.

3. *Questions and Answers.*

There were 187 questions on the agenda and in respect of 160 of them, printed answers were furnished to the members. The total number of questions that were actually put and answered was 46 and supplementary questions were answered on many of them.

4. *Election of Members to the Committee on Public Accounts.*

Fourteen candidates stood for election to the Committee on Public Accounts for the year 1931-32 and the following who obtained the largest number of votes were declared duly elected :—

Mr. V. Venkatappa.
,, D. H. Chandrasekharaiya, B.A., LL.B.
,, H. B. Gundappa, B.A., B.L.
,, H. Siddaiya, B.A., LL.B.

5. *Bills.*

There were 14 legislative measures before the House. Of these, four bills were finally passed, *viz.*, the Bill for the Registration of Medical Practitioners in Mysore, the Bill further to amend the Mysore Municipal Regulation, 1906, the Bill further to amend the Mysore Village Panchayet Regulation, 1926, and the Bill to amend the Mysore Land Record of Rights Regulation, 1927. The following five bills were read and referred to Select Committees :—

1. Bill to amend the Mysore District Board Regulation, 1926.
2. Bill to define and amend the law relating to the Sale of Goods.
3. Bill to amend the Indian Contract Act, 1872, as in force in Mysore.
4. Bill to amend the Hindu Law as to the Rights of Women.
5. Bill further to amend the Mysore Forest Regulation, 1900.

The Bill further to amend the Mysore Motor Vehicles Regulation, 1928, was read in Council and taken into consideration at once without being referred to a Select Committee and it was resolved that the bill be passed at a subsequent meeting of the Council.

The Report of the Select Committee to which the Mysore Irrigation Bill had been referred was presented to the Council, and after consideration of the same and also of some amendments proposed by the Government and certain non-official members, the passing of the amended Bill was deferred to a subsequent meeting.

Leave was granted for the introduction of three new Bills, the first to make better provision for the administration of Town Municipalities, the second of City Municipalities and the third of Minor Municipalities.

It was reported to the Council that a petition received from the President of the Mysore District Automobile Association, Mysore, protesting against the proposed enhancement of road cess did not relate to any matter actually under the consideration of the House and the petition was thereupon rejected by the Council.

6. *Demands for additional and supplementary grants for* 1931-32.

Demand for supplementary or additional grants of the aggregate amount of Rs. 23,88,421 under three heads of account were placed before the Council on the third and fourth days. Twenty-five cut motions were tabled for discussion. Some of them were moved and lost when put to vote. Others were withdrawn after the objections raised were answered. All the demands were finally passed.

7. *Adjournment Motions.*

On the fourth day of the Session, notice of an adjournment motion was given, the object being to discuss the situation created by the Government Order dated 24th November 1931, regarding the collection of land revenue assessment in certain villages in the Shikarpur Taluk and on the fifth day, another adjournment motion was proposed with the object of discussing the serious allegations made against the Police by the non-Official Committee which enquired into the Benny Mill Disturbances. Both motions were disallowed by the President under the rules.

8. *Resolutions.*

The resolutions on the agenda numbered 78, but only five were taken up on the last day of the Session. The first resolution related to the permanent reduction on a progressive scale in the salaries of all Government Officers drawing more than one hundrerd rupees per month. The resolution was put to vote after discussion and lost.

The second, third and fourth resolutions related to the same matter, *viz.*, the formation of a mixed Committee of Officials and non-Officials to exhaustively enquire into the various aspects regarding the abolition of the hereditary Shanbhogi system and its substitution by salaried Shanbhogs. On the suggestion of the Government that the proposed change might be usefully considered after the Record of Rights system was introduced, the resolution was withdrawn by the mover.

The last resolution discussed was in connection with the action to be taken by Government in the matter of constructing houses for factory labourers in the cities of Mysore and Bangalore. It was stated on behalf of Government that the problem was under their consideration and the resolution was accepted by Government with a slight verbal alteration.

The Council thereupon adjourned *sine die.*

By Order,
C. SUBRAHMANYA AIYAR,
Ex-officio *Secretary,*
Mysore Legislative Council.

ELECTRICAL SECRETARIAT.

No. 794, *dated* 28*th December* 1931.

The period of appointment of Mr. T. Rangaswamy as Special Officer in the Electrica- Department ordered till the end of December 1931 in Notification No. E. D. S. 244-52 dated the 19th August 1931, is hereby extended by six months, *i.e.*, till the close of the current official year.

2. During this period Mr. Rangaswamy will in addition to his present work of popularisation of the use of electric power in rural areas for irrigation and industrial purposes attend to intensive canvassing in the Cities and Towns for use of electric power for lighting and power purposes and to the study of the working of the existing electrically driven irrigation pumps, etc.

By Order,
S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*
Electrical Department.

GENERAL SECRETARIAT.

No. L. 4513—*V. P.* 14-31-47, *dated* 21*st December* 1931.

Under section 6 of the Land Acquisition Regulation No. VII of 1894, it is hereby declared that the lands described hereunder are required for a public purpose, *viz.*, for extension of Bettathavarekere, and under sections 7 and 3 (*c*) of the said Regulation, the Assistant Commissioner in charge of Tarikere Revenue Sub-Division, is authorised to take order for the acquisition of the said lands.

No. 1006-10—*K.* [illegible] *dated* 22*nd* *December* 1931.

Whereas it appears to the Government of His Highness the Maharaja of Mysore that the undermentioned lands, situated in Ganadal village, Mand[illegible] Mysore District, are needed for a public purpose, *viz.*, for the Agricultural Farm. Notice to that effect is hereby given to all whom it may concern, in accordance with the provisions of section 4 (1) of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. of I 1927 and the Government hereby authorise the Assistant Commissioner in charge of Mandya Sub-Division to exercise the powers conferred by Section 4 (2) of the Regulation. Under sub-section (4) of section 17 of the Land Acquisition Regulation of 1894, as amended by Regulation No. I of 1927, the Government direct that, in view of the urgency of the case, the provisions of section 5-a of the Regulation shall not apply to the acquisition of the lands noted below.

Madhava Rao, B.A., B.L., Chief Secretary to Government as an official member of the Mysore Legislative Council *vice* Mr. H. V. Ramasvami, M.A., B.L., resigned.

No. 3028—*P. P.* 74-31-1, *dated* 26*th January* 1932.

The following notification issued by the Government of India explaining their policy in dealing with the Civil Disobedience Movement is published for general information.

By Order,

N. MADHAVA RAO,

Chief Secretary to Government.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

NOTIFICATION.

POLITICAL.

New Delhi, the 4th January 1932.

No. F.-33/XXIV/31-Political.—The following Statement by the Governor-General in Council is published for general information :—

STATEMENT.

The Government of India desire at the present crisis to place before the public the issues raised by the attitude of Congress and their declared intention to launch a general campaign of civil disobedience. It is the policy of His Majesty's Government and the Government of India to secure, in the framing of a constitution for India, the maximum co-operation and agreement of all parties and interests in England and in India, and it was with this object that the procedure by Conference was adopted. In December 1929 the Congress deliberately rejected this method in favour of the barren road of no-co-operation, and a few months later they initiated the campaign of civil disobedience. The consequent loss of life and property and the damage caused to business and trade, are fresh in the memory of the public. The movement continued until the beginning of March 1931, by which time, owing partly to the measures taken to meet it and partly to the steadily decreasing support of the public, it had ceased to be a cause of anxiety to Government. In the meantime, the Prime Minister had made his declaration of the 19th of January 1931, and the Government of India, with the approval of His Majesty's Government, decided to make a further effort to secure the co-operation of the Congress in bringing to fruition the policy which he had announced. The result was the Delhi Settlement of March 5, 1931. The primary object of that Settlement was to give to Congress the opportunity of participation in the further discussions of the Round Table Conference, and through the anxious months that followed the Government of India kept that purpose steadfastly in view. They and the local Governments scrupulously observed the terms of the Settlement, and spared no effort to surmount the difficulties which the activities of Congress continuously placed in the way of the establishment of peaceful conditions. Some of those difficulties have been described in the statements issued by the Government of the United Provinces, on the 14th December 1931 and by the Chief Commissioner of the North-West Frontier Province on the 24th and 30th of December 1931, but they were not confined to those provinces. They were evident in varying degrees in every province and the Government of India have on record many instances of specific breaches of the Delhi Settlement. It is, however, more to the general trend of Congress policy than to individual cases that they now wish to refer. Within a few days of the Delhi Settlement, two features became manifest, and have since been continuously in evidence. The first was the organised attempt to utilise the Settlement as a means of preparation for a further conflict. The second was the exploitation of the Settlement for the purpose of adding to the prestige of Congress, and of securing for them and its members a position of privilege, not enjoyed by any other organization or by members of the general public. Preparations for a renewal of civil disobedience have been openly carried on. Their excuse has been the assumed futility of the Round Table Conference and the bad faith of British statesmen. Allegations to this effect have continuously been made by the Congress press and by responsible Congress leaders. There has been no disposition to await events or to show a spirit of confidence without which true co-operation was impossible. Behind the screen of distrust so created, the Congress have conducted preparations for a new campaign. They have laid particular stress on the consolidation of their position in rural areas, and in every province they have missed no opportunity to exploit the economic situation for that

purpose. They have extended their volunteer organizations, and in the North-West Frontier Province they raised through Abdul Ghaffar Khan (who was recongised by the All-India Congress Committee as the leader of the Congress movement in that province) a very large body of men who were trained in expectation of a struggle with Government. The dangers of this "war mentality" were evident to Government, and Congress could not have been ignorant of them. They were, in fact, brought to the notice of Mr. Gandhi on several occasions, and, in particular, the menace to the Delhi Settlement, involved in the Red Shirt movement in the North-West Frontier Province and the agrarian agitation in the United Provinces, were strongly represented to him. While the Round Table Conference was still in session, a no-rent campaign was started in the United Provinces. A little later, preparations for a conflict in the North-West Frontier Province were so intensified as to create a situation of grave danger, to meet which Government were compelled to abandon the policy of forbearance which they had hitherto pursued.

The exploitation of the Settlement for the purpose of securing to the Congress a privileged position has taken various forms. During the months that followed the Delhi Settlement, the Government of India had persistently to contest claims, the acceptance of which would have involved one or other of the following consequences:—

(*a*) Fettering their own discretion and that of local Governments in the discharge of their responsibilities for the maintenance of law and order.

(*b*) Placing members of the Congress who offended against the law in a favourable position in camparison with other members of the public in similar circumstances.

(*c*) The recognition of Congress as a body whose advice must be accepted in matters relating to land revenue and rent.

(*d*) Generally, the acceptance of the principle that the Settlement of March 5th, gave to Congress a status which entitled it to more favourable treatment than is accorded by Government to any other association—political or otherwise, and constituted it an intermediary between the Government and the people.

Side by side with this intervention in the administration of the country, the Congress have in various ways interfered with private liberty and the freedom of trade. Under the guise of peaceful persuasion, they have employed the methods of intimidation and coercion to impose on individuals and concerns an intolerable system of tyranny.

2. In their determination to assist towards the peaceful solution of constitutional problems, the Government of India showed deliberate forbearance towards Congress activities. They refrained from denouncing the Delhi Settlement, although justification for such a course was given on many occasions, and they persisted with success in their endeavours to obtain a *modus vivendi* which would enable Mr. Gandhi to attend the Round Table Conference. In the Statement delivered on the 1st of December last, the Prime Minister renewed the pledges he had given in the previous January. In one direction he made an important advance. He gave an assurance that, with due regard to the necessary requirements of the Frontier, the North-West Frontier Province would be constituted a Governor's Province of the same status as other Governors' Provinces, and he further announced that, pending the introduction of the new constitution in other provinces, necessary steps would be taken, as soon as may be, to apply to the Province the provisions of the present Government of India Act relating to Governors' Provinces. This declaration was made with the full support of the Government of India and is an earnest of the good faith with which they have approached and will continue to approach the question of constitutional advance. A few days after the declaration of the Prime Minister, Parliament by an overwhelming majority accepted the policy which the National Government had announced. Among other commitments, was the undertaking to expedite the scheme of constitutional advance, and to this end to set up various Committees to deal with specific aspects of the problem. In pusurance of this pledge, the Committees are now in course of constitution and the representatives of British parties will sail for India on January 15th. The Government of India, on their part, are doing all that is possible to push forward the work. In particular, they are taking steps which, they believe, will secure for the North-West Frontier Province within a few months the present status of a Governor's Province.

3. The position when Mr. Gandhi returned to India was thus briefly as follows:—His Majesty's Government and Parliament were committed to a scheme of constitutional reform which had been accepted as reasonable by the great majority of Delegates to the Round Table Conference. They had further given an undertaking that they would make every effort to overcome as quickly as possible the practical difficulties in the way of its immediate realisation and, in pursuance of this, they had set up the machinery by which some of those difficulties can be solved. The Government of India were pledged to assist and expedite the work by all means in their power. Mr. Gandhi had given no clear indication of whether he or the Congress, whom he represented, were willing to co-operate in the fulfilment of the

scheme of His Majesty's Government. In the meantime, Congress had precipitated a conflict with Government in the United Provinces and in the North-West Frontier Province, and proposals had been initiated to start a campaign elsewhere for the boycott of British goods and institutions. The main issue before Government was whether Congress were prepared or not to co-operate in further constitutional discussions; and it was essential to ascertain their attitude and that of Mr. Gandhi towards this fundamental question. It was plain that there could be no co-operation in any accepted sense of the term so long as activities in the United Provinces and the North-West Frontier Province continued. It was also clear that there could be no co-operation under a continuous menace of the renewal of civil disobedience. The telegram of Mr. Gandhi of the 1st of January and the resolutions of the Working Committee of Congress passed under his advice have left no doubt on this issue. Under the specific threat of a general renewal of civil disobedience, the programme of which has been announced, the Government of India have been asked to accept condtions which would make Mr. Gandhi the arbiter of measures necessary for the maintenance of law and order, and which would leave Congress free to pursue their subversive activities as seemed fit to them. The measure of the co-operation which Congress would extend in return for the acceptance of these conditions is indicated by the announcement of the Working Committee. They have pronounced the declaration of the Prime Minister to be wholly unsatisfactory and inadequate in terms of the Congress demands, and they have demanded that if their co-operation b. accepted, free scope be given to them to prosecute their claim to complete independence There was clearly no alternative left to the Government of India but to reject these demands and to take all measures that were necessary to meet the campaign of civil disobedience.

4. Mr. Gandhi has stated as part of his creed that civil disobedience is not only the natural right of the people, especially when they have no effective voice in their own Government, but that it is also an effective substitute for violence or armed rebellion. Experience has proved time and again that in this country civil disobedience cannot be carried on without violence and Mr. Gandhi himself has spoken of the sacrifice of a million lives. The civil disobedience as conceived and as practiced by Congress is to paralyse the administration, and to inflict the maximum of harm on Government, regardless of the loss it may entail to private individuals. It is opposed to all constitutional principles and if it achieved its object, it would make any form of Government impossible. In using their full resources against it the Government of India are, therefore, fighting the battle, not only of the present Government, but of the governments of the future. It is particularly incumbent upon them at the present juncture to oppose with their full power a movement which would make constitutional advance impossible. It is their duty to hand over to the new order a working administration, and to this end to resist, with all their might, forces which would create a state of anarchy and chaos. The peaceful progress of India depends on the maintenance of the authority of Government and of respect for the law whatever that Government may be, and the present Government of India would fail lamentably in their obligations to their successors if, during a period of transition, they allowed this fundamental principal to go by default, or were content to permit the usurpation of their functions by any political organization.

An issue of hardly less importance is whether a political organization is to be allowed by lawless means to impose its will on the public, large sections of which deny its authority and oppose its pretensions. Government would fail in their duty were they to countenance the claims of Congress to control and domination, or permit them, in effect, to assume the position of a parallel government.

5. The issues before the country are plain. On the one side, there is a body to which has twice been offered an opportunity, without precedent, of assisting towards the political advancement of the country. It has twice rejected the offer and has twice chosen to follow the path of destruction rather than of constructive effort. It is determined to inflict untold harm on the country in the pursuit of a position of domination which whole classes of the people will not accept. It persists in methods which, if successful, would uproot the foundations of all government, and would render impossible any system of orderly administration now and in the future.

On the other side, there is the opportunity of co-operation in the great work of constitutional reform to which His Majesty's Government and Parliament are pledged. The Government of India are equally pledged to press forward the work, and this they will do undeterred by the threats of Congress. While they will take every measure that is necessary for the suppression of a lawless movement and for the protection of public and private liberty they will also spare no effort to bring to completion the policy of His Majesty's Government.

In this task they appeal for the co-operation of all who have at heart the peace and happiness of the people of India and who, rejecting the methods of revolution, desire to follow to its certain goal the path of constitutional advance.

H. W. EMERSON,
Secretary to the Government of India.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

No. G. 5912—*Ft.* 30-31-16, *dated* 21*st January* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 31 of the Mysore Forest Regulation (XI of 1900), that the area, the boundaries of which are described in the following Schedule is constituted a Village Forest under the provisions of the said Regulation.

The management of the Forest will vest in the Village Panchayet of Kodadvadi under Section 22 of the Village Panchayet Regulation.

Schedule.

District	Taluk	Hobli	Village	Survey No. and class	Area	Situation
Kolar ..	Chintamani ..	Kasaba ..	Kodadvad. ..	19 Gomal part.	A. g. 126 33	This is situated at a distance of about six miles east to Chintamani Town just on the road side of Chintamani-Srinivaspur Road.

Boundaries.

North—Survey Nos. 39, 40 and 42 of Dodnatta Village and A. B. C. blocks disposed of for cultivation out of the same number.

East.—Survey No. 18 of Alambagiri village of Srinivaspur Taluk.

South.—Survey No. 18 of Alambagiri, Survey No. 20 of Kodadvadi village and Bangalore-Kolar Road.

West.—Kayamgutta Brammangudda village boundary.

Note.—The cart-track in Survey No. 19 (Gomal will be left open to the public throughout the year).

No. G. 5915—*Ft.* 166-31-2, *dated* 21*st January* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 4 of the Mysore Forest Regulation (XI of 1900), that it is proposed to constitute the area, the boundaries of which are described in the schedule below, a State Forest, under the provisions of the said Regulation.

2. The Government of His Highness the Maharaja of Mysore are further pleased, under clause (*c*) of the said section, to appoint the Sub-Division Officer, Madhugiri Sub-Division, to be the Forest Settlement Officer, who shall inquire into and determine the existance, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land,

and to deal with the same as provided in Chapter II of the said Regulation and the District Forest Officer of the Tumkur District, for the time being, to attend on behalf of Government to assist the Forest Settlement Officer in the inquiry.

3. The Government of His Highness the Maharaja of Mysore, are further pleased, under the authority vested in them by Section 15 of the said Regulation, to appoint the Deputy Commissioner of the Tumkur District, for the time being, to be the Officer of the Revenue Department who shall hear appeals from the orders of the Forest Settlement Officer under Sections 10, 11, 12, 13 or 14, of the Regulation.

Schedule.

District	Taluk	Hobli	Name of Village	Area in acres		Name of Block	Situation
				A.	g.		
Tumkur	Madhugiri	Kasaba	Cholenahalli ...	260	23	Janakal Block	Situated on the 23rd mile of Madhugiri-Tumkur road, three miles from Madhugiri.
			Chinakavajra ..	775	39		
			Harihara Roppa ...	53	28		
			Settihalli ...	534	39		
			Veeranagenahalli ...	179	31		
			Total ...	1805	0 acres or 2·9 sq. miles.		

Boundaries.

North.—Starting from a point on the common boundary between Guruvaderahalli and Cholenahalli at a distance of five chains east from the north-east corner of Survey No. 53 of Cholenahalli village, the line runs south-east along the southern boundaries of Guruvaderahalli and Jodi Inam Gramapalya village till it meets the trijunction bondhs of Jodi Inam Gramapalya, Khayamgutta Veeranahalli and Chinakavajra villages. Then the line runs south-west and south along the common boundary between Khayamgutta Veeranahalli and Chinakavajra villages till it meets the trijunction bondhs of Khayamgutta Veeranahalli, Chinakavajra and Settihalli villages. Then the line turns east and runs along the common boundary between Khayamgutta Veeranahalli and Settihalli villages till it meets the north-western corner of Survey No. 51 of the last named village.

East.—The line then turns south-west and passes through Survey No. 49 of Settihalli village and meets the common boundary between Survey Nos. 49 and 46 at a point 10 chains due west of the south-western corner of Survey No. 21 of the said village. The line then turns south and passes through Survey No. 46 of the above named village to a point five chains west of the south-western corner of Survey No. 79 of the said village. The line then turns south-east and runs through Survey No. 46 of Settihalli village and 10 of Veeranagenahalli village to a point which is five chains north-west of the north-western corner of Survey No. 5 of Veeranagenahalli village.

South.—Then the line turns west and runs through Survey No. 10 of Veeranagenahalli village till it meets a point of five chains north-east of the north-eastern corner of Survey No. 16 of the above named village. Then the line turns north and runs through Survey No. 10 of Veeranagenahalli village and 46 of Settihalli village to a point of 10 chains east of the north-eastern corner of Survey No. 86 of Chinakavajra village. The line then turns east and runs through Survey No. 46 of Settihalli village to a point of 10 chains south-east of the south-eastern corner of Survey No. 48 of the said village. The line then runs north and runs through Survey Nos. 46 and 49 of the said village to a point 10 chains north-east of the north-eastern corner of Survey No. 48 of Settihalli village. Then the line runs north-west through Survey No. 49 of Settihalli and Survey No. 73 of Chinakavajra to a point of 5 chains north-west of the north-western corner of Survey No. 84 of Chinakavajra village. The line then turns south-west and runs through Survey No. 73 and 71 of the above named village to a point of 5 chains north of the north-eastern corner of Survey No. 93 of the said village. Then the line runs west through Survey No. 71 of Chinakavajra village to a point of five chains north-west of the north-western corner of Survey No. 93 of the said village. The line then turns south and runs through Survey No. 71 to a point five chains north-west of the north-west corner of Survey No. 105 of the said village. The line then runs north-west and runs through Survey No. 71 to a point five chains east of the north-eastern corner of Survey No. 69 of the above village.

West.—The line then turns north-east and runs through Survey Nos. 71 and 73 to a point 20 chains north-east of the north-eastern corner of Survey No. 193 of Chinakavajra village. Then the line turns west and runs through Survey No. 73 to a point on the common boundary line between Survey Nos. 66 and 73 of Chinakavajra village five chains north-east of the north-eastern corner of Survey No. 67 of the same village. Then the line follows the above mentioned common boundary line till it meets the south-east corner of Survey No. 23 of Harihar Roppa. The line then follows the eastern boundary of Survey No. 23 of the above village till it meets its north-east corner. Then the line runs through Survey No. 22 of Harihara Roppa village and Survey No. 64 of Cholenahalli village till it meets the southern-most corner of Survey No. 62 of Cholenahalli village. The line then follows the south-east boundary of Survey No. 62 till it meets its eastern-most corner. Then the line turns north and runs through Survey No. 64 of Cholenahalli village to the starting point.

No. G. 5918—*Ft.* 165-31-2, *dated* 21*st January* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of section 4 of the Mysore Forest Regulation (XI of 1900), that it is proposed to constitute the area, the boundaries of which are described in the schedule below, a State Forest, under the provisions of the said Regulation.

2. The Government of His Highness the Maharaja of Mysore are further pleased, under clause (c) of the said section, to appoint the Sub-Division Officer, Madhugiri Sub-Division, to be the Forest Settlement Officer, who shall inquire into and determine the existance, nature and extent of any rights claimed by, or alleged to exist in favour of any person in or over land comprised within such limits, or to any forest produce of such land, and to deal with the same as provided in Chapter II of the said Regulation, and the District Forest Officer of the Tumkur District, for the time being, to attend on behalf of Government to assist the Forest Settlement Officer in the inquiry.

3. The Government of His Highness the Maharaja of Mysore, are further pleased, under the authority vested in them by section 15 of the said Regulation, to appoint the Deputy Commissioner of the Tumkur District, for the time being, to be the Officer of the Revenue Department who shall hear appeals from the orders of the Forest Settlement Officer under sections 10, 11, 12, 13 or 14 of the Regulation.

Schedule.

District	Taluk	Hobli	Name of village	Area in acres		Name of Block	Situation
				A.	g.		
Tumkur ..	Madhugiri..	Midagesi ..	Midagesi	441	10	Midagesi Block	Situated in proximity of the Madhugiri-Pavagada High Road, ½ mile from Midagesi.
			Kasapura	37	0		
			Chinnenahalli	100	0		
			Bramhadevarahalli Kaval ..	200	35		
			Katrajanahalli	15	35		
			Total ..	795	0		
				or 1·24 Sq. miles			

Boundaries.

North.—Starting from a point on the eastern boundary of Survey No. 44 of Kasapur village, 5 chains south of south-western corner of Survey No. 30 of the same village, the line runs east through Survey No. 29 of Kasapura to a point on the common boundary between Survey Nos. 28 and 29 which is 7 chains south-east from south-eastern corner of Survey No. 31 of the same village. The line then runs north through Survey No. 28 to a point 7 chains south-east from the south-western corner of Survey No. 27 of the same village. The line then turns east and runs through Survey No. 28 to a point 7 chains south-west from the south-eastern corner of Survey No. 27 of Kasapur village. The line then runs south-west through Survey No. 28 to a point 7 chains south-west of the south-western corner of survey No. 76 of Midagesi village. The line then turns east and runs through Survey No. 28 of Kasapur and 74 of Midagesi to a point 7 chains south-west of the south-eastern corner of Survey No. 76 of Midagesi. The line then turns south and runs to a point 6 chains south-west of south-western corner of Survey No. 75 of Midagesi. The line then runs east through Survey Nos. 65 and 74 to a point 6 chains south-east of the south-eastern corner of Survey No. 75 of Midagesi. The line then runs north through Survey No. 72 to a point 5 chains east of the north-eastern corner of Survey No. 77 of Midagesi. The line then runs north-east through the same survey number to a point 5 chains south of the eastern-most corner of Survey No. 78. The line then runs east through the same Survey No. 72 to a point 7 chains south-west of the north-western corner of Survey No. 71 of Midagesi.

East.—The line then runs south through Survey No. 72 of Midagesi to a point 5 chains west of the south-western corner of Survey No. 71 of Midagesi. It then runs south-west through the same Survey No. 72 to a point on the common boundary between Survey Nos. 72 and 68 of Midagesi, 7 chains south-west of the south-western corner of Survey No. 69 of Midagesi. It then runs south through Survey Nos. 68 and 63 of Midagesi to a point 6 chains north-west of the south-western corner of Survey No. 55 of Midagesi. It then runs west through Survey No. 66 to a point 6 chains north-west of the north-western corner of Survey No. 58 of Midagesi. It turns south-west through Survey Nos. 66 and 35 to a point 5 chains west of the south-western corner of Survey No. 59 of Midagesi. It then runs south-east through Survey No. 65 of Midagesi to a point on the common boundary between Midagesi and Chinnenahalli 8 chains south-west from the south-west corner of Survey No. 63 of Midagesi village. G. KIRKBRIDE, CAPTAIN,
Secretary to the Chief Commissioner.

No. G. 6019—*G. M.* 15-31-48, *dated 25th January* 1932.

The accompanying extract from the Press Communique issued by the Government of India, Department of Education, Health and Lands regarding the sailing of pilgrim ships during the next Haj seasons, is published for the information of intending Haj pilgrims from the Mysore State.

By Order,
R. RANGA RAO,
Secretary to Government,
General Department.

Press Communique, dated the 23rd—24th November 1931 *of the Department of Health, Education and Lands of the Government of India, New Delhi.*

At a Meeting of the Standing Committee on Pilgrimage to the Hejaz held at Simla on the 12th and 13th September 1931, the representative of Messrs. Turner, Morrison & Co., Limited, Bombay, promised that his company would announce by the end of November, 1931, at the latest, a ship to sail on an approximate date after Ramzan from each of the three ports of Bombay, Karachi and Calcutta, and would publish as early as possible a provisional programme of sailings of pilgrim ships prior to Ramzan. In accordance with the undertaking given by their representative, the Company have now decided to announce the following probable sailings after the month of Ramzan :—

From Bombay. —S. S. "Khosrou" or other steamer, to sail from Bombay to Jedda direct not later than the 22nd February 1932.

From Karachi.—S. S. "Khosrou" or other steamer to sail from Karachi to Jedda direct not later than the 22nd February 1932.

From Calcutta.—S. S. "Rizwani" or other steamer to sail from Calcutta to Jedda direct not later than the 20th February 1932.

The announcement is provisional. The Company will make every effort to keep to the programme but retain the liberty to make such alterations and adjustments in it as appear necessary.

RAILWAY SECRETARIAT.

Notification No. R. S. 1168 *dated the* 16*th December* 1931.

Under Section 31 of the Mysore Railway Regulation No. IV of 1894, the Government of His Highness the Maharaja of Mysore sanction the adoption, on the Railways over which the Mysore Government have jurisdiction, of the following further amendments to the General Rules for working Open Lines of Railway, published with their Notification No. R. S. 2010, dated 25th January 1930 and direct that the said amendments shall come into force with effect from 1st February 1932.

By order,
A. A. KHAN,
Secretary for Railways,
Government of Mysore.

I.—In part I of the said rules—

(1) In rule 8, in clause (*i*) of sub-rule (*b*) for the word "arms" the word "arm" shall be substituted.

(2) For rule 94 the following rule shall be substituted, namely :—

"94. TIME OF ATTENDANCE OF GUARD AT STATION.—Every Guard shall be in attendance at the station from which his train is to start at such time as may be ordered by the authorised officer."

(3) In rule 143, for clause (1) of sub-rule (*b*) the following clause shall be substituted, namely :

"(1) When a train has stopped at a station and until it starts from that station ;"

(4) In rule 229, in sub-rule (*b*) for the words "shall be locked" the words "shall, subject to approved special instructions, be locked" shall be substituted.

(5) To rule 348 the following sub-rule shall be added, namely :—

"(*C*) (*i*) Electric token or block instruments shall not be brought into use in the first instance at any station until they have been passed by the Government Inspector as being suitable and so installed as to secure the safe working of trains.

(*ii*) The person in charge of the maintenance of electric token or block instruments shall not, without the approval of the Government Inspector, permit the substitution, for the instruments and installation brought into use in the first instance, of any instruments or installation which do or does not satisfy the conditions prescribed in sub-clause (*i*)."

(6) To rule 362 the following proviso shall be added, namely :—

"Provided that, where the distance between two stations or block cabins on a single line is short, and the signals governing the admission of trains into the block section are controlled by track circuits in such a manner that security equal to the provision of token instruments is obtained, the carrying by the Driver of an authority to proceed may, under approved special instructions, be dispensed with."

II.—In part III of the said rules :—

(1) In rule 23 after the word "Factories" the words "or the Air Officer Commanding, Royal Air Force in India" shall be inserted.

(2) For the Schedule the following Schedule shall be substituted, namely :—

THE SCHEDULE—DANGEROUS GOODS.

(See Rules 6, 7, 8, 9, 13, 23 and 26.)

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried	
		General packing regulations		By Goods train	By Mixed or Passenger train
1	2	3	4	5	6
	I.—INFLAMMABLE LIQUIDS. GROUP A. *Liquids, the vapours of which have flashing points below 76° Fahr. (subject to the proviso in section 2 (b) of the Indian Petroleum Act of 1899).*				
1	Amyl alcohol .. Bisulphide of carbon .. Collodion .. .. Ether .. .. Ether Butyric (Ethyl butyrate). Ether Formic (Ethyl formate). Ether (Sulphuric) .. Ethyl (Acetic Ether) .. Fusel oil .. .. Petroleum ether (gasolene)	(A) Packed in stoneware jars or glass-stoppered bottles standing upright in wooden cases filled with chaff or saw-dust mixed with coal-dust, wood-ashes, chalk or sand. A 5 per cent vapour (or air) space to be left in each jar or bottle. Amount limited to one jar or bottle per case. (B) Packed in strong metal cans or drums provided with screw-stoppers and caps soldered on. A 5 per cent vapour (or air) space to be left in each drum. Amount limited to 2 gallons per can and 75 gallons per drum.	The words "*highly inflammable*" must be distinctly marked on each package by the sender.	No restriction as to quantity.	By *mixed* train, no restriction as to quantity but only carried when no *goods* trains are running. Not carried by *passenger* train. NOTE.—These goods may also be carried in steel cylinders under the regulations contained in columns 3, 4 and 5 of serial No. 55, in the rear brake-van of *mixed or passenger trains* subject to a limit of 2 cylinders per van.

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried

	Denatured spirit, ordinary. Denatured spirit, special. Methylated spirit .. Isopropyl Alcohol§ .. Methyl Acetone .. Methyl alcohol .. Naphtha mineral ..	fitted with screwed filling holes and well fitting screw plug and in the case of drums, with outer cap soldered on, or with screw cap, or with other cap with metal-gas-tight under disc. (*ii*) The cans or drums must have the following thickness of metal :— Not less than. (1) When the capacity does not exceed 2 gallons ..27 B. W. G. (2) When the capacity exceeds 2, but does not exceed 4 gallons .. .. 22 B.W.G. (3) When the capacity exceeds 4, but does not exceed 30 gallons .. .. 18 B.W.G. (4) When the capacity exceeds 30, but does not exceed 40 gallons .. .. 17 B.W.G. (5) When the capacity exceeds 40, but does not exceed 65 gallons .. .. 16 B.W.G. (6) When the capacity exceeds 65, but does not exceed 80 gallons ..12 B.W.G.	appointed by the Local Government in this behalf provided that a license shall not be required (1) for quantities not exceeding three gallons and (2) in the case of those articles marked § in column 2 of Serial Nos. 3 and 4 if free of petroleum. In the case of all "Petroleum and other hydrocarbon oils" senders to declare on the consignment note whether the flashing point is below or at or above 76 Fahr. and the Railway staff to enter the same on the railway receipt and invoice.	No restriction as to quantity. Must be despatched in through vehicles to destination or to junction at break of gauge, except in the case	By *mixed* train, no restriction as to quantity but only carried when no *goods* trains are running.

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods.	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried	
		General packing regulations		By Goods-train	By Mixed or Passenger train
1	6	3	4	5	6
	I.—INFLAMMABLE LIQUIDS—*contd.* GROUP A—*contd.* *Petroleum and other hydrocarbon oils, dangerous, having a flashing point below 76° Farh., N.O.C.* *Includes*— Aviation spirit .. Benzene .. .. Benzine (Petrol) .. Benzol .. .. Benzole .. .. Benzoline .. .. Motor car spirit .. Motor spirit§ .. Petrol (Benzine) .. Powerine .. .. Lower alcohol§ .. Lower alcohol mixture§ Rectified spirit (50° over proof and above)§. Solvent Naphtha	(*iii*) The cans or drums must be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident to be broken or become defective, leaky or insecure in transit. A certificate must be entered on the consignment note by consignor to the effect that an air space of at least one-twentieth of its capacity was left in each can or drum at time of filling. (*iv*) To prevent damage to cans and drums during transit, grass, hay, coir rope, hogla, sand bags or other suitable matting may, if necessary, be placed on the floor and between each layer of cans or drums and, also, be used to fill up empty spaces between the walls of the vehicle and its contents. Special care should, however, be taken that the packing so used, does not protrude through any doors or openings in the vehicle.	Tanks of motor cars and motor cycles, when tendered for carriage should be examined to see that they are empty, thoroughly clean and free from vapour. The chief danger to be apprehended is from leakage, as the vapour of these goods is heavier than air and is inflammable. The vapour is also explosive when mixed with certain proportions of air in a confined space. Wagons containing these inflammable liquids should not be placed next to the engine or rear brake-van but should be separated therefrom by at least three wagons not loaded with explosives or other traffic of an inflammable nature.	of small consignments loaded with other commodities. Other commodities including dangerous goods (not explosives or any of the substances mentioned against Serial Nos. 19, 21, 22, 25 and 26) may be loaded in the same vehicle with these liquids, provided that they are well separated from them.	These liquids may be carried by brake-van of *mixed or passenger* train in cans or drums up to a limit of twelve gallons in one train. The cans or drums must be carried in the rear brake-van which should be well ventilated.

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried	
		General packing regulations		By goods train	By mixed or passenger train
1	2	3	4	5	6
	I.—INFLAMMABLE LIQUIDS—*contd.* GROUP A—*contd.* *Spirits, wines and cordials, Country.* (below 50° over proof) *Includes.*— Arrack (a) .. .. Liquor .. .. Mhowa spirit .. Toddy .. .. Spirit varnish§ .. Toluol .. .. Wood Naphtha or wood spirit. Xylol	(C) (1) In tank wagons of a design approved by the Railway Board and which must be in good condition and free from leakage when used for conveyance. (2) Tank wagons must have a label attached, printed in conspicuous characters bearing the words "highly inflammable" and stating the precise nature and name of the contents, and the names and addresses of sender and consignee. Tank wagons must in no case be loaded beyond their weight carrying capacity. (3) Filling and emptying of tank wagons must be performed in day light. (4) Tank wagons must not be filled or emptied within 10 yards of a flame or furnace nor at any place where the wagon is exposed to sparks. (5) In filling any tank wagon an air space must be left of not less than 5 per cent of the total capacity of the wagon	Petrol conveyed in tank wagons of an approved design may be conveyed by mixed trains on the Khyber Railway with three wagons not containing explosives or other inflammable goods placed between the engine and the tank wagon. The words "*highly inflammable*" must be distinctly marked on each package by the sender. Cans or drums in a damaged condition must not be accepted. Empty cans or drums		They must be placed as far as possible from other packages in the brake-van and from the rear tail light of the train.

514

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried	
		General packing regulations		By goods train	By mixed or passenger train
1	2	3	4	5	6
	I.—INFLAMMABLE LIQUIDS. GROUP A—*contd.*	(6) The lid and all inlets and outlets of the tank (whether loaded or empty) must be properly secured and closed air-tight. (D) Wood naphtha or wood spirit must be packed in stoneware jars or glass-stoppered bottles or in vessels of tin or copper provided with screw stoppers or corked with caps covering their mouths, soldered on. (E) Country spirit may be packed in wooden casks.	the carriage of inflammable liquids the vapours of which have flashing points below 76° Fahr., must be securely closed with bungs, plugs or caps of either metal, wood or straw board. A declaration that the packing is in accordance with these conditions must be entered on the consignment note.		
4	Insecticides (Fluid) inflammable§.	Iron or steel drums. Tins, strong and securely closed, in wooden cases. Glass bottles, securely closed, in card-board boxes packed with wood wool in wooden cases.			
5	Cements, compositions, paints, polishes and other articles, partly composed of naphtha or other highly inflammable liquids.	Must be packed in approved drums or receptacles of the pattern referred to above or in thoroughly strong and sound casks, not exceeding 50 gallons in capacity, containing not less than 5 per cent of air space when filled, and securely closed so as to prevent leakage,			

Sl. No.	Description of dangerous goods	The Indian Ordnance and Medical Departments, and the Stores Department of the India Office, are exempt from the rules in this column, provided that a written declaration of the contents of the package is given by a duly authorised officer, and that it is certified on the consignment note that the goods have been packed in accordance with the departmental regulations relating to the packing of such goods	Supplementary packing transport, loading and unloading regulations	Conditions under which and amount which may be carried

DEVELOPMENT SECRETARIAT.

No. D. 4000—*Stcs.* 23-31-2, *dated* 11*th February* 1932.

In exercise of the powers conferred by Section 9 of the Mysore Cotton Duties Repeal and Cotton Industry (Statistics) Regulation of 1926, the Government of His Highness the Maharaja of Mysore are pleased to exempt the following class of mills from the provisions of the said Regulation, namely :—

"Weaving Mills which produce no goods made wholly from cotton yarn and in which the number of looms installed does not exceed nine."

No. R. 3674—*L. S.* 28-31-3, *dated* 11*th February* 1932.

It is notified for general information that under section 1 (2) of Record of Rights Regulation No. X of 1927. Government are pleased to direct that the provisions of the said Regulation shall be extended to all Government Villages and settled Inam Villages of the marginally noted Taluks and Sub-Taluks during the year 1931-32.

1. Goribidnur,
2. Kunigal,
3. Nanjangud.

2. The Record is intended to check litigation in regard to land and to facilitate its disposal by the Courts, to reduce unnecessary expenditure by the raiyats in executing and registering documents and to protect them against fraud and fabrication of false claims. It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissedars, the grant of Takavi and Land Improvement Loans and the grant of suspension of remission of Land Revenue.

3. To facilitate the accurate preparation of the Record of Rights, the list of "Hisse" will first be prepared by the Shanbhogs to the best of their information in a prescribed form and every case will be duly investigated by a Special Sheikdar. There will then be a check of the list by the Deputy Amildar. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the investigating officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Record of Rights.

4. All persons interested in land are required to render every reasonable assistance to officers of the Survey Department who will measure and conduct enquiries in cases of disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of section 7 of the Record of Rights Regulation requiring them on requisition by a Revenue Officer engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the several advantages enumerated above. The officer to whom any information is furnished, or before whom any document is produced in accordance with the requisition will give a written acknowledgment therefor in the form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under his signature stating the fact of its production and the date thereof.

No. D. 4074—*I. & C.* 119-31-2, *dated* 12—15*th February* 1932.

In modification of Government Notification No. D. 2086—I. & C. 119-31-2, dated 14—17th October 1931, the Government of His Highness the Maharaja of Mysore are pleased, in exercise of the powers vested in them by section 30(2) of the Mysore Factories Regulation III of 1914, as amended by Regulation VI of 1925, to exempt the Government Branch Press at Mysore from the operation of sections 22(1) b, 27 and 28 of the said Regulation for a period of two weeks during the Birthday and three weeks during the Dasara Seasons at Mysore, subject to the proviso under section 22(1) and to the conditions specified in section 31 and Rule 67 of the Rules under the said Regulation.

No. D. 4077—*Geol.* 26-31-6, *dated* 15*th February* 1932.

In exercise of the powers conferred by section 21 of the Mysore Petroleum Regulation 1923 (I of 1923) the Government of His Highness the Maharaja of Mysore are pleased to apply to Carbide of Calcium the Provisions of sections 8 to 14, 16, 17, 22 and 23 of the said Regulation and to prescribe that for the quantity of petroleum mentioned in section 10 of the same Regulation, such quantity or quantities of Carbide of Calcium shall be substituted as may be prescribed by the rules for the time being in force relating to the possession and transport of Carbide of Calcium.

By Order,

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

No. L. 5565—*Ml.* 160-31-2, *dated* 11*th February* 1932.

Whereas by a proclamation dated 29th June 1931, published in Kannada at pages 587 and 588 of Part III—1 of the *Mysore Gazette*, dated 9th July 1931 and in English at page 522 of Part III—1 of the *Gazette*, dated 2nd July 1931, it was duly announced under section 8 of the Mysore Municipal Regulation, 1906, that it was proposed to alter the boundaries of the Town Municipal Council of Bowringpet in the Kolar District and whereas no objections have been made to the said proposal, the Government of His Highness the Maharaja are pleased, in the exercise of the power conferred on them by section 4 (1) of the said Regulation, to alter the boundaries of the said Municipality and to declare that the boundary of the said Municipality shall on and from 15th February 1932 be as hereunder :—

Starting at the point where the southern boundary of Jodikarahalli village meets Survey No. 183 of Bowringpet, the boundary line runs direct towards east along the northern boundary of Survey Nos. 183, 117 and 118 up to Kolar road, turns towards south forming the eastern boundary of Survey Nos. 118, 182, 120 and 121, crosses Kolar road at the point where furlong stone bearing 6/1 and 5/1 is fixed on the road, turns again towards north, forming the western boundary of Survey No. 157, passes along the northern boundary of Survey Nos. 157, 155 and 175, turns and passes along the western and northern boundaries of Survey No. 178 and then crosses the feeder hallah of Bowringpet Tank runs along the western and northern boundaries of Survey No. 6 crossing in the middle the cart-track to Jodi Karahalli village and then the tail-end of Bowringpet Tank bed Survey No. 7 at an angle of 110°, running over the contour line of the said tank up to boundary line of Benganoor village. Then it continues towards the south keeping the Kodihalli to its right and crossing it at right angles and passing along the eastern boundary of Bowringpet village

on the eastern side of Kodihallah and reaches the south-eastern corner stone of Survey No. 74 near Bethamangala road. The line then turns towards the west from the southern boundary of Survey Nos. 74 and 76 and crosses Bethamangala road near the north-eastern boundary stone of Survey No. 82 enclosing in it all the Survey Nos. 82, 83 and then runs along the southern line of Bethamangala road and through the boundary fencing and northern compound wall of the Madras and Southern Mahratta Railway compound Survey No. 80.

From here it runs directly south along the western boundary of Survey No. 80 (M. & S. M. Railway compound) and then crosses Budikote road near the south-eastern corner stone of Survey No. 89 and then takes a western course forming the southern boundary of Survey No. 89 and crosses the feeder hallah to Attigiri Koppa Tank at right angles and passes in a north-westerly direction enclosing in this the whole of the above feeder hallah crosses again the said hallah at right angles near the north-western corner stone of Survey No. 103 and then turns towards directly north forming the western boundaries of Survey Nos. 103, 104, 105, 106 and 107 of Bowringpet village turns towards west after crossing the cart-track from Jodi Iyyanoor Hosahalli in Survey No. 107 and then crosses another cart-track from the said village on Survey No. 110 and then turns towards north-east forming the northern boundaries of Survey Nos. 110, 111 and 120 and then meets and terminates at the starting point.

No. L. 5642—*V. P.* 10-31-147, *dated* 15*th February* 1932.

Under section 48(1) of the Mysore Land Acquisition Regulation 1894, Government are pleased to withdraw from the acquisition of one acre out of Survey No. 123—2 in the Honnenahalli Village, Chikballapur Taluk, notified in Government Notification No. L. 7080—V. P. 8-28-182, dated 24th April 1929, as required for village extension, as the acquisition of the said property is reported to be unnecessary.

No. L. 5646—*V. P.* 15-31-51, *dated* 10—15*th February* 1932.

Under section 48(1) of the Mysore Land Acquisition Regulation 1894, the Government withdraw from the acquisition of one acre and 35 guntas out of Survey No. 33—1 in the Melinakiragunasi village, Sorab Taluk, declared in Notification No. L. 703—L. B. 44-24-98, dated 30th July 1926, as required for extending the Gavatana of the village, as the acquisition of the said property is now reported to be unnecessary.

By Order,
R. RANGA RAO,
Secretary to Government,
General Department.

GENERAL SECRETARIAT.

MYSORE CITY IMPROVEMENT TRUST BOARD.

No. L. 5386—*Ml.* 34-31-16, *dated* 30*th January* 1932.

No. 1281-84—*K.S.S.* 4353-56, *dated 8th February* 1932.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declared that the lands measuring 46 acres and 12 guntas by the same, a little more or less, are needed for a public purpose, to wit, for + 120 and 124' contour of Krishnarajasagara and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of the Special Land Acquisition Office, Mysore is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said lands. Under sub-section (1) of section 17 of the Regulation, the Government further directs that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the lands is kept in the office of the Special Land Acquisition Office, Mysore and may be inspected at any time during office hours.

No. G. 6740—*G. M.* 15-31-52, *dated 22nd February* 1932.

The accompanying Press Communique dated the 16th December 1931, issued by the Government of India, Department of Education, Health and Lands *re.* Haj Pilgrimage is published for general information.

GOVERNMENT OF INDIA DEPARTMENT OF EDUCATION, HEALTH ANL LANDS
NEW DELHI, THE 16TH DECEMBER 1931.

Communique.

The Government of India have been in communication with Messrs. Turner, Morrison and Co., Limited, Bombay, on the subject of the fares for deck passages without food for the ensuing pilgrim season and the sum to be specified in pursuance of clause (b) of section 208A of the Indian Merchant Shipping Act, 1923, as the amount of the deposit for the purpose of defraying the cost of a return ticket in the case of pilgrims proceeding to the Hejaz from the ports of Bombay, Karachi and Calcutta. They are now pleased to announce that the shipping company have agreed to continue during the ensuing pilgrim season the reduced deck fares which remained in force throughout the last pilgrim season, except that a further reduction has been made in the return deck fare, without food, for pilgrims sailing from Calcutta. The fares for deck passages without food which Messrs. Turner, Morrison and Co., have accordingly fixed for the ensuing pilgrim season are as under:—

	Single deck passage without food	Return deck passage without food
	Rs.	Rs.
For pilgrims sailing from either Bombay or Karachi.	110	160
For pilgrims sailing from Calcutta ...	135	205

2. The Government of India are also pleased to announce that they have decided to reduce the sum to be deposited by a pilgrim for the purpose of defraying the cost of a return ticket from Rs. 70 to Rs. 50 in the case of pilgrims sailing from either Bombay or Karachi, and from Rs. 90 to Rs. 70 in the case of those sailing from Calcutta.

By Order,

R. RANGA RAO,
Secretary to Government,
General Department

FINANCIAL SECRETARIAT.

No. Fl. 6633—*Ex.* 79-31-2, *dated 20th February* 1932.

Under sections 16 and 29 of the Mysore Excise Regulation, V of 1901, as amended from time to time and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to further amend the rules regulating the sales of Excise privileges issued in Notification No. Fl. 5515—Ex. 78-29-2, dated 17th February 1930 and amended in Notification No. Fl. 6587—Ex. 70-30-2, dated 23rd February 1931, as follows:—

1. In Note 2 to condition 3 of sub-section II of Section 1 under the heading "Conditions of Auction Sale" substitute the words "wherever possible" for the word "invariably" occurring in line 2 thereof.

2. In condition 19 of the same sub-section remove the full stop at the end of first sentence and add the following "but in the case of toddy shops a sum not exceeding one month's rental may at the discretion of the Deputy Commissioner, be retained for a period of three months after the close of the lease to facilitate the adjustment of any sum that may be found due on account of the penalty on date trees found dead by over tapping or careless tapping".

3. For condition 1 of sub-section III under the heading "General conditions applicable to all Excise and Opium Licenses" substitute the following:—

"1. Shops must be kept open every day from 1st July or in the case of toddy shops in malnad areas from such subsequent dates as may be fixed by the Deputy Commissioner, with the previous approval of the Excise Commissioner, unless their temporary or permanent closure is authorised under conditions 8, 9, 10 or 41 *infra*".

4. In condition 3 of the same sub-section for the words "and shall not be more than four feet raised from the ground" occurring in line 10, substitute "and the height of the bar shall not be more than three feet from the ground."

5. Add the following as conditions 17 (VII a) after condition 17 (VII) of sub-section V under the heading "Conditions applicable to toddy licenses":—

"VII (a). The licensees are required to return on demand by Excise Officers all transport permits on the expiry of the period mentioned therein."

"6. Insert the words "and the Kolar Gold Fields Area" between the words "Mysore City" and "Except" in Note 2 to condition 8 of sub-section III of Section I, under the heading 'General Conditions'."

No. Fl. 6669—*Ex.* 7-31-18, *dated* 22*nd*—23*rd February* 1932.

It is hereby notified for general information that Messrs. Thathi Reddy and Ganganna, have been elected from the newly constituted Municipal Council as members of the Chintamani Excise Licensing Board.

By Order,
B. SRINIVASA IYENGAR,
Financial Secretary to Government.

OFFICE OF THE *EX-OFFICIO* SECRETARY, REPRESENTATIVE ASSEMBLY AND LEGISLATIVE COUNCIL.

Official Memorandum No. Rl. 3411-28—*R. A., dated* 18*th February* 1932.

In pursuance of Rules 24, 34 and 46 of the Rules published with Notification No. P. 3039—Legis. 12-23-9, dated 8th December 1923, and Rule 32A published with Notification No. Rel. 231—R. A. 26-30-1, dated 7th January 1931, the following instructions are issued for the ensuing Budget Session of the Representative Assembly which commences on the 6th June 1932:—

(i) *Before* 25*th March* 1932.—The members of the Representative Assembly residing in each district including those representing Minorities and Special Interests will send to the Deputy Commissioner of the District concerned a list of subjects which they wish to bring forward for consideration at the Session, with explanatory memoranda, as also lists o questions which they wish to ask and resolutions which they wish to move. No subjects,f questions or resolutions received after that date will be accepted.

(ii) *On or before* 11*th April* 1932.—The Deputy Commissioner of each District will hold a meeting of all the members in the District at the District Headquarters at which the several representations, questions and resolutions sent up by the members will be considered and a selection made as directed in Rules 24, 32A, 34 and 46 of the Rules referred to above.

(iii) The number of questions, resolutions and representations selected shall not exceed the limit fixed by Government in Rules 23, 33 and 45 of the Rules referred to above. They should be confined to a single subject, should not be of a controversial nature and should be briefly worded. The attention of the Deputy Commissioners is invited in this connection to this office circular No. 4750-7, dated 14th May 1930. Resolutions, representations and questions as selected will be compiled by the Deputy Commissioners and five typed copies thereof sent with their remarks to the *Ex-officio* Secretary, Representative Assembly, not later than the 22nd April 1932 (Friday), in the form prescribed in Official Memorandum No. 8-16, dated 4th March 1924.

(iv) Additional questions, resolutions and representations, if any, on behalf of Minorities and Special Interests, under Rules 24A, 34A and 47 should reach the Office of the *Ex-officio* Secretary, Representative Assembly, not later than the 22nd April 1932.

The representations, questions and resolutions proposed by the members of the Representative Assembly representing the Mysore University Special Interest should also reach the *Ex-officio* Secretary, Representative Assembly, *through* the Registrar, Mysore University, not later than 22nd April 1932.

By Order,
C. SUBRAHMANYA AIYAR,
Ex-officio *Secretary,*
Mysore Legislative Council.

By Order,

C. SUBRAHMANYA AIYAR,

For *Chief Secretary to Government.*

No. P. 5209—*Cts.* 18-31-13, *dated* 1*st*—2*nd March* 1932.

Under section 14 of the Code of Criminal Procedure, 1904, Government of His Highness the Maharaja of Mysore are pleased to appoint Mr. K. Lingappa as Special Magistrate for the Bench Court at Bangalore City, with the powers of a Magistrate of the Second Class for a period of two years.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government*

DEVELOPMENT SECRETARIAT.

No. R. 4020—*R. M.* 7-31-10, *dated* 27*th February* 1932.

It is hereby notified for general information that the name of Mantalu village in Dasanapura Hobli, Nelamangala Taluk is changed to "Sivanapura."

No. G. 7036—*G. M.* 15-31-60, *dated* 1*st March* 1932.

The accompanying Press Communique dated the 22nd January 1932 issued by the Government of India, Department of Education, Health and Lands regarding Haj Pilgrimage is published for the general information of intending pilgrims to Hejaz.

"In view of reports which have appeared in the Press as to the resignation of sanitary officials in the Hejaz and to the danger to which pilgrims who go on Haj this year may consequently be exposed, it is notified, for general information, that the Government of India after making necessary enquiry are satisfied that the reports in question are based on incorrect information and that there is no reason why pilgrims who propose to go on pilgrimage this year should not carry out their intention."

No. G. 7056—*G. M.* 15-31-58, *dated* 1*st March* 1932.

The accompanying Press Communique dated the 23rd January 1932 issued by the Government of India Department of Education, Health, and Lands regarding Haj Pilgrimage is published for the general information of intending pilgrims to the Hejaz.

PRESS COMMUNIQUE.

The Government of India understand that the Hejaz Government have announced that all charges included in their pilgrimage tariff must be paid at gold rate, that the transport charges in the Hejaz which include Government taxes have not yet been definitely fixed, and that a pilgrim's expenditure in the Hejaz including the tariff and transport charges is now estimated to be about Rs. 800 or a little less if strict economy is practised. This estimate is based on a local rate of 20 rupees per gold pound. The present rate is reported to be 19 rupees but the local value of rupee decreased when pilgrims arrive in the Hejaz in large numbers and may therefore go even lower than 20 to the gold pound. If the necessary addition is made for a pilgrim's expenses in India on account of the Railway fare from his home to the port of embarkation and *vice-versa*, the expenses at port, the cost of the steamer passage both ways, the cost of food on board ship, etc., the total expenditure of a pilgrim this year will be Rs. 1,100 approximately. Intending pilgrims should take care to provide themselves with funds of at least this amount before starting on the pilgrimage.

No. G. 7046—*G. M.* 15-31-62, *dated* 1*st March* 1932.

The accompaning Press Communique dated the 21st January 1932 issued by the Government of India, Department of Education, Health and Lands regarding Haj Pilgrimage is published for the general information of Pilgrims proceeding to the Hejaz.

PRESS COMMUNIQUE.

The Government of India have received information that the Government of the Hejaz have instituted an arrangement under which pilgrims, who wish to do so, can deposit their money or other property with their mutawwife or their agents, in return for receipts signed by them. The matter is brought to the notice of all pilgrims proceeding to the Hejaz from India: pilgrims who take advantage of the arrangement should take care to see that they receive their receipts, duly signed.

By Order,
B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT.

No. G. 6910—*Ft.* 135-31-4, *dated* 29*th February* 1932.

Under section 4 of the land acquisition Regulation 1894, as amended from time to time it is hereby notified, that the properties described hereunder are required for public purpose, *viz.*, for Forest Nursery.

Under section 5A it is directed that any person interested in the said properties may within 30 days after the issue of this notification prefer objections, if any, thereto, to the Sub-Division Officer, French-Rocks Sub-Division, in writing after which no objection will be heard.

A plan of the properties will be available for inspection in the Office of the Amildar of Seringapatam Taluk.

By Order,
A. A. KHAN,
Secretary to Government for Railways.

FINANCIAL SECRETARIAT.

No. Fl. 6783—*Ex.* 67-31, *dated* 1st *March* 1932.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of two years from 1st July 1932 to 30th June 1934.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 32,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1930-31 having been 2,84,000 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1.	Brandy	20° U P.
2.	Whisky	,,
3.	Gin	,,
4.	Rum	,,
5.	Milk punch ..	15° ,,
6.	Bottle Jaggory Arrack	35° U P.
7.	Proof Liquor ..	————
8.	Denatured Spirits ..	50° O.P.
9.	D. D. Rum ..	25° U.P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Saturday, the 19th March 1932, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 19th March 1932, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract ortherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

(1) The contratctor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,174 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which is the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. The hire on the plant and machinery as it stood on 1st July 1931 was Rs. 1,020-12-0 per mensem. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of

additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He should maintain a sufficient technical establishment to the satisfaction of the Excise Commissioner to look after the machinery, etc., entrusted to him and to see that it is kept in proper working order. The details of such establishment should be reported to the Excise Commissioner through the Distillery Officer. When any machinery or plant gets out of order due to the negligent or careless handling by his employees or is damaged or lost, it should be immediatly rectified and part or parts thereof replaced at the cost of the contractor. If he fails to do so, he will be liable to make good the loss caused thereby. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government, who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc. He is responsible for the payment of fees for the examination, by the Boiler Inspector, of the Boilers in use, under the Mysore Steam-Boilers and Primemovers' Regulation and the Mysore Boiler Rules.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack (sufficient for a month's comsumption 32,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distillery Officer. Its use is limited to the reduction of the spirits only. All the raw materials used such as yeast, essences for special liquors, etc., shall be of good quality and be subject to approval by the said officer. No ingredients obnoxious to health or likely to impair the proper flavour of the liquor shall be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The contractor shall be guided by the instructions that may be issued to him in this matter by the said officer or the Excise Commissioner. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits on the indents received from the respective licensees and recover the value thereof from the parties direct.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack or spirits required shall always be of the ordinary sort, *i.e.*, sugar-cane jaggory or molasses arrack and the contractor shall be bound to supply such

arrack or spirits at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If to meet the demand for the quantity of molasses arrack prescribed under this clause by the Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers). The contractor shall take over the stock of proof liquor, special liquors, etc., returned to the Distillery by the Bonded Depots and pay for the same at such rate as may be fixed by the Excise Commissioner.

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc, from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation. The Mysore Steam Boilors and Prime Movers Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them

(20) The out-going contractor shall give, and the in-coming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the in-coming contractor commencing operations. Should no notice be given, the out-going contractor may continue distilling till the end of his contract after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature to the Distillery Buildings shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed

(26) Government also reserve to themselves the right of making use of the Carbonic Acid Gas or other By-products generated in the course of the manufacture of liquor. The addition of a Carbonic Acid Gas plant to the Distillery may be arranged for at any time by agreement between the Government and the contractor or any other person.

(27) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

Vol. 67.] PUBLISHED BY AUTHORITY. [No 10.

BANGALORE, THURSDAY, MARCH 10, 1932.

PART III--Section 1.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. 3387—C. *B.* 111-31-1, *dated* 3*rd March* 1932.

His Highness the Maharaja desires to place on record his sense of the loss sustained by the State by the untimely death of Rajamantrapravina Mr. C. S. Balasundaram Iyer, Second Member of Council, which sad event occurred on the morning of the 25th February 1932.

After a brilliant academical career, the late Mr. Balasundaram Iyer entered the Mysore Civil Service in September 1897, having taken the first rank in the competitive examination for that service held in that year. He served with distinction in various capacities as Asistant Commissioner, Deputy Commissioner, Chief Secretary to Government, Director of Industries and Commerce, Inspector-General of Education and Revenue Commissioner, and rose to the high office of a Member of the State Council in February 1927. His work in all the positions held by him was characterised by great ability and his genial disposition endeared him to every one with whom he came in contact. In appreciation of his services, His Highness the Maharaja was pleased to confer on him the distinction of "Rajamantrapravina" in the Dasara Durbar of 1928. His Highness desires to convey to the family of the late Mr. Balasundaram Iyer his deep sympathy with them in their bereavement.

No. P. 5309—*Cts.* 72-31-7, *dated* 8*th March* 1932.

The Village Court established at Doddavalagamadi Village, Bowringpet Taluk in Government Notification No. P. 3853—Cts. 22-27-12, dated 24th January 1929, is hereby abolished.

No. G. 7237—*Mily.* 181-31-2, *dated* 8*th March* 1932.

The following notice, dated 3rd February 1932, issued by the Secretary, Public Service Commission, Delhi, regarding the entry of candidates to the Indian Military Academy to be opened at Dehra Dun, on 1st October 1932, is published for general information.

2. Candidates in the Mysore State who desire admission to the entrance examination to be held in Delhi in July 1932 should submit their applications in the prescribed forms so as to reach the Chief Secretary to Government not later than the 25th March 1932.

3. Copies of the Application Form, together with the rules, syllabus and other forms relating to the examination may be obtained from the Secretary of the Public Service Commission, Metcalfe House, Delhi.

Notice.

The Indian Military Academy for the training of candidates for commissions in the Indian Army will open at Dehra Dun, on 1st October 1932. The course at the Academy will last for three years (six terms). The estimated cost of the complete course is Rs. 4,600.

2. This information is published in advance of the full Regulations regarding entry to the Academy in order to give prospective candidates as long a time as possible to enable them to prepare for the first examination, which will be held in Delhi, on 14th July 1932, and subsequent days.

3. At this examination, about fifteen vacancies will be offered, of which twelve will be filled by competition and three by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the vacancies.

The examination will be the same for all arms, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. Those cadets who wish to elect for Artillery, Engineers and Signals will be permitted to do so during their course at the Academy.

4. Candidates must be over 18 and under 20 years of age on 1st August 1932, unmarried and domiciled in India. A candidate who desires to appear at the examination is required to submit his application in the prescribed form before the 1st April 1932, together with all necessary documents. Copies of the Application Form, together with the rules relating to the examination, may be obtained from the Secretary of the Public Service Commission, Metcalfe House, Delhi.

No allegation that an application form or letter respecting such form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until a late date will do so at their own risk.

Note.—It is anticipated that the next examination will be held in the latter half of October.

By Order,

R. RANGA RAO,

Offg. *Chief Secretary to Government.*

FINANCIAL SECRETARIAT.

No. Fl. 6783—*Ex.* 67-31, *dated* 1*st March* 1932.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of two years from 1st July 1932 to 30th June 1934.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 32,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1930-31 having been 2,84,000 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1.	Brandy	20° U P.
2	Whisky	"
3.	Gin	"
4.	Rum	"
5.	Milk punch ..	15° "
6.	Bottle Jaggory Arrack	35° U P.
7.	Proof Liquor ..	———
8.	Denatured Spirits ..	50° O.P.
9.	D. D. Rum ..	25° U.P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Saturday, the 19th March 1932, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 19th March 1932, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract ortherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

(1) The contratctor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,174 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which is the property of Government will be let out to the contractor who should pay hir at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. The hire on the plant and machinery as it stood on 1st July 1931 was Rs. 1,020-12-0 per mensem. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which is the property of Government will be let out to the contractor who should pay hir at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. The hire on the plant and machinery as it stood on 1st July 1931 was Rs. 1,020-12-0 per mensem. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of

additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final.

663

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He should maintain a sufficient technical establishment to the satisfaction of the Excise Commissioner to look after the machinery, etc., entrusted to him and to see that it is kept in proper working order. The details of such establishment should be reported to the Excise Commissioner through the Distillery Officer. When any machinery or plant gets out of order due to the negligent or careless handling by his employees or is damaged or lost, it should be immediatly rectified and part or parts thereof replaced at the cost of the contractor. If he fails to do so, he will be liable to make good the loss caused thereby. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government, who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc. He is responsible for the payment of fees for the examination, by the Boiler Inspector, of the Boilers in use, under the Mysore Steam-Boilers and Primemovers' Regulation and the Mysore Boiler Rules.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack (sufficient for a month's comsumption 32,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distillery Officer. Its use is limited to the reduction of the spirits only. All the raw materials used such as yeast, essences for special liquors, etc., shall be of good quality and be subject to approval by the said officer. No ingredients obnoxious to health or likely to impair the proper flavour of the liquor shall be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The contractor shall be guided by the instructions that may be issued to him in this matter by the said officer or the Excise Commissioner. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits on the indents received from the respective licensees and recover the value thereof from the parties direct.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack or spirits required shall always be of the ordinary sort, *i.e.*, sugar-cane jaggory or molasses arrack and the contractor shall be bound to supply such

arrack or spirits at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If to meet the demand for the quantity of molasses arrack prescribed under this clause by the Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers). The contractor shall take over the stock of proof liquor, special liquors, etc., returned to the Distillery by the Bonded Depots and pay for the same at such rate as may be fixed by the Excise Commissioner.

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc, from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation. The Mysore Steam Boilors and Prime Movers Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The out-going contractor shall give, and the in-coming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the in-coming contractor commencing operations. Should no notice be given, the out-going contractor may continue distilling till the end of his contract after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature to the Distillery Buildings shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) Government also reserve to themselves the right of making use of the Carbonic Acid Gas or other By-products generated in the course of the manufacture of liquor. The addition of a Carbonic Acid Gas plant to the Distillery may be arranged for at any time by agreement between the Government and the contractor or any other person.

(27) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

APPENDIX II.

FORM OF TENDER.

To

The Excise Commissioner in Mysore, Bangalore.

Sir,

With reference to the Government Notification No. Fl. , dated published in the *Mysore Gazette*, I beg to tender for the exclusive privilege of the *manufacture of arrack and other country spirits* for the territories of Mysore and the Civil and Military Station, Bangalore, for a period of two years from 1st July 1932 to 30th June 1934, subject to the terms and conditions specified in the notification above quoted.

2. I hereby offer to manufacture and supply for the entire period of the contract arrack of the strength of 35° under-proof and special liquors of 20° under proof and other spirits as per particulars below :—

Arrack	Rate per gallon of 35° under-proof Rs. a. p.
Molasses arrack	
Sugar-cane jaggory arrack	

Special liquors		Rate per gallon Rs. a. p.	Bottling charges per gallon Quarts	Bottling charges per gallon Pints	Packing charges per gallon
Brandy ...	20° U. P.				
Whisky	"				
Gin	"				
Rum	"				
Milk punch	15° U. P.				
Proof spirit	...				
Denatured spirits ...	50° O. P.				
Sugar-cane jaggory ...	35° U. P.				
Arrack in bottles ...					
D. D. Rum	25° U. P.				

3. I enclose.....for Rs. 5,000 as required by para 6 of the said notification.

I beg to remain,

(26) Government also reserve to themselves the right of making use of the Carbonic Acid Gas or other By-products generated in the course of the manufacture of liquor. The addition of a Carbonic Acid Gas plant to the Distillery may be arranged for at any time by agreement between the Government and the contractor or any other person.

(27) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

15. Nandanavana

2. The said Court shall have and exercise jurisdiction over all the villages so grouped.

No. P. 5477—*Cts.* 37-31-16, *dated* 14*th March* 1932.

Under section 3 (2) of the Mysore Village Courts Regulation, 1913, the Government of His Highness the Maharaja are pleased to group with effect from 1st May 1932, the undermentioned villages in the Bagepalli Taluk with the village Mittemari and to direct that in modification of Notification No. P. 363—Cts. 9-24-2, dated 26th July 1924, the Village Court at Mittemari shall have and exercise jurisdiction over all the villages so grouped :

1. Reddivaripalli
2. Patlivaripalli
3. Chinnammapalli
4. Chinnavabaiyagaripalli
5. Chokkampalli
6. Mallugurki
7. Papinaikanapalli
8. Merupalli
9. Muttinapalli and its hamlets (1) Kodipalli, (2) Burrakayalakottakote.
10. Nallamallepalli
11. Kanagamakalapalli
12. Giriyapalli
13. Thammepalli

No. P. 5482—*Cts.* 72-31-10, *dated* 14*th March* 1932.

The Village Courts established at the undermentioned villages are hereby abolished :—

Village.	*Taluk.*
Hartikote	Hiriyur Taluk
Dharmapur	
Rampura	Molakalmuru Taluk
Devasamudra	
Thammanahalli	
Sivaganga	Holalkere Taluk

Bhimasandra	Chitaldrug Taluk

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

No. G. 7233—*Ft.* 30-31-19, *dated* 8*th March* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of section 31 of the Mysore Forest Regulation (XI of 1900), that the area, the boundaries of which are described in the following schedule is constituted a Village Forest under the provisions of the said Regulation.

The management of the Forest will vest in the Village Panchayet of Mastenahalli, Chintamani Taluk, under section 22 of the Village Panchayet Regulation.

Schedule.

District	Taluk	Hobli	Village	Survey No. and Class	Area	
					A.	g.
Kolar ..	Chintamani ..	Kaiwarh ..	Mastenahalli ..	Survey No. 36 General ..	200	0

Boundaries.

North.—Gomal Survey No. 54 of Mastenahalli village.
East.—Part of Gomal Survey No. 36 of Mastenahalli village.
South.— Do do do
West.—Part of Gomal Survey No. 36 of Mastenahalli and Gokunte.

No. G. 7288—*G. M.* 15-31-65, *dated* 10*th March* 1932.

It is published for the general information of all Indian pilgrims travelling to Persia that a Persian transit visa is valid for one month only and foreign travellers including pilgrims whose stay in Persia exceeds that period are required to secure a renewal of the visa by applying to the Persian Police before the expiry of the term of original visa and that failure to do this renders them liable to be turned back from the frontier and to a fine of from 5 to 150 Krans at the discretion of Persian Courts.

No. R. 4242—*L. R.* 330-31-2, *dated* 12*th March* 1932.

Under Rule 7 of the Rules framed under the Mysore Village Offices Regulation, it is hereby notified for general information that the shanbhogi firka of Sagathavalli, Channarayapatna Taluk is bifurcated as shown below :—

Sagathavalli firka	*Somanathanahalli firka.*
1. Sagathavalli.	1. Somanathanahalli.
2. Narayanavuru.	2. Settihondanahalli.
3. Samudravalli.	3. Sannenahalli.
4. Gejjekoppalu.	

No. G. 7359—*Ft.* 206-31-2, *dated* 14*th March* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 4 of the Mysore Forest Regulation (XI of 1900), that it is proposed to constitute the area, the boundaries of which are described in the schedule below, a State Forest, under the provisions of the said Regulation.

2. The Government of His Highness the Maharaja of Mysore are further pleased, under clause (c) of the said section, to appoint the Sub-Division Officer, Dodballapur Sub-Division, to be the Forest Settlement Officer, who shall inquire into and determine the existance, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits or to any forest produce of such land, and to deal with the same as provided in Chapter II of the said Regulation, and the District Forest Officer of the Bangalore District, for the time being, to attend on behalf of Government to assist the Forest Settlement Officer in the inquiry.

3. The Government of His Highness the Maharaja of Mysore, are further pleased, under the authority vested in them by Section 15 of the said Regulation, to appoint the Deputy Commissioner of the Bangalore District, for the time being, to be the Officer of the Revenue Department who shall hear appeals from the orders of the Forest Settlement Officer under Sections 10, 11, 12, 13 or 14 of the Regulation.

Schedule.

District	Taluk	Hobli	Village	Area approximate	Name of Block	Remarks
Bangalore ..	Bangalore..	Uttarahalli.	(1) Gottigere ..	A. g. 1361 34 or 2·12 square miles	Kalkere Block	This Block is situated at a distance of about 10 miles south of Bangalore Town on both sides of Bangalore-Anekal Road on the northern side of Bannerghatta Kaval Forest
		Begur ..	(2) Basavanapura ..			
			(3) Kalkere ..			
	Anekal	Jigani ..	(4) Bannirghatta ..			
			(5) Bhuthanhalli ..			

Boundaries.

North.—Starting from the south-west corner of Survey No. 108 of Gottigere, the line runs north-east along its eastern boundary to the common junction bandh of Survey Nos. 107 and 108 of Gottigere and 8 and 7 of Basavanapura ; then south-east along the western boundary of Survey No. 7 of latter village to its south-west corner ; then east along the southern boundary of Survey Nos. 7 and 52 to the south-east corner of Survey No. 7 where it meets the Bangalore-Anekal Road ; then crossing the road meets the south-west corner of Survey No. 17 of Basavanapura, then east along the southern boundary of Survey Nos. 17 and 4 of the same village to the south-east corner of latter survey number.

East.—Then, the line turns south-west and runs along the western boundary of Kayamgutha Vammadevanahalli to its south-west corner gadi bandh ; then south-west along its southern boundary to the junction gadi bandh of Kayamgutha Vammadevanhalli and Vaderahalli villages ; then south-east and south along western boundary of latter village to the junction gadi bandh of Vaderahalli and Kayamgutha Lakshmipura villages ; then south-west along the northern boundary of latter village to the south-east corner of Survey No. 16 of Kalkere ; then north along its eastern boundary to its north-east corner ; then in the same direction, through Survey No. 15 of Kalkere to the south-west corner of Survey No. 14 of Kalkere ; then east along its southern boundary to its south-east corner ; then north along its eastern boundary to its north-east corner ; then in the same direction, through Survey No. 15 of Kalkere to the south-east corner of Survey No. 5 of the same village ; then north and north-west along the eastern boundary of Survey Nos. 5 and 1 of Kalkere to the north-east corner of latter survey number ; then in the same direction along its northern boundary to its north-west corner ; then crossing the lane, meets the eastermost corner of Survey No 38 of Kalkere ; then nort-west along its eastern boundary to its north-east corner ; then west along the northern boundary of Survey Nos. 38, 37 and 36 of Kalkere to the north-west corner of last named survey number as it meets the Bangalore-Anekal Road ; then crossing the road,

meets the northernmost corner of Survey No. 35 of Kalkere; then south-west along the western boundary of Survey Nos. 35, 33 and 32 to the junction bandh of Survey Nos. 32 and 30 of Kalkere; then south along the western boundary of Survey Nos. 30 and 40 to the south-west corner of latter number; then in the same direction through Survey No. 28 of Kalkere for about 2 chains and meets the northern boundary of Kayamgutha Lakshmipura village; then west along its northern boundary to its north-west gadi bandh; then south through Survey No. 2 of Bannirghatta to the north-west corner of Survey No. 120 of Bannirghatta; then south along the western boundary of Survey Nos. 120 and 235 to the north-east corner of Survey No. 234 of the same village; then west along its northern boundary to its north-west corner; then south along the western boundary of Survey Nos. 234 and 8 to the south-west corner of latter survey number; then south-west through Survey No. 2 of Bannirghatta to the north-east corner of Survey No. 7; then west along its northern boundary to its north-west corner; then south through Survey No. 2 of Bannirghatta to the westernmost corner bandh of Survey No. 31; then in the same direction through Survey No. 2 of Bannirghatta to the westernmost corner bandh of the village site; then in the same direction through Survey No. 2 to the north-west corner of Survey No. 220; then in the same direction along the western boundary of Survey Nos. 220, 214, 213, 212, 211 and 209 of Bannirghatta to the south-west corner of last named survey number; then south-west through Survey No. 2 to the north-east corner of Survey No. 201; then west along its northern boundary to its north-west corner; then south along the western boundary of Survey Nos. 201, 200 and 199 to the south-west corner of last named survey number; then south through Survey No. 2 for about 4 chains and meets the northern boundary of Bannirghatta Kaval forest.

South.—Then, the line turns south-west and west along the northern boundary of Bannirghatta Kaval forest for about 65 chains to a point 5 chains south to the south-east corner of Survey No. 28 of Buthanhalli; then north-east through Survey No. 64 of Buthanhalli to the south-east corner of Survey No. 28 of the same village; then north-east along its eastern boundary to its north-east corner; then north-west through Survey No. 64 to the south-east corner of Survey No. 54; then north along the eastern boundary of Survey Nos. 54 and 55 of Buthanhalli to the north-east corner of latter survey number; then north-west through Survey No. 64 of Buthanhalli to the north-east corner of Survey No. 58; then west through Survey No. 64 to the north-east corner of Survey No. 63; then in the same direction along its northern boundary to its north-west corner; then north-west through Survey No. 64 to the north-east corner of Survey No. 110; then west along its northern boundary to its north-west corner.

West.—Then, the line turns north and north-east along the eastern boundary of Survey Nos. 109, 107, 106 and 105 of Buthanhalli to the north-east corner of last named survey number; then north-west along its northern boundary to the tri-junction bandh of Survey Nos. 105, 104 and 67 then north-west and north along the eastern boundary of Survey Nos. 67 and 65 of Buthanhalli to the north-east corner of latter survey number; then crossing the halla and runs north-west and north along the halla to the south-west corner of Survey No. 31 of Bilwaradhalli; then south-east along the sonthern boundary of Survey Nos. 31 and 6 of Bilwaradhalli to the south-east corner of latter survey number; then north-east along the eastern boundary of Survey No. 6 of Bilwaradhalli to its north-east corner; then north-west along its northern boundary to the south-east gadi bandh of Pillaganahalli; then north-west along the eastern boundary of Pillaganahalli till it meets the starting point.

Survey Nos. 3, 4, 5 and 6 of Bannirghatta village are to be treated as enclosures to the proposed block.

No. R. 4354—*R. M.* 45-31-2, *dated* 15*th March* 1932.

Subject:—Grant of lands overgrown with Lantana or prickly pear for cultivation.

Addenda and Corrigenda slip to Notification No. R. 9270—R. M. 56-27-6, dated 10th May 1929.

Substitute the condition noted below for condition No. (ii) appearing under para I of the notification referred to above:—

"Lands granted under these rules will be held free of assessment for a period, fixed in each case by the authority ordering the grant with due regard to the extent of land overgrown with lantana or prickly pear, the cost involved in eradicating the pest and the time which may elapse before the raiyat who undertakes such clearing, can expect to reimburse himself the outlay he has had to incur. Such period will not in any case exceed twelve years."

No. R. 4352—*R. M.* 6-31-54, *dated* 8—15*th March* 1932.

Under Rule 2 of the Rules issued in Government Order No. R. 14-25—L. R. 149-24-74, dated the 3rd October 1925 as amended by Government Order No. R. 4229-40—L. R. 489-26-4, dated the 1st December 1927 the wet lands forming the atchkats of the tanks, as per list enclosed, in the Madhugiri Taluk, Tumkur District, are declared entitled to remission of half wet assessment during the current official year.

List of tanks entitled to remission of half wet assessment.

District	Taluk	Hobli	Villages

By Order,
B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT

No. E. 3700—*Uni.* 65-31-9, *dated* 14*th March* 1932.

In exercise of the powers vested in him under section 9, Clause 4 (d) of the Mysore University Regulation, No. V of 1916, as amended from time to time, His Highness the Chancellor is pleased to re-nominate *Rajasevasakta, Diwan Bahadur* K. R. Seshachar, B.A., B.E., C.E., Retired Chief Engineer, Krishnarajasagara Works, as a Fellow of the Mysore University with effect from 27th March 1932.

No. G. 7412—*P. H.* 15-31-28, *dated* 15*th March* 1932.

Whereas the Government of His Highness the Maharaja of Mysore are satisfied that there is danger of spread of plague to other uninfected areas in the State if persons from such areas are permitted to assemble at Mittemari an infected village in the Bagepalli Taluk, Kolar District, on the occasion of the Sri Lakshminarasimhaswami Jatra and Car Festival from the 17th to the 27th March 1932; in exercise of powers vested in them under the Mysore Epidemic Diseases Regulation, II of 1897, Government are pleased to prohibit the assemblage of persons and cattle thereat from outside areas.

All persons proceedings to the Jatra in contravention with this Notification will be sent back.

By Order,
H. V. RAMASVAMI,
General Secretary to Government.

FINANCIAL SECRETARIAT

No. Fl. 6932—*Ex.* 7-31-22, *dated* 9*th March* 1932.

It is notified for general information that Mr Abdul Sattar Sab, Municipal Councillor, is hereby nominated as a member of the Excise Licensing Board, Tiptur *vice* Mr. Dosa Sait, deceased.

No. Fl. 6930—*Ex.* 7-31-21, *dated 9th March* 1932.

It is notified for general information that Sri Sree Rangamma, B.A., has been elected by the Bangalore City Municipal Council as a Member of the Bangalore City Excise Licensing Board *vice* Miss E. Robinson, resigned.

No. Fl. 6947—*Ex.* 83-31-2, *dated* 10*th March* 1932.

Under Section 17, Clause (a) of the Mysore Excise Regulation, V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore direct that the rate of duty to be levied from 1st July 1932 on Country Beer imported into the State shall be twelve annas per gallon.

By Order,
B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

FINANCIAL SECRETARIAT.

No. Fl. 6783—*Ex.* 67-31, *dated* 1st *March* 1932.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of two years from 1st July 1932 to 30th June 1934.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 32,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1930-31 having been 2,84,000 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1.	Brandy	20° U P.
2.	Whisky	,,
3.	Gin	,,
4.	Rum	,,
5.	Milk punch ..	15° ,,
6.	Bottle Jaggory Arrack	35° U. P.
7.	Proof Liquor ..	———
8.	Denatured Spirits ..	50° O.P.
9.	D. D. Rum ..	25° U.P

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Saturday, the 19th March 1932, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 19th March 1932, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract ortherwise disposed of.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely:—

(1) The contratctor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,174 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which is the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. The hire on the plant and machinery as it stood on 1st July 1931 was Rs. 1,020-12-0 per mensem. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of

additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He should maintain a sufficient technical establishment to the satisfaction of the Excise Commissioner to look after the machinery, etc., entrusted to him and to see that it is kept in proper working order. The details of such establishment should be reported to the Excise Commissioner through the Distillery Officer. When any machinery or plant gets out of order due to the negligent or careless handling by his employees or is damaged or lost, it should be immediatly rectified and part or parts thereof replaced at the cost of the contractor. If he fails to do so, he will be liable to make good the loss caused thereby. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government, who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc. He is responsible for the payment of fees for the examination, by the Boiler Inspector, of the Boilers in use, under the Mysore Steam-Boilers and Primemovers' Regulation and the Mysore Boiler Rules.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's comsumption 32,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the Distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distillery Officer. Its use is limited to the reduction of the spirits only. All the raw materials used such as yeast, essences for special liquors, etc., shall be of good quality and be subject to approval by the said officer. No ingredients obnoxious to health or likely to impair the proper flavour of the liquor shall be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The contractor shall be guided by the instructions that may be issued to him in this matter by the said officer or the Excise Commissioner. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits on the indents received from the respective licensees and recover the value thereof from the parties direct

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack or spirits required shall always be of the ordinary sort

arrack or spirits at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If to meet the demand for the quantity of molasses arrack prescribed under this clause by the Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers). The contractor shall take over the stock of proof liquor, special liquors, etc., returned to the Distillery by the Bonded Depots and pay for the same at such rate as may be fixed by the Excise Commissioner.

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation. The Mysore Steam Boilors and Prime Movers Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The out-going contractor shall give, and the in-coming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the in-coming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the out-going contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the in-coming contractor commencing operations. Should no notice be given, the out-going contractor may continue distilling till the end of his contract after which further distillation by him must cease. The in-coming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract), to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature to the Distillery Buildings shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) Government also reserve to themselves the right of making use of the Carbonic Acid Gas or other By-products generated in the course of the manufacture of liquor. The addition of a Carbonic Acid Gas plant to the Distillery may be arranged for at any time by agreement between the Government and the contractor or any other person.

(27) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

681

B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

PART III—Section 1.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. G. 7764—*G. M.* 1-31-12, *dated 1st April* 1932.

In modification of Government Notification No. G. 3876—G. M. 1-31-6, dated 16th November 1931, publishing the list of Government holidays for the calendar year 1932, Government are pleased to direct that Wednesday the 6th April 1932 be declared as a general holiday, on account of Lunar New Year's Day instead of Thursday the 7th.

No. P. 5787—*Cts.* 5-31-13, *dated 1st—2nd April* 1932.

Under section 41 of the Code of Criminal Procedure, 1904, the third class powers conferred on the undermentioned Honorary Special Magistrates of the Bench Court at Arkalgud are hereby withdrawn with effect from 1st April 1932 consequent on the abolition of the said Bench Court:—

Messrs.—
(1) Puttasamiah
(2) A. Srikantiah
(3) A. S. Krishnaswami Setty

Messrs.—
(4) Puttanna
(5) Mahomed Hafiz Saheb.

No. P. 5820—*Legis.* 7-31-29,, *dated 5th April* 1932.

In exercise of the powers conferred by section 7 (1) of the Cinematograph Regulation, 1923, the Government of His Highness the Maharaja are pleased to appoint the undermentioned persons as additional members of the Board constituted under Government Notification Nos. P. 893—Legis. 21-29-5, dated 16th August 1930 and No. P. 2273—Legis. 21-29-9 dated the 25th October 1930, as the authority for the whole State for the purpose of examining and certifying films as suitable for public exhibition:—

(1) The District Superintendent of Police, Bangalore City.
(2) Miss Pillidge, Santi Sadana, Wesleyan Mission, Bangalore City.

By Order,
N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

No. R. 4529—*R. M.* 46-31-2, *dated* 31*st March* 1932.

Rule 2 of the rules for the sale of the right of collecting tolls on State Fund Roads printed as an appendix to Government Order No. R. 8729-40—R. M. 9-27-53, dated 15th May 1928, is amended as under :—

"Every person intending to bid at the sale should deposit beforehand a sum of Rs. 100 as earnest money. The deposit of all the bidders except the first two or three whose bids are to be recommended for acceptance will be returned at the close of the sale. The successful bidder, who will be called the contractor, shall on confirmation of the sale, make a further deposit which together with the initial deposit made by him will be equal to two months' khists including cesses. This amount will be returned at the end of the year only on fulfilment of the contract. The deposits of the other bidders will be returned after the confirmation of the sale."

No. R. 4615—*R. M.* 6-31-64, *dated 5th April* 1932.

GENERAL SECRETARIAT

No. G. 7854—*Ft.* 30-31-22, *dated* 4*th April* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 31 of the Mysore Forest Regulation (XI of 1900), that the area, the boundaries of which are described in the following schedule, is constituted a Village Forest under the provisions of the said Regulation.

The management of the Forest will rest in the Village Panchayet of Mastenahalli group in the Chintamani Taluk under Section 22 of the Village Panchayet Regulation.

Schedule.

District	Taluk	Hobli and Village	Details of area — Survey No. and class	Area A.	Area g.	Situation
Kolar ..	Chintamani ..	Kaiwara Hobli Hulagummana halli village.	Survey No. 75 gomal ..	60	0	....

Boundaries.

North.—Halla and part of Survey No. 75.

East.—Part of Gomal Survey No. 75 and Survey No. 63 and the block in the possession of Rasool Sab.

South.—Mastenahalli Village limits.

West.—Part of Gomal Survey No. 75.

The Kunte existing in the proposed block should be left open to men and cattle for drinking purposes throughout the year.

No. G. 7851—*Ft.* 230-31-2, *dated 4th April* 1932.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of section 4 of the Mysore Forest Regulation (XI of 1900), that it is proposed to constitute the area, the boundaries of which are described in the schedule below, a State Forest, under the provisions of the said Regulation.

2. The Government of His Highness the Maharaja of Mysore are further pleased, under clause (c) of the said section to appoint the Sub-Division Officer, Dodballapur Sub-Division, to be the Forest Settlement Officer, who shall inquire into and determine the existence, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land and to deal with the same as provided in Chapter II of the said Regulation, and the District Forest Officer of the Bangalore District, for the time being, to attend on behalf of Government to assist the Forest Settlement Officer in the inquiry.

3. The Government of His Highness the Maharaja of Mysore, are further pleased under the authority vested in them by section 15 of the said Regulation to appoint the Deputy Commissioner of the Bangalore District, for the time being, to be the officer of the Revenue Department who shall hear appeals from the orders of the Forest Settlement Officer under sections 10, 11, 12, 13 or 14 of the Regulation.

Schedule.

District	Taluk	Hobli	Village	Area	Name of block	Remarks
				A. g.		
Bangalore ..	Devanhalli	Vadigenahalli.	Sambargida Kaval.	553 28	Bangalore Sambargida Kaval Plantation Extension.	This block is situated at a distance of about 6 miles north-east to Avati village on the left of Nandi Kolar Road and is contiguous to the existing Sambargida Kaval Plantation.

Boundaries.

North.—Starting from the south-west corner bandh of Kanathahalli village, the line runs south-east and east along the southern boundary of Kanathahalli village to the junction gadi bandh of Kanathahalli and Jodi Inam Makura village.

East.—Then the line turns south-east and runs along the western boundary of Jodi Inam Makura village to the junction gadi bandh of Jodi Inam Makura and Channappa Naikan Hosur villages; then south-west along the western boundary of Channappa Naikan Hosur village to Hosur village to the junction gadi bandh of Channappa Naikan Hosur and Bodenahalli villages; then south along the western boundary of latter village to the junction gadi of Bodenahalli and Chinandhalli.

South.—Then the line turns west and runs along the northern boundary of Chinandhalli to the junction gadi bandh of Chinandhalli and Sarva Inam Narayanapura villages; then west; then north along the eastern boundary of latter village to its north-east gadi bandh where it meets the south-east corner of the Bangalore Sambargida Kaval Plantation.

Then in the same direction along the eastern boundary of the Bangalore Sambargida Kaval Plantation till it meets the starting point.

Survey Nos. 6 and 9 of Sambargida Kaval are proposed to be treated as enclosures to the proposed block.

No. 4157—*Edn.* 94-31-37, *dated 12th April* 1932.

Under Rule 22 of the rules relating to the constitution and election of members to the School Boards, it is hereby notified that Mr. Abdul Sattar Sab *alias* Vazir Sab, Madhugiri is elected as a member of the Tumkur District School Board to represent the Education of Muslims in the place of Mr. K. Habibullakhan, who ceased to be a member under rule 4 (d) of the above rules.

By Order,
